How to Sidestep Septic Tank "Racketeers"

Periodically fly-by-night septic tank cleaners work this community. They are sharp salesmen with a good stock of plausible reasons why they can give you a "special deal" while they are in your neighborhood. The "special deal" invariably is an exhorbitant price and a job half done. You discover too late that you have been gypped because the operator is then in distant parts working his racket.

WHAT CAN YOU DO?

Call an established business that is serving your community the year around. It will cost you nothing because dependable operators are anxious to protect you from fly-by-night-gougers.

Investigate the reliability of the operator you are dealing with and don't be rushed into letting the job.

The benefit of our experience is yours free for the asking regardless of who you choose to do your work.

Beaver Islang Museum Opening Soon

The building which housed Northern Michigan's first daily newspaper, the "Daily Northern Islander," has been nearly restored by the Beaver Island Historical Society of Michigan. It is to be used for a museum of pioneer relics now being assembled by the society according to R. P. Hoffman, president of the volunteer organization.

Built more than a century ago by the Mormon colony which inhabited Beaver Island, it served as the printing house for "King" James Jesse Strang and his followers. It was in this print shop that Strang had printed many of the articles to propagate his faith as well as the newspaper which carried stories telling of the Gentiles unjust persecution of his Saints along with declarations of Mormons innocence of any wrong doing.

The "Northern Islander" was first established as a weekly newspaper and then became a daily newspaper. Publications were not consistent, however, and the most reliable sources of information indicate that only 90 weekly and 30 daily issues were printed from 1850 to the time of Strang's death in 1856.

Work on restoring the interior has been retarded for lack of sufficient funds, R. P. Hoffman, president of the association reports. "We need more members in our Historical Society," Mr. Hoffman said, "or a rich philanthropist to help us on to finish this very historical place."

Freedmans Upset First Round Winners In Class A League

Freedman got the A league off in running as they upset the first round winner American Mold 5-2. Mold pitcher Nate Boss was wild and Freedman took advantage to score three early runs then pushed home two more on John Swanson's triple.

Airport Inn won their first game in the second round edging the USCG in a free-swing affair 10-8. Six runs in the fifth inning gave the winners the margin of victory.

LEADING HITTERS

D. Harju .381; K. Balch .355; H. Cole .333; K. Wojan .333 S. Supernaw .321; G. Swanson .320; J. Beaudoin .320; F. Puffpaff .304 and J. Armstrong .300.

THE PEANUT LEAGUE

The Barnard Braves took the first round peanut league title by winning a thriller from the Mort Cardinals 6-5. However it was a throwing error in the bottom of the seventh that gave the winners the one run margin. Tom Brun was the big hitter for the winners with two hits.

The second round got off to a good start with the Cards posting a narrow 7-5 win over the Red Devils. Lachepplle homered with the bases loaded for the Devils.

The Tigers trimmed the Red Sox 11-4 behind Jim Racignol's relief pitching.

B LEAGUE

In the B league Carson posted a 14-1 win over VFW as Frank Fowle pitched a two hitter. Lake Construction needed three extra innings before they edged VFW 14-13 in a wild slug fest. Jack Stewart homered for the winners.

GIRL'S & WOMEN'S LEAGUE

In the Girl's league a playoff game is necessary to determine the first round winner. This morning (Thursday) at 10:00 Edwards will meet Schroeders for the title.

The Women's league is still undecided as Northern Auto and Paul-Reed must meet for the championship. However Gill's has improved greatly and will give both teams a battle in the second round.

- Mrs. Carl W. Schmidt will arrive Saturday from New York City for a week's visit with her parents, Mr. and Mrs. Paul Kohler. Mrs. Schmidt is the former Rika Kohler.

Circlin' The Bases

By DEANO

There are several questions that are thrown to yours truly almost daily. One is the "when do we play next" statement, which can be easily answered. The other however is one that is much more difficult to come up with a good answer. This is a question that apparently has no answer at the moment. Anyway, everyone is asking where the new softball field will be located. As you know our present one is located where our new school will be built.

We hope we can answer this question in the very near future. In fact, work should begin soon on the new site if it is going to be in shape for next year's program. With so many different leagues going there will be little time to do much extensive work before the season gets underway, in the spring especially if we have a long winter like the last one.

The softball league officials have talked over next year's field and have stressed certain items that should be included in the plans.

Permanent bleachers are almost a must. These would be a big improvement over the present setup. Another big step in making the new park one to be proud of would be the construction of dugouts. Volunteer help in construction would cut the cost so that the price would be just for materials. These are the main improvements but there are several smaller items that could make our new field one that our progressive town could be proud of.

How many of you know that we have games at 10 a.m. on Tuesdays and Thursdays? At this time the girls play and we've had some wild and wooly contests. Then Monday afternoons the minor league takes over Kipke Field.

You couldn't ask for a tighter, more exciting summer of softball. American Mold won the first round in the Men's league by the slightest of margins — one game — thanks to the Merchants who provided the margin by beating second place Freedman. In the B or Junior league Browes and Lake Construction ended up in a tie and a playoff was necessary. And Lake Construction won that in a thriller. The Braves won the Peanut league title. However four teams tied for second.

In the Girl's division all three teams are tied for the first round title and a playoff is necessary to determine the winner. The Women are in the same boat in their league with two teams — Northern Auto and Paul-Reed tied for first.

This week's pat on the back goes to the managers and patient mothers of the girls teams. The group includes Mrs. Perry Smith, Mrs. Bob Pearl and Mrs. Bill Lusk.

The second round has started and already first round winner American Mold has lost one game. Looks like an exciting race.

IT HAPPENED ON .... *BEAVER ISLAND*

By JOY GREEN

Another communication has come to the Island from Ireland. This time from Vic and Irene Sornsen, frequent visitors here. They are traveling for a vacation in old England.

Norbert and Jane Gallagher and children have arrived from Rochester, Ind. to vacation at their summer home.

Robert Delaney of Grand Rapids is vacationing at his Airport cottage for a five week duration.

Mary Agnes Allen visited recently in Alpena with a college friend.

Nancy Cull has gone to Chicago to join her husband in the prospect of a new home.

The John Ricksger's family present for his burial at Holy Cross Cemetery were Mr. and Mrs. Roger Ricksgers, and Mr. and Mrs. Harold Ricksgers of Grand Rapids. Also here were Mr. and Mrs. George Ricksgers of Chicago, Mrs. Elizabeth McCauley of Pontiac, and Mrs. John Dhaseleer of Charlevoix.

Mrs. Mary Parker of Pontiac and her sister, Mrs. Christine Gallagher of Chicago are visiting their brother and sister, William Schmidt and Mrs. Elsie O'Donnell.

The George Wood's girls of Allendale are visiting their grandparents Mr. and Mrs. Frank Neer.

Sister Mary Eustacia, OP of the Marywood Mother House, Grand Rapids, observed her fiftieth anniversary as a member of the Dominican Sisters this past week.

Tommy and Nancy Elms of Ludington, are spending two weeks with their aunt, Eva McDonough.

Ann Hanley has joined her mother for a vacation at their cabin.

The Dr. Dickenson family of Wayland have arrived to vacation here.

The report is that Elston Pischner is recuperating rapidly at the Charlevoix Hospital, where he underwent emergency surgery this past week.

Elizabeth Wilmont and daughter, Karen are here from Long Beach, California visiting Elizabeth's mother, Mrs. Elizabeth Gallagher.

The Royce Welsh children of Sturgeon Bay, Wis. are spending sometime with their grandmother, Mrs. Kate Connaghan.

Mrs. Teresa Gallagher has gone to Charlevoix where wedding plans are being completed by her daughter Eleanore and Glen McDonough.

Mrs Helen Pike and children have arrived for a visit with Mrs. Pike's family.

Mrs. Marjorie Armstrong and daughter, Rosalind of Battle Creek, are visiting Marjorie's parents Mr. and Mrs. Charles Martin.

Mr. and Mrs. John Stephans of Lombard, Ill., and Mrs. Elizabeth Maloney are guests for two weeks at the Isle Haven. Mrs. Stephans is the former Ebbie Maloney.

Mr. and Mrs. John Hannon and family of Elmwood Park, Ill. are vacationing at Allen's Cabins. Mrs. Hannon is the former Rose McClary, who vacationed at the old Mormon print shop more than twenty years ago.

The "Top Brass" of the Conservation Department are meeting with the Beaver Island Game Club Committee, and reports have it to be a very important meeting. The topic to be dealt with is the Conservation experimental program being set-up in the Beaver Island group.

The Beaver Island Historical Society sponsored a benefit Sunday evening, which produced sufficient funds to finish conditioning the Old Print Shop for opening as a public museum within the next week.

Cpl. Edward Belfy stationed with the United States Marines at Camp Pendelton, Calif. visited his aunt, Mrs. Mussette LaFreniere. Eddie is the son of Chester Belfy of Charlevoix.

The new Central Michigan University Lab on Sand Bay has a tentative opening date of August 20th. There is to be a meeting of College executives scheduled for that time.

13 County 4-H Member Awarded Trips to Exhibit

Thirteen Charlevoix County 4-H members and one 4-H club leader have won trips to the State 4-H Club Show on Michigan State University campus September 1-4. These 4-H club members won contests and demonstrations at the Gaylord District 4-H Club Roundup held at the Petoskey high school July 1.

Miss Linda Murphy, daughter of Mr. and Mrs. Archie Murphy of East Jordan, placed first in the district food preservation judging contest. Ruth Ann Riley, daughter of Mr. and Mrs. Clifford Riley of Charlevoix, placed first in the clothing judging contest. These girls will compete with winners of other districts at the State 4-H Show for an all expenses paid trip to the east coast.

Other county 4-H club members that participated in judging contests were Ray Fisher, Ed Campau, and Ed Thompson of East Jordan; and Frances Arnold of Charlevoix.

The South Arm Community 4-H Club model Business Meeting Demonstration Team also won district eliminations. Mrs. Glenn Campau of East Jordan was the 4-H leader in this demonstration and will accompany the group to East Lansing. A model business meeting demonstration not only shows good parliamentary procedure but it also must include a club member teaching a song, a demonstration, and some form of recreation. Under the point of new business, the judges from Michigan State University give the team a special problem to solve and they are judged on the logic and parliamentary procedure by which they attack and carry through this problem.

Members of the Model Business Meeting Team are Sally and Tom Graham, children of Mr. and Mrs. A. D. Graham; Jane and Ed Campau; Ed Thompson, Jr., son of Mr. and Mrs. Ed Thompson; Sherrill Pearsall, daughter of Mr. and Mrs. Harry Pearsall; Carolyn Stokes, daughter of Mr. and Mrs. Donald Stokes; Linday Murphy, daughter of Mr. and Mrs. Archie Murphy; and Ray Fisher, Jr., son of Mr. and Mrs. Raymond Fisher, all of East Jordan.

Miss Delmar Brock of Ironton, daughter of Mr and Mrs. Aaron Brock, gave a demonstration of "How to Match Plaids on an Even Plaid Material."

Charlevoix County had two winners in the Show of Fun Contest, too. Mary Lou VerWys, daughter of Mr. and Mrs. Abe VerWys of Charlevoix, won her trip to East Lansing by playing Chopin's "Revolutionary Etude." Marcie Brown, daughter of Mrs. Clare Brown of East Jordan, also won with a dramatic monologue, "Shall I Tell You What I Think of You" from The King and I. She was assisted by her brother Tom and accompanied by Mary Lou VerWys.

Nancy and Shari Korthase, daughters of Mr. and Mrs. William Korthase, Jr. of Boyne City, also participated in this contest by singing a duet, "Isle of Capri."

Lake Charlevoix Small Mouth

Albert Cooper, summer resident at 302 Clinton St., might have the season's record small mouth bass. His prize, pictured above, measured 20 inches in length, 13½ inches in girth and weighed four and three-fourth pounds. He was taken on a night crawler from the south arm of Lake Charlevoix.

Phelps-Marion News

Mrs. Garrett Potter

Mrs. Garnet Blane and children of Port Huron were recent guests of her parents, Mr. and Mrs. Robert Kane.

Mrs. Larry LaCroix of Lansing, Wilbur Himebauch and daughter Alice and Mr. and Mrs. Archie Himebauch and children were Sunday evening guests of Mr. and Mrs. Clarence Himebauch.

Mr. and Mrs. Franklin Mascho of Wyandotte visited last week with their parents, Mr. and Mrs. Petter of Ellsworth and Mr. and Mrs. Charles Mascho. Their children, Coleen and Steven returned home with them.

Mr. and Mrs. Lucien Gadal of Huntington Beach, Calif., visited Friday with her brother and family Mr. and Mrs Charles Elzinga.

Man with all his ingenuity has not yet managed to imitate photosynthesis, the process by which plant leaves convert the light of the sun into plant energy. Bundles of specially organized leaf cells called chloroplasts produce chlorophyll, the green substance of all growing plants. Chlorophyll, in turn, picks out just the rays of sunlight needed to transform water and air into the substance of branches, trunks, and roots, the National Geographic Magazine says.

From where I sit ... *by* Joe Marsh

Dad's a "Budding" Genius

Time to start planting flowers again, so here's a few details about the Fowler Garden Preservation System.

Youngsters used Dad Fowler's garden as a short cut to the playground. He had a tough time keeping them out until he started a new system.

He called the small fry together and had them print their names on cards. The cards were put on stakes near every clump of flowers. Right away, each kid began to root for "his" particular plants to come up first, voluntarily kept trespassers off "his" area — and Dad's garden thrived!

From where I sit, there's a system for just about everything . . . even for getting along with people! The best one I know is *tolerance*. It means respecting your neighbor's preferences as well as your own. For instance, I prefer an occasional glass of beer with dinner. You may like iced tea. If we accept each other's choice, we're on our way to making our friendship "flower."

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

How Far Are We from Home?

One of the clearest memories of my early boyhood is that of our Model-T Ford, with Dad at the wheel, bumping along the rutted country roads of Michigan's "Thumb" area. The Kohn family was returning to Flint from any one of many visits to a multitude of relatives that lived in Sanilac County, Tuscola County, or Genesee County. I was stretched out with the other children on the imitation black leather seat in the back of the car, utterly fatigued with the exertion of boisterous play with my numerous cousins. But we were kept awake by the jars and jolts of the inflexible, unyielding vehicle's lurching over the ruts of unpaved clay roads. And every few miles one of the youngsters would ask, "How far are we from home? How far now?"

This is a common question that children ask, "How far are we from home?", and we never outgrow the inquiry. Even now, a third of a century later, Whenever we go downstate, end our stay, and turn northward again, we say to ourselves at frequent intervals all along the way, "How far are we from home?" "Let's see now, here we are ten miles south of Grayling; how far are we from home?" "It's four miles since we went through Gaylord. How far are we from home?"

This homeward pull tugged at John Burroughs heart when, at eighty-three years of age, he was aboard a train speeding toward the Atlantic Coast from distant California. Burroughs was born in 1837, when Queen Victoria ascended the throne for her long reign as sovereign of the British Empire, and now it was 1921, and Queen Victoria's grandson reigned in England. John Burrough's long life spanned the terms of twenty-one Presidents of the United States, and his years had been loaded with notable activity, investigating the wonders of nature and sharing his nature lore with a vast reading public. But the famed, wise old man had never outgrown the familiar question of childhood, "How far are we from home?" These were his last words. On his trip back East from his California visit, the venerable, white-haired naturalist was stricken ill. When solicitous fellow-passengers offered him comfort and help, Burroughs sought from them but one thing—the answer to the question, "How far are we from home?" Then he died.

The question is appropriate for the very young and the extremely old: "How far are we from home?" Where do we stand in relation to where we belong? And if we ultimately belong to a house "not made with hands," if we are not made for a short span of sixty or eighty or one hundred years, to live only in houses made of wood that finally rots or brick and stone that at long last crumble, if we are everlasting creatures who come from and return to an eternal home, then, how far are we from home, our eternal home?

By that question I do not refer to the fragility of life, or to the uncertainty of how long we may have here. We often hear that between the Vice-Presidency of the United States and the Presidency there is only a heart-beat. That fact makes life seem fragile and eternity seem close to the most prominent of men, and to us. But the persistent question "How far are we from home?" hints at glad gospel rather than somber warning and reminds us that our faith claims that right now we are very near home. The life eternal is always near us. Heaven is not confined to some remote fenced-off place in a distant sky. Heaven spills over into this life, touching all our common days. The hereafter is also here.

We are now near our eternal home because at this moment we live in the midst of some things that shall never die. Death strikes but cannot hurt eternal things. A traveller in Georgia reports seeing a warning sign on the back end of a huge truck. It read: "This Truck has been in 8 accidents and ain't lost any." We know of some things that are even more durable than that truck. They are more secure than civilizations — Egyptian, Babylonian, Greek Roman, or any of the rest — which seem so permanent but, like last winter's snowflakes, melt and disappear. There are values that outlast the generations of men, who are so hearty-appearing at ten months of twenty years but soon fade away. (Between two and three billion people have been born, lived and died in the past eighty years.) Even the "everlasting, hills" no longer seem everlasting at all since geologists have proven that no sooner are they forced up by some internal upheaval of the earth than they begin to wear down by the erosive forces of wind and water. And the stars, too, fade away, burning themselves out in time so that tonight we shall see the lgi hfto

we shall see the light of some stars that became celestial ashs millions of years ago, but the message of their extiction has not year reached us. Civilizations and people, hills sand stars meet with final disaster

But not everything is subject to calamity. The finest influences of those we love most dearly are never lost. We shall always be better because their lives touched ours, and the good we received from them will, in turn, be passed on to those who know us, and from them, in their turn, to still others who know and love them. Like the dew on clumps of blue-eyed grass that is converted into vapor and stirred into the air by summer breezes, and like the moisture coaxed from Lake Charlevoix's tossing surface by the sun's persuasive rays to become part of cloud and rain and fragrant, freshened earth, good influences are not lost. They go on and on from one life and one place to another. We speak of heaven, our eternal home, as "the life everlasting." But the everlasting things are with us now. As Paul put it, "And now abideth faith, hope, and love." They will always abide. We are not far from home as long as we travel in the area of the things that abide everlastingly.

Moreover, we are accustomed to thinking of our eternal home as invisible to us now. It is beyond the reach of eye or the testing of our touch. But that is almost as true of the Here as it is of the Hereafter. The realm of the invisible is our familiar abiding place.

Where do you live? On Park Avenue, or on Dixon, on the hill, in the valley, in the city or the country? In your body? The real you is not the house you live in, or even the body that you inhabit, or in anything that can be measured or weighed or described in terms of color and texture. Your real home is invisible. You interests and wants, your thoughts and your purposes are where you really live, but you have never seen an interest, a want, or a thought or a purpose, but only what these invisible values can do with visible things. We see the birdhouse a boy makes, but the interest in birds and carpentry that prompted him to make it are invisible. A church building is apparent, but the more important things about a church are incapable of being seen. The faith that forms the fellowship of kindred minds, the inner spiritual cravings that bring people to worship remain beyond sensory perception. Houses are seen, but the love that makes a house a home is invisible. We must live in the unseen if we are to live at all, and the more involved we are in the spiritual the nearer we are to our eternal home.

Finally, we are at home with God now if we are ever to be, which is to say we need to practice the fellowship with God we hope to have hereafter. To hope for communion with God and enjoyment of God in "some bright tomorrow" that dawns after death without giving Him time, attention, or love now is like practicing on the mouth organ for fifty years and then declaring, "At the Community Outdoor Concert next Wednesday night I plan to play a piano solo, Rachmaninoff's "Prelude in C Sharp Minor!" Well, you won't. Not if your only musical interest has been mouth organs. If you were allowed on the stage at all the result would not be music but noise. To play the piano well, one must practice piano, not mouth organ. Neither can a person practice indifference toward God all his life and suddenly be ushered by death into joyous fellowship with Him. Such a sudden, unpracticed facing of God would be hell rather than heaven and sheer torture rather than joy. Anyone who practices the Presence of God in daily living never gets far away from home, and the final home-going is somewhat of a greatly glorified repetition of what he has done daily — coming into God's presence in great joy mixed with profound humility.

If we are not to be estranged from God and from our eternal home we must plant a bit of heaven here. A mountain lad once left his log cabin home and travelled to a distant big city to make his living, to marry and rear his family. After thirty-five years he returned to the mountains to visit the ancient, weathered old home and to walk through misty memories of the past. As he slowly sauntered along the creek down by the milk house he saw a row of tall, stately walnut trees with branches spread in an amber bath of sunlight, and the man remembered how, when he was a very small tow-headed boy, he had brought home from the woods a bag of walnuts and planted them within sound of the brook's gay laughter. Now there were the trees, silently witnessing to a lad's foresight and adventure.

But what had he done with the rest of those walnuts in the bag? He had not planted them all. Then he remembered. The remainder of the walnuts he had hidden in the attic of the cabin. Now the mountaineer wondered if they could still be there. Small chance. Nevertheless he walked into the long-deserted cabin, found a rickety ladder standing in the cob-webbed corner, climbed the rungs to the hole in the attic floor, pulled himself up, and made his way through tiny jets of light into a far corner. There was the bag, musty and fragile. And there were the walnuts.

The poor wrinkled, dusty walnuts in his hand and the great trees standing a few yards away, filtering gold from the sun, were of the same age. They once had had an equal chance to make good. But those stuck away in the attic merely existed through wasted years and lost vitality. Only those thrust into the soil had grown into trees and fulfilled their purpose and reason for being.

Our belief in the life everlasting is a walnut-like idea, fruitful only when planted in the soil of everyday life. When stored in written or spoken creed or cleverly reasoned argument, it accomplishes little and gradually loses life. But when planted in the here and now, the life everlasting springs up, giving the glory of permanence to our daily living, cramming earth with heaven. When we daily live by the imperishables, in high fellowship with man and God, enjoying man and God here in partial fulfillment of the greater enjoyment to follow hereafter, deepening our understanding of each other in token of the fuller understanding heaven grants — when we begin the heavenly life on earth, planting it here, we are certain to live in an abiding awareness that we are never far from home.

The Lucky Steer--He's Only Posing

When tickets sales for the Ski Club benefit barbecue this week end lagged, Mrs. Gregory A. Shadko, ticket chairman, (left) decided drastic actions were necessary to draw attention to the event to be held Saturday and Sunday as part of the Venetian Festival.

What better way to do this than the unusual so she paraded skiers dressed in winter garb carrying skis in 80 degree weather leading a steer through the downtown district. The stunt did the trick and ticket sales mounted sharply with salesmen, Mrs. Shadko, Rick Davis (third from left), Mrs. Julius Gilbert, Mrs. W. C. Schade (behind Bob Neff, chairman of the barbecue) and Jeanette Novak doing an excellent business with curious spectators.

Though this steer (loaned by George Smith, second from left) is not the one to be barbecued, Mr. Neff is showing one and all the choice cuts to be prepared under the direction of the Barbecue Master, Prof. Robert Dean of Michigan State University.

The Chicago premium beef will be barbecued in a pit prepared under the direction of Frank Boss. Bill Supernaw will supervise the sale of the barbecue sandwiches at a booth in East Park Saturday and Sunday.

CITIES SERVICE
5D
KOOLMOTOR

Why does oil go in clear and come out DIRTY?

Because it is doing one of its most important jobs —cleaning your engine.

You'd be amazed at the dirt and sludge that builds up inside your engine as it operates...as much as a pound in every 2500 miles of driving!

If that dirt were allowed to cling to engine parts, you'd soon have a mighty big repair bill... but instead, your motor oil seizes the dirt and holds it in suspension where it can do no harm.

Then, when you drain your oil, out comes the dirt with it.

Here at our Cities Service station, we recommend a change every 1000 miles with our 5D Koolmotor Oil.

In addition to its greater cleansing action, 5D Koolmotor actually acts as several oils inside your engine. Provides light 10W grade performance at starting...medium 20 grade performance for warm-up...and heavy 30 grade performance once your engine is hot.

Result: it increases power, stretches gas mileage, keeps your engine new. Change over to 5D Koolmotor Oil this week.

WE DON'T MISS WATER TILL THE WELL RUNS DRY

We take water for granted. But let the well run dry, and we're in trouble. It's like that with the industries that provide work for our people. We take them for granted. But let one of these industries close and we realize how much it has meant to us.

Industries already present are the community's greatest potential for economic growth. Help your local industries to expand and you will share in the rewards that follow bigger payrolls, more retail sales, and greater community prosperity. Become familiar with the needs of industries in your community. Show that you are interested in helping them find ways to meet their needs.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

Welcome New Executive Officer

★ ★

Albert J. Bates W3 Bn. (right) receives a welcome from Joseph Etienne W4, (left) commanding officer of U. S. Coast Guard Group Charlevoix, as he arrives here from the Pacific to assume his duties as executive officer. He succeeds John Kinnunen W3 Bn (center) who is retiring after 30 years service in the Coast Guard.

Mr. Bates came here earlier this month from the 14th Coast Guard district with headquarters in Hawaii where he served aboard the cutter Blackhawk as officer in charge of the ship which had a crew of 55 enlisted men and six officers, cargo officer and more recently Aids to Navigation officer.

He is a veteran of 24 years in the U. S. Coast Guard, having enlisted at South Haven April 1, 1935. He served aboard an assault vessel, the William P. Bell, during World War II, participating in four major invasions, North Africa, Italy, Tarawa and Kwajalein. Later he was in charge of Lifeboat Stations at Two Rivers, Wis., Grand Marais, Minn. and Erie, Pa. He also served aboard the cutter Hollyhock from 1946 to 1951 and was in charge of the Frankfort Coast Guard Group from 1951 to 1957 when he was assigned to the Pacific area.

He is married to the former Edith Robinette. They have four children, Dennis, 14, Cheryl, 12, George 6, and Bobby, 3 who are presently living in Frankfort. They will join him here as soon as housing is available.

Reveal Betrothal Of Diane Hinsey

Mr. and Mrs. John Ryder have announced the engagement and approaching marriage of their daughter, Diane Rosalie Hinsey, to Bud Paul Capps of Fort Wayne, Ind.

The wedding date is set for Aug. 1 at the Assembly of God church. Following the wedding the couple plan to make their home at Fort Wayne.

Funeral Services Held Wednesday For Wm. D. Duba

William D. Duba, 89, retired farmer and commercial fisherman, died Monday at his home at 305 Antrim st. after several months of ill health.

Funeral services were held Wednesday at the Winchester funeral home with the Rev. George L. Majors officiating. Burial was in Brookside cemetery.

Born in Canada Aug. 8, 1869, Mr. Duba came to Antrim county in 1875. As a young man he worked as a lumberjack and later became an ardent woodcutter as a hobby. Before coming here in 1915 he lived in Bellaire for 21 years. He moved to a farm in Marion township in 1931 and lived there until moving to his present home in 1953. In 1911 he was married to the former Mary Nestell. He attended the Community Church of God.

Besides his wfe, Mary, he is survived by a daughter, Mrs. J. P. Hicks of Detroit; a son, Allen D. of Vancouver, Wash.; six grandchildren; 17 great-grandchildren and a sister, Mrs. Joseph Metz of Las Vegas, Nev.

Funeral Services Held Saturday for Island Resident

St. James, B. I. — John Ricksgers, retired farmer, died Thursday at Grandvue hospital near East Jordan where he had been a patient for three years.

Funeral services were held Saturday at Holy Cross cemetery with the Rev. Louis Wren OFM (Conv) officiating. Burial was in Holy Cross cemetery.

Born in South Dakota March 12, 1893, Mr. Ricksgers came to Beaver Island as a young man. For many years he operated a farm here. His wife, Helen, preceded him in death in 1933. He was a member of Holy Cross church and the Third Order of St. Francis.

He is survived by two sons, Harold and Roger, both of Grand Rapids; two grandchildren; two sisters, Mrs. John Daaseleer of Charlevoix and Mrs. Peter McCauley of Pontiac and four brothers, Mathew of Bellaire, Joseph of Oregon, George of Chicago and William of St. James.

The prospect of higher taxes is enough to drive taxpayers to drink, but the Governor proposes a tax rate increase in that too.

Bar Association Would Boost Pay Of Some Officials

A committee to study the serious problem of inadequate compensation, received by various county and city officials such as probate judges, prosecuting attorneys and city attorneys has been appointed by the Emmet-Charlevoix County Bar association, according to Martin B. Breighner, of Petoskey, chairman. Also on the committee are Guy C. Conkle of Boyne City and E. G. Pailthorp of Petoskey.

The committee was appointed by President Harvey C. Varnum at the July meeting of the association held at the Dilworth hotel, Boyne City.

It was pointed out that these officers require the talent and training of attorneys and that their responsibilities and opportunities for public service involved in these offices are without limitation. Present compensation was declared to be ridicuously low and totally unrealistic.

MINUTES OF SCHOOL BOARD MEETING

July 6, 1959

Present: Boss, Smith, Lieberman, Freedman, Martin and Bennett, Supt. Absent: None.

The meeting was called to order at 8:10 p.m.

Minutes of the meeting of June 22nd were read and approved.

Moved by Smith and supported by Lieberman that bills in the amount of $1,143.17, payable from General Fund, be approved and ordered paid. Motion carried: 5-0.

Moved by Freedman, supported by Martin, that a bill in the amount of $475.00 payable to Floyd G. Livermore, C.P.A., for services in 1958, be approved and ordered paid. Carried: 5-0.

A letter of appreciation from Glenn Loomis, Superintendent of Schools, and the Board of Education of Traverse City, recognizing the Board's participation in the dedication of the new Traverse City High School, was read.

After analyzing the cost of repairing the roofs of the elementary building and the gymnasium, as submitted by the Hunt Roofing Co. of Petoskey, the Red Mill of Traverse City, and the Bloxsom Roofing & Siding Co. of Traverse City, Mr. Bennett was authorized to contact the Bloxsom Co. and to have them start work immediately. Motion to this effect was made by Freedman, supported by Lieberman, and carried: 5-0.

A report of the progress being made by the Architect was presented and plans made for him to meet and present the final drawings as soon as possible.

Steel Bleacher proposals from the Universal Co. (represented by McFadden & Co. of Lansing), the Oglesby Equipment Co. of Detroit, and the U. S. Standard Steel Co. of Three Rivers, were studied and the U. S. Standard Steel Co. was invited to appear with final prices and plans.

Moved by Freedman and supported by Martin that $100 be appropriated to supplement the Summer Music Program. Motion carried: 5-0.

It was moved by Smith, and supported by Freedman, that Mrs. Jeanne K. Miles be again hired as School Nurse, and her salary was at this time established for the school year 1959-1960. Motion carried: 5-0.

The meeting adjourned at 10:20 p.m.

Respectfully submitted,

Sea Scouts Join Burro Brigade at Camp Philmont

Jack Rader, scribe for the local Sea Scouts of Ship 211 who were scheduled to return home Monday from a 16-day trip to hilmunt, N. M., with 25 other Scouts from the Scenic Trails Council has sent home this report of their early days on the trail.

We arrived at Philmont headquarters Monday night after traveling through seven states. After getting our gear squared away we all went to the bathhouse and took our first showers since leaving home Saturday night. The general statement of all as they came out of the shower was "Brrrrr" since the water was not heated. After being refreshed most of us took off to do some patch-swapping among some of the many Scouts here.

Tuesday, July 7

This morning, after packing and cleaning out our tents, we were introduced to Bill Ladarch, the ranger who will accompany us for a few days on the trail and give us helpful information. Bill showed us show to pack our packs correctly and put them on our pack frames before setting out for Ponil base camp in the afternoon. At Ponil we established our camps and started cooking our first meal in the open.

Wednesday, July 8

We stayed at Ponil all day. In the morning our group went horseback riding. Tony Genia's horse stumbled over a small bank but Tony wasn't hurt, just shaken up a bit. The horse Larry Schumacher of East Jordan was riding also stumbled but Larry wasn't thrown off. This afternoon we really had a hot time, 104 degrees to be more specific. We had a demonstration in conservation for Philmont and instruction in Dutch oven cooking. While out climbing in the hills Darrell Sommerville, Dorr Carpenter of Petoskey and Bill Johnston of Mesick killed a rattlesnake which started to attack them.

Thursday, June 9

Last night we had several deer and one bear prowling around our camp. The bear put a rip in the tent of Ray Terry of Bear Lake, one of our advisors. This morning we received the burros which we will use to pack our sleeping, tenting and cooking gear. One of the ranch wranglers showed us how to pack our gear on them. We packed ours but were very careful while walking around his south end. Nothing happened though.

After getting packed we started hiking for Indian Writings trail camp where we will study archeology. We will stay at Indian Writings Thursday night, Friday and Friday night before going to Pueblano trail camp Saturday.

The most frequent comments heard on the trail today were "Come on, burro," "Not so fast, burro," "Don't kick me now, burro."

Other local Scouts enjoying this trip are Darrell Sommerville, Tony Genia, Al Arvilla and Stan Martin.

News Round-up at Camp Charlevoix

The third week of camp dawned bright, warm, and clear with more trips being scheduled to leave camp for the hinterlands. Boys enjoy trips as it gives them an opportunity to rough it, live in a tent, and cook their own meals. It is also a great opportunity to bring a boy closer to an appreciation of nature. Many boys have remarked that they have been thrilled on these trips to be able to see the glorious sunsets over Lake Michigan. The area around here is known as "The Land of the Million Dollar Sunsets," and boys have been enjoying these glorious sunsets. Trips give a boy an appreciation into many facets of living.

Cabins 8 and 9 took a day trip to Bell's Bay. Nick Cameron and Allen Smith took these boys: Tom Steffe, Jerry Mason, Walt Silver, Bill Wilburn, Keith Harrison, Doug Tassel, Bob Crowley, Steve Martin, Keith Johnson, Peter Rousseau, John Fraim, John Foley and John Eckrich. Fisherman's Island was the destination of Mike Bazany and Phil Jacobs for an overnight trip. These boys were: Ace' Hoyt, Donald Law, Arthur Brown, Mike Grass, Tom Rike, Don Shipp, Wes Orr, David Frederick, Fred Bissell, Leeds Davis, Hugh O'Neill, "Chip" Coakley, John Mothershead and Bill Green. Cabin 17, Kent Gibbs as the counsellor went into the beach at Charlevoix for a day trip with his boys, Jim Harper, John Baird, Grant Washburn, Chris Nyland, Geoff Smith, David Roberts, Chris Olsen (Bay City Chris). In the evening, the Traditional MUGWUMP was brought out of hiding and put into play. Boys were very excited as it was hidden in the woods and the entire camp sent on a search for it, with the Greys finding it and hiding it again from the Greens. This is a week-long competition and adds much zip to the program, though it is very rough, the boys love it. Alumni coming back to the camp always ask if we still "Run the Mugwump." It is a great tradition.

Monday seems to have been a day of trips, with nine cabin groups out of camp. Cabin number 10, Phil Holidays boys, took a horse trip to Bay Shore. These boys were Russell Washburn, Harry Carlson, Mask Gardner, Bruce Olsen, David Arndt, Chuck Lakin and Carl Elmes. Two of our Junior cabins went by truck to the State Park at Eastport, about 20 miles away. Dick Wendt and Gene Ackert took these boys with them. Tommy Seidman, Vesti Johnson, Jeff Baldwin, Andy Baldwin, Tommy Kraus, Mike Parsell, Fred Mattaei, John DuPree, Bobby Pliskin, Ned Stilwell, Bill Orr, Doug Fox, Frank Roberts and Bill Crowley.

Tuesday more trips took to the hills. Alan Smith took an overnight to Fisherman's Island. His boys were Steve Martin, Keith Johnson, Peter Rousseau, John Fraim, John Foley and John Eckrich. Another horse trip left camp for Bay Shore, this trip being Bill Fors and Tommy Richardson's group. Tommy Coolman, Davis Spaulding, Bruie Laing, Richard G. Moon, Nick Noyes, and Billy Speed. Cabin seven under Ken Peters took to the road by foot to hike over to Susan Lake, about a three mile hike, the hikers being Scott Gregory, Ralph Meisel, Sandy Coakley, Mark Coltrin, Jeff Tupper, and Tommy Zinn. They were picked up by station wagon later in the evening. Cabins 1 and 2, our littlest boys were taken down to Eastport for an overnight trip and they loved every minute of it. Eric Henricks, Dan Ross, Kerm Krueger, Jan Nyland were in charge and the boys were Rick Royer, C. J. Shelley, Jeff Weber, Bill Fraim, Tommy Arndt, John Zinn, Steve Steketee, Bobby Beel, Bobby Camp, Eddie Wilson, Chris Olsen (Birmingham) and John Bacon. The barber was in camp during the afternoon and several unwilling boys had their locks shorn. Why is it that boys dislike having a haircut? Several had a "Saggy Dog" look before the barber went to work on them.

Wednesday was a big day as the Senior boys were guests at a dance given by the girls' camp across the bay, Camp Ta-Wa-Ma-Na. The boys looked like a million dollars as they left camp, and they return about ten thirty starry-eyed and many of them had names and addresses of girls they had met at the dance. From all reports it was a great party, and the boys immediately formed a committee to request a "return match" here at our camp. This occurs every year, and shows that the boys really enjoyed themselves. The rest of the camp played a Green - Grey Capture the Flag.

Thursday morning at six a.m. twenty-eight boys got up for a six thirty breakfast ready to leave for Mackinac Island at 7 a.m. This is the trip given each year to the first fifty boys enrolled each year. When we closed camp last year we had 76 boys enroll for the summer. We take two trips each summer to the island dividing the fifty into two parts. The men on the trip were Bob Schaeffer, Lyle McAuley and Ken Smith. It was a glorious day and the boys were very tired when they returned in the evening about seven thirty. They had had a wonderful time visiting the old forts, the Grand Hotel, and the many other interesting sights. Boys love this trip and are always eager to get enrolled for the following summer so that they can be on this trip. We already have FIFTEEN enrolled for 1960. Cabin 18 took the horses over to Bay Shore for an overnight. Kent Miller took the following boys, Karl Borden, John Varonof, Hank Holste, Alan Lathrop, Tom Conrad, Bob Henderson, and John Kunkel.

Friday morning after breakfast we had try-outs for the camp chorus that will sing in Charlevoix as part of the Venetian Night Celebration on JULY 26th. The camp chorus has appeared for the last 25 years, and this is one of our traditions. We take 40 boys in the chorus plus ten counsellors. Buzz Fender took his cabin of boys to Fisherman's Island for a day trip. These boys were Bob Henry, Ted Schmidt, Doug Lane, John Harmon, Bill Vandenbelt, Phil Huber and Freddy Gagel. In the evening, the entire camp was busy with Carnival preparation for the annual Carnival to be held on the following day. Carpenters were busy building booths, painters worked on the Clubhouse porch making signs and it was a most active evening, in great anticipation for Saturday.

And the rains came. Saturday morning was very wet and tho we needed the rain dreadfully, as the woods and fields were very dry, we would have liked it better had it just rained at night. Parents were arriving all morning, coffee was served in the Clubhouse and it was a fine morning for talking and getting acquainted. At noon it was still raining, and at 2:30 it was still raining. However, a few minutes later, the rains stopped, the sun came out and on very short notice the booths were put up, the signs tacked up, the boys assembled and at four o'clock the midway opened with many parents and guests here. It was a most successful Carnival. A committee of mothers, Mrs. Wilson Mothershead, Indianapolis, Mrs. Henry Wolste, Lake Forest and Mrs. M. R. Bissell, III, Grand Rapids, chose Cabins 10 "Shooting Gallery" as the most original booth. This is Phil Holiday's group. Cabin number 14, under Mike Bazany took in the most tickets, winning by ONE TICKET. These boys were awarded a movie in town as their prize, they are to see "Around The World in Eighty Days." On Saturday night, after the camp was all cleaned up and looked once again its spotless self, the boys all gathered in the Bigwam for a movie, "Man in the Saddle" in Technicolor. They enjoyed it a lot.

On Sunday morning we had many visitors at our chapel service. Phil Holiday gave a very learned sermon on "Open Thine Eyes, that Thee Might See." It was most thought provoking. The chapel choir sang the hymns and Bill Vandenbelt read the scripture. In the afternoon our "Annual Green-Grey Rodeo" was held with many parents as our guests. The boys rode very well, and our riding staff deserves much credit. It was a practice rodeo for our big event at the close of camp. As this goes to press, the committee is still figuring out who won the event.

Sunday evening, Kerm Kreuger was the speaker at Junior Vespers. Buzz Fender spoke to the Senior Vespers telling the boys about Mickey Mantle.

We are all looking forward to the coming weekend with some of our boys leaving and new boys coming in. We do indeed hate to see our four week boys leave and hope that they will be with us in 1960.

- Mrs. Norman Malone and son, Paul, who spent the past week with her parents. Mr. and Mrs. E. J. Edwards, reutrned to their home in Lansing Sunday with Mr. Malone who came for them.

Historic Beaver Island

For an ever to be remembered cruises to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

The New Motorship 'Emerald Isle'

Charlevoix Gets First Mail by C & O Rail-van

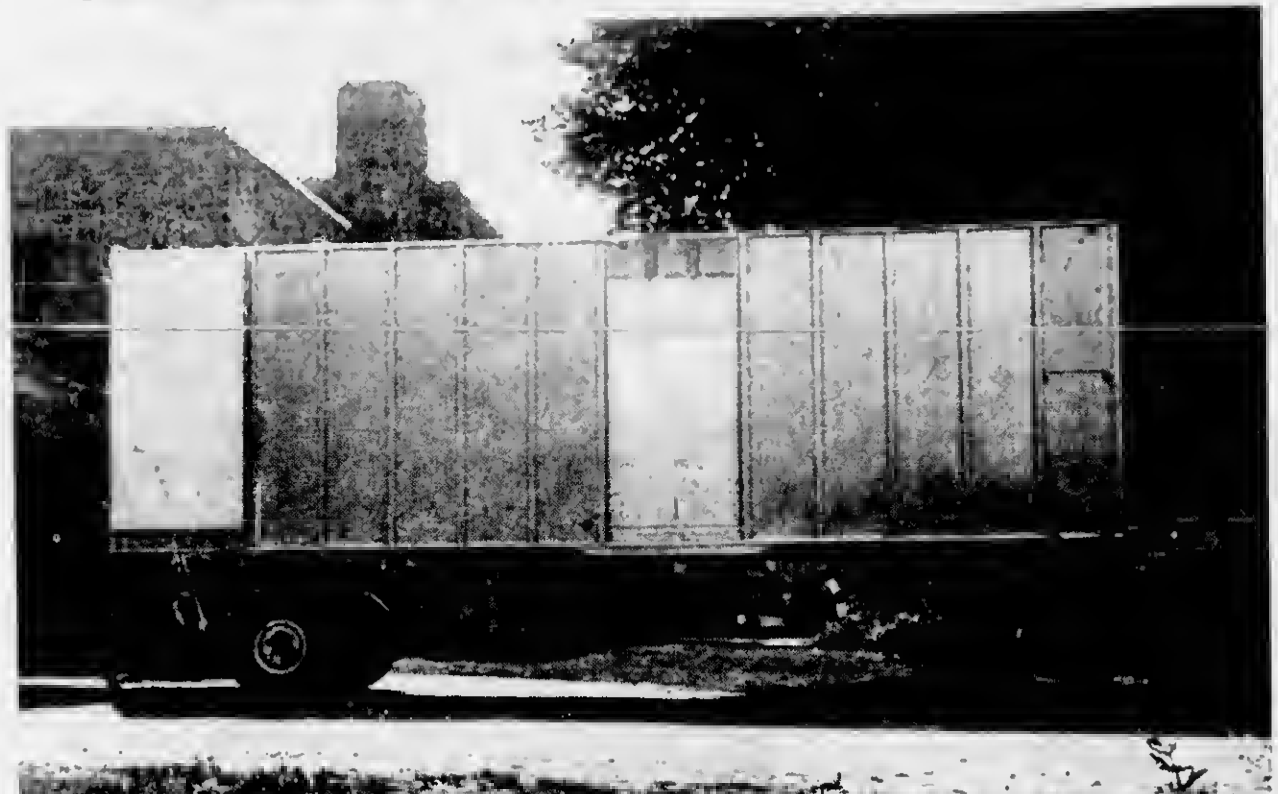

Photo by Staff Photographer

Rail-van, a combination rail and highway mail transport designed by the C & O Railroad Co., backs to the Charlevoix Post Office to pick up the first load of outgoing mail on a trial run from Traverse City to Charlevoix, Petoskey and return. Pictured (l to r) are Gordon Dennis, Dan Geneit and Postmaster Peter Timmer. Pictured above is the truck hooked to a Parker Motor Freight tractor which hauled the 26 foot Rail-van on the highway.

★ ★

The first load of mail via C & O rail-van arrived last week Tuesday at the Charlevoix post office. If trials prove satisfactory the rail-van may become a regular service from Traverse City to Charlevoix and Petoskey.

Rail-van is a 26 foot long aluminum "box car" designed by the Chesapeake & Ohio Railroad Co., for rail or highway travel. The car rolls on steel wheels for rail service and on dual pneumatic tires for highway use.

The cars used for the trial arrived in Traverse City as part of the regular passenger mail train. There it is detached and hooked to a Parker Motor Freight tractor to continue the trip to Charlevoix and Petoskey by highway. Delivery was made here an hour earlier than it would have been on the regular afternoon mail train. Incoming mail was unloaded and the rail-van continued on to Petoskey and returned to pick up the outgoing mail.

Should rail-van be inaugerated as regular service, afternoon mail from the south would arrive here in time for delivery the same day, according to Postmaster Peter Timmer.

Rail-van service was inaugerated last spring between Grand Rapids and Traverse City. On the trial run last week four of the truck were hauled on the Grand Rapids to Traverse City passenger train. The four were from the train, hooked to trucks and headed for their respective destination within ten minutes after the train stop. One truck was dispatched to the Traverse City post office, one to the express office, one to Charlevoix and Petoskey and one to another destination.

N. W. Viol, supervisor of mail, baggage and express for the C & O made the trip to Charlevoix and Petoskey to make a time study of the test run. The Rail-van arrived here at 1:36 p.m. Mail bags were discharged and the tractor hauled mail car continued the trip to Petoskey, returning here to pick up outgoing mail.

Crowds Jam City for Venetian Festival

Charlevoix's population was boosted by several thousand over the weekend as visitors packed this northern Michigan community for the annual Venetian Festival.

The annual Venetian boat parade on Round Lake and a display of fireworks climaxed the three-day weekend which attracted countless visitors.

Dr Lyle Ance's entry, Loopie, which was decorated in the theme of "Alice in Wonderland" placed first in the boat parade in which 15 boats were entered. Vern Ridout's entry, Explorer IV, out of Detroit placed second with a "Christmas in July" theme and Charlevoix Boy Scout troop 11 won third place with their entry depicting the arrival of the French missionary, Father Charlevoix, at the site of the community which now bears his name.

Judges for the boat parade who watched it from the P. H. Danly yacht, Trident II, were Bob Mills of Cheboygan, Kenn Haven of Traverse City and Max Hinkle of the West Michigan Tourist and Resort Association. The parade was in charge of Bob Hamilton and Lee Moorland.

The appearance of Joe E. Brown, veteran Hollywood actor, during the variety show in East Park Sunday evening was a highlight of the festival. He appeared briefly on the program and returned later to greet Venetian Queen Carrie Duerr and her court when they were introduced to the record crowd which had gathered for the program. Queen Carrie and her court were then escorted to Jaycees royal barge anchored off East Park. The barge was a huge throne made

Ellsworth P. O. To Occupy New Home Saturday

ELLSWORTH — The Ellsworth post office will be relocated Saturday in a new building recently constructed for lease to the U. S. Postal department, Postmaster Marvin Elzinga announced Tuesday.

The new structure is located on Main st., next to John's Health Center. While the building is sufficiently completed for occupancy, there are finishing touches to be made before Sept. 25 when an official dedication is planned.

County Survey Of Soils Started

A county-wide soil study has been started by the Soil Conservation Service, U. S. Department of Agriculture. The data collected on soil composition is to be plotted on aerial photographs to provide a comprehensive picture of soil structures throughout the county.

Collecting samples for study are Stanley Alfred and Richard Larson of the Soil Conservation service. The first surveys are being made in Marion and Norwood townships. Samples are obtained by boring holes in the fields and woods and examination of road cuts, pits and other excavations to determine soil composition.

Armed Thieves Take Linens Valued at $2000

More than $2,000 worth of handmade Maderia table linens were taken from the LeeMors Linen shop here in an armed robbery in which a white man about 40 years of age and two negro women participated late Thursday.

Eli Ozery, 20, was alone in the store when the trio entered shortly after 5 p.m. He told Police Officer Earl Crandall who was called to investigate that the man pointed a snub-nose automatic pistol at him when he approached them in one section of the store. They stuffed a handmade banquet cloth valued at $1,500 and several less expensive cloths into large bags before walking out of the store and disappearing.

Road blocks were placed on all major highways throughout northern Michigan but no trace of the trio was found. It is not known if they escaped in a car parked near the scene or if they separated and left the city alone.

The shop is operated by Abe Nahem who was in Detroit at the time of the robbery. The stolen tablecloths were not insured.

John P. Wilson Dies Following Heart Attack

John P. Wilson, 81, a summer resdent at the Chicago Club since 1883 and a practicing attorney in Chicago since 1903, died Sunday at the Charlevoix hospital where he had been taken early Saturday morning after suffering a heart attack.

Funeral services will be held at Rockefeller Chapel on the campus of the University of Chicago at 2:30 p.m. Thursday with the Rev. Harold E. Kohn, pastor of the First Congregational church here, officiating. Interment private.

A memoral service will be held at the First Congregational church here at 4:30 p.m. Sunday with the Rev. Mr. Kohn officiating. He will be assisted by the Rev. James Sherman.

A native of Chicago, Mr. Wilson attended Williams College and was graduated from the Harvard university law school in 1903. He was a senior member of the law firm of Wilson & McIlvaine in Chicago.

Mr. Wilson relinqushed the presidency of the board of the Children's Memorial hospital in 1952 after 25 years as a board member. He was a former trustee of the Natural History museum and a member of the board of the University of Chicago. He also was a former director of the General Electric company and the United States Trust company of New York. At the time of his death he was a director of Marshall Field & Co., the International Harvester Co. and the First National Bank of Chicago.

In Charlevoix he was active at the Chicago Club where he had been a summer resident since childhood and had served on the Charlevoix hospital advisory board of trustees for many years. He also was an ardent boatman and for many years had enjoyed sailing aboard his beautiful sailing vessels.

He is survived by his wife, the former Nina McNally; a daughter, Mrs. Beverly C. (Cynthia) Compton of Baltimore, Md.; a son, John P. Wilson jr. of Lake Forest, Ill.; six grandchildren; two great-grandchildren and a sister Mrs. William C. Dickinson of Santa Barbara, Calif.

Man Sentenced For Abandoning Seven Children

One man was sentenced and two other persons were placed on probation by Judge Charles L. Brown during a special term of circuit court here Tuesday.

Everett Jeffery, 35, was sentenced to two to 10 years in Southern prison on a charge of neglecting and abandoning his seven minor children. He and his wife, Louise, 26, had pleaded guilty earlier to the charge which involved their children who ranged in age from 13 months to 13 years.

Mrs. Jeffery was placed on three years probation and released from the county jail.

The children were placed in boarding homes under the jurisdiction of probate court.

Louis E. Ouimet, 20, of East Jordan, was placed on two years probation and ordered to pay $150 costs and a fine of $10.00.

Mrs. Allen Ulrich Died Unexpectedly At Home Tuesday

Mrs. Allen Ulrich, 75, died unexpectedly Tuesday at her home at 813½ State st.

Funeral services will be held at Christ Episcopal church at 2 p.m. Thursday with the Rev. Robert J. Yonkman officiating. Burial will be in Brookside cemetery. The body is at the Winchester funeral home where friends may call.

Born at Twin Lakes in Muskegon county June 29, 1884, the former Lillian Sevrey lived in that area until her marriage to Mr. Ulrich at Kalkaska in 1940. Since then she has resided in Charlevoix. She was a member of Christ Episcopal church, its Guild and the American Legion Auxiliary.

Besides her husband, she is survived by one brother, Coryell Sevrey of this city.

State Business Women to Hold Convention Here

The Michigan Federation of Business and Professional Womens Clubs Inc. will hold its annual state meeting at the Charlevoix Beach Hotel this weekend according to E. L. Kramer, owner-manager of the host hotel.

Approximately 50 members will gather at the hotel for the meeting which will open Friday and continue through Sunday.

Arvilla Winegarden of Grand Rapids is president of the organization. Mrs. Mildred E. Chamberlain of Grand Rapids, vice-chairman; Mrs. Olga C. Taylor of Garden City, recording secretary; Mrs. Jeanette M. Buechner of Kalamazoo, business secretary and Mrs. Josephine Sweezey of Coldwater, treasurer. Mrs. Leona Edgar of Livonia is convention chairman.

Plans Made for Beaver Island Homecoming

St. James, B. I. — The shamrock green welcome mat has been dusted off as plans for the fifty-ninth annual homecoming continue on America's Emerald Isle, Beaver Island.

Duties have been assigned to island residents by the Rev. Louis Wren OFM (Conv), pastor of Holy Cross church which yearly sponsors this event that highlights the summer season on the island.

The homecoming dinner will be served at Holy Cross parish hall from noon until 3 p.m. with diners having a choice of beef or ham plus a variety of home-cooked foods prepared by the community's best cooks.

There will be a parade at 3:30 p.m. with Joseph Grossell, mayor of Harper Woods, a suburb of Detroit and an island summer resident, as parade marshall. And for those who need other entertainment to keep them happy, there will booths galore offering countless types of entertainment and foods.

Mrs. Frank Nackerman, president of the Holy Cross Altar Society and George Donat, president of the Holy Name Society are heading the planning committee for the homecoming which annually attracts visitors and former island residents from thruout the midwest.

Andience Gives Generously to Aid Park Stage Fund

An appreciative audience contributed generously to the fund for the new park stage last week when four members of the Charlevoix high school band passed through the crowd with bushel baskets.

The fund collection was given a sizeable boost when Band director C. A. Odmark announced a $250 contribution from Dr. Wm. L. Fryhof of Cincinnati, Ohio, and the Belvedere club in honor of Albert Nevotny, president of the Charlevoix City Band. The voluntary contributions from the audience totaled $80.50, Mrs. Kit Carson, secretary-treasurer of the Park Stage committee, reported.

Other contributions given directly to the secretary recently were made by Linda Campbell, Jeannette Cameron and Laura B. Courier.

The Park Stage committee has arranged to accept voluntary offers at future concerts in the park. They point out that nearly $3,000 is needed to complete the next step in construction. Members also want the public to realize a contribution is not necessary when one attends the concerts. That is a matter for the individual to decide. If he has a little contribution to make to the fund, it will be most acceepptable.

MERCHANTS' BREAKFAST

Local retail merchants gathered at the Grey Gables Inn at 8 a.m. today (Thursday) for a breakfast meeting with representatives of the Michigan Retailers Association.

Rehard O. Cook of Lansing, assistant executive vice president and Robert Boyll of Cadillac, district representative, were scheduled to meet with local business men to discuss retail problems and legislation regarding the retailer.

First Waterfront Fair Attracts 50 Entries

More than 50 entries have been received for the first annual Waterfront Fair to be presented in East Park Saturday according to Mrs. Edward Lemcke, general chairman of the event.

The exhibits include oils and water colors, a variety of ceramics, pottery, lapidary, woodworking, wood carving, weaving, leather work and sketches.

Each entry has been assigned space on the rolling terraces of East Park where the show will open at 10 a.m. and continue until 10 p.m. Saturday.

Mike Church, in charge of the special services department at the University of Michigan, and Dr. Alexander Zawacki, head of the art department at Central Michigan University, will be on hand to judge the entries who have requested it. Ribbons will be awarded in all classes by the Charlevoix Chamber of Commerce, sponsors of the event.

More than half the entries have offered articles to be given away during the show to help underwrite the cost of the fair.

This is the first fair of it's kind in this area. Art lovers from thruout northern Michigan are expected to gather in Charlevoix for the event which has attracted exhibitors from as far away as Cadillac and Mt. Pleasant as well as a number of summer residents from throughout the midwest.

E. L. Kramer has offered a $50 purchase prize for first place winner in the ceramics class.

Miss Carrie Duerr Elected Venetian Festival Queen

Lovely Carrie Duerr, 20 year old brunet and a junior at the University of Michigan, was named Venetian Queen to rule over Charlevoix's Venetian Festival.

Queen Carrie received her crown from 1958 Venetian Queen Wanda Russell during the coronation ball held Saturday evening at the Beach Hotel under the sponsorship of the Charlevoix Jaycees headed by Don Brown. Fritz Puffpaff, chairman of the queen's committee, presented the eight candidates for the honor and then announced that Miss Duerr had been selected by a panel of judges as Charlevoix's queen for the festival and the coming year.

The coronation ball was well attended by the younger set who danced to the music of the Blue Notes of Grand Rapids at the first coronation ball in several years.

Judges for the queen's contest were Cynthia Harlan of WWTV Cadillac, Bob Mills of WTOM-TV Cheboygan, Jack Behan of WMBN Petoskey, Jim Doherty of the Petoskey News Review and Johnny Williams of WPBN-TV Traverse City.

Youth Escapes When Car Rolls

James L. Barnett, 20, of East Jordan, escaped serious injury Tuesday afternoon when his car went out of control on a curve at the foot of a hill one-half mile south of Ironton. The car went into a spin, skidded across the highway, rolled over and came to rest on its top after traveling more than 150 feet, according to Deputy Sheriff Philo Sumner who investigated the accident. The youth crawled, uninjured, from the overturned car.

The accident occurred about 2 p.m. Tuesday.

Deputy Sumner said a reckless driving charge against the youth was pending.

Plan Campaign To Raise Funds For Polio Work

Because of the urgency of the need, a two-day campaign to raise funds for use by the Charlevoix county polio fund will be held Friday and Saturday, Aug. 14 and 15, according to Charles A. Robinson, campaign chairman.

All funds collected in the county will be used within the county for the care of polio patients.

"The chapter's funds have been depleted because of the burden of polio from previous years" Mrs. Walter Davis of East Jordan, chapter chairman said. The county has several severe cases of polio for whom rehabilitation will be a long and costly process. The empty treasury has created a critical polio emergency which threatens continued assistance to a number of long-term polio patients. Through the years the county has been heavily invaded by polio which has made it necessary to spend 1½ times as much as was collected for the March of Dimes. These additional funds came from the National Foundation.

Mr. Robinson has asked that residents of the community give or mail their donations directly to the bank where they conduct their business or they will be asked to respond generously to the Boy Scouts who will conduct a special 'litter bag' sale on the two assigned days.

Kick or Be Taxed

What chance has the public for protection from constant tax increases? Apparently it has almost none. A proposed increase of 1-½c a gallon in the Federal gas tax was voted down by Congress. Within days a new proposal came up to increase the tax ½c a gallon for one or two years, and transfer some receipts now received from present gas taxes from the general fund into the special highway trust fund, where they should have gone in the first place. Another proposal would raise the gas tax 1-½c for a two-year period only.

Any way you look at it, the determination is to make the public pay additional gas taxes for a crash program of highway building instead of doing the construction work as money becomes available.

If anyone is gullible enough to believe that a one or two year "special" gas tax would be dropped at the end of such periods, he should have his head examined. All one has to do is to check over the "emergency" taxes that were passed for various purposes years ago to realize that no special tax for one or two years would be dropped at the end of that period.

The tax spenders will always be exceeding their income no matter how large the taxes are. The people will never get relief until they tell Congress in no uncertain terms, that tax reductions, not tax increases, are in order.

At the end of two years roads will again be costing twice as much as estimated, "special" taxes will have to be retained and it is safe to say increases will be asked.

Dividends in a Good Name

The traveling salesman and a town have one thing in common.

The salesman who has earned a good name for himself through proving to his customers that he has good products to sell and that he serves his customers well in all phases of his activities, can depend on getting business regularly. He finds a good reputation means money in his pocket.

The town that builds a good name for itself is in much the same position. If the town has proven it is good for the industry and business it already has, it can expect serious consideration as the location for a new plant when an industry finds it has to expand or is planning to move.

How can a town establish a good name? By developing a cooperative and strong community spirit that builds for a better place in which to work and live — by developing good schools, streets, business, residential areas — and industrial sites and by sound planning and financing for industry that needs help to get started.

Enthusiastic appreciation of present business and industry and eagerness to help them when they need assistance — are other things a town can do to build the kind of name that will attract new industry, new business and a bigger payroll to a community.

The importance of a good name for a town is the subject of an ad titled "Let's Bag Something Big," which appears in this newspaper. It is one in a series of industrial promotion ads, sponsored by the Courier in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

Michigan Mirror

By ELMER E. WHITE

DEMOCRATS are starting another statewide fight for reapportionment of the Legislature.

The Democrat State Central Committee June 28 decided to form a committee to plan for reapportionment, a drive that has new significance for Democrats because of the 1959 deadlock in the Legislature over state finances.

* * *

THE STATE Central Committee acted after party members in the 14th Congressional district adopted a statement blaming the legislative stalemate on "the undemocratic reapportionment system which permits Republicans to subvert the needs of the state to satisfy their own and their party's selfish ends."

Democrats claim areas for the Senate, a Republican stronghold by a 22-12 margin, are gerrymanered to Republican advantage.

The State Senate seats were put into the constitution in 1952 by voters.

Democrats are expected to circulate petitions to put the reapportionment issue on the ballot. It would take signatures totaling 10 per cent of the votes cast for governor in the last election. This would be 231,218 based on the Nov. 4, 1959 turnout.

* * *

THERE IS LITTLE chance for Democrats to get the issue on the ballot through legislative action. It would require a two-thirds vote of both houses to submit the issue to the people.

Senate Democratic Leader Harold Ryan Detroit, said the proposal "wouldn't get to first base" in the Senate.

Democratic unhappiness with the present district lineup in the Senate was behind their refusal to endorse the proposal for constitutional revision that was on the ballot in November.

Delegates for the constitutional convention would be elected from present State districts.

* * *

SOME DEMOCRATS would like to see outright abolishment of the Senate and creation of a unicameral Legislature.

A more-likely proposal would be for the addition of seats that would be nominated by parties and elected at-large.

Democrats say the addition of at-large lawmakers would give the population centers a bigger voice in the Senate without stirring up opposition by taking seats away from Republicans

But any attempt at reapportionment will be more than a struggle for power between Republicans and Democrats.

It boils down to a fight between urban and rural areas.

* * *

EAST AND WEST Michigan settled differences and reached agreement on a proposal to give special names to North-South highway routes in Michigan.

The Legislature passed a bill to designate US-131 from the Indiana border to Kalkaska as the Mackinac Trail; M-78 and M-66 from the border to Kalkaska as the Green Arrow Route; and US 131 from Kalaska to the Mackinac Bridge as the Green Arrow Mackinac Trail.

The highway designation proposals were among the first to be made in the 1959 Legislature. It took about six months to work out a compromise.

A bill to designate a West Michigan Mackinac Trail was defeated after East Michigan interests said it would not be historically accurate. The original Mackinac Trail used by indians went north from Saginaw.

The original Green Arrow proposal was threatened in the Senate, where backers of the Mackinac Trail bill said the state couldn't have one without the other.

But all differences were settled to enable passage of the package bill that combined the two designations.

* * *

ALL ROADS — including the Mackinac Trail and the Green Arrow Route — lead to the Mackinac Straits for Michigan sightseers.

The heavy Fourth of July influx indicated the Mackinac Bridge is still a major tourist attraction.

Ever since the Bridge was opened in November of 1957, the docks used by the Mackinac Straits ferries have been considered surplus property by the state.

But the Waterways Commission, which assumes jurisdiction over the docks under a bill cleared by both houses of the Legislature, said the docks have big potential.

* * *

THE BILL GIVES the commission supervision over docks at St. Ignace and Mackinaw City. The two communities would retain leases of portions of the docks for auto parking. The state would get a share of the parking receipts

Commissioner director Keith Wilson said the Commission plans to spend about $100,000 improving the $4,500,000 docks, which have been deteriorating since the state ferry fleet was mothballed.

The Arnold Line and the Straits Transit Line, ferry lines to Mackinac Island, have been given leases to operate from the docks this summer.

The Straits Transit Line includes former state ferry workers who purchased one of the ferries for mainland-to-Mackinac Island service and tourist cruises.

Snow Removal Has Cost Townships $54,278 This Year

The Charlevoix county road commission has released the figures on the cost of snow removal to the 15 townships in the county.

The figures listed, however, include the costs from Jan. 1 until the end of the winter which, this year, extended into April and do not include those for November and December which were unusually high because winter started so early last fall.

The budget is based on receipts of Motor Vehicle funds for 1958.

Twp.	Snow Removal	Budget
Bay	5,551.51	6,277.27
Boyne Val.	4,103.28	7,611.72
Chandler	1,785.88	7,487.50
Charlevoix	847.87	3,746.74
Evangeline	1,456.83	4,329.25
Eveline	7,466.41	10,594.99
Hayes	4,583.59	10,333.35
Hudson	1,461.81	5,942.32
Marion	6,641.47	9,095.86
Melrose	3,024.23	11,246.40
Norwood	1 764.40	4,700.57
Peine	2,995.83	8,529.35
St. James	796.03	4,787.88
South Arm	5,191.85	11,672.39
Wilson	5,620.24	10,312.43
	51,278.31	116,668.02

It will be noted that in the over all picture, the townships spent approximately 50 per cent of their budgets for snow removal during the early months of the year and the problem of November and December are yet to be included in these budgets.

As a result of the heavy cost of snow removal, maintenance and construction for 1959 have had to be cut to a minimum in most cases.

LET'S
BAG
SOMETHING
BIG

In our town's efforts to build prosperity for its citizens, what is the biggest thing we can bag?

It is a good name — a good name for our town as a good place for industry to succeed and a good place for people to live.

As industry looks for places to locate plants and payrolls, its eye is out for towns that have such assets as:

Strong community spirit and leadership . . . fine schools . . . outstanding public services . . . pleasant residential areas and attractive business districts . . . sound planning and zoning . . . a good chamber of commerce . . . developed industrial sites . . . adequate plant financing . . . appreciation of present industry . . . productivity everywhere around.

Industry not only has its eye out but has its ear cocked. A good name travels far—and a town with a good name goes far.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

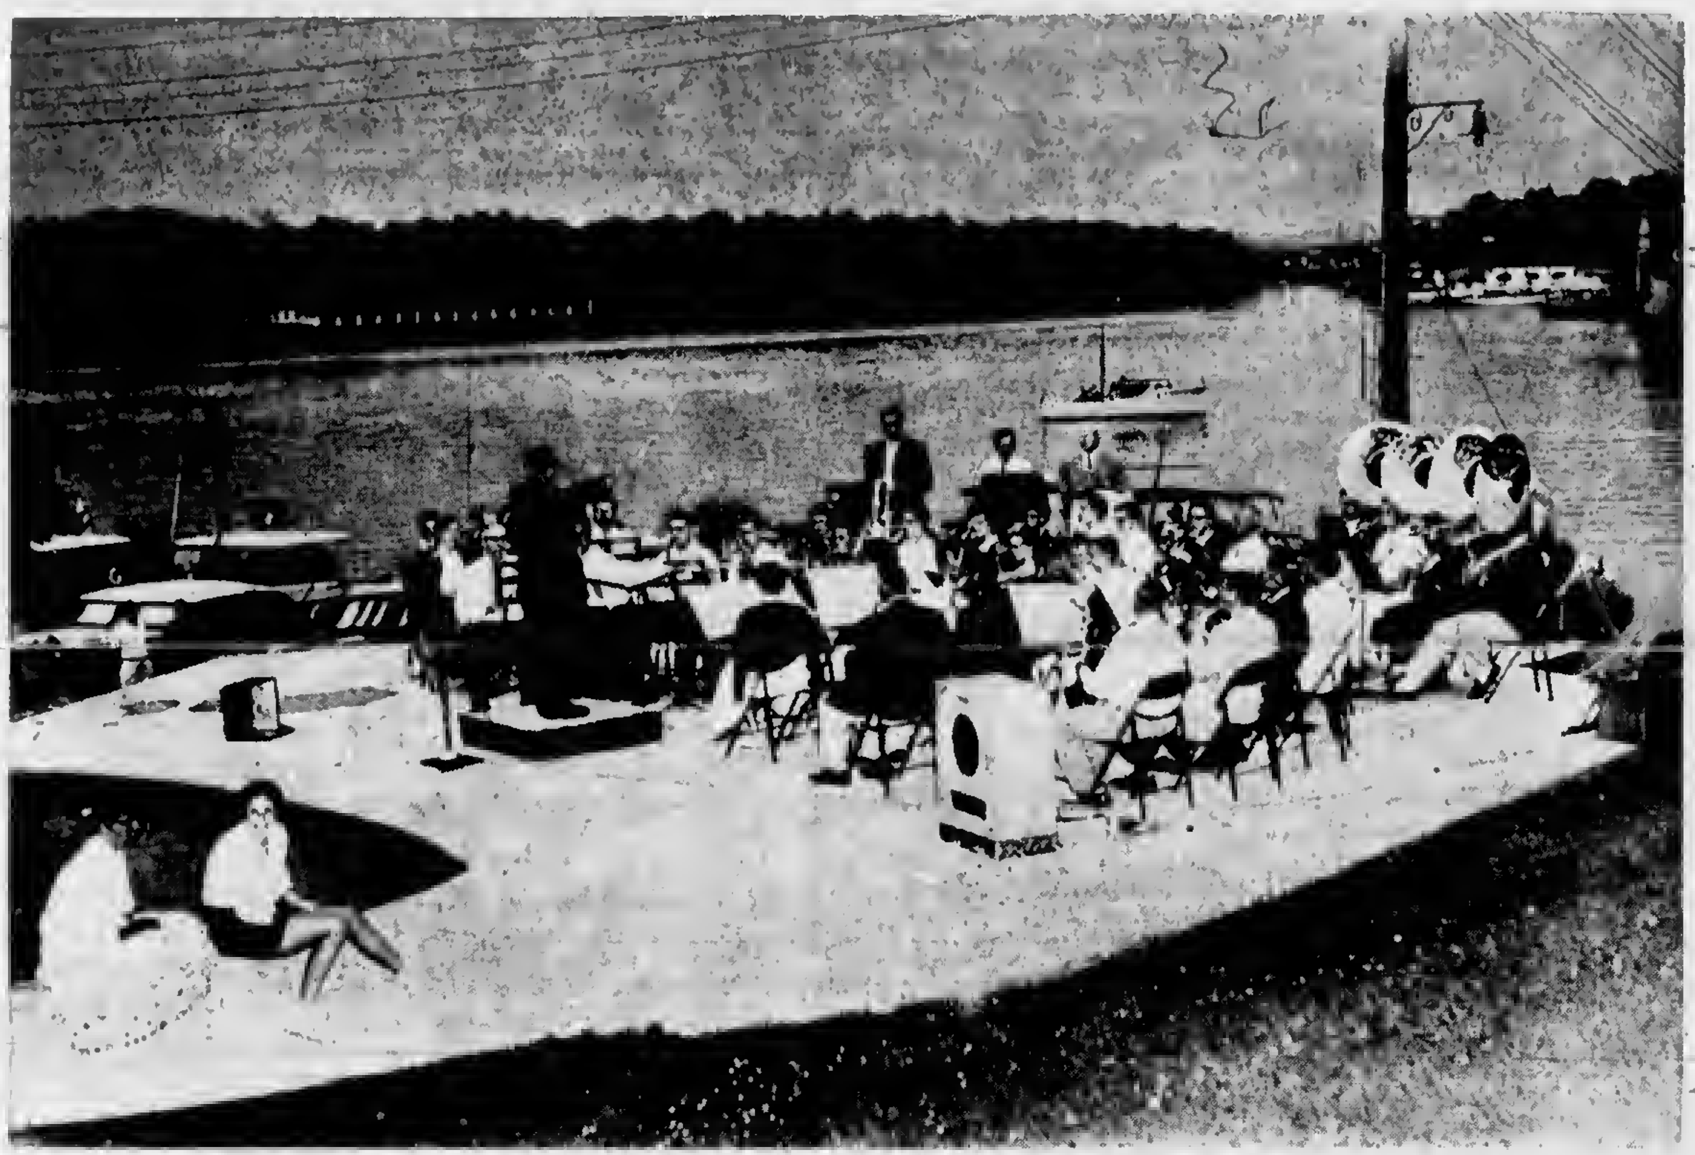
City Band Initiates New Park Stage



The Charlevoix city band, directed by C. A. Odmark, presented its first concert on the new stage under construction in East Park. Since this picture was taken the construction work has been continued with the addition of a sound control room, rear and side wall structures. The cement block walls will be faced with Onaway stone.

The first phase of the project (as shown) includes a large storage room under the stage and was completed at a cost of $2,400. The next step now in the process of construction will cost approximately $2,600. The entire project is being financed by voluntary donations in any amount the donor wishes to contribute. Construction and financing is being carried on by a Park Stage committee of the Charlevoix Chamber of Commerce. Members of the committee are Bob Miles, chairman; Mrs. Kit Carson, secretary-teasurer; C. A. Odmark, Rev. Fred McNeil and Harold M. Toffen.

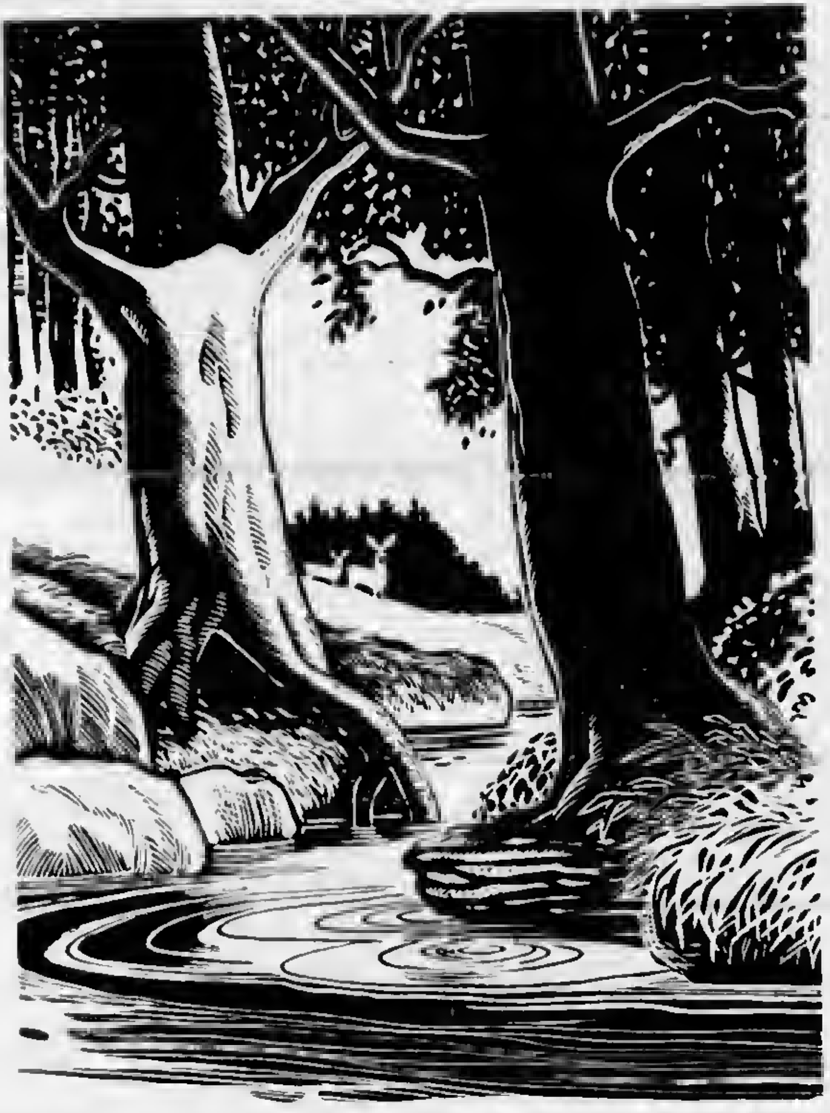
Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn



Spring-Fed

The reason our stream keeps on flowing through hot weather and drought, when water tables are generally low, and when many other brooklets have entirely evaporated, is that this brook has its source in inexhaustible springs. These natural fountains lie only half a mile to the east of us. From these sources happy streamlets dance toward each other, join, and then romp through open pasture and dense woods toward Lake Charlevoix, and on their way the capering waters pass through the forty acres known to us as Hidden Brook.

While driving over country roads some summer days, I have seen the parched, stony beds of vanished rivulets. Then fears for the welfare of our stream have plagued my mind until I could get to Hidden Brook. Always I have been gratified to find it there, sometimes running low, its tinkling laughter less gay, but never allowing its spirits to be entirely subdued. It is a dependable stream. It is spring-fed.

One reason for the anxiety and uncertainty of our times is that too many people are seeking satisfaction in streams that easily evaporate. They are counting on a perishable popularity, or impermanent health, or transitory wealth, and seeking gratification in passing pleasures while plagued with the haunting fear "Supposing something happens." We are easily dismayed by life's transitory nature. Andre Gide has told that he once knew a man who was plunged into darkest despair at the mere thought of having to replace the worn shoes he has wearing, or his clothing, linen, and necktie. His problem, Gide insisted, was not one of stinginess, but anguish at not being able to depend upon anything as being durable. He was tortured by a lack of absolutes.

Anyone who looks for an abundance of absolutes in this life is bound for disappointment. The newness and usefulness of shoes and clothes will fade. Some ideas, like "the inevitability of progress," are fashionable today and obsolete tomorrow. The playthings we clamor for at three years of age we regard as foolish at thirteen, and the "puppy love" of sixteen-year-olds is laughed at by sixty-year-olds who have forgotten the excitement of being "in love with love."

But, thank God, there are some spring-fed streams that do not run dry. They are rare, but they do exist, and we need to find them. There are some homes that we can resort to, knowing that we will find there a dependable flow of love and concern — not gushing sentiment today and bone-dry indifference tomorrow.

There are spring-fed friendships where we, like thirsty deer coming to water, can always find refreshment allowing us to go back to our duties and our work mentally stimulated, reassured that life is good, our joys redoubled, our griefs somewhat assuaged our sympathies broadened. Friends may come and go. We can lose friends, but we need not lose our capacity for friendship. Indeed, we dare not, for it is one of these streams that keep the soul alive.

There are churches that are spring fed, dependably inspiring and helpful, stemming from fountains of vitality and flowing with faith, profound insights, high hopes, noble purposes and spiritual courage.

The kind of faith that makes for confidence in our tomorrows is the trust that when my present strength is spent more will be available. It comes from knowing that God is a source that never goes dry, that His grace is beyond the blight of drought and His love is unending, and that His grace and love flow through the fields and forests of my being now and as long as I live.

Circlin' The Bases

By DEANO

Another week of summer softball has slid by and I sure would hate to pick the second round champion in any of the leagues. The Coast Guard dumped previously undefeated City Merchants and at this writing unbeaten Airport Inn had a crucial game with Freedmans this week. USCG and American Mold, who have lost two, are still in the race.

The B league is as unpredictable as the weather. As was the case several times last week, a team will wait until the seventh inning then come to life and score a dozen runs and either come close or win the game. Browe Electric, Lake Construction, and Carsons still all have a good chance to win the title.

The Peanut league is just as close with the Braves, Tigers, Dodgers, Red Sox, and Cards all in the thick of things.

The Women's league seems to be a two team race with the Older (not old) women holding the edge. They — Northern Auto — won the first round in a playoff game against Paul-Reed 8-4 behind the steady pitching of Betty Bergmann.

The young girls are as unpredictable as any and all three teams, Edwards Superettes, Schroeders Pills, and Staleys Starettes — (how about those titles?) are given an equal chance of winning.

The only thing certain in all leagues is that there seems to be plenty of excitement in store for all in the three or four weeks remaining in the summer schedule.

Still no word on the site for the new softball field. Anyone have any information we can pass on?

As you all know our program is financed entirely by contributions from the games. The City co-operates in every way possible by footing the huge light bill and improvements of the grounds, etc. However we must collect so mucheverY night in order to operate. Here's a break down of what a nights action actually costs. First we pay $2 a game to the umpire for the A League contests and $1.50 for the other league games. At three games per night umpires cost us $10.00. Then toss in at least one and sometimes two new balls at $3.25 each and it's easy to run up into the $13-16 bracket. And this price doesn't include many misc. items, like lime bases, bats, scoreboard boys, scorebooks, scorekeepers, etc. So far were proud to say the program has been able to pay for itself. However we don't have to go very far to find city leagues that are having trouble financially.

Have you noticed the Mort Cardinals new uniforms? If you haven't they're official Little League pants and shirt outfits with the scarlet cardinal on the back. We hope next year we can swing a deal where as all peanut teams will have them.

The Distret Tourney will be held in Petoskey in August. Two teams from Charlevoix have entered. American Mold in class C and the City Merchants in class D.

Incidently, the Merchants are sponsored by Nortons, Hesses, Williams Bakery, Courier, Charlevoix Oil, Coffee Cup, Puffs, Listons, County Bank, Chatterbox, Kens Barber Shop, Maxbauers, Browns and Erbers.

Justice Court News

Justice John Connolly reports the following cases which appeared in his court recently:

Harry Martin, 75, charged with leaving the scene of a property damage accident, operating a motor vehicle after license had been denied and ignoring a stop sign, was ordered to pay a total of $134.70 in fines and costs and was sentenced to 25 days in the county jail. If fines and costs are not paid he must serve an additional 30 days in jail. Summonses on all three charges were issued by the city police.

Harold J. Baxter, 49, of Grand Rapids, charged with driving under the influence of intoxicating liquor, was ordered to pay $100 fine and $4.90 costs and sentenced to 30 days in jail. If fine and costs are not paid he must serve an additional 60 days in jail. Summons was issued by the sheriff's department.

Jack E. Harris, 20, of Kalamazoo, and Andrew Bradshaw, 17, of Gobles, charged with destroying the property of another, were ordered to pay fines of $5.00 and costs of $4.90 each and sentenced to five days in the county jail. If fines and costs are not paid they must serve an additional five days in jail. Summonses were issued by the Sheriff's department.

Albert Cooper, 63, of Oak Park charged with leaving the scene of a property damage accident without making his identity known, was ordered to pay $5.00 fine and $4.30 costs. Summons was issued by the city police.

Jerry Halcomb, 19, of Berkley, charged with speeding, was ordered to pay $5.00 fine and $4.30 costs. Summons was issued by the State Police.

Harley Goodwin, 68, of Detroit charged with reckless driving was ordered to pay $25 fine and $4.30 costs. Summons was issued by the sheriff's department.

Mrs. Bruce Dixon of RR 3, charged with violation of the dog law, was ordered to pay $3.70 fine and $4.30 costs.

Peter Coleman, 17, charged with having defective automotive equipment, was ordered to pay $5.00 and have equipment repaired. Summons was issued by the city police.

Clarence Robarge of Rogers City, charged with catching bass out of season (June 7), was ordered to pay $15.00 fine and $7.30 costs. Summons was issued by the Conservation Department.

Gallagher-McDonough Nuptials Solemnized at St. Mary's Church

St. Mary's church was the scene Saturday morning of the wedding of Eleanor Mary Gallagher and William Glenn McDonough of Grand Rapids.

Parents of the couple are Mr. and Mrs. James W. Gallagher and Mrs. William McDonough of St. James and the late Mr. McDonough.

The Rev. Victor P. Gallagher of Reed City, uncle of the bride, officiated at the double ring service during the nuptial mass before an altar decorated with arrangements of pink and white gladioli. Mrs. Nicholas Hamilton was the organist. She accompanied the soloists, Kathy McCann, Barry Pischner and Patricia Belfy, cousins of the bride.

Given in marriage by her father, the bride chose a ballerina length gown of white nylon lace for her wedding. The fitted bodice was styled with a V-neckline outlined with seedpearls and rhinestones, long tapered sleeves and a satin cummerbund flecked with seedpearls and rhinestones. The bouffant skirt had a scalloped hemline. Her fingertip veil of hand-rolled French illusion was secured with a headpiece of seedpearls and sequins. She carried white and pink roses on a white prayer book and a rosary. She wore a pearl necklace, a gift of the bridegroom.

Mrs. Richard O'Donnell of Grand Rapids was her sister's matron of honor. She wore a pink sheath with lace inserts in the back and a lace cummerbund, a matching pink bow headdress and white gloves and carried a bouquet of pink pompoms.

Rosemary McDonough of Chicago and Kathy McCann of Charlevoix, cousins of the bride, and Mrs. Ted Denij of Detroit, sister of the bridegroom, as bridesmaids wore blue sheaths similar to the honor attendant's and matching blue headdresses and carried matching pompoms bouquets.

Tony McDonough of St. James assisted his brother as best man. Brian Gallagher, brother of the bride and Kenneth McDonough of St. James, brother of the bridegroom, were groomsmen. Seating the guests were Frances 'Bud' Left of Charlevoix and Peter Greene of Grand Rapids.

Mrs. Gallagher selected a nile green lace sheath, pink accessories and a corsage of white pompoms and red roses for her daughter's wedding. Mrs. McDonough, mother of the bridegroom, wore a light blue lace gown fashioned with a side drape and matching cummerbund, white accessories and a white pompom corsage.

A wedding breakfast for the bridal party and their immediate families followed at the Grey Gables Inn. An evening reception for more than 200 guests was held at the Rod and Gun club. Mrs. Pat Monachino of Batavia, N. Y., sister of the bridegroom, Mrs. Richard Selissen of Charlevoix and Mrs. Donald Mosini of Chicago, cousins of the bride, assisted.

After a wedding trip through northern Michigan the couple will make their home at 1120 Hazen st. SE Grand Rapids. For traveling the bride wore a mint green linen sheath and white accessories.

Both are graduates of St. James high school on Beaver Island. The bride attended Aquinas College and taught at St. Mary's school here. Mr. McDonough, a veteran of two years in the U. S. Army, is employed as an electrician in Grand Rapids.

Among the out of town guests were Margaret and Beverly O'Donnel, Jewell Gillispie, Mr. and Mrs. Mike Cull, Charles Dudley, William Pischner, Mrs. Bert J. McDonough, Mrs. Grace Cole, Sally Martin and Loy Malloy of St. James; Mr. and Mrs. Tony Greene of Ludington, Mrs. Eugene McCauley of Frankfort.

Mr. and Mrs. Richard O'Donnell, Jayne of Polderdyk, Mr. and Mrs. Peter Greene, Mr. and Mrs. James Vanderheuvel, Mr. and Mrs. Arthur Lemire, Mr. and Mrs. James Martin, Mr. and Mrs. Henry Cobl, Robert Delaney and Mobert McDonough of Grand Rapids; Rev. Bernard Scheid, Mr. and Mrs. Bernard McCafferty, Mr. and Mrs. Gene Connaghan, Mrs. Owen Boyle, Mr. and Mrs. Don Mosini, Mr. and Mrs. John Peternard, Rosemary McDonough, Rolland Cull, Betty Lockton and Mr. and Mrs. Andrew Gallagher of Chicago.

Mr. and Mrs. Donald McDonough of Lapeer, Mr. and Mrs. Robert Bonner and Mr. and Mrs. Ted Danij of Detroit, Mrs. Pat Monachino of Batavia, N. Y., Col and Mrs. J. Giles McCann of Levittown, Pa., and Mrs. Ray Cull and family of Bay City.

Name Winners Of Canoe Races

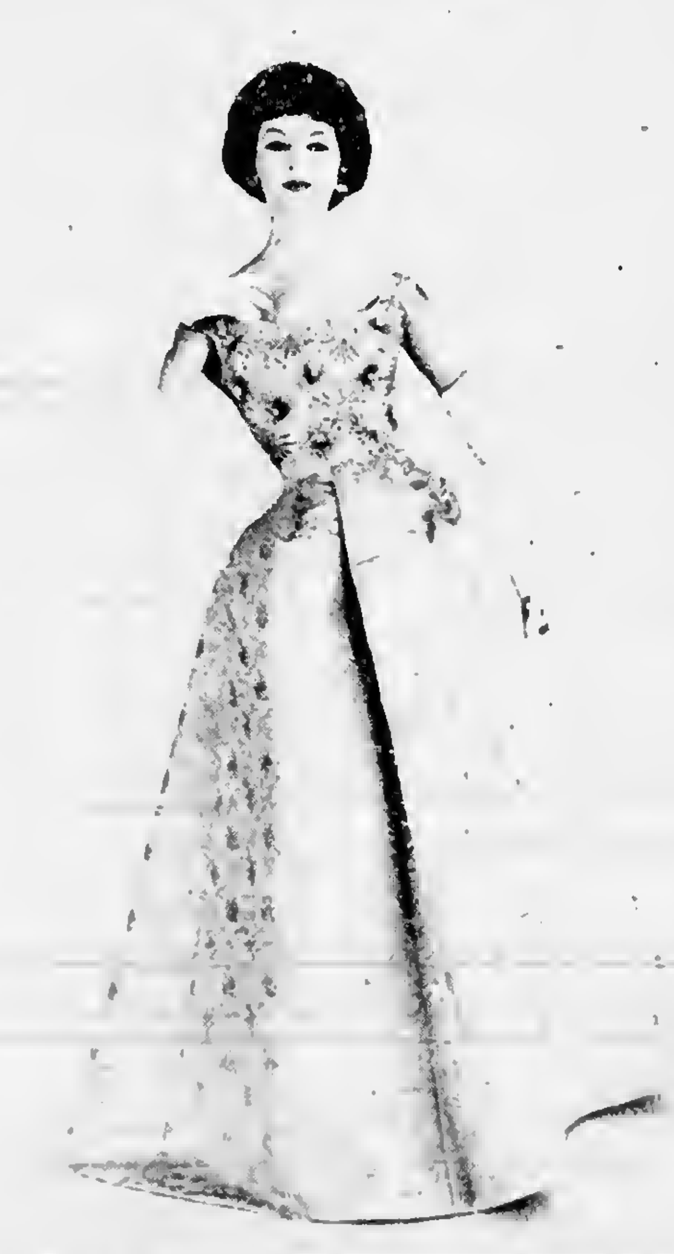
Winners of the canoe races held on Round Lake Saturday as a part of the Venetian Festival have been announced by Tom Symons, secretary-manager of the Charlevoix Chamber of Commerce.

John Bleha placed first and Paul Martin second in the 10 to 12 year age group.

Norton Bretz of Eastport won first place and Bergmann second in the 13 to 15 year age group.

Bretz teamed up with Allen Brokaw of Ann Arbor to take honors in the doubles event with Robert Moss of Boulder Park and his partner, John Flynn, coming in second.

Advance Showing of Fall Styles To Be Presented by Saks



One of the many attractive designs by Sophie which will be seen at Saks Fifth Avenue fashion show Friday evening at the Colonial Club, Harbor Springs.

A wide collar of dark blue mink elaborates the fitted jacket of a gold satin brocade ensemble. To emphasize the opulence of the brocade, the low bodice is re-embroidered with sequins in a sunburst pattern. The skirt has a deep pleat at the front.

★ ★

On Friday evening, July 31st, residents and vacationers in the northern area will have an opportunity of viewing the Fall collection designed by Sophie of Saks Fifth Avenue, with the assistance of Stephan Erklin. Saks fall showing will be presented at the Colonial Inn, Harbor Springs.

Sophie, with a talent reminiscent of the continent, projects the natural feminine form as the great fashion beauty. Her sketch pad brings to the world of feminity the graceful sweep of nature which is characteristic in all her silhouettes. This emphasis on the woman herself is predominant in all her creations, whether designed for the cocktail hour, day wear, or for the height of the evening.

Sophie pays particular and studied attention to detail with the use of embroidered decor and velvet touches for evening, and the clever employment of buttons fo rtailored day wear.

Discriminating and style-minded women during the evening show will be impressed with her attention to color. The designer becomes riotous with a range of blues from vivid skipper and royal to wintry navy. Developing her devotion to nature, she uses gay emerald, light tropic splashes and deep forest shades. Shown too, are sun-warmed browns and red, combined with gold, and always, elegant black.

The Fall Collection at the Colonial Inn in Harbor Springs will introduce Sophie's new interpretation of both the slim and full-blown silhouettes, in floating clouds of chiffon and marquisette, luxurious peau de soie and brocade. The triple tiered skirt will be seen in black velvet beneath a strapless decollette, and in one model, draped panels fall from the bodice of a turquoise chiffon gown to cascade over a slim jewelled skirt.

From Sophie's sketch pad for the 1959 collection, comes the longer jacket look, both firmly fitted and the loosely boxed styles, with the striking addition of larged notched collar and cuffs of velvet.

Of special interest is a gown of white with a wide draped skirt caught up in a flounce at the left and embroidered with glittering daisies.

This special showing of Sophie originals will give the resort area a first-hand preview of what's new and exciting for the gala holiday season in the world of fashion and beauty.

Diagnostic Unit To Offer Aid to Area Epileptics

The mobile diagnostic unit of the Michigan Epilepsy Center will arrive in northern Michigan Monday, Aug. 3, to begin a three-day stay in the area according to an announcement made by Dr. Robert G. Martin, president of the Northern Michigan Medical Society.

The MEC's mobile unit will be located at Little Traverse hospital from Aug. 3 to Aug. 6. Manning the unit this year will be John V. Evans and Clark Phelps, both of Detroit and medical students at Wayne State University.

The MEC's mobile unit contains an electroencephalograph (EKG for short) which measures the electrical impulses of the brain. Readings taken by EKG during an examination are extremely valuable to a physician when diagnosing and treating epilepsy. When completed, the EKG tracing together with the patient's health history and records of previous medical examination are forwarded to Detroit for interpretation by the professional staff at the MEC. After a partial diagnosis has been reached by the staff, treatment recommendations are sent to the patient's own physician.

The primary purpose of the program is to serve as a diagnostic facility for Michigan physicians and their patients in those areas where an EKG is not readily available. Because of the required time, approximately 1½ hours for each patient, advanced appointments must be made to allow maximum use of time at each stop. Unlike most mobile units, only those patients referred by their own doctors can be seen.

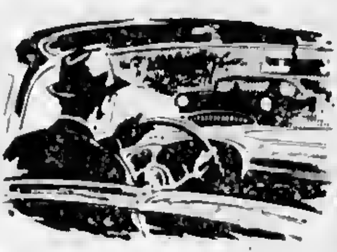
Needless Causes of ACCIDENTS



- **Speed** causes 3 out of 10 fatalities. Don't speed when you drive.
- **Alcohol** is the second greatest factor in highway deaths. Don't drink when you drive.
- **Obstruction to Vision** is involved in 1 out of 7 fatal accidents. Make sure windshield wipers work properly.
- **Fatigue** is an often overlooked, but major killer. Don't drive when you're tired.
- **Defective Vehicles** figures in over 3000 fatal accidents last year. Have your car checked regularly.
- **Jaywalking** accounts for nearly *all* pedestrian accidents. When walking, always cross at intersections.

Garden Club Entertains Summer Residents

Members of the Charlevoix Garden club were hosts last week Tuesday afternoon to summer residents of Charlevoix and other invited guests held at the farm home of the club president, Mrs. Malcolm MacDowell. The program included an informal talk by Dr. Edgar Musselman of Quincy, Ill., and the Sequanota club. He is a noted authority on birds and related interesting observations about birds and their habits. The Charlevoix high school band entertained with a short concert. Refreshments concluded the afternoon. Approximately 150 persons attended the function.

Crowds Jam City For Venetian Nights

(Continued from page 1)

by the Jaycees under the supervision of Wayne Belding. It was from this vantage point that they watched the parade.

A parade led by the Charlevoix high school band directed by C. A. Odmark, the appearances of the National Gymnastic Champions and Capt. Lester Coykendall, who presented fire arms demonstrations were enjoyed by the visitors to the festival on Sunday afternoon.

A concert by the Charlevoix city band directed by Mr. Odmark was presented Saturday evening. The gymnastic champions and Capt. Coykendall also appeared on the program during the afternoon Saturday.

The second annual Doll and Pet Parade opened the festival Friday afternoon. Always a popular event, this was attended by a record crowd of several hundred. A parade by several visiting groups of horsemen and riders from Camp Charlevoix followed the Doll and Pet parade.

At
Municipal Golf Course

A mixed two-ball foursome scheduled to begin at 3:30 p.m. will highlight the activities at the municipal golf course Sunday according to Keith Carey, course manager.

All golfers are invited to participate in this special event.

Play continues in the Frank Poole trophy tourney nearing its close. During the week Quint Walker defeated Bill Carey 3-2 and Bill Supernaw defeated Terry Rice 2-1 to advance another round. Del Terrill advanced to the quarter-finals by defeating Bob Livingston 2-up.

Others who have advanced to the quarter-finals are Fritz Puffpaff who is scheduled to meet Del Terrill; Bob Withers who will play Keith Miles and Dave Coatta who will take on the winner of the Perry Smith-Bill Supernaw match.

Bob Wallace must meet Lyle Ance and Bob Anderson play Quint Walker to get into the quarter-finals.

Play in the women's tournament on Wednesday and the city championship tournament is continuing.

Episcopal Women To Hold Bazaar at Vicarage August 6

The Women's Auxiliary of Christ Episcopal church will hold its annual summer bazaar at the church vicarage located on South Prospect ave. one block off Dixon ave. Thursday, Aug. 6, according to Mrs. Clyde Roller, president of the sponsoring group.

The bazaar will open at 1 p.m. and will feature gift items, baked goods and fruit cakes as well as a variety of other items. Coffee will be served during the afternoon.

This is the first time the event has been sponsored by the Auxiliary which is made up of the church guilds and also the first time it is being held at the new vicarage.

Special Music Service Planned By Local Church

Special anniversary services will be held at the Assembly of God church Saturday and Sunday when the Edwin Rector family of Grand Rapids will provide music at all services on those two days according to the Rev. T. B. Thodeson, pastor of the church which is located at 203 E. Upright ave.

Danny Rector who is featured on the Children's Bible Hour which originates in Grand Rapids will play and sing at the services.

The 8 p.m. service Saturday will be highlighted by the testimonies of several members.

Features of the Sunday school at 10 a.m. Sunday will be music of Danny Rector and the study of what took place after the flood.

The Rev. Mr. Thodeson will deliver the keynote message of the present age relative to the second coming of Christ which he has entitled "World Newspapers Headline 'Millions Missing.'"

The subject for the evening message and communion service will be "The indescribable Love of God."

FAREWELL PARTY

Linda and Larry Hamilton entertained with a going away party Monday evening honoring Tylene and Leandra Bruhl of Washington, D. C., and Shelly Bobb of Elkhorn, Wis., who will return to their respective homes later this week.

Visit . . .
Historic Beaver Island

For an ever to be remembered cruises to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

The New Motorship 'Emerald Isle'
offers the most popular cruise on Northern Lake Michigan and a visit to America's Emerald Isle.

IT HAPPENED ON . . . . BEAVER ISLAND

By JOY GREEN

The finish of the Chicago-Mackinaw race brought many beautiful boats to our harbor. It was not uncommon to see boats three deep tied to Gallagher's dock.

Mrs. Ellen Pischner was a recent vistor to Charlevoix.

Visiting at the cottage of Mr. and Mrs. John McDonough was John's son Bill, and three grandsons and Father Boyd. All were from Round Lake, Ill.

The George Donat's had as their guest for three weeks George's granddaughter, Janet. Her father, Jim arrived over the weekend to accompany her back home to Peru, Ind.

Grace Palmer is spending sometime with her mother, Mrs. Clarence Palmer.

On the recuperatng list at Little Traverse Hospital in Petoskey is John Conley who recently underwent major surgery.

News Round-up at Camp Charlevoix

The fourth week of camp started out hot and sunny. We sure have had great weather for camping, very little rain, and though it is ideal for camping, the farmers in the area are in need of rain very badly. One of the farmers in this area told me the other day that there has been but two inches of rain since snow left. So you can imagine how dry it is. On this bright Monday morning Dick Wendt and Bill Wilson took their boys down to Young's State Park for an overnight. These boys were Tommy Seidman, Vesti Johnson, Jeff Baldwin, Andy Baldwin, Tom Kraus, Mike Parsell, Freddy Mattaei, Rick Toncray, John Haury, Randy Hofmann, Dave Verdier, Robert Royer, Mike Pliskin and Wayne Hause. The Charlevoix Beach was the destination for the cabins of Tom Jennell and Lyle McAuley. These boys were: Bill Weilmann, Dean MacVicar, Roger Witherill, Steve Hack, Stephen Wardrop, Dick Toppng, Craig Finch, Bill Green, John Mathershead, David Frederick, Fred Bissell, Leeds Davis, Hugh O'Neill and "Chip" Coakley. The counsellor Dick Thompson (whom we call "Rebel" as he comes from Kentucky) took his boys on a horseback overnight. These boys were Dick Daley, Richard Flaningham, Bob Lam, Lee Maindenberg, Fred Tucker, Gil Haynie, Charles Sullivan, and our cowboy J. R. went along to handle the horses.

The cabins that won the awards for being the cleanest during this period were cabins No. 6, No. 13, No. 20. These counsellors are Gene Ackert, Tom Jennell and Buzz Fender. Cabin No. 14, under Mike Bazany took in the most tickets at the Carnival. All these boys were taken into Charlevoix to see the movie "Around the World in Eighty Days." They were all most pleased and enjoyed the movie a lot. Cabin No. 13 under Tom Jennell has set some sort of a record with thirteen consecutive one hundred percents. These boys are: Bill Weilmann, Dean MacVicar, Roger Witherill, Stephen Hack, Stephen Wardrop, Dick Topping and Craig Finch.

Tuesday morning, Dave Karn took his boys on a canoe trip down the lake to McClure's Landing. These boys chose a very windy day and it took expert canoesmen to get to their destination. The boys on this trip were: Roy Lange, Stephen Horvat, Alan Schaeffer, Jim Schmidt, Mike Huber, John Deane and John Mabley. The Charlevoix beach was their playground for the day for Mike Mazany's group. David Frederick, Fred Bissell, Leeds Davis, "Tug" O'Neill, "Chip" Coakley, John Mothershead and Bill Green. Fishermen's Island was the destination of an overnight for Gene Ackert and Marty Burke and their boys: John DuPree, Bob Pliskin, Ned Stilwell, Bill Orr, Doug Fox, Frank Roberts, Bill Crowley. Another horseback overnight left camp, with Alan Smith (our counsellor from Australia) taking his boys, Terry Summerfield, Steve Martin, Keith Johnson, Peter Rousseau, Greg Nyland, John Fraim, John Foley and John Eckrich.

Cabins one and two, our smallest boys, took to the Charlevoix Beach with Eric Hendricks and Kerm Krueger taking these boys: Ricki Royer, C. J. Shelley, Jeff Weber, Bill Fraim, Tommy Arndt, John Zinn, Steve Steketee, Bob Beel, Bobby Camp, Eddie Wilson, Chris Olsen and John Bacon. In the afternoon, Andy Campell and Hugh Campbell took a horseback overnight with their boys. These Juniors made the trip: Tom Harper, Bob Foley, Doug Bayliff, Dan Noyes and Bill Gross. Ken Peters took his boys out to Fishermen's Island for an overnight. The boys with Ken were: Scott Gregory, Ralph Meisel, George Steinhardt, Sandy Coakley, Mark Coltrin, Jeff Tupper, and Tommy Zinn. In the evening an All-Camp Scavanger Hunt was held in the Green-Grey competition. Such items as: 3 white hairs from a horses tail, a live fly, picture of an American Flag, an envelope postmarked from Denver, two Petoskey stones, picture of Bill Townsend, etc. It was a very exciting evening, and much fun was had by the boys. The Greens picked up two points. O, yes, in the morning we were hosts at a rifle match with the girls from Camp Ta-Wa-Ma-Na. Both our Junior and Senior teams won and the boys enjoyed this competitive shooting.

Thursday morning started out with Bill Fors and Tommy Richardson taking their boys on a horseback overnight. The boys were Tom Coolman, David Spaulding, Bruce Laing, Dick Moon, Nick Noyes and Billy Speed. Fishermens Island was the destination of Kent Miller and his boys, Karl Borden, John Varnoff, Hank Holste, Alan Lathrop, Tom Conrad, Bob Henderson and John Kunkel.

Friday we took about fifty boys and five men over to Camp Algonquin for a day of Inter-Camp competition. Even though we lost most of the events, we did win in Junior Swimming and Senior Tennis. The boys had a great time and came back resolved to practice hard to win our return match next month here at our camp. In the afternoon, the cowboys had a busy day with a parade in town for which we took our haywagon and one of our big teams, plus thirty riding horses. Don Halbesein, our Head Cowboy, was Marshall of the parade and it was a great sight to see our boys riding so well. The boys who were chosen for this honor were: Arthur Brown, John Zinn, Karl Baum, Bobby Camp, Mike Huber, Peter Rousseau, C. J. Shelley, Steve Wardrop, Terry Summerfield, Tom Coolman, Mark and Lauren Coltrin, John Haury, Robert Pliskin, Dick Topping, Russell Washburn, Eddie Wilson and Ted Schmidt.

Saturday was a busy day here with the first period campers leaving in the morning and the new boys coming in the afternoon. It was so good to see these parents and to have many look over the camp for the first time. Boys were sad about leaving and boys were thrilled about arriving. A new record was set with Forty-One boys enrolling for the 1960 season. This was most gratifying as we know we are pleasing the parents with our camp, and making happy well-adjusted boys. On Saturday night the traditional "first Night" pillow fights were held. Some of the winners were: Tom Kennedy (Birmingham), Carl Anderson (Bryan, Ohio), George Coakley (Youngstown), Pete Fairman (Corning, N.Y.), John Haury (Indianapols), John Deane, (Grand Rapids), Dave Verdier (Grand Rapids), Rusty Gilmore (Dayton), Hal Thurston (Akron), Wayne Hause, (Decatur, Ill.), Dave Smith (Grand Rapids) and [illegible] Goss, (Dayton).

We had [illegible] guests at our Chapel Service on Sunday morning and they were treated to a fine [illegible] by the head of athletics [illegible] Lyle McAuley. He [illegible] "The Golden Rule." He gave the campers much to think about and urged them to think of others and put self last. In the afternoon, physicals were given the new boys and swim tests were held so as to classify each boy. On Sunday afternoon, also, we had more horses and more boys in town riding in the Venetian parade. These boys were: Pat Haggerty, John Rotz, George and August Allendorff, Russell Washburn, Bruce Laing, Dick Moon (Dayton) Don Strutz, Hal Thurston, "Tug" O'Neill, Jimmy Sprow Toncray, Teddy Schmidt, Mike Hank Holste, Ace Hoyt, Ricki Grass, Bob Henry, Steve Hack, Mike Plisken, and Randy Hofman. We took our big white wagon and one of our teams in, and the boys in cabins 5 and 6 were the riders in the wagon. They loved it and added much to the parade.

Sunday night we took 42 campers and 12 counsellors into the Venetian Night Celebration where we offered a program of "Sea Chantys" for the 26th year. Camp Charlevoix has become an important part of this night's entertainment and once again they did a very fine job. Ken Peters was the MC and the boys sang very well, besides making a most impressive picture in their white trousers and Charlevoix "T" shirts. Back at camp, the boys had a movie "The Last of the Mohicans" which they enjoyed very much. Some of the singers going into town were: Mike Huber, John Mothershead, Jerry Mason, Ralph Miesel, Scott Gregory, Roger Witherill, John Mabley, "Tug" O'Neill, Ace Hoyt, Keith Johnson, Sandy Coakley, John Baird, Kim Kimbrough, Harry Carlson, Clark Davis, Leeds Davis, Tom Kennedy, Dave Smith, Chip Coakley, Bill Washburn, Art Brown, Don Law, Freddy Bissell, John DuPree, Arthur Lathrop, Chuck Sullivan, Steve Wardrop, John Deane, Dick Daley, Carl Elms, Roy Lange, Grant Washburn, Tom Harper, Jim Harper, Scott Emmons and Tom Steffe. We were very proud of these boys.

The fifth week of camp is starting out with a bang, and trips leaving nearly on the hour, but more of this next week. Be sure to save Friday, August 21, for Camp Charlevoix with the Rodeo at three o'clock in the afternoon, and the Final Indian Ceremony at eight-fifteen in the evening.

Winners in Doll and Pet Parade

★ ★ ★

"Teddy Bear" Ted Simons of station WPEN-TV, pictured here with the winners of the second annual Doll and Pet parade which opened the annual Venetian Festival here Friday afternoon.

A crowd estimated at more than 700 gathered in East Park to see the more than 60 youngsters parade across the new park stage and through a parade route around the pool with their pets, dolls and in a vaiety of 'dress-up' costumes.

The three youngsters on the left, David and Barbara Sanford and Geik Geiken, dressed for a stroll through London, placed first in the 'dress-up' division. Susan Hayes won first place in the doll division and Cathy Patrick first in the pet division with her black pooch also dressed up for the occasion. On the far right is a special entry Marilyn Nicholls dressed in an Ottawa Indian costume who rode her pony in the parade. Though she was older than the age limit, she was presented a special gift for having come the greatest distance. She moved here earlier this month from Edinburgugh, Scotland, to make her home in Charlevoix.

Other winners were: 'dress-up' division, second place, Martindale circus with Jimmy, Connie and Greg Martin as circus performers with cages of stuffed toys on a wagon and third place, Marilyn Cummings as Miss Charlevoix of 1970.

Pet division: second place, Mary Whitley and third place, Laura Yonkman.

Doll division: second place, Susan Luttman and third place, Jeanette Skeel.

Serving as judges with Mr. Simons were Mrs. Harold Totten and the Rev. James Sherman.

Cash prizes of $3.00, $2.00 and $1.00 to the top three winners in each division. All other entries received a treat of popcorn for entering.

Mrs. Robert Winchester and Fran Martin were co-chairmen of the event for the second year. Mrs. Max Hosmer, who will be next year's chairman, served as assistant chairman this year.

Assisting with the parade were Hal M. Hall, Mrs. Frank Bourgoin, Mrs. Robert J. Yankman, Mrs. Tom Symons and Arlyle Roberts.

Carolyn Kohn Tells Experiences As Exchange Student in Germany

Life as an exchange student in Germany is proving highly interesting to Carolyn Kohn who left for Europe early in July under the program sponsored by the Michigan Council of Churches.

Miss Kohn, a graduate of the Charlevoix high school in the class of 1957, is the daughter of Rev. and Mrs. Harold E. Kohn. She consented, before leaving on the summer trip tell the readers of the Courier about her experience. Her first letter follows:

I'm terribly sorry not to have written before this but I've been waiting until I really have something to tell about.

My family, the Rupprechts, consist of Karl and Maria and no children. A Swedish boy, Per-Hakan Abenius, is also staying here. He is not an exchange student in the usual sense of the term. You see, Herr Rupprecht is director of the SACK factory here in Dusseldorf-Rath and Per's father is director of a similar factory in Sweden. Per is here to learn as kind of an apprentice in the factory. Apparently all young employees must go through the same learning period.

The Rupprechts treat me as though I were their own daughter and I am really enjoying my stay in their home. They are quite well-to-do and have a lovely home and beautiful garden in Rath, which really is a suburb of Dusseldorf.

On July 11 I went with Per on a boat trip to Kaiserswerth, a very old town down the river. The most interesting part of the short visit was the ruins of the castle of Third Crusade leader, Frederick Barbarossa.

Last Saturday, July 18, Mama Rupprecht, Per and I had a real holiday. A chauffeur picked us up at 8:30 a.m. and drove us to Cologne. There we visited the famous old cathedral. It was really inspiring to see its ancient [illegible] columns and towers and to walk on floors so many centuries old.

We took a boat from Cologne to Bonn and visited Beethoven's birthplace and the government buildings. Naturally I took pictures, pictures and more pictures!

Late in the afternoon we took the boat back to Cologne. The sun had set and it was growing very dark by the time we got there. I was glad, for the cathedral was illuminated against the darkening sky by many soft lights — a tremendously moving sight.

From Cologne we took the tram back to Dusseldorl and several trolleys later we were home at 11:30 p.m.

Sunday afternoon a friend of Per's, a German boy, invited Per and me to go for a ride. With his mother we drove to Schlossburg in the German hills. Schloss means castle; burg, town. The castle had been restored but still looked as though it might have just leaped out from a Grimm's fairy tale. From the castle we drove to the Mungstener Brucke, the highest bridge in Europe. The structure soars high above the hills and forests among which it is built.

Tomorrow I am going to a German fair with Per and another boy on the same exchange program as I am. I am certainly getting to see things the average traveller through Germany would never chance upon. It is a wonderful experience. I hope Charlevoix will send another student next year. The people over here do have some very distorted ideas of America. A great many of my opinions have been altered too in respect to Germany.

Thanks to all of you who helped make this trip possible for me.

Sincerely,
Carolyn Kohn

Life Residents of Norwood to Observe 40th Anniversary

Mr. and Mrs. Floyd Wagner will observe their 40th wedding anniversary Saturday, Aug. 8, with an open house at their Norwood home. Hostesses for the occasion will be their daughter, Mrs. Russell (Lois Ann) Lamoreaux, and their daughters-in-law, Mrs. Fred Wagner of Grand Rapids and Mrs. Forrest Wagner of Detroit. The hours will be from two to four p.m. and from seven to nine p.m.

Mr. Wagner and the former Eva Stafford are life residents of Norwood. They were married Aug. 6, 1919, and have since made their home in the village of Norwood. Both Mr. and Mrs. Wagner have been active supporters of community and township activities.

Former Resident Joins Faculty at U. of New mexico

Mary P Simmons, R. N., a former local resident, has been named to the faculty of the College of Nursing at the University of New Mexico.

Miss Simmons has been a member of the New Mexico State tive at the end of the summer.

In her new position she will be assistant professor of obstetrics. The appointment becomes effec- Health Department for the past four years.

A registered nurse and certified nurse-midwife, she holds a bachelor's degree in public health and a masters degree in education from the University of Michigan. She has worked as a midwife in Kentucky, where she covered her rounds on horseback and as a staff nurse on Okinawa during World War II when she served as a lieutenant in the Army Nurses Corps.

When she joined the Division of Maternal and Child Health in the New Mexico Department of Public Health, it was particularly to lay the groundwork and plan the clinic for the mental retardation program which now goes forward at the Child Development Center in Santa Fe under a federal grant. She was chosen for the work, according to the announcement, because of her excellent background in child growth and development programs. Her first assignment in New Mexico was at El Rito. Since 1957 she has been attached to the state office as nursing consultant in the division.

She plans to maintain her Santa Fe home and commute to the University campus. She is the daughter of Mrs. James Simmons who lives in the west with her.

Albert J. Edwards, Former Resident Dies In Ontario

Funeral services for Albert J. Edwards, 61, a former local resident who died Friday in Windsor, Ont., were held at the Morris Funeral Home Monday with the Rev. Gordon Burgess officiating. Burial was in Victoria Memorial Cemetery.

A native of Gillingham, Eng., Mr. Edwards has lived in Windsor for the past 30 years and was employed as a metal finisher by the Chrysler Corp. As a child he had lived here when his parents, the late Mr. and Mrs. Joseph Edwards managed the Boulder Farm. He had often visited here in later years.

He is survived by four sons, Albert of Huntsville, S. C., Robert and Richard of Windsor and Herbert of Montreal; nine grandchildren; two sisters, Ellen and Eva and a brother, Franklin, all of London, Ont.

His cousins, Mr. and Mrs. Albert Edwards, were in Windsor for funeral services Monday.

Help the Park Stage Fund

When the project for a new park stage was started last year there was much speculation as to what it would do to add or detract from the beauty of East Park. With addition of the Onaway stone facings and the planters across the front, the construction is far enough along to assure everyone of the eventual beauty of the stage. We may well point to it with pride.

The many useful purposes it may serve is almost unlimited. Even during construction it has satisfactorily served as a stage for the Venetian Festival, a square dancing party and the recent Waterfront Fair. Already we hear of plans for more open-air community events that can only be possible with adequate staging facilities.

Contributions to the Park Stage Fund are not keeping pace with construction. Individual contributions and benefits by various organizations established a sufficient fund to get the project well underway but to date voluntary contributions amount to only one fourth of the amount needed. Total cost of the stage, complete with lighting, controlled sound amplification system and other accessories, is now estimated at $10,000.

The Park Stage Committee of the Charlevoix Chamber of Commerce has been assigned the job of planning the park stage and financing its cost through public subscription. Committee members have done a magnificent job. Your contributions now will realistically express your appreciation to them and provide the money for completion of one of the most attractive outdoor stages in Northern Michigan.

Most organizations have been generous with their support. The need now, however, is for the residents of the community, as individuals, to make their donations or subscribe to the Sponsors Fund. Sponsors and names of persons honored by a sponsor will be inscribed on a bronze plaque on the stage.

W.S.C.S. to Hold Bake Sale-Bazaar

The annual summer bazaar and bake sale sponsored by the WSCS of the First Methodist church will be held at Puff's Appliance store at 209 Bridge st. Thursday, Aug. 13, according to Mrs. Harry Stewart and Mrs. Arthur Osborn, co-chairman of the event.

The sale will begin at 10 a.m. and will feature a variety of gift items including hand knitted items, aprons and many other small articles suitable for gifts. A variety of home baked foods will be offered at the bake sale.

State Open Golf Tournament to Be Played Aug. 15-16

Cheboygan — Michigan's lowest scoring golfers will tee-off here Aug. 15 and 16 in the annual Northern Michigan Open Golf Tournament at the Cheboygan Golf and Country club.

More than 100 professional and amateur golfers are expected to complete for the Northern Michigan Open championship as well as for the numerous cash and merchandise prizes. Gordon Carlson of Cadillac is the defending champion.

Professional competition is scheduled for Sunday only while the amateur and age group events will be played both Saturday and Sunday.

In addition to the professional match there will be three events for amateurs and three events for senior golfers (age 55 and over).

Committee to Boost Park Stage Fund on TV

Publicity on the attractive new stage under construction in East Park will get another boost next Wednesday at 6:30 p.m., when members of the committee are scheduled to appear on the Kenn Haven Limelight show, station WBN-TV, Traverse City. Pictures to be televised will be furnished by Bob Miles, chairman of the Park Stage committee of the Charlevoix Chamber of Commerce.

Faced with the problem of keeping contributions up with construction costs, the committee is working on plans to benefit the Park Stage Fund. One of the major projects will be a public auction to be held Friday evening, Aug. 28, on the park stage. Some Charlevoix merchants already have contributed new merchandise for this event. Others will be solicited within the next two weeks.

Funds collected to date have only covered the cost of the preliminary construction. This included the foundations, rough cement work for the walls up to the stage level and the storage room under the stage.

It was the opinion of committee members that the second phase of construction could be completed more economically while the local contractors were on the job. An extension of payments was granted by Robert Ferguson of the Swanson Gravel & Construction. With the assurance from the contractors, the committee authorized the construction of the back and side walls around the stage and the semi-circular planter around the front edge of the stage, along with the addition of the sound control room and facing the entire structure with Onaway stone as set forth in the plans.

Free-will offerings taken by members of the Charlevoix high school band at the last two band concerts have added to the fund. These donations have helped materially but they cannot be expected to cover the whole cost. Free-will offerings will be taken at future concerts by other civic-minded groups. Members of the Kiwanis Club served on the collection committee Wednesday evening.

Cyclist Rams Bus, Escapes Injury

David MacDougall, eight year old son of Mr. and Mrs. Douglas MacDougall, escaped serious injury Friday morning when he rode his bicycle into the side of a Greyhound bus at the intersection of Bridge and Antrim sts.

According to Chief of Police Joseph L. Smith who investigated, the boy was thrown from his bicycle by the impact and only quick action on the part of the driver, E. Wayne Blossom of Muskegon, saved the child from serious injury. The bus, which had stopped at the intersection, was pulling onto the highway when the lad struck the bus and was thrown to the street.

Peter Mitchell, Life Resident of Eveline Twp. Dies

Peter Mitchell, 74, lifelong resident of Eveline township, died Sunday at the home of his son-in-law and daughter, Mr. and Mrs. Aaron Brock. He had been in failing health for several months.

Funeral services were held Tuesday at the Winchester Funeral Home with the Rev. Charles A. Stoppels officiating. Burial was in Brookside cemetery.

Born in Eveline township on May 9, 1885, Mr. Mitchell was married to the former Dagmar Lyngelip who died in 1916. He was a retired farmer, having worked at the Loeb Farm besides operating his own farm. He was employed in Ypsilanti for a short time during World War II. He was a former member of the Rek Elm Grange.

Besides his daughter, Mrs. (Lulla) Brock, he is survived by four grandchildren and a brother, Robert Mitchell of Charlevoix.

Fall at Home Fatally Injures Alex Cornstalk

Alex Cornstalk, 58, commercial fisherman, died Sunday at the Charlevoix hospital where he had been admitted earlier in the day for treatment of head injuries received in a fall at his home at 309 W. Garfield ave.

Death was due to a basal skull fracture and cerebral concussion according to Dr. Robert G. Martin, coroner.

Funeral services were held Wednesday at St. Mary's church with the Rev. E. Francis Denay officiating. Burial was in St. Mary's cemetery. The Rosary was recited at the Winchester funeral home Tuesday evening.

Mr. Cornstalk was found unconscious about 10:30 a.m. Sunday on the basement floor of his home by his wife, Esther, who was returning home from the local hospital where she had been a patient for several days. He was admitted to the hospital via ambulance at 12:50 p.m.

Chief of Police Joseph L. Smith who investigated said that it is believed Mr. Cornstalk fell to the basement through a stairwell near the back door of his home late Saturday night or early Sunday morning. The stairway to the basement was located adjacent to the back door of the house and had only a low railing around it, Chief of Police Smith said.

A native of High Island where he was born Dec. 27, 1900, Mr Cornstalk lived on Beaver Island until coming to Charlevoix five years ago. He was a member of St. Mary's church.

He is survived by his wife, the former Esther Wasegeshik whom he married in 1921; five daughters, Mrs. Nelson Denemy and Mrs. Donald Anthony of South Haven, Ms. Everett Jeffrey, Mrs. Louis McSauba and Helen Cornstalk of Charlevoix; four sons Harvey and Franklin of Chicago and Alex jr. and Thomas of Charlevoix; 17 grandchildren and a sister, Mrs. Nancy Wabanimkee of St. Ignace.

Auto Accident Victim Moved To Flint Hospital

Wendell Gullstrand, 51, of Flint who was seriously injured in a two-car accident 3½ miles north of here on US 31 Saturday afternoon was to be transferred via ambulance to a Flint hospital Wednesday, according to Charlevoix hospital attendants who said that his condition was fair.

Mr. Gullstrand, a passenger in a car driven by his wife, Margaret, 43, suffered fractures of both legs in the hip area and severe multiple facial lacerations when he was thrown into the windshield after their car had been struck head-on by another driven by Mrs. Clarence Peters of St. Petersburg, Fla.

Mrs. Gullstrand who received a fractured left wrist and bruises in the accident was scheduled to return to Flint with her husband.

The accident occurred about 4:30 p.m. Saturday when the Peters car crossed over the centerline and struck the Gullstrand car head-on, according to Sheriff Glenn E. Rose who investigated.

Passengers in the Peters car were Mrs. Peters' son, Craig, about one year old, and Lynn McGuire, 18, of Chicago. Mrs. Peters and her passengers were treated at the Charlevoix hospital and released.

Mrs. Peters, the former Lynn M. Ernst of Petoskey, had arrived here last week from Florida to visit her parents, the Donald Ernsts of Petoskey and Mr. Peters' family here. She was driving her father's car at the time of the accident.

She was ticketed for not having her car under control and for crossing to the left of the centerline.

Council Studies Bids Made For New Equipment

Bids for equipment were accepted by the City Council at its regular meeting Monday night.

Bids for a cab and chassis for use by the electrical department were received from Conrad Klooster Inc., of Atwood, Northern Auto Co. and Brown Motors Inc. of Charlevoix. One bid for an aerial ladder and utility body to be mounted on the above mentioned truck was received from the McCabe-Powers Body Co. of St. Louis, Mo. All were turned over to the City Superintendent and the utility committee for tabulation and evaluation. A report will be made at the Aug. 17 meeting.

Bids on an industrial type wheel tractor and loader for use by the street department were received from F. W. Dilworth & Son of Boyne City, Conrad Klooster Inc. of Atwood and Haines Implement Co. Alanson. These were referred to the City Superintendent and street committee for consideration. A report on their findings will be made to the Aug. 17 meeting of the council.

Mayor E. James Hiller asked the recreation committee headed by Clare Staley to meet with the officers of the Charlevoix Ski club to study the problems of the club in its attempt to improve its

3-Ring Circus To Show Here Friday Aug. 14

The circus is coming to town. Carson & Barnes three ring circus has scheduled an afternoon and evening performance here Aug. 14. The circus will set up on the grounds opposite the airport on US-31 south.

Among the big attractions with Carson & Barnes this season will be the big herd of elephants, including Josky, claimed to be the largest performing elephant in the world. Also billed on the program will be aerialists, acrobats, jugglers, tight wire performers, animal acts along with the ever entertaining Congress of Clowns.

Another feature of the circus will be the Col. Tim McCoy "Real Wild West" show complete with Indians, stage coach raids, sharpshooting, all reviving the clamor of the old west.

The management invites the public to visit the circus grounds about 10 a.m. on circus day to watch the feeding and watering of the managerie animals and see the elephants help in erecting the big top.

Charlevoix's First Waterfront Fair Is Popular with Public

Charlevoix's first annual Waterfront Fair staged in East Park Saturday under the sponsorship of the Charlevoix Chamber of Commerce was one of the most successful special events held here in recent years was the concensus of opinion of visitors to the fair, business people in the community and the more than 50 artists and craftsmen who exhibited their works.

Several thousand visitors, many of whom came to Charlevoix for the expressed purpose of visiting the Fair, passed through East Park during the one-day event.

Mike Church, supervisor of Special Projects for the University of Michigan who with Dr. Alexander Zawackie, head of the art department at Central Michigan University was a judge at the Fair, estimated that approximately 200 people an hour visited the Fair during the hours it was open . . . from 10 a.m. until 9:30 p.m.

The Fair, which attracted artists and craftsmen from throughout the state in a number of fields of art, was the 'dream child' of Mrs. Edward Lemcke, general chairman, Mrs. Arthur Wexstaff, local author, and Max Hosmer, director and former president of the Chamber of Commerce. Mrs. Lemcke and Mrs. Wexstaff, with assistance of a small committee composed of Mrs. Earl A. Young, Mrs. Clark Coulter, Mrs. Jack Rader, Mrs. Tom Symons Mrs. Hosmer, Mrs. Paul Olson, Fran Martin and Tom Symons, secretary-manager of the Chamber of Commerce, formulated and executed the plans which resulted in Saturday's Fair. Mrs. Clare Brown, Charlevoix county home extension served as consultant to the committee.

Mr. Symons, commenting on the success of the event on behalf of the Chamber of Commerce, said that this was a fine example of what can result when a group of people have faith in an idea and the courage to follow through with it. He added that the Chamber of Commerce should be proud to have sponsored the event and should continue to encourage local groups to present similar ideas.

Mr. Church and Dr. Zawackie both commended the committee on the calibre of exhibitors and on the manner in which the Fair was handled. It was evident that much thought and hard work had gone into the planning of the Fair which should become a part of the community's summer program, both advised.

Exhibitors who requested their entries be judged received the following awards, ribbons offered by the Chamber of Commerce: water colors, first place, Sally Franz of Saginaw; second place Rea Swanton of Bay City and third place, Mariam Pawley of Charlevoix; ceramics, first, John and Peggy Reed of Eastport whose entry also won the $50 purchase prize offered by E. L. Kramer of the Beach Hotel; second, Marty Wilhelm of Traverse City and third, Alice Nesman of East Jordan; drawing, first, Sylvia Beekman of Royal Oak and Charlevoix.

John Piet, 70 Succumbs After Short Illness

John F. Piet, 70, retired real estate salesman, died late Sunday at his home at 225 Belvedere ave., following a week's illness.

Funeral services will be held at the Winchester Funeral home at 1 p.m. Wednesday with Emile Aciteh officiating. Burial will be in Brookside cemetery.

Born in Poland Dec. 21, 1888, Mr. Piet came to this country at the age of 14 years. In 1908 he was married to the former Marie Granus in Youngstown, Ohio. They made their home in Detroit where he was prominent in real estate circles until moving to Charlevoix in 1945. He was a member of Jehovah's Witnesses.

Besides his wife, Marie, he is survived by two daughters, Mrs. Raymond (Elizabeth) Lau of Detroit and Mrs. Chester (Marie) Wyatt of Clawson; two sons, Paul and John Jr. of Detroit; 12 grandchildren and three brothers, Edward of Albion, Anthony of Baltimore, Md., and Carl of Annapolis, Md.

Beaver Island Plans Annual Homecoming

St. James, Beaver Island, will take on a festive atmosphere this week as former residents as well as friends of America's Emerald Isle return for the fifty-ninth annual homecoming.

Family gatherings and get-togethers have been planned as native sons and daughters return for the homecoming and August dinner, so much a part of life on the island located 32 miles northwest of here in Lake Michigan.

Serving of the August dinner will begin immediately after the last Mass at Holy Cross church which will benefit from the event to be held at the parish hall a block from the church on the King's Highway.

After the dinner there will be a parade through the business district led by Mayor Joseph Grossell of Harper Woods as parade marshall. A midway will be set up in the waterfront park as young and old alike join the fun.

The homecoming ball will be held at the parish hall Sunday evening with music by the Don Garthe orchestra of Traverse City.

Local Merchants Told of State Retailers Plans

Accomplishment of the Michigan Legislature and legislative activities of the Michigan Retailers association this year were presented Thursday morning to Charlevoix retailers at a breakfast held at Grey Gables Inn.

Conducting the session for MRA were Richard O. Cook, assistant executive vice president, and Robert A. Boyll, district representative. MRA is holding a series of meetings throughout Michigan to bring the legislative story to the retailers and to familiarize them with the work of the organization.

Discussed were such legislative problems as major taxation, personal property tax, employment security, and other legislation affecting business. Satisfaction with the over-all legislation for 1959 was expressed by Mr. Cook who is a registered lobbyist for the association.

The need for strong industry-wide representation for Michigan retailers was stressed at the meeting. Cook emphasized that the retail industry must gain equal representation with other agencies of the Michigan economy "who recognized the principles of state-wide representation years ago.

Seaway Is Challenge

One of man's greatest dreams — the St. Lawrence Seaway — has come true.

What will it mean to Michigan — to our town — to you and me?

Although the full impact of the Seaway in the terms of greater industrial wealth for the great mid-west area it serves, may not come for another decade, according to business experts, its effect already is being felt and a greater future is clearly in sight.

Just about everyone in the business and industrial pictures concedes the Seaway means a big boost in the business and industrial economy of the Great Lakes states. There is no limit to the amount of material ships from the ocean trails may bring to Michigan ports or take away from these cities to nations overseas and American cities along the oceans.

"The potential for industrial and commercial development resulting from the Seaway is enormous," The Muskegon Chronicle said recently. "The translation of potential into fact is up to us."

The statement sums op very well the challenge that faces Michigan communities.

The opportunities of the Seaway are not limited to those towns and cities along the Great Lakes. Inland cities, who have the right industrial atmosphere and community spirit to nurture industry, will be able to move their products to and from the Seaway ports by truck or rail and still capitalize on the advantage offered.

The cities that will prosper in the future due to the Seaway are those which get busy now and develop the community get-up-and-go spirit it takes to build a hustling community, the kind that attracts and encourages industry.

What the St. Lawrence Seaway means to Michigan and its communities, is stressed in an industrial development advertisement entitled "Our Passport to Progress" which appears on page nine today. It is another in a series of industrial development advertisements sponsored by the Michigan Press Association and the Michigan Economic Development Department which appear in this and more than 300 other Michigan newspapers as a public service.

Charlevoix IN UNIFORM

Four Army Reservists from the 310th Ordnance Co. whose headquarters are here will begin six months tours of active duty at Fort Leonard Wood, Mo., Aug 16.

They are Leonard F. Hughes of Charlevoix, Robert H. Henry of Ironton, Clarence N. Tornga of Ellsworth and Joseph T. Makarewicz of Elmira.

Major Harold E. Young has been assigned to the U. S. Air Defense Command, Ent Air Force Base, Colorado Springs, Colo. He was last stationed in Iceland.

The 47-year-old officer, son of Mr. and Mrs. G. A. Young, is a graduate of Henry Ford high school in Dearborn and the Ford Engineering School, also in Dearborn.

Cause of Bradley Sinking Not Determined, Say Owners

Neither the Coast Guard Board of Investigation, nor the Coast Guard commandant in Washington, who reviewed the record, made any specific findings as to the cause of the sinking of the Steamer Carl D. Bradley in a violent storm in Lake Michigan last Nov. 18 was the opinion expressed by C. F. Beukema, president of the Michigan Limestone Division of United Steel Corp., operator of the Bradley Transportation Line and owner of the ill-fated Bradley following the Coast Guard investigation last week.

In making the statement, Mr. Beukema said that he and officials of the division have studied the findings of the Coast Guard which were released Thursday and pointed out that while the commandant concluded that the vessel may have developed an undetected structural weakness or defect, no findings or opinions were expressed that the owner of the Carl D. Bradley had failed to properly maintain and operate the vessel or that the company or the Coast Guard or Lloyd's Register of Shipping should have detected such structural weakness or defect, if in fact any existed.

Mr. Beukema further stated that all the equipment on board the Bradley was inspected and approved by the Coast Guard. He also emphasized that the Board of Investigation found that:

1. The vessel was seaworthy at the time of completion of her annual inspection at Calcite, Michigan, on April 19, 1958 and that there was no reason to conclude from the testimony or from reasonable interpretation of other known facts that she was not in such condition upon departure from Gary, Ind., on Nov. 17, 1958;
2. That the vessel was properly manned and equipped in accordance with existing regulations and properly secured for sea upon departure from Gary, Ind.;
3. That the temporary repairs to the cargo hold, made in the winter of 1957-58, did not contribute to this casualty;
4. That the damages known to have been incurred during the 1958 season at Cedarville, Mich., were minor in nature and of such location on the hull as not to have contributed to this casualty;
5. The official survey records of Lloyd's Register of Shipping were examined by the board, and these records revealed nothing of note concerning the Carl D. Bradley;
6. The past inspection books, dry dock examination books, and other official records of the Coast Guard were examined by the board, and they revealed nothing of note concerning the Carl D. Bradley, except the dry-docking at Chicago in May 1957 to effect repairs incident to damage sustained as a result of a collision.

Mr. Beukema stated that all the damages, including any hairline cracks that were found in 1957, were repaired and completed under the supervision and to the satisfaction of the Coast Guard and Lloyd's Register of Shipping, and furthermore the Coast Guard inspected and approved the hull of the Carl D. Bradley in April 1958.

The wear and deterioration of the cargo hold was a normal condition brought about by the impact and abrasive action of stone cargoes, which had been dumped into the ship. Since such wearing action is limited to only the cargo hold of a self-loader vessel, the condition of the slide slopes and screen bulkheads of the Bradley was not indicative of the condition of the vessel's hull or structure.

"In an effort to determine the cause of the tragedy," Mr. Beukema continued, "we have conducted extensive underwater searches in the area in which the Bradley is reported to have gone down. In these searches we have employed the most modern electronic detection equipment and have had the assistance and cooperation of the Lake Survey Group of the Army Engineers.

"In May, we recorded a finding which we believe may be the Bradley. Since that time we have attempted to photograph the object so as to establish whether or not it is the Bradley, but the depth of water has thwarted our effort.

"For the past month discussions have been held with a marine exploration company in order to conduct the investigation of the sinking of the Bradley by taking underwater photographs of the vessel and to make such other underwater examination and tests as may be possible.

"Until such time as photographs are taken of the hull, it would seem that not only the cause of the tragedy, but indeed, the exact whereabouts of the Bradley will remain a matter of conjecture.

"We sincerely hope the investigation will be successful in finally determining the cause of the sinking, and we are grateful to the Coast Guard for giving consideration to the initiation of an underwater survey of the Bradley.

"We will be pleased to cooperate with the Coast Guard, the Lake Survey Group and any other governmental agency in this effort."

The above statement was released by Mr. Beukema following the Coast Guard investigation in Washington last week in which Vice Admiral A. C. Richmond blamed the sinking of the vessel on Nov. 18 with the loss of 33 lives on structural weakness of the vessel. He also rejected for the most part the opinions of a Coast Guard marine board of investigation into the disaster.

Hit and miss pictures of only a few of the many interesting exhibits at the first annual Waterfront Fair held last Saturday in Charlevoix. The Fair proved to be one of the most attractive features of the summer season. (Courier Photos)

Schantz Family Hold Reunion at Rod and Gun Club

Fifty-seven members of the Schantz family gathered Sunday at the Charlevoix Rod and Gun club for the first family reunion in 16 years. A pot-luck dinner was served at noon.

Attending the reunion were: Mrs. Edwin Van Dugtern of Lansing, Emma Muscott of Detroit, George Schantz of Petoskey, Mr. and Mrs. Ward Schantz and daughter Linda of Bethesda, Md., Mr. and Mrs. Wight Stotler of Washington, D. C., Mr. and Mrs. Gerald Reed and three daughters of Windsor, Ont., Mr. and Mrs. Leonard Steffens and three children and Mr. and Mrs. Richard Rinal and three children of Traverse City.

Mr. and Mrs. Art Crain and five children of Reed City, Mr. and Mrs. Isaac Schantz and eight children of Petoskey and 4 children of Flint also their daughter Sister M. Lucretia of Holy Family Convent, Manitowac, Wis., Mr. and Mrs. Gerald Price and four children of Petoskey, Mr. and Mrs. C. D. Bunnell of Boyne City, Mr. and Mrs. Leonard Thomson of Lansing, Mr. and Mrs. Pete Scott and Paul Schantz.

Funeral Services Held Monday for Mrs. O. A. Solomon

Mrs. Owen A. Solomon, 86, resident of this community for 45 years, died late Friday at her home at 109 West Lincoln ave. She had been in ill health for several years.

Funeral services were held Monday at the Winchester Funeral Home with the Rev. James Sherman officiating. Burial was in Brookside cemetery.

Born in Manistee Oct. 23, 1872, the former Alma T. Trantow was married to Mr. Solomon in 1890 at Manistsee where they made their home until coming to Charlevoix in 1914. Mr. Solomon, a veteran Michigan Bell Telephone Co. employee, preceded her in death in March 1956.

She attended the First Congregational church, was a charter member of the American Legion Auxiliary of the Leslie T. Shapton Post No. 226 and a Gold Star Mother.

She is survived by three daughters, Mrs. Harold (Ruth) Withers and Mrs. Franklin (Doris) Ochs of this city and Mrs. Edward (Virginia) Sobleskey of Petoskey; two sons, Clyde of Traverse City and Leon of Port Huron; 14 grandchildren; several great-grandchildren and a sister, Mrs. Ray Leets of Manistee.

Circlin' The Bases

By DEANO

Airport Inn has established themselves as the team to beat in the second round. They have two important games this week. One with Freedmans last night (Wed.) and one with the City Merchants tonight.

Looking at the leading hitters in the Men's league finds only five above the .300 mark. The figure proves the quality of pitching in our league.

American Mold took a pair of thrilling come-from-behind games during the week. Against Freedman they trailed by two going into the bottom of the sixth inning. Ken Balch promptly fixed that with a three run homer to give the Mold a 6-5 win. Against the Coast Guard, they were trailing 3-1 with two out in the seventh inning when they again caught fire. Five straight hits produced a 6-3 win. Nate Boss pitched a no-hitter for the winners but until the rally seemed doomed to lose his masterpiece.

Speaking of no-htters Ted Potter a former great city league pitcher, threw a no-hitter for his base team in Indiana while serving in the U. S. Army.

In a grudge game the Mort Cardinals whipped the Northern Auto older girls. Seems several of the Cards mothers are on the Northern team and no doubt loose talk around the house brought the two teams together in the exhibition match.

Speaking of the Cards brings to mind that Cardinal Spike Mort pitched a no-hitter in the prelim game and Mold's Nate Boss matched Morts performance with his no-hitter in the second game of the same night.

Bill Denemy, who was an outstanding city league ballplayer, is playing in the Grayling league while serving in the Houghton Lake State Police Post and is currently leading the league in hitting.

Trophies have been ordered for the men's, boy's and peanut leagues and ribbons are being made up to present to the individuals on the championship teams.

Still no word on the site for our proposed new field.

Our Peanut League all-stars looked real sharp in defeating the Ellsworth all-stars 10-0 in the Venetian Weekend contest.

Lake Construction have new uniforms that certainly dress up their team. Next year maybe we can secure similar outfits for all the teams. Speaking of the boys league, brings to mind that Barnard has indicated that they will enter a team in this league next year. Watch out. If so they are bound to sharpen up the league and perhaps will induce the other teams in the circuit to improve.

Pat on the back this week goes to the men in charge of the men's teams. This groups includes Harvey Cole of the Coast Guard, Ken Cellner of the Airport Inn, Deano Davenport of the Merchants, Jim Alger of the Mold, and John Swanson of Freedman Artcraft.

Waterfront Fair Is Huge Success

lie of East Lansing; second, Fred Looze of Charlevoix.

Oil paintings, first, Regina Nelson of Cadillac; second, Barbara Littlefield of Ellsworth and third Phoebe Stickel of Traverse City; weaving, first, Trinity Lutheran church of Manistee, presented by Dorothea Yenkee; second, Mr. and Mrs. Harmon Hastings of Gladwin; open class, first, Mariam McGrew of Mayfield; second, Raymond Smith of Fremont and third Phyllis Young of Elk Rapids.

More than 23 exhibitors donated gifts to be given away during the Fair. The sale of tickets plus the $1.00 entry fee netted $183.75, more than enough to underwrite the cost of the event.

Wayne Belding designed the attractive programs for the Fair.

The city cooperated by having its utility department string lights for night lighting and the street department with the planning of exhibitor space.

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

Occasionally

The charm of a whitetail deer is a subtle mixture of beauty of form, acute senses that stab and probe woodland and meadow for sign of enemy, and a wild grace in all its rhythmic movements. But most of all, I suspect, a wild deer's charm is found in its unavailability. One cannot be seen on demand. Many of our summer visitors in the North Country declare they have tirelessly looked along highways and narrow forest trails and have never seen a wild whitetail deer. Then, suddenly, when they were least expecting it, and when they had given up trying, they glimpsed deer walking through a forest opening.

One reason why whitetails in a public park seem comparatively dull is that we know they are always there to be seen any time we look, so they lose our interest. But wild deer are elusive and appear unpredictably, walking, unconcerned, near a cabin beneath the pines or standing statue-still, silhouetted against the translucent light of a misty dawn, or daintily sipping from our favorite fishing hole in the brook. Deer surprise us with their appearance, and they are not so often watched as glimpsed. Only occasionally do they greet our sight with their little beauty.

Some of the best things of life are appreciated most when caught in glimpses. When they are constantly ours they lose much of their attractiveness. Rest is good in small doses, but wearisome when it must be continued for weeks or months. It is savored when experienced occasionally. Tumour can be a delight in small amounts, sprinkled lightly thru conversation or a public speech, but a constant, prolonged flow of jesting is monotonous and exhausting. An occasional word of praise is appreciated by everyone, but protracted applause becomes boresome. Occasional moments of ecstatic joy add relish to life, but there is no such thing to be found on earth as perpetual happiness, for when happiness is unrelieved by inconvenience, adversity, disappointment, or struggle, it turns into tedious humdrum.

The most exciting things lose their attraction when made perpetual. Imagine spending ten hours a day, six days a week, and fifty weeks out of every year watching baseball or football games, or playing golf or tennis. Soon a sport becomes hard work rather than recreation if watched or engaged in constantly. A sport has its greatest value when it represents change from life's routine and when it is engaged in occasionally.

The flowers that interest us most are those that cannot be seen just any time one has the desire. They are here occasionally, and one must be alert for the occasion when they burst into bloom with brisk urgency or they will be missed entirely. Seasonal flowers — hepaticas and trilliums, yellow and pink lady slippers, violets and bunchberries, columbine and twinflowers, wood lilies and golden asters, and countless others curtsey to the seasons, linger briefly and bow out, not to be seen again until their favorite season returns. It is their transiency that gives them their special charm.

We are charmed by the person who smiles occasionally, but not constantly. A smile that never leaves is found only on the faces of blithering idiots. A face that is always sober and never smiles usually denotes an abysmal lack of humor and grace, for even the tragedy-smitten and sorrowing have moments when a sunny radiance breaks through rifts in a cloudy countenance. The expressive face is one that has an expression fitting the occasion. It is occasionally bright, sometimes serious, rarely angry, once in a great while sad. There is charm in variety.

The conversationalist who speaks occasionally, but alternates his talk with eager listening, fascinates us. If a person constantly chatters he repels. If he only listens and will not talk at all he frustrates and infuriates. Good conversation is a mixture of occasional talk, occasional listening, and occasional silences.

Here is one secret of joyous living: refuse to take life for granted. Use your imagination and pretend that the good things that come your way regularly are really scarce. Treat your everyday blessings as if they were yours only on rare occasion

1. Deal with members of your family with the courtesy you use on near-strangers. Greet your own child with the politeness, interest, and admiration you show to your employer's dimple-checked, curly-headed little boy, and speak to your spouse with the gentleness and respect you reserve for the pretty girl in the drug store, or the vice-president in charge of loans at the bank. Be as thoughtful to your marriage partner as you were in the days of your courtship.

2. Look upon one star-lit night as if stars appeared but once in a life-time, at the moon as if it were a onetime visitor to our solar system at a tree as if it were the first and last tree to inhabit the earth.

3. Use your eyes today as if you had been blind all your days, and after midnight tonight you would return to perpetual darkness. Look at God's world and God's children, at strangers and at your love ones, as if this were your only day for seeing.

4. Pray as if it were your only opportunity to talk to God or to listen to Him. Pray the Lord's Prayer just once in that fashion, instead of from easy memory, and see the difference it makes in your comprehension of its meaning.

5. Appreciate one hour of good health as if it were the only painless hour you would ever know.

Man sins from boredom that from lust, more from lack of adventure than from lack of scripture or example. Man's thanklessness comes less from greed than from taking the goodness of God and man for granted.

Let us restore adventure, excitement, and gratitude to everyday life, treating our commonplace blessings as great occasions.

New Church to Be Dedicated

★ ★ ★

The recently - completed Bible Baptist church located at 904 May st. will be dedicated at a special service at the church scheduled for 3 p.m. Sunday according to the pastor, Rev. J. E. Lugibihl.

In announcing plans for the dedication Mr. Lugibihl said that the church represents four years of planning and hard work on the part of his small congregation officially organized as the Bible Baptist church on August 12, 1956.

The dedication message will be delivered Sunday by Pastor Arthur Hoolsma of the Christian Hebrew church in Miami, Fla., where he has served as a missionary among the Jewish people since 1952.

Among others who will participate in the service will be Pastor Donald Miller of the First Baptist church of Boyne City and Pastor Richard Halter of the Main Street Baptist church of Harbor Springs. Visiting ministers also will be asked to participate in the dedication ceremony.

Special music for the dedication will be presented by duets from Charlevoix and Boyne City and a trio from Harbor Springs.

The Rev. Mr. Lugibihl, pastor of the local church, is a native of Harbor Springs and a graduate of the Baptist Bible Institute of North Detroit. He came to Charlevoix June 29, 1955, and held his first services at the American Legion post home less than a week later on July 3. On August 12, 1956 the church was officially organized as the Bible Baptist church with a total of five charter members.

Though the congregation was small they decided to build their own church and on Dec. 4, 1957 took the first step toward this goal by purchasing a site for the church.

On May 7, 1958, ground for the new church was broken. Work on the structure was completed last month and the first services held in the new church July 27.

Of frame construction with fire proof siding, the church is 24 x 40 ft. in size and is built so additions can be made as the congregation grows, Mr. Lugibihl said.

Regular services are held at the church at 11 a.m. and 7:30 p.m. on Sunday and at 7:30 p.m. Thursday. Sunday school is at 10 a.m.

Residents of the area as well as visitors to the community are invited to attend the dedication ceremony at the church at 3 p.m. Sunday.

Draft Board Calls Two County Men

Two Charlevoix county draft registrants will be called for induction into the armed services to fill the county's September draft quota, according to Mrs Mary Bourgoin, clerk of the draft board.

One man will be called for a pre-induction physical next month.

Raymond C. Kuzmik of Boyne Falls has been called for a pre-induction physical examination this month. He will report Aug. 13 for the trip to Detroit.

No one was called for induction this month.

Mr. and Mrs. Rex Bebee of Lansing are the parents of a son, Rex Veraon, born July 31. Mrs. Bebee is the former Linda Towsley.

Charlevoix Sea Scouts Windup 16-Day Trip to New Mexico

Five Charlevoix Sea Scouts returned recently from a 16-day expedition to Philmont, N.M., with 25 other Boy Scouts from the Scenic Trails Council. The following is the final account of the trip as written by Jock Rader, scribe for the local group.

Friday, July 10

We spent the day in Indian Writings camp. In the morning we all went over to see some old Indian buildings and an old grave that had been excavated only recently by archeologists. The buildings and grave were more than 700 years old.

In the afternoon some of us went to help excavate a house the archeologists were working on while others decided to do conservation work which consisted of hauling stones to make a terrace for the camp cabin.

Saturday, July 11

Today we went from Indian Writings Camp to Peublano Camp, a distance of eight miles. We were held up for over an hour before we even got started when Larry Schumacher, Jock Rader and Al Arvilla couldn't find the burro they were using. It ended up with them taking the runt of the herd. On the way to Pueblano we stopped at Ponil to get some food supplies. We reached Pueblano early in the afternoon, the entire hike taking about five hours.

Sunday, July 12

Everybody up! Get ready for church was the cry early Sunday morning. After breakfast we all had a 'little' five mile hike back to Ponil to attend church services. When we finally got back to camp, we all made like wash women so we would have some clean clothes to wear. I don't know if the washing made them any cleaner but at least they didn't smell as bad.

Monday, July 13

Today we broke camp to go to Camp Dean, a distance of almost six miles. About halfway there, a hail and rainstorm broke and didn't stop for an hour. When we arrived at New Dean it was rather early so we decided that instead of staying overnight there we would get our provisions and go on to Lower Dean, about four miles farther on. As soon as we got in the crew from Charlevoix claimed an old trail cabin there and used the camp stove and cots in the cabin. Those cots sure made sleeping nice after several days on the trail.

Tuesday, July 14

We packed up our burros and started out for Harlan about six miles away. During the first part of the hike there was no trail blazed and we had to unpack our burros to get between the trees. In another spot, going down a mountain, we had to unpack an axe and cut a fallen tree from the path. About halfway along the trail we all ran out of water until we reached the Cimarron river where we all filled our canteens and took a cool, refreshing swim. Somewhere along the trail our leader, Harvey Griswold, took a wrong turn and we had to go two or three miles out of our way. When we finally reached Harlan, we all unpacked our burros and took them down to the corral where we left them for good, at last!

Wednesday, July 15

Today we just loafed around camp. Some of us went to a nearby peak and took some pictures and others sat around whittling on their walking sticks. In the afternoon we had a heavy rain and most of us spent the afternoon engrossed in a very deep subject: sleep.

Thursday, July 16

Just one week ago we started our hiking. Today we set out with full packs for Cimarroncito our last camping place before being taken back to headquarters. Along the trail John Clevin of Alanson passed out from the heat and had to have his pack carried by Ray Terry and Harvey Griswold, our advisors. Nearly halfway along the trail we had another rain and hail storm and were nearly washed down the mountainside. While we were hiking Tony Genia killed a rattlesnake and Tony, Darrell Somerville and Stan Martin skinned it to get it ready for salting when we arrived at Cimarroncito. In Cimarroncto we had some of the first non-dried food we'd had in over a week. It really tasted different. Tonight some of us took showers and went to the camp fire program before retiring.

Friday, July 17

This morning we cleaned up our campsite, took showers and washed our clothes in preparation for the trip back to headquarters. At one o'clock our bus came and we hurried back to headquarters. After we got our tent in Tent City we all picked up our laundry and mail and hurried back to our tents to see what was going on at home. Tonight there was a lot of swapping and story-telling going on as we wandered around to different expeditions.

Saturday, July 18

This morning after breakfast we packed up to take the camp bus to Trinadad, Colo. where we took the train for Colorado Springs, Colo. When we arrived at the U. S. Air Force Academy we were assigned to sleep in the gym. Tonight after eating in the cafetera we either went to the movie or bowling.

Sunday, July 19

Early this morning we piled on our sightseeing bus and went to the top of Pike's Peak, a 1½ hour ride. Up on top we all had breakfast and got into a snowball fight in the middle of July. There was even ice along the road. After getting back in Colorado Springs we went to the train station where we had lunch before leaving for Denver.

Monday, July 20

We arrived in Chicago this morning at Union Station. We had about a 10 block hike to the station where we took an electric train to Michigan City, Ind., and we boarded our chartered bus for the last lap of our homeward journey. On the way up we had some electrical difficulties which slowed us down a bit. We finally arrived in Petoskey about 10:30 p.m., very weary but very glad and happy to be home.

On the trip from Charlevoix were Tony Genia, Darrell Somerville, Stanley Martin, 'Al Mac' Arvilla and Jock Rader.

(A 'well done' to scribe, Jock Rader, for these interestng accounts of the trip to Philmont, N.M. It is the first time this community has sent such a large delegation on a trip comparable to this. Our readers have enjoyed the trip with the boys as a result of Jock's stories. fam.)

Charlevoix — IN UNIFORM

F. Bruce Bergmann, I. C. 2, was discharged from the U. S. Navy at Mayport, Fla., last week and has arrived here to join his parents, Mr. and Mrs. Ted Bergmann.

During the three years he was in the service he came within 600 miles of having circled the globe.

In a letter thanking the Charlevoix Service Organization for sending him the Charlevoix Courier while he was away he wrote: "I received the paper in a lot places . . . inside the Arctic Circle, almost to the Antartic Circle but everytime we got mail I usually get the paper, no matter where we'd been. None of the other fellows got their hometown papers sent to them as I did. It is sure nice to come from a community that does this for their servicemen."

Mr. and Mrs. William Barker and three children arrived Saturday from Washington, D. C., to spend a month with Mrs. Barker's parents, Mr. and Mrs. Walker Miles, and other relatives. Mr. Barker is stationed in Washington with the U. S. Air Force.

News Round-up at Camp Charlevoix

Everyone slept late on Monday morning starting off the fifth week as the Venetian Night Singers were up late as were the campers seeing a movie. So breakfast was at nine-fifteen. The camp photographer from Grosse Pointe arrived and immediately after breakfast, cabin group pictures were taken. Cabin 14 with Mike Bazany took a horseback day trip to Mt. McSauba. These boys were David Frederick, Fred Bissell, Leeds Davis, "Tug" O'Neill, "Chip" Coakley, John Mothershead, Jim Sprow and Duncan Laurie. Tom Jennell and Lyle McAuley took their boys on an overnight to Eastport. The boys on this trip were: Bill Weilmann, Dean MacVicar, Roger Witherill, Stephen Hack, Stephen Wardrop, John Gillett, George Aitken, Chuck Ruifrok, Tom Kennedy, Dave Smith, Clark Davis, Bill Wasaburu, Ronald Kirk, Peter Fairman and Paul Stagg.

We are hoping for rain, as it is very dry here, and as yet no rains to help pasture, and the woods. Our little creek is about dried up.

Dan Ross took his boys into town for a day at the beach. His boys were Hal Thurston, Tom Perrin, Scotty Emmons, Carl Baum, Bob Gunn, John Thomkinson, Billy Kunst and Jnhn James. One of our Junior Cabins, Cabin 5, with Bill Wilson in charge went, on a horseback overnight to Bay Shore. These riders were Wayne Hause, Mike Plisken, Robert Royer, Dave Verdier, Randy Hofmann, John Haury, and Richard Toncray.

Wednesday was a day to remember as trips were coming and going all day long. We have never had the terrific trips program as we have had this year. The first four weeks of camp we had over 50 trips leave camp. This is usually about the number for an entire season. Boys have really enjoyed our trips program this year under the supervisinn of Bob Schaeffer, who during the winter months, is a coach at the high school in Swartz Creek, Michigan. Cabin 10 with Phil Holiday took a day trip to Fishermans Island His boys were Russell Washburn, Harry Carlson, Jim Coleman, Freddy Appel, Bill Jack, Tony Goss, Greg Dehner, and Carl Elmes. Ken Peters and Nick Cameron took their boys on a day trip to the Charlevoix beach. The boys enjoying this day were: Tom Steffe, Jerry Mason, Walt Silver, Doug Tassell, Tom Gallmeyer, Greg Blue, Gus Allendorff, Larry Welker, Scott Gregory, Ralph Meisel, George Steinhardt, Sandy Coakley, Charles Willhee, Parky Smith, Tommy Case. Tom Rotz and George Coakley. Al Smith took his boys on an overnight trip to Eastport, his boys being Terry Summerfield, Steve Martin, Keith Johnson, Peter Rousseau, Jimmy Blackburn, Tommy Quail, George Allendorff and Danny James. A day horseback trip was laken by Buzz Fenders boys: Bob Henry, Teddy Schmidt, Doug Lane, Richard P. Moon, John Appel, John Coakley, and Joe Reed. Fisherman's Island was the spot for an overnight by Bill Fors cabin. His boys were: Tom Coolman, David Spaulding, Bruce Laing, Richard G. Moon, Billy McInerney, Billy Speed, Bruce Nyland and Don Strutz. In the evening three separate commando soccer games were held, and the boys had a time for themselves. Though the game is rough and tumble, all three games were handled very well by the men in charge.

Kent Miller took his boys on a horseback day trip on Thursday. The boys riding that day were: Karl Borden, John Varonof, Hank Holste, Alan Lathrop, Doug Rogers, Stephen Eddy and Richard Potts.

Dick Thompson, whom we call "Rebel" as he comes from Kentucky, took his boys on Friday on a day trip to Charlevoix Beach. His boys were: Rick Daley, Dick Kresge, Robert Streuh, Alan Silverman, John Rots, 'Skip' Kessler, and Chuck Sullivan. Phil Jacobs took his boys on a day trip by horseback, the riders being Ace Hoyt, Don Law, Art Brown, Mike Grass, Sumner Bagby, Pete Willsey, and Rusty Gilmore. Cabin 15 with Dave Karns took off for an overnight down to Eastport. His boys were: John Mabley, John Deane, Bobby Million, Roy Lange and Carl Jennings.

On Saturday regular activities were held with the drill team for the RODEO starting its practice. The cowboys were busy choosing good riders to take part in this thrilling event for the RODEO on Friday, August 21st at three o'clock. In the evening, we had another "SKIT" Night with 7 cabin groups putting on skits, and this group proved to be the best of the seasnn. All of the skits were very well done, and invoked many laughs. The boys liked them all very much. Cabin 4 put on a "COURT SCENE" with Pat Haggerty as the Judge and Billy Lambert as the D.A. The others in the play were Mark Ouoment, Paul Jennings, Bob King and Billy Honer. Andy Campbell's group put on a skit involving the boys being a huge long serpent. These boys were Tom Harper, Carl Anderson, Steve Rea, Bill Baker. Cabin 13, with Tom Jennell, put on a "NEWS BROADCAST" with Steven Hack as Chet Bruntly. It was very well done with Bill Weilmann, Dean MacVicar, Roger Witherill, Steve Wardrop, John Gillett (was most amusing while being interviewed) Charles Ruifrok and George Aitken. Dan Ross' cabin of boys put on a cowboy skit ala "Maverick". These actors were John James, Billy Kunst, Bob Gunn, John Tomkinson, Carl Baum, Scotty Emmons, Tom Perrin and Hal Thurston. One of the highlights of the evening was Cabin 11 (Bill Fors) putting on "The Lighthousekeepers Daughter." The herione was Bruce Laing, the father very well played by Billy Speed, the mother was Dick Moon, the baby most aptly played by Bruce Nyland. Dick Flynn and Billy McInerney were two crooks, Tom Coolman was the Lighthouse and a most dapper hero was Don Strutz with his hair plaster down and showing his manly muscles. Kent Miller's group put on a takeoff on the TV show "To Tell The Truth." These boys were Karl Borden, John Varnoff, Hank Holste, Alan Lathrop. Doug Rogers, Stephen Eddy, and Dick Potts made a ravishing young damsel. Another highlight of the evening was the "STAFF MEETING" as put on by Phil Jacobs boys. Sumner Bagby was "Ken;" Ace Hoyt was Bill Townsend, Pete Willsey was Kent Miller, Don Law was Cy Pick. Others were Art Brown, Mike Grass and Rusty Gilmore. It was an evening of very clever skits and everyone had a great time.

At Sunday morning chapel, Hugh Campbell was the speaker giving a very fine sermon on "The Church.' In the afternoon, we had a Green-Grey waterfront afternoon with sailing canoeing, log-rolling and swimming races. The Greens won twn points bringin gthe summers events to a 16-16 tie. Some of the winners in the afternoon activities were: Skip Kessler, Sumner Bagby, Tom Kennedy, Rusty Gilmore, Dick Flynn, Billy McInerney, Dave Smith, Bruce Laing, Fred Bissell, Neil Funk, and John Baird. In the evening the weekly Vesper Services were held.

Now that we are on the last lap of the season we are hoping that all parents are marking their calendar's for Friday, August 21st for the Rodeo and Final Cnuncil Fire. Camp is over on Saturday morning, August 22nd. We hope all parents are here for that final big day August 21st.

Position of the constantly moving north magnetic pole has been studied for 250 years. It was first reached by James Clark Ross on Boothia Peninsula in 1831, the National **Geographic** Magazine says. **Intensive field** work (1946-48) by Dominion Observatory determined the magnetic pole's latest position on Prince of Wales Island in the Canadian District of Franklin, graphic North Pole.

PEANUT LEAGUE

The Peanut League race is still very much undecided but last night (Wednesday) twn unbeaten teams, the Cards and Dodgers clashed with the winner having a good chance of winning the second round. However all teams will have a say as to what team will win.

In games during the week:

The Cards kept their record clean by beating the Red Sox 8-3. Spike Mort allowed only one hit and picked up two himself to lead the winners.

The Braves scored in every inning and shut out the Devils to post a 11-0 win. Mike Crain had three winner hits and Ed Holm was the winning Brave pitcher.

The Cards rolled along and defeated a stubborn Pirate team by coming up with eight runs in the last inning for a 12-2 win. Nick DeYoung was the big swinger for the winners with three hits.

The Red Sox romped over the Devils 13-0 on Doug Winnell's one hitter.

Spike Mort pitched a no-hit shutout over the Tigers and his teammates backed him up with lusty hitting for a 11-0 win. The win out them in first place.

CLASS A LEAGUE

Airport Inn hustled their way into first place in the second round of the City League and appear to be in good shape for the second round title. They whipped first round winner American Mold 4-2 during the week then saw second place Freedman beaten to drop two games behind them.

Fritz Pufipaff pitched a three hitter and Rod DeYoung and Jim Ladd came through with the key hits in the Inn's win over the Moldmen.

The City Merchants fell to the USCG behind the tight pitching of Ed Culbertson by a 4-2 score. Freedman used erratic Merchant fielding to their advantage to post six unearned runs and coast to a 6-2 victory.

Ken Balch blasted a three run homer in the sixth inning to enable American Mold to beat Freedman 6-5.

The Mold also came from behind in the seventh inning in their game with the USCG for a 6-3 win. The servicemen had the game all wrapped up it appeared when with two out American Mold scored five times with Jim Alger, Nate Boss, Chas. Dennis, Joe Beandoin all getting singles and Ken Balch posting a homer.

From where I sit ... *by* Joe Marsh

An Apparent Reason

A week ago, Red Roberts' wife gave birth to a baby boy. Naturally, we went to the hospital to see the new arrival.

We found Red standing (and beaming) in front of the nursery window, saying things like "look—he's got my eyes," and "his chin is shaped exactly like the Missus," and "Yessir, that's my boy."

Just then a nurse whispered, "That *Johnson* baby is cute, isn't he Mr. Roberts? We'll bring *yours* out in a minute."

From where I sit, once in a while we all jump to conclusions without knowing the facts. For instance, some people are like that about my favorite beverage—beer. They're quick to say that tea or coffee go best at dinnertime ... when the *fact* of the matter is it's simply a question of choice. Intolerance breeds on ignorance—and we ought to *know* before we "deliver" an opinion on anything.

With Homecoming Sunday just days off many familiar and new faces are arriving daily to be present for the big event.

Lt. Col. and Mrs. Giles McCann of Levittown, Pa., visited briefly with relatives and friends this past week. Also in their company was Father Victor Gallagher of Reed City. Father Gallagher is a brother to Mrs. McCann.

F. E. (Bud) and Lil Left of Charlevoix are spending a week at the Mary Greene home.

Bob McDonough of Grand Rapids visited his mother, Mrs. Mary V. McDonough and other relatives.

Mrs. Clara Cull and seven children of Bay City are vacationing at the Grace Cole home.

Patrick LaFreniere, Jr. spent sometime here while on leave from his boat, The Wilfred Sykes.

Also here for the week from their boat is Don Burke and Jack Connaghan.

SUDDENLY THE FUTURE IS HERE

For 400 years men the world over have dreamed of the future of a great area of the North American continent, a future which would come from changing the face of the earth.

They dreamed that by a tremendous feat of engineering the St. Lawrence River would become the St. Lawrence Seaway, that thus the Great Lakes would become the world's eighth sea, and the whole Great Lakes area would become a center and source of world commerce such as you could hardly imagine the heart of a continent to be.

Now the St. Lawrence Seaway is open. The face of the earth has been changed. The dream has come true and suddenly the future is here.

What will it mean to our town? Can we keep pace with the future that has suddenly arrived all around us? We can do it by working together, solidly together on programs for the sound development of our community and the growth of business in our town.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

McGinnis-Way Exchange Wedding Vows at Assembly of God Church

The Assembly of God church was the scene recently of the wedding of Lois Lillian McGinnis and Richard George Way.

Parents of the couple are Mr. and Mrs. Orval McGinnis of Flint and Mr. and Mrs. Clarence Way.

The Rev. Robert Way of Harrison, brother of the bridegroom, officiated at the double ring service before an altar decorated with arrangements of white gladioli on July 24 Lynda Brock, at the organ, played a program of traditional wedding music and accompanied the soloist, Diane Hinsey, who sang "The Lord's Prayer" and "To My Bride."

Given in marriage by her father, the bride chose a ballerina length gown of lace and net over satin. Designed with a fitted lace bodice, long tapered sleeves, net yoke and peter pan collar, the gown had a bouffant skirt of net with panels of lace. A seedpearl crown secured her fingertip veil and she carried a white Bible topped with an arrangement of white orchids and gardenia petals on white satin streamers.

Mrs. Joseph Powell and Zola McGinnis of Flint, as their sister's matron of honor and bridesmaid respectively, wore identical gowns of floral print nylon over aqua taffeta fashioned with scoop necklines, fitted bodices, aqua cummerbunds, and full ballerina length skirts. They carried bouquets of pink and white carnations.

Debby Powell, niece of the bride, wearing a minature bridal gown, was flower girl. Denny Way, nephew of the bridegroom, was ring bearer.

Douglas Way assisted his brother as best man and another brother, Dawson Way, was groomsman. Dale Drost and Jerry Drost seated the guests.

Mrs. McGinnis selected a navy dress and pink and white accessories for her daughter's wedding. Mrs. Way, mother of the bridegroom, wore a light blue lace dress with matching jacket and matching accessories. Their corsages were of shaded pink carnations.

A reception followed at the Community Church of God Fellowship hall. Assisting were Mrs. T. B. Thodeson, Mrs. Douglas Way, Miss Hinsey, Miss Brock and Loretta Drost.

After a wedding trip through northern Michigan the couple has returned here to make their home on M-66. For traveling the bride wore an aqua suit and white accessories.

Both are graduates of the Charlevoix high school. The bridegroom is employed at Freedman Artcraft.

Wedding guests were present from Detroit, Flint, Harrison, Grand Rapids and Cadillac.

Victor J. Gibbons Awarded U. of M. Scholarship

Victor J. Gibbons, who will be a senior in the University of Michigan law school this fall, has been awarded a scholarship which will underwrite the cost of his tuition and books, he has notified his parents, Dr. and Mrs. Gerald C. Gibbons.

The scholarship was awarded on the basis of scholastic achievement in the law school.

He also has been asked to serve on the staff of the Law Review, official publication of the Law School.

Graduates of 1929 Make Plans for Second Reunion

Nearly all the members of the Charlevoix high school graduates in the class of '29 have made reservations for a reunion to be held Aug. 15 at the VFW post home.

An open house will be held from 2:30 to 5 p.m. at the post home, affording the former grads and their families an opportunity to renew acquaintances. A buffet supper, served by the VFW Auxiliary is scheduled for 6:30 p.m.

Reservations have been made for 50 guests including 30 members of the class and their families and former teachers.

The first reunion of the class was held in 1954 on the 25th anniversary. The event next week will be the second reunion.

The committee in charge of arrangements for the reunion include Mrs. J. C. Marshall, Mrs. Sims Baker, Mrs. Elmer Gibson and U. S. Consel Edwin Madill.

MINUTES OF THE ANNUAL BUSINESS MEETING
4th Class District No. 2, Charlevoix and Antrim Counties
CHARLEVOIX PUBLIC SCHOOLS

July 13, 1959

The meeting was called to order by President John L. Boss at 8:08 p.m.

Minutes of the Annual Meeting of the District for 1958 were read and approved.

The Secretary's Report for 1958-59 was read and approved on motion of Russell Dohm, supported by Max Novak. Carried: 16-0.

Upon presentation of the Treasurer's Report for 1958-59, it was moved by Henry Stephens and supported by Russell Dohm that the report be accepted. Carried: 17-0. It was brought out that the condition of the school's finances was very favorable, considering the serious problems in State Aid payments and other school funds for the last year.

Discussion was held regarding the proposition that was authorized last year for a possible exchange of the North Side School for the South Side School, now occupied by the American Legion. The Board reported that no action had been taken, or seemed probable at the present time.

Mr. Frank Oleksy reported for the Mentally Handicapped School, expressing his appreciation on their behalf for the use of the North Side School and advised that while they were still planning on its use this coming year, assured the Board of Education that if any opportunity for its sale should arise the Board should avail itself of that opportunity.

The swimming pool project that the Board had indicated a willingness to accept as a gift from the Kiwanis Club, was discussed and questions regarding its use and location were tentatively answered. The question was asked if it would not be better for the Board to invest the money in Science Rooms, but the members of the Board replied that the gift as presented was a swimming pool and not funds to be spent as the Board would desire.

Mr. Bennett, Superintendent, was asked to report on the status of the new building program. He advised that the working plans are nearly completed and bids will be advertised for within a few weeks. He also advised that the money received from the Bonds is invested in Government securities at a very desirable rate of interest.

Results of the Election for two trustees were announced by the Board of Election Canvassers as follows:

54 ballots cast:	
Robert G. Lieberman	53 votes
Robert G. Martin, M.D.	53 votes

On motion of Max Novak, supported by Russell Dohm, the meeting adjourned at 8:30 p.m. Carried: 18-0.

Albert H. Smith, Secretary

MINUTES OF SPECIAL MEETING OF SCHOOL BOARD

July 13, 1959

Following the adjournment of the Annual Meeting, a meeting of the Board was called at 8:35 p.m., with the following members present: Boss, Freedman, Lieberman, Martin and Smith.

Minutes of the meeting of July 6th were read and approved.

It was moved by Freedman, supported by Smith, that the results of the Election be accepted and that Robert G. Lieberman and Dr. Robert G. Martin be declared elected to the office of Member of the Board of Education, full term ending in 1962. Carried: 5-0.

This being the reorganizational meeting, first order of business was the election of officers:

Nominations for President — Gordon L. Freedman by Boss —Robert G. Lieberman by Freedman

It was moved by Smith, supported by Martin, that the nominations be closed. Carried: 5-0. The results were announced as follows:

Gordon L. Freedman — 2 votes
Robert G. Lieberman — 3 votes

Robert G. Lieberman was thereupon declared elected to the office of President of the Board for the year 1959-1960.

Nominations for Vice-President — Gordon L. Freedman by Martin. —Albert H. Smith by Freedman.

It was moved by Smith, supported by Freedman, that the nominations be closed. Carried: 5-0. The results were announced as follows:

Gordon L. Freedman — 4 votes
Albert H. Smith — 1 vote

Gordon L. Freedman was thereupon declared elected to the office of Vice-President of the Board for 1959-60.

Nominations for Secretary — Albert H. Smith by Freedman.

It was moved by Martin, supported by Freedman, that the nominations be closed and an unanimous ballot cast for the re-election of Mr. Smith as Secretary for the coming year. Carried: 4-0.

Nominations for Treasurer — Dr. Robert G. Martin by Freedman.

It was moved by Smith, supported by Boss, that the nominations be closed and an unanimous ballot be cast for the election of Dr. Martin as Treasurer for the year 1959-1960. Carried: 4-0.

It was moved by Freedman, supported by Martin, that the Charlevoix State Savings Bank be designated as depository of the General Operating funds for the year 1959-1960. Motion carried: 5-0.

Moved by Smith, supported by Freedman, that the Treasurer's Bond be set at $2,000.00 for the year 1959-60. Carried: 5-0.

Moved by Martin, supported by Freedman, that members of the Election Board be paid $1.00 an hour for the 11 hours worked. Motion carried: 5-0.

Mr. Bennett was requested to call a meeting of the Board in two weeks for a final study of the working plans for the new high school building and to plan the advertising for bids.

In a study of bleacher plans for the football field, the Board was notified that representatives of the U. S. Standard Steel Co. of Three Rivers would be present the next day to present specific details for consideration.

The meeting was adjourned at 9:15 and the Board convened as a Committee of the Whole to study details and plans for the Science Rooms for the new high school.

Winter rains, muddy barnyards and pastures can mean "foot rot" for cows. Organisms causing foot rot in cattle live best in wet, muddy areas. Infection often gets its start from foot and hoof injuries caused by wire, stones or rough spots around the farm. The elimination of these hazards as well as excessively wet area are two ways to prevent the disease.

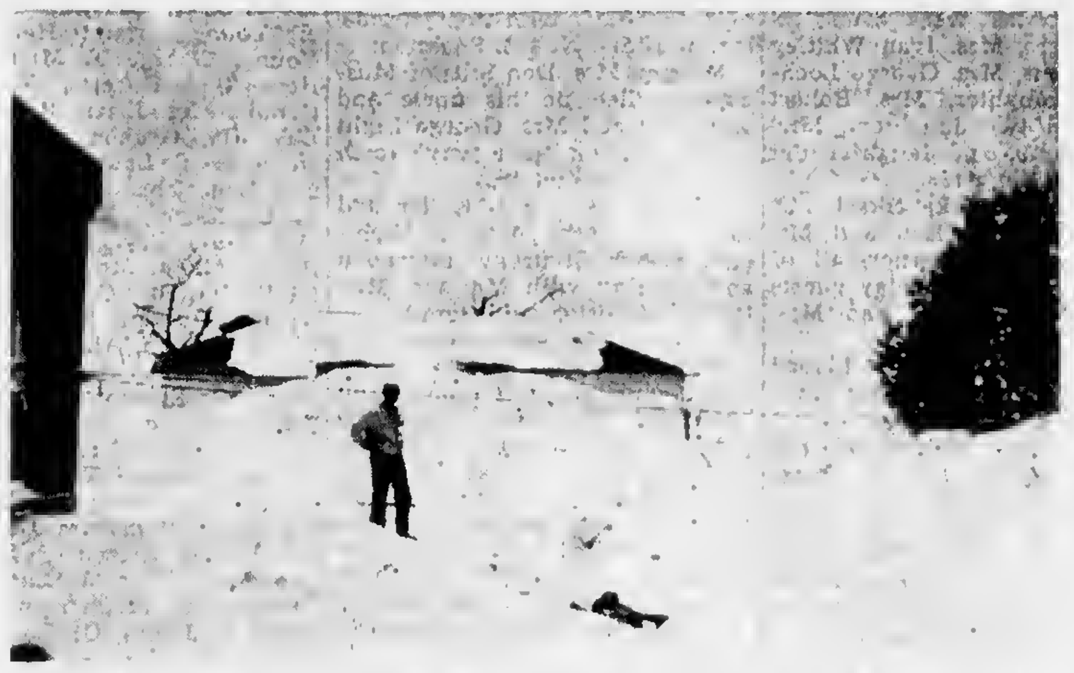
Fish Hatchery? In March, Of Course



Those who liked to frolic in snow had the time of their life last winter in Charlevoix. John Wege, superintendent of the U. S. Fish Hatchery, may have had a different idea after trying to keep paths open between the buildings.

Others had an eye for the beauty of the huge white drifts and Bob Miles had a photographer's holiday. A collection of his interesting scenes are now on display in the window at the Charlevoix Abstract & Engineering Co.

Visit . . .
Historic Beaver Island

For an ever to be remembered cruises to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

Golfers To Honor Walt Henley For Eight Years Service, Sunday

Sundav will be Walt Henley Day at the municipal golf course where he is greens-keeper, according to Keith Carey, manager of the course.

The special day is being held in recognition of his fine work at the course during the past eight seasons.

In observance of the occasion there will be best-ball tournament at the course Sunday with the men playing 18 holes and the women nine holes. Players will choose their own partners, make up their own foursomes and play some time during the day. Players will be handicapped.

All season ticket holders will be asked to pay their greens fees Sunday. Those who will be unable to play Sunday are asked to stop by the club house during the week, pay their fees and sign a card to be presented to Mr. Henley along with a gift from the golfers who play regularly at the course.

During the week Bob Wallace defeated Lyle Ance 4-2 and Quint Walker downed Bob Anderson in 20 holes to advance to the quarterfinals in the Frank Poole trophy tourney. In the only other match of the week Bob Withers assured himself of a berth in the semi-finals by defeating Keith Miles 3-2.

Highlight of the week in the city championship tournament now in its early stages was the dumping of last year's winner, Bob Wallace, by Al Bennett 4-3 in the first round of play in the championship flight.

John Swanson, first flight winner last season, has advanced to the semi-final after defeating Dwight Smith 5-4 in the quarter finals.

Al Bergmann will meet Fritz Puffpaff and Tip Riley will take on the winner of the Bob Pearl-Deano Davenport match this week in the second flight.

In the senior flight Buck Ditlefsen defeated Pat Hawley in 21 holes. He will meet the winner of the Archie Livingston-Dallas Henry match for the title in the senior flight.

In the women's tournament which attracted 54 players Mrs. William Supernaw will meet the winner of the Mrs. John Swanson- Mrs. Lyle Miles match for the championship flight title this week.

Mrs. Robert Livingston will take on Mrs. Lyle King for the first flight title; Mrs. Mark White will meet the winner of the Mrs. Robert Pearl-Mrs. Robert Withers match for the second flight title and the winner of the Mrs. Jesse Penn - Mrs. Puffpaff match will meet the winner of the Mrs. Robert Miller - Mrs. James Coleman match for the third flight title.

Order New Bleachers For Athletic Field

Purchase of new steel bleachers for Kipke athletic field was approved at the July 27 meeting of the Charlevoix board of education, Supt. R. G. Bennett has announced.

The new bleachers, manufactured by the Standard Steel and Supply Co., of Three Rivers, will provide 10 rows of seats, 120 feet long.

They will be permanently located on the east side of the field in close proximity to the parking lot which is to be south of the gymnasium to be constructed as part of the new high school.

Home fans will occupy these bleachers at future games.

The first row of seats will start four feet above ground level along a walkway with stair approaches at each end. Seat dimension (back to back) have been extended two inches over standard to provide more comfort. Risers will be 10½ inches to afford ample viewing over the heads of occupants in the rows ahead. Two aisles are included in the specifications.

Construction will be started as soon as the fabricated materials arrive. It is planned to have the bleachers ready for the opening of the football season.

The seating capacity of the stand is approximately 855 It is designed to support a live load of 120 pounds per linear foot on foot and seat plank, and to stand a side sway of 24 pounds per linear foot. Three steel rails mounted on heavy all-steel brackets surround the entire stand.

* * *

THE PRESENT portable bleachers are considered a dangerous accident risk because they do not meet minimum safety standards required by insurance companies. Some sections of the portable stands may be put in a satisfactory state of repair for future use.

The price of the new stand is said to be $5,925 The cost will be spread over a three year period, Mr. Bennett stated.

He also noted that the athletic program had been self-supporting during the time he has been connected with the school.

Music Students Finish Summer Training Course

The annual summer instrumental music program sponsored by the Charlevoix board of education closed this week according to C. A. Odmark, high school music director who is in charge of the program.

In session since June 24, the program attracted a record enrollment of 110 students this summer.

Dwight Smith, a graduate of Charlevoix high school and Central Michigan University with a degree in music education, assisted Mr. Odmark in the program.

Weekly lessons, either private or in small groups, were given in order to enable the student to solve the technical problems associated with his chosen instrument.

The summer program is an integral part of the overall instrumental music program offered by the Charlevoix schools. While designed for the younger student, particularly in the sixth, seventh and eighth grades, several members of the senior band were enrolled this summer.

T. E. Malpass of East Jordan Is Fatally Injured

Theodore E. Malpass, 55, president of the East Jordan Iron Works and a veteran member of the Charlevoix hospital board of trustees, died Friday evening at the Charlevoix hospital as the result of injuries received in an accident at East Jordan earlier in the day.

Mr. Malpass was critically injured when he was crushed by a beam which fell on him when he accidently tripped the lever of an hydraulic lift he was operating. The accident occurred at the home of Ed Burrows, an East Jordan teacher whom he was assisting in the building of a garage.

Funeral services were held Monday at the East Jordan Presbyterian church. Burial was in Sunset Hill cemetery.

A native of East Jordan, he was a graduate of the East Jordan high school and the Ford Trade School. He continued to study tool making and engineering in plants in Detroit, South Bend and Cadillac before returning to East Jordan in 1940.

He was active in civic and church affairs in East Jordan and Detroit. He was a member and past president of the Rotary club a member of the Presbyterian church, the Masonic lodge and the board of trustees of the Charlevoix hospital.

Surviving are his wife, the former Phyllis Graves; three sons, Theodore E. and F. Bruce of East Jordan and Phillip of Kalamazoo; a daughter, Mrs. Jason (Mary Lou) Shinn of Crossville; 15 grandchildren; two brothers, Richard and Charles of East Jordan and five sisters, Mrs. Linus Palmer of Grandville, Mrs. L. R. Schultz of Bay City, Mrs. William Severence of Bellaire, Mrs. T. V. Galmore and Mrs. Albert Nesman of East Jordan.

Men to Organize Bowling League Teams Tuesday

Teams for the Charlevoix men's bowling league will be organized at a meeting Tuesday (7 p.m sharp) at Cellner's barber shop, Terry Rice, president of the organization has announced.

Sponsors and captains of teams and persons interested in bowling are invited to attend.

There were 12 teams in the league last year. They bowled at East Jordan Tuesday evenings. Officers of the organization, elected at the close of the season last year, are: Mr. Rice, president; Lyle Miles, vice president; Bob Ferguson, secretary; and Tip Riley, treasurer.

● Mr. and Mrs. Raymond Kemper of Silver Springs, Md., are visiting their cousin, Miss F L. Edson.

New Bleachers to Be Erected at Kipke Field

Manufacturer's photo of a permanent steel bleacher similar to the one to be constructed at Kipke field prior to the beginning of the football season. The stand, to be constructed on the east side of the field for home spectators, will seat approximately 855 persons.

Heavy Schedule Booked for August Term of Court

The annual August term of circuit court for Charlevoix county is scheduled to open here Monday with Judge Charles L. Brown presiding.

Among the criminal cases on the calendar, one of the busiest in recent months, are: Henry Nessen sr., 78, of Boyne City, charged with indecent exposure; Jesse Lawton, 58, of Ellsworth, indecent liberties; John Imel, 34, of East Jordan, receiving assistance by fraud, and his wife, Marjorie, 32, aiding and counseling one to receive assistance by fraud; Donald W. Davison, 20, of Boyne City, larceny from an automobile and two charges of breaking and entering in the nighttime; Robert Waffle, 23, assault with intent to do great bodily harm less than the crime of murder; Charles F. Decker, 21, of East Jordan, breaking and entering in the nighttime; Charles P. Gallagher, 76, of St. James, indecent liberties; Harold J. Baxter, 49, of Grand Rapids, obtaining narcotics by false name and identty.

In addition there are 19 law cases and 15 chancery cases including eight divorces.

The opening session Monday morning will be confined to sentences and arraignments; Monday afternoon and Tuesday, pretrial conferences and the remaining days of the two weeks to other hearings and trials.

County Chapter To Stage Drive For Polio Fund

A county-wide polio emergency has been declared by Mrs. Walter Davis of East Jordan, chairman of the Charlevoix county Chapter of the National Foundation.

According to Mrs. Davis, the chapter's funds are critically low because of the number of severely handicapped polio sufferers who require assistance in the long struggle back to health. Unless additional funds are forthcoming polio patients in Charlevoix county may be stranded without hospitalization, physical therapy and equipment vital to their recovery.

For this reason an emergency March of Dimes appeal is being made Friday and Saturday. Residents and visitors are asked to respond generously to the sale of litter bags by the youth of the county.

For those who may wish to deposit their contributions directly, each of the county's banks will accept money for the county chapter. All funds collected will be used in the county to assist in the eradication of polio and the rehabilitation of those who have been stricken by it.

In Charlevoix more than 30 girls representing youth groups from local churches will offer litter bags for sale on Friday and Saturday. Mrs. R. G. Martin and Mrs. Arnold Wadas are co-chairmen of the drive to raise funds for the Charlevoix county chapter.

New Weathervane Lodge to Open 20 Units Tuesday

Twenty units of the new Weathervane Lodge will be fully completed and ready to accommodate guests next Tuesday, Ralph Gillam, manager announced Wednesday. Other units will be opened as soon as they are completed.

The units to be opened are complete in every detail, including television and telephone service through th central office switch board. Satisfactory arrangements have been made with guests who had reservations for the anticipated opening date of August 15.

Walter L. Burke, Island Resident Died Thursday

St. James, B. I. — Walter L. Burke, 48, lifelong resident of Beaver Island, died Thursday at at the home of his isster, Mrs. William Schmidt.

Funeral services were held Saturday at Holy Cross church with the Rev. Louis Wren OFM (Conv.) officiating. Burial was in Holy Cross cemetery.

Born on Beaver Island Sept. 22, 1910, he had spent his entire life here except for a year in Chicago. He was a member of Holy Cross church.

Besides his sister, Mrs. Schmidt, with whom he made his home, he is survived by two other sisters, Mrs. John Martin of Holly and Mrs. Lloyd Howard of Mount Orab, Ohio and four brothers, Patrick of Chicago, Francis of Battle Creek, Edward and Donald of St. James.

Island Friends Return for Annual Homecoming Event

St. James, B. I. — Former island residents and island friends gathered here over the past week end to make the fifty-ninth annual homecoming one of the most successful in recent years.

The entire weekend was proclaimed a huge success by visitors and residents alike.

The dinner at the parish hall was attended by vacationers, residents and those who came to the island for only the days.

This was followed by a full program of events planned for the entertainment of young and old alike. The parade, which attracted 18 floats, wended its way down the King's Highway which forms the business district.

* * *

THE BEAVER lodge entry, a large book surrounded by evergreens, won first prize; the Holy Cross church float, following a religious theme, placed second; Lloyd McDonough's entry, a beautifully decorated old car and an Irish colleen won third place.

The ball at the parish hall Sunday night with music by the Don Garthe trio of Traverse City climaxed the homecoming weekend, the highlight of the summer season on the island.

School Census In Charlevoix County On Gain

The 1959 school census for Charlevoix county reveals consistent population growth in the county according to Charles A. Robinson, Charlevoix county superintendent of schools in whose office the census is being tabulated.

Only two school districts, Hayes No. 5 Fractional (Bay Shore) and Beaver Island, record significant losses in the 5 to 19 age group.

The Charlevoix school district has increased from 1134 in 1957 to 1139 in 1959 in the 5 to 19 group. Its pre-school children number 396.

Boyne City has experienced the greatest growth with the number of children in the 5 to 19 group increasing to 1212, 1242 and 1276 from 1957 to 1959, respectively. The number of pre-school children has climbed from 348 to 373 during the same period.

East Jordan's school population has decreased from 1065 in 1957 to 1053 in 1958 and 1959. Its pre-school group has varied from 318 in 1957, 337 in 1958 and 331 in 1959.

Melrose's 5 to 19 age group has remained at 210 for the past three years; however, the 1 to 4 age group has increased from 73 in 1957 to 80 in 1958 and 90 in 1959.

Other school districts have shown only slight increases during the past three years.

Ellsworth Club to Sponsor African Travel Pictures

Ellsworth — A travel film offering wholesome educational entertainment and packed with colorful adventure will be presented the evening of Aug. 22 at the high school auditorium.

"Bwana M'Bogo," a color film brings to the audience a deep and lasting impression of the Dark Continent. The film will be narrated by Howard L. Cree, who with his traveling companions photographed their adventures on a 50,000 mile tour of Africa which included a big game hunting expedition.

Some of the highlight shots include snow-capped Mt. Kilomanjaro, on the equator, the beautiful rigt valley, semi-desert country with its nomadic tribesmen, fearless Massai lion hunters, Pigmy tribes in the Belgian Congo, the Sultan of Zanzibar with his royal party, and giant herds of African elephants.

The program is sponsored by the Ellsworth Lions club to help finance their various welfare projects.

Mrs. Petter to Write Ellsworth News

Ellsworth news will again appear in the Courier. Beginning next week Mrs. Ed Petter has been appointed correspondent for the Ellsworth area.

She will appreciate your co-operation in keeping her advised of personal and community happenings. Her reports will be mailed each Monday noon. Please have your news stories to her before that time.

Community Chest Sets Budget at $10,323

The Charlevoix Community Chest board of directors adopted a budget of $10,323.06 following the annual Budget and Admissions meeting Wednesday night, Hal M. Hill, chairman of the board, has announced.

The budget is $275 more than the 1958 budget of $10,148.06. The 1959 fund campaign goal, however, will be $9,823.06 or $173 less than the 1958 goal of $9,996.06.

It was possible to cut the goal, Mr. Hill explained, when $500 from funds on hand were applied to this year's goal.

* * *

ALL REQUESTS from participating agencies, including one new agency, the Mt. McSauba club, were honored as submitted with the exception of the Michigan United Fund request which showed an increase of $48.00 and the Charlevoix hospital whose request was $51.13 more than last year's. All other requests were the same as last year. For this reason it was decided to leave the Michigan United Fund and Charlevoix hospital requests the same as they received in 1958.

However, should the fund drive go over the top the extra funds will be pro rated for these two agencies, Mr. Hill said.

One new agency, the Mt. McSauba Ski club, was admitted this year. Its request was for $400 to be used to underwrite the cost of ski tickets for youngsters who want to ski but who do not have the equipment or funds for use of club facilities. Lee Moerland who appeared at the meeting in behalf of the club, said there were many youngsters who wanted to ski and who would come to the slope with any kind of equipment they could get together. He added that it was impossible to deny those children the use of the facilities. It was the feeling of the ski club that it was better to have these children at the slope rather than on the streets so the club had decided to ask for funds, through Community Chest, to help underwrite the cost of allowing these children to ski.

* * *

ANOTHER AGENCY, the Charlevoix Service Organization, cut its request in half, asking for only $225 this year as compared with $450 last year. The organization underwrites the cost of sending the Charlevoix Courier to all Charlevoix's servicemen and women. It was possible to cut the budget because the number of men and women in the service is presently at a new low for Charlevoix.

Other agencies and the amounts of their requests follow: Michigan United Fund, $1,452.00 or $48 less than its request of $1,500; Charlevoix hospital, $1,-

Plans Progress For Dedication Of Courthouse

Plans for the formal dedication of the new Charlevoix county building located in Charlevoix are being formulated by a committee headed by Clarence F. Rabach of Charlevoix, representing the Charlevoix county board of supervisors.

The dedication has been scheduled for Sunday, Aug. 30, and will feature a brief dedication ceremony on the front steps of the new building at 2 p.m. An open house will follow from 3 to 6 p m.

* * *

JUDGE CHARLES L. Brown will deliver the dedication address to which city, township, village and county officials will be invited. Invitations will also be extended to state officials and to officials in other northern Michigan counties

The $259.249 county building has been occupied for some time but only recently was accepted by the board of supervisors.

Assisting Mr. Rabach in the planning of the dedication is a committee composed of Lewis S. Davis of Boyne City, Robert J. Barnett of East Jordan, Charles A .Robinson of Bay Township, Russell L. Curtis, chairman of the board of supervisors, and Fenton R. Bulow, county clerk.

Funeral Services Held Monday for Mrs. Carl F. Korth

Funeral services for Mrs. Carl F. Korth, 60, who drowned in Lake Charlevoix Thursday night, were held at the Winchester funeral home Monday with the Rev. Raymond Essig of Petoskey officiating. Burial was in Brookside cemetery.

The body was recovered from Lake Charlevoix near the Belvedere club at 12:15 p.m. Friday, three hours after she had been reported missing by her husband who had discovered her disappearance when he returned home from his night job at the Belvedere club. Death was self-inflicted by drowning according to Dr. Robert G. Martin, coroner. She had been despondent because of ill health.

Born at Clarkfield, Minn., Dec. 4, 1897, the former Josephine Amanda Jacobson was married to Mr. Korth at Minneapolis, Minn., in 1927. They had lived there and in other Minnesota cities before coming here in 1948 to make their home. She was a member of the Bethany Lutheran church and its Women's Guild, the Charlevoix Rod and Gun club Auxillary and the Women's Guild of the Charlevoix hospital.

Besides her husband she is survived by a brother, Henry Jacobson of Clarkfield, Minn.

Paintings to Be Unveiled Sunday At Presentation

The presentation of oil paintings of Washington and Lincoln will be held at 5 p.m. Sunday in the new Charlevoix county building under the sponsorship of the Charlevoix county board of supervisors.

At that time the paintings, done by Mrs. Earl A. Young and commissioned by the board of supervisors, will be unveiled at a brief ceremony in the courtroom of the new building.

Licenses Required Of Camp Operators

All persons operating day camps are advised that these camps must now be licensed.

Louis R. Hooper of the Children's Division of the Michigan Department of Social Welfare, in making this fact known, said that this was the second year that such camps have had to be licensed.

According to Mr. Hooper, a day camp is defined as any group activity giving care to school age children for any part of a day away from their own homes and apart from their parents, relatives or legal guardians, primarily during the summer months.

This rule applies regardless of how many children are involved in the program. Mr. Hooper said it could apply to one as well as to a large group of youngsters.

There is no fee involved in the licensing of the camp, he added.

Anyone desiring more information regarding the licensing of day camps is asked to call Mr. Hooper at LI 7-9131.

More Sleeping Pills

A bill to establish a Youth Conservation Corps of 50,000 young men between the ages of 16 and 21 has been given a favorable report by the Labor and Public Welfare committee of the Senate. It is expected to be considered soon by the Senate. Ultimate goal is to have 150,000 men in the corps at the end of three years.

Senator Pat McNamara states in a press release that the committee of which he is a member, believes the bill can help us in several major efforts. They all sound enticing but is it going to be worth a bigger tax take along with taking another step toward total socialism?

The senator points out it will take up the unemployment in the 16 to 19 year age group. Such unemployment might very well be taken up by private industry except for the fact that present labor legislation is so restrictive on this age group that they are not profitable employees in most cases. It is safe to say that the youth, as government employees, will perform many so-called hazardous tasks that are banned in the field of private industry.

It is argued the young men who now stand idle on our cities streets would be given an opportunity to do useful work. Could be, but they'll also be well indoctrinated into the philosophy that the government will take care of them.

That philosophy has been the ingredients of the sleeping pills fed to the public by so-called liberals for too many years now. How long before we all become victims of this lethargy may well determine when we shall all be serfs of the socialistic state.

It might be well to keep in mind that our forefathers fought for individual freedom and free enterprise. It's time to start throwing the sleeping pills down the drain, take a deep breath of good U. S. air and tell the socialistic liberals we are not ready to sacrifice free individual enterprise for a communistic state that will eventually dole out only the necessities of life.

Is Our Credit Good?

The above title headed an editorial in the Aug. 1 issue of the Michigan Investor. It presents in easy to understand language the serious financial situation in state and federal government. The editorial follows:

It seems unthinkable—even insulting—for a foreign country to question the credit of the United States. Yet President Eisenhower disclosed that 21 foreign governments have questioned "our ability to pay our bills and keep the dollar as sound as it needs to be."

What's worse, private American citizens are expressing the same kind of doubts. They are refusing to buy U. S. bonds—the government's promise to pay, with interest.

Why this doubt in the dollar? Because for 24 of the last 28 years the United States has spent more than its income. The government has piled up a debt of 283 billion dollars, and has helped produce inflation that cut the buying power of the dollar. As a result, people don't want to invest in long-term government bonds because they are afraid the money they get back won't buy as much as the money they put in.

Obviously the government wouldn't need to borrow if Congress didn't spend more money than the treasury takes in. If we didn't need to borrow, there would be no credit problem. So to solve the problem—or at least to keep it from getting worse—it is essential for us to keep Congress from spending more money than we give it to spend in taxes.

The situation isn't likely to improve until voters realize they aren't getting something for nothing from the government.

MICHIGAN'S Industrial Development and its year-around vacation lure has helped bring atomic power to the state.

The state got a look into the future late in July when Consumers Power Co. officials outlined their plans for construction of an atomic-powered generating plant on a 600-acre tract in Hayes Township, three miles northeast of Charlevoix.

It made a good show.

And the utility says it likes what it sees in Michigan's future.

* * *

"WE LOOK FORWARD to the future with great confidence," said James H. Campbell, senior vice president of the utility. "We believe that Michigan will continue to be an industrial leader and that its population will continue to grow and prosper."

Campbell said the utility thinks "that prudent foresightedness requires that we engage in the development of atomic-powered electric generating plants in order to meet the challenge in the future as Michigan continues to grow industrially and otherwise."

* * *

NORTHERN Michigan's future looks especially bright to Consumers.

"The kilowatt-hour consumption in the northern part of the Lower Peninsula has been growing at a faster rate than in any other area in the system," Campbell said. "Numerous small manufacturing companies have located in the area. The growth of this territory as a vacationland both summer and winter, is adding load in the territory."

Campbell cited the "improved economic condition of the area, and the impact of the Mackinac Bridge and the St. Lawrence Seaway.

Pioneering by another utility has helped pave the way for the Consumers project, at least in the mind of one key state official.

* * *

"I AM CONVINCED these things can be made safely," said State Insurance Commissioner Frank Blackford, a member of a special committee established to study atomic power in Michigan.

Blackford and other officials recently inspected the Detroit Edison A-Power plant near Monroe.

Consumers officials told the Public Service Commission they would incorporate "every possible safeguard to eliminate any known danger to the public, to our employes or to the equipment."

The utility thinks all of Michigan will ultimately benefit from the project, primarly because of the research that will be conducted.

* * *

"WE BELIEVE THAT the construction of a boiling water reactor at Big Rock Point will be a sound means of meeting the growth of electric demand in that part of the state," Consumers President Dan E. Karn said. "It will also be an important step toward our goal of producing electric energy at reasonable cost by means of nuclear fuel."

The Northern Michigan plan will use a boiling water type of reactor.

In this type of reactor, heat produced through nuclear fission converts water into steam. The steam then spins the blades of a conventional turbine-generator, producing electricity.

Consumers also participates in the Enrico Fermi atomic power plant project near Monroe, where Detroit Edison and other utility and industrial companies are working on a "fast breeder" reactor, which produces plutonium as a byproduct.

Campbell was asked by the Public Service Commission if the utility would seek an electric rate as a result of the development of the Northern Michigan plant.

"No," he said. "We have nothing of the sort in mind. This nuclear project alone will not give rise to an electric rate case."

* * *

THE CONSUMERS project makes Michigan somewhat of a proving ground.

"What we are endeavoring is to build an atomic plant of a comparatively known and tested design," said Consumers attorney Don T. McKone, "but with features added to further bring us along the road of the production of electric energy by nuclear fuels on a commercial basis."

The Michigan utility has gone through what McKone calls "almost a complete process of evolution from a hydro plant company to a steam generation company."

McKone told the Public Service Commission "we may well be on the verge of a similar transition from coal-fueled plants to nuclear-fueled plants."

* * *

THE MICHIGAN Legislature appeared this year to be on the verge of passing legislation to prepare for the atomic age. But two bills on atomic energy died in the Senate State Affairs Committee.

One, sponsored by Sen. Perry W. Greene (R-Grand Rapids). Another sponsored by Sens. Elmer R. Porter (R-Blissfield) and Lewis Christman (R-Ann Arbor), would establish a radiation standards safety board. It would prescribe rules and regulations on atomic energy activities and promote "safety and progress."

Much more is expected to be heard about atomic energy in the future in Michigan.

telephone lines

by LES JOHNSON, Manager

THE LABOR DAY WEEK END is almost here and so is a chance to get away for that final summer fling. It may be a bit crowded at hotels, motels and lodges so it's a good idea to think ahead and call ahead for reservations. It's so easy to do. And it can save you so much trouble, too—unless you enjoy riding around until late in the day to find a vacancy sign. So remember that resolution you made last summer and phone ahead now.

Hinsey-Capps Wedding Vows Spoken at Assembly of God Church Ceremony

The Assembly of God church was the scene recently of the wedding of Diane Spayde Hinsey and Budd Paul Capps of Fort Wayne, Ind.

The bride is the daughter of Dwight Hinsey of Fort Wayne and the late Mrs. Hinsey.

The Rev. T. B. Thodeson officiated at the double ring service before an altar decorated with arrangements of pink and white gladioli and lighted tapers on Saturday, August 1. Mrs. Richard Way sang "I Love You Truly" and "The Lord's Prayer," accompanied by the organist, Paul Louiselle, who also played the traditional wedding marches.

Given in marriage by her foster father, John Ryder, the bride chose a ballerina length gown of white nylon for her wedding. Fashioned with a fitted bodice short sleeves and a Sabrina neckline, the gown featured a bouffant skirt. A rhinestone band secured her fingertip veil. She carried a white Bible topped with an arrangement of pink and white sweetheart roses.

Patricia Colburn, as her only attendant, wore a light blue dotted swiss dress fashioned with a scoop neckline, short puffed sleeves, full skirt and white lace sash. She carried a bouquet of pink and white roses.

Robert Heighton assisted the bridegroom as best man. Ushers were Bud Ryder and Dale Drost.

Mrs. Ryder wore a blue print dress and matching accessories for her foster daughter's wedding. A reception followed at the Ryder home. Mrs. Richard Way, Mrs. Edgar Smith, Mrs. Flo Smith and Mrs. Arthur Knowles of Central Lake assisted.

Immediately following the ceremony the couple left to make their home at 2617 Anthony Blvd. Fort Wayne, Ind. For traveling the bride chose a light blue dress and white accessories.

Among the out of town guests were the bride's grandparents, Mr. and Mrs. George Spayde of Clearwater, Fla., Mrs. Knowles and Mrs. Flo Smith of Central Lake.

Betrothed

Mr. and Mrs. Alfred A. Gill have announced the engagement of their daughter, Mary Sue, to Robert D. Breidenstein.

The prospective bridegroom is the son of Mr. and Mrs. Bernard Breidenstein of Boyne City.

The bride-elect is a graduate of the Charlevoix high school and attended Central Michigan University and Northwestern Michigan College. She is presently employed at the Consumer Power Co. office at Boyne City. Mr. Breidenstein is a graduate of the Boyne City high school and is employed in Boyne City.

Christmas Tree Growers to Meet

Charlevoix county Christmas tree growers are invited to attend the Michigan Christmas Tree Growers Association annual meeting Aug. 14-15 at Indian River, according to Ed Rebman, County Agricultural Agent.

Nearly 13,000 Michigan folks are raising Christmas Trees this year. A number of these people are located in Charlevoix County and in other northern Michigan counties.

The convention will open at the Indian River school on the corner of M-68 and US-27 on Friday afternoon, August 14. Growers can see the latest harvesting and planting equipment on the Yax Plantation near Wolverine. Late Friday, the members will discuss problems of marketing, taxation, and insect control.

On Saturday morning, the growers will see demonstration on pruning and chemical weed and brush control. The evening's closing program will consider ways to provide more and better trees at lower costs.

Dear Sir:

Last winter or early this spring you printed an Editorial written by a Justin McCauley about what would happen when the St. Lawrence Seaway opened and the accidents that would happen because of foreign ships and officers on these ships who do not know the Great Lakes rules of navigation.

I can see now how true this article was. If at all possible I would like to get a copy of the article to send to a cousin of mine who is a mate on one of the Great Lakes Oil Tankers. He and I are cousins of Justin McCauley who wrote the article also. A short time ago I was talking to him and I told him about it. He expressed great interest and said it is a mess on the lakes now as many of the foreign boats don't even follow the universal rules of navigation. I would appreciate a copy of that paper so I can send it to him.

Thank you,
Perry Gatliff

Four Generations to Gather for Reunion

Four generations are expected to be represented at the forthcoming reunion of the descendents of the late Dr. Charles Hazeltine. The four-day event will open the evening of Aug. 27 with a gathering of the families for a supper at the Douglas cottages, Oyster Bay.

A round of activities for the remainder of the week have been planned by the Chairman, Ralph Ellis of Grand Rapids and the Chicago club, assisted by Miss Mahala Burck of Oyster Bay.

Scheduled for Friday are golf competition, swimming, sailing, water skiing, tennis and country tours. Saturday will be a picnic of the "Clan" as it is referred to by the families. The president's cocktail party and dinner at the Chicago Club will conclude the days activities.

A canoe trip on the Jordan river is planned for Sunday with lunch enroute. Farewells will follow a hymn sing at the Chicago Club Sunday evening.

Registrations for the reunion have been received from Mr. and Mrs. Carl Montelgas and three children of Grand Haven, Mr. and Mrs. William Symmers and four children of Greenwich, Conn., Mr. and Mrs. Ralph Ellis and three children of Grand Rapids, Mrs. Gregory Williamson of Princeton, N. J., and Mr. and Mrs. Bruce Dixon and family of Oyster Bay. Other members of the "Clan" are expected.

Dr. Hazeltine was one of the early residents of the Chicago Club. He came to Grand Rapids from Jamestown, N. Y., in 1868 and was one of the founders of the Hazeltine-Perkins Drug Co. During the McKinley administration he served as U. S. counsel in Italy.

He was enticed to Charlevoix in the 1880's by Mr. Uhl, who at that time was promotion Charlevoix as a summer vacation spot. Descendants of Dr. Hazeltine purchased land on Oyster Bay and built summer cabins in 1918. Since that time the Douglas cabins and the Chicago Club have been the summer retreat of the Dr. Hazeltine "Clan."

Mrs. Calvin Metz Is Guest of Honor At Baby Shower

Mrs. Calvin Metz and her recently adopted son, Calvin Duane, were honored at a baby shower given Thursday evening at the Fellowship hall of the Community Church of God by Mrs. Minert Veenstra, Mrs. Joseph Dvoracek and Mrs. Harrison Elzinga.

More than 25 guests gathered for a social hour and refreshments served at a table centered with a stork surrounded by miniature bouquets of seasonal flowers. Mrs. Metz and her son were presented with a variety of lovely gifts.

Janis Arbuckle Is Guest of Honor At Bridal Shower

A weiner and marshmallow roast Monday evening was the front for a surprise miscellaneous bridal shower for Miss Janis I. Arbuckle whose marriage to H. Dale Glass will be an event of Aug. 15.

A treasure hunt among the trees and shrubery uncovered many approporiate gifts for the guest of honor.

Guests were Mrs. Marion Arbuckle, Kathy Arbuckle, Mrs. Norman Bartlett, Miss Sandra Gregory, Miss Susan Miller, Miss Bennie Kipke and Miss Mary Mosier. Hostesses were Mrs. Jack Mol and Mrs. Deano Davenport

Sundew Reports

After about three weeks in the shipyard at Sturgeon Bay, Wis., the ship returned to Charlevoix, mooring at the buoy depot at 5:30 a.m. Saturday.

While in the yards new floor tile was put down in the wardroom, bridge, chief's mess and first class quarters. The small boats were scrapped and painted. The boom was tested as well as the forward and after winches. New radio antennas were also installed. There were numerous other small jobs completed.

Off duty time was spent in playing baseball and golf. Several other Coast Guard ships were in the yard and provided opposition for the baseball team.

One of the biggest events was the birth of four pups. Dewie is the ever proud mama. One pup has died but the remaining three are doing well after three weeks. Only the crew can handle the pups as the jealous mother 'yips' at all strangers.

SUNDEW SCUTTLEBUTT . . .

Bob Hoving, SN, was transferred to the Cutter Brier in Brunswick, Ga. Dick Selissen, CS2, was discharged and returned to civilian life. New arrivals are Frank Casper, SA, from the cutter Yeaton in New London, Conn. He is from Chicago. Ralph Alorough, SA, whose home is in Sault Ste. Marie, comes to us from boot camp; Mike Hoganson, SN, arrived from the Cutter Brier. He resides in Calumet, Michigan We hope these men enjoy their new duties.

IT HAPPENED ON . . . .
BEAVER ISLAND

By JOY GREEN

Many a warm handshake between relatives and acquaintances was made this past Homecoming Weekend. For some it was months, for others it was years. But once the sand of the Beavers gets in your shoes, it always brings you back.

Thirty-two years saw the return of Alexander McCauley of Chicago and his wife, and Clementine McCauley, his sister, of Detroit.

Mr. and Mrs. Delbert Belfy and family of Detroit are visiting with his parents, Mr. and Mrs. William Belfy

Here to spend a three week vacation is Dan and Owen Boyle of Chicago.

Captain and Mrs. Forrest Pratt have come to spend the remainder of the summer at their home here. The Captain has retired from The Pittsburgh Steamship Co. He and his wife plan to summer here and winter in Florida.

Here from Chicago for vacations are: Francis O'Donnell, who is visiting his sister, Mrs. Jewell Gillespie; Roland and Jack Cull sons of Mr. and Mrs. Mike Cull, Rosemary McDonough daughter of Mr. and Mrs. Bert McDonough; and Bernard McCafferty, who has joined his family who have vacationed here the past three weeks.

Those here for the weekend from Chicago included Gene Connaghan, Larry Cull and Art Ryan.

The Old Mormon Print Shop was officially opened as a museum Saturday, August 8th. On display are many articles of historical interest given or loaned to the society.

Among those who attended the funeral of Walter Burke were Robert Burke of Detroit, Ada Martin here from Holly, Florence Cross of Ludington, Hanna and Francis Buss. Mr. and Mrs. Pat Burke of Chicago and Don Burke

Mr. and Mrs. Pete Rennie of Traverse City spent the weekend here.

Mr. and Mrs. Anthony Greene and sons of Ludington visited his mother, Mrs Mary Greene. Also at the Greene home is a daughter and family, Mr. and Mrs. Edward R. [illegible] of Chicago.

Mayor and Mrs. Joe Grossel of Harper Woods are vacationing for a month at Sand Bay.

Mrs. Ida Lee Jones of Charlevoix spent the weekend visiting her [illegible] and family, Mrs Kate [illegible]

The John Peternards of Chicago are here for a week. Mrs Peternard is the former Sadie Gallagher.

Mr. and Mrs. Tom Allen visited over the weekend with his parents. Mr. and Mrs Henry Allen. Also here to vacation at the Allen home is a daughter. Julia.

The weekend was a gathering of the Clan for the L. J. Malloys. Here from Chicago was Mr. and Mrs. Art Ryan and two children, Mr. and Mrs. Lawrence Malloy, Jr., and daughter, and Mr and Mrs. Francis Brown and five of their eight children.

Dan Greene and family of Chicago are visiting his sister and father, Mrs. Lillian Gallagher and John W. Greene.

Mr. and Mrs. Roland Rousseau are vacationing at their summer home. Mrs. Rousseau is the former Grace Bonner.

Bob and Rose Bonner of Detroit are spending their vacation with his parents. Mr. and Mrs. Pat Bonner

The George Ricksgers of Chicago are here for a week. They have been joined by his son, Alfred and family of Pontiac.

Mr and Mrs. Harold Ricksgers and son of Grand Rapids are vacationing here.

Ritchie and Janet O'Donnell are visiting their parents, Mr. and Mrs. Frank O'Donnell and Mrs. James W. Gallagher. Another son Ronald is also visiting at the Frank O'Donnell home.

The George Woods of Allendale are spending their vacation with her parents Mr. and Mrs. Frank Neer.

Frances and Anna Marie Ricksgers and family of Detroit spent the weekend with their parents, Mr. and Mrs. Joe Sendenburgh and Mr. William Ricksgers.

At
Municipal Golf Course

Walter Henley, greenskeeper at the Charlevoix municipal golf course, was honored by the regular golfers at the cottage Sunday, according to Keith Carey, club manager, who said that more than 80 players, many of them season ticket holders who paid greens fees which were used to purchase a gift for the veteran employee, turned out for the special events.

In the special best two-ball tourney which was held during the day, Mrs. Lyle Ance and Mrs. Grover Geneit, playing as a twosome, tied with Mrs. Alvin Bennett and Mrs. Robert Livingston in the nine hole meet held for the women.

Winners of the 18-hole best two ball tournament for men were Fritz Puffpaft and Al Bergmann.

In play during the week Perry Smith defeated Bill Supernaw 2-up and Puffpaff defeated Del Terrill 2-1 to win berths in the semi-finals of the Frank Poole trophy tournament.

In the city championship tournament Alvin Bennett defeated Joe Etienne 1-up; Bob Livingston won over Chum White 2-up and Bill Supernaw defeated Bruce Henley 2-1 to advance to the quarter finals in the championship flight. Bennett will meet Livingston and Supernaw will take on the winner of the Keith Miles-Lyle Miles-Bill Lusk matches.

In the first flight Grover Geneit defeated Bob Anderson 6-5 and then went on to defeat John Swanson in 20 holes to win a place in the playoff. In the first round of play in this flight Dick VanRaaphorst defeated Don Meggisoa 3-2

In second flight play Puffpaff defeated Al Bergmann 4-3 to advance to the finals while Tip Riley took Bob Pearl 2-1 to go into the finals.

Dal Henry wrapped up the senior flight title by edging Buck Detlefsen 2-1 in the finals. Earlier he had defeated Archie Livingston 6-4 in the semi-finals.

In the women's tournament Mrs. William Supernaw was scheduled to meet Mrs. John Swanson in the finals for the championship flight title and Mrs. Lyle King and Mrs. Robert Livingston were to meet for the first flight title Wednesday.

Charlevoix Public Schools
MINUTES OF SCHOOL BOARD MEETING

July 27, 1959

Present: Lieberman, Smith, Boss, Martin, Bennett, Supt.
Absent: Freedman.

The meeting was called to order at 8:15 p.m.

Minutes of a special meeting held July 13, and those of the Annual Business meeting on the same date, were read and approved.

It was moved by Martin and supported by Smith that bills in the amount of $352.06 be approved and ordered paid. Carried: 4-0.

Repairs and maintenance were discussed, with particular notice of the stone gateposts at Kipke Field and the painting and varnishing of the window sashes in the Elementary School.

It was moved by Martin, and supported by Boss, that a resolution be adopted requesting permission of the Municipal Finance Commission to borrow $9,800 in anticipation of the collection of next year's taxes, notes to be dated August 15, 1959 and to be due March 1, 1960. Motion carried and resolution adopted: 4-0.

Proposals from several companies for steel bleachers at Kipke Field were carefully studied. Motion was made by Martin, supported by Boss, that the proposal of the Standard Steel & Supply Co. of Three Rivers, for 120 ft. overall — 10 row permanent type bleachers, with two aisles having entrance steps at aisle locations and a walkway with rails, be accepted at the proposed price of $5,925. Motion carried: 4-0.

The meeting adjourned at 9:10 p.m., to reconvene as a committee to meet with the architects on final plans for the new high school.

Tennessee Writer Found Charlevoix Most Picturesque

Earlier this summer a story about Charlevoix appeared in a Nashville, Tenn., newspaper.

It goes back to several summers ago when a Mr. Roark, columnist for the Nashville newspaper, visited Charlevoix while on a tour of Michigan and wrote about the trip.

The following clipping passed on to the Charlevoix Courier by Mrs. Gerald Burke who saw it when she was visiting in the south, was written in answer to an inquiry addressed to Mr. Roark as follows: "You once wrote of a vacation in Northern Michigan and you mentioned one place as the most beautiful to which you had ever been. Could you tell me the name?"

Mr. Roark answered his question as follows: "I don't recall that I said any town up there was the most beautiful I had ever seen. Maybe you had a lake mixed up with a town. Torch Lake is undoubtedly one of the most beautiful in the world. The setting is magnificent but it is the blueness of the water that is so extraordinarily pretty. It is so blue it is almost unbelievable.

"Now for the most picturesque place we saw on that trip . . . my vote would go to Charlevoix. It is a regular little postcard city, sitting on an isthmus, with Lake Michigan on the west and Lake Charlevoix on the east — and the two almost meet at the main street of the town.

"It's a clean, attractive resort, with the beauty of lakes, flowers and trees, summer homes and gardens at every turn. They even have flowers growing and blooming all season in baskets suspended from the lamp posts on main street. Charlevoix always seems dressed up and ready for a celebration."

Historic Beaver Island

For an ever to be remembered cruises to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

The New Motorship 'Emerald Isle'
offers the most popular cruise on Northern Lake Michigan and a visit to America's Emerald Isle.

News Round-up at Camp Charlevoix

Monday of the sixth week was a dark and dismal day, so all cabins stayed in camp and the activities were very busy, boys interested in passing certain tests to earn "stars" in that activity.

Tuesday morning early found the Mackinaw Island boys ready to leave camp for a day on the Island. This is the trip that is given to the first fifty boys enrolled each year. From all reports they had a great time seeing the many historic places on the island, and came home tired but very happy. Camp Flying Eagle was here as our opponents at a softball game which we lost, but it was good competition and both teams played some very nice ball.

Wednesday morning saw the three day horse trip leave camp, and it was quite a sight to see forty boys on horseback, plus the cowboys, and the large haywagon being pulled by the huge team. The lucky boys on this trip were: Ron Kirk, Tom Kennedy, Neil Funk, Pete Fairman, Butch Allendorff, Dean MacVicar, Robby Plisken, Jimmy Blackburn, Russell Washburn, John Coakley, Carl Baum, John DuPree, Ricky Tomkinson, Fred Appel, John Appel, Paul Irish, Dick Flynn, Alan Lathrop, Don Strutz, Pete Rousseau, Dick Moon, Hank Holste, Roger Witherill, Billy Speed, Bob Royer, Bruce Laing, Tom Coolman, Bill Allendorff, Mark Quimet, Mike Plisken, Joe Reed, Pat Haggerty, Randy Hoffman, Freddy Myers, John Haury, Don Law, Russell Gilmore, Art Brown, John Anderson, Bob Million and Billy Kunst. It is reported that many cars stopped on the highway to see the sight and many pictures were taken of the group. The cowboys on the trip were Don Halbesein, J. R. Bailey, Tom Guy, Chris Klie, Terry Borden, assisted by two counsellors, Dick Tompson and Mike Bazany. The group was made up of ten Juniors, nineteen Intermediates and twelve Seniors, so even our little "guys" were given this long horse trip. In the evening, a "Capture the Camper" was held and the counsellors had a hard time finding the boys who hid all over the property.

Thursday was a regular day at camp with activities bumming right along.

On Friday Dick Wendt took his boys to the Charlevoix beach as did Kent Gibbs.

The day of days finally arrived for the campers from Cabin 15 and up. Camp Chippewa Trail, a girls' camp, was arriving for a dinner dance in the evening. There was much hustling around, with the cabin representatives of each of these cabins being the committee with Tom Kennedy of Cabin 21 as the chairman. The dining room was decorated in red and white with balloons, and it did look mighty fine. The boys worked all day, and must I add that they spend plenty of time polishing shoes, pressing trousers, showering, etc. etc. The girls arrived about five thirty and matching up playing cards in each group aces together, kings together, etc. etc. it all worked very well. Joe and Helen and Husky, our cooks had prepared a roast beef dinner with banana-cream pie. It was a most successful dance, and after each camp had sung several songs to each other, the fifty girls left singing their good-bye song as they disappeared down the road. The first seven cabins of boys had a cookout on the shore, having sweetcorn as a special treat with hamburgers. During the dance, the Juniors and Intermediates had a movie "Dan Patch," a story about the famous race horse. So it was a great day in the summer program, and I know that the boys will never forget it.

Another event of Saturday will be remembered long and with a thrill. Our Head of Waterfront, Cy Pick, and Head Cowboy, Don Halbeisen, had constructed a beautiful bulletin board as a surprise to Ken and Ruby. They erected it near the office and neither Ken nor Ruby were allowed to see it until it was completed. It is a most imposing bulletin board, and is one of the nicest gifts the camp has ever had, and is greatly appreciated as these men took it upon themselves to leave something in the camp which will be of great service and most useful. It is indeed a beautiful bulletin board, and heartfelt thanks go to both Cy and Don.

Phil Holiday was the speaker at the Sunday morning Chapel service. He spoke on "I Walk With My Shoes Off." It was a very fine sermon. In the afternoon, an athletic afternoon was held with all boys taking part in some activity The Greys picked up 2 more points in the season competition and now they lead the Greens 22-19. Dave Karns was the speaker at the Vesper Service Sunday night.

Here we are entering our final two weeks ,and Rodney Deyo is here to start teaching Indian Dancing getting the boys in shape for the Final Indian Ceremony. The cowboys are getting the riders ready for the rodeo, and we are gradually getting ready for our final weekend. Next Sunday is our Annual Birthday Party for all the boys having had birthdays during the camp season. The gifts are all wrapped and ready to give to the boys, and the gifts this year are imports, very worthwhile.

We hope that every parent is planning on being here Friday afternoon at THREE O'CLOCK for the Rodeo, August 21st. The Indian Ceremony is that same evening at eight-fifteen.

More next week.

Softball Results

Airport Inn lost its first game of the second round when the upset minded City Merchants turned the trick, posting a 7-2 win. A five run second inning was sparked by base hits by Rice, Davenport, Swanson, Supernaw and Schuchard. Dick VanRaaphorst aided the winners cause by blasting a home run.

However the league leaders had little trouble with Freedman as the Inn coasted to a 12-0 victory. Milligan DeYoung, and LaBlance each had two safeties for the winners Lou Mason's single was the only hit off winning pitcher Puffpaff.

Harvey Cole knocked the City Merchants out of contention as he had himself quite a night in the USCG-Merchants tilt. He knocked in six runs on a double and three homers. The last one came in the bottom of the seventh and gave the servicemen a 9-8 win.

The Merchants handed the Mold nine their fourth loss of the second round by scoring early and consistantly. Two runs in the first and second and single runs in the next three innings provided the margin in the 7-3 win.

The League leading hitters are closely bunched with several having a chance to win the title. To be eligible a player must be at bat at least 35 times.

In the B League, Lake Construction is currently leading thanks to VFW's upset win over Browe Electric. Roger Towsley pitched a fine one-hitter and was backed up by good fielding and solid hitting by his VFW teammates.

Browe Electric was edged by Lake Construction 10-8 when the Construction gang scored six times in the fourth Stan Martin led the winners with three hits.

In the Peanut league the Mort Cardinals have only a game with the Braves keeping them from winning the second. This important game is scheduled for tonight (Thursday).

The Cards knocked off the Dodgers in 7-3 fashion. Rick DeYoung had three Card hits.

The Tigers split in two games during the week. The Pirates edged them in a well-played game that went nine innings by a 4-3 score. John Bleha had a homer for the winners and Warren Belding was the winning pitcher. The Red Devils fell victim to the White Cross Tigers who blasted out a 15-1 win.

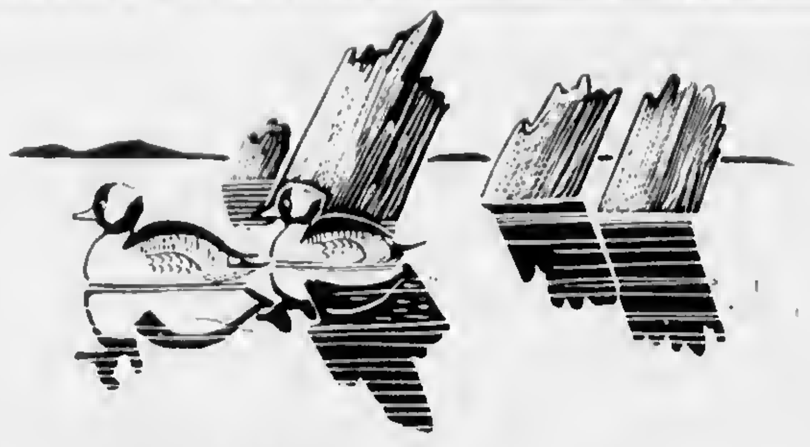
Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn



Lord of the great waters
Tha ceaselessly flow beneath the vaulted sky,
Hear my lakeside prayer.
Grant me the poise of all floating things,
Waterfowl, waterlilies,
Slender canoe and slim sailing ship
That ride high and trustful
Over great depths,
Sustained by the mercy of the waves.

Lord of the timeless waters
That were here before man was here,
That will remain when man is gone,
Grant me unhurried calm.
Let not the busy beating of the seconds
Quicken the tempo of my living
So that I become more of a clock
Than a man.
Let no awareness of swiftly passing moments
Make me forgetful of everlasting things
And the Everlasting One.

Lord of the welcoming waters
That are cordial to inflowing stream,
To ship and swimmer,
And that make room for countless fishes
And other dwellers of the deep,
Make me a welcoming spirit,
With abundant room in my soul
For the cares and griefs,
The enthusiasms and joys,
Of all Thy children,
Knowing that, like the lake lying before me,
The more good things I receive unto myself,
The higher I shall rise.

Lord of the pardoning waters,
Grant unto me a forgiveness that forgets a wound
Wrought by friend or foe,
As the great waters are cut by a keel,
Ruffled by a breeze,
And buffeted by storm,
But in mere moments resume their tranquility
As if keels and breezes and storms
Had always been kind.

Lord of the reflecting waters
That repeat the hues of heaven
Upon their bosom—
The azure blue of fair days,
The somber gray of clouds,
The radiant glory of sunsets,
The silver sheen of moon and stars—
Make me reflective, too,
Mirroring in all my days
The magnificence of a Higher Will
And a greater glory
Than belongs to man.
Amen

From the Editor's Desk

From wherce came the marigold plant with three blossoms we found on the steps at the Courier office Saturday morning? First thought was that somebody had pulled it from our little flower garden. We were wrong. So thanks to the kindhearted person who left the thrifty and beautiful plant. It has been set out on the east side of the steps where we had a complete failure of our earlier plantings. Many thanks.

Another thank you to an unknown person. I was a little embarrassed last week when I had the car filled with gas and then I had lost my credit card and was broke too. The station attendant helped me out of the immediate emergency but a complete search of office, house and clothing failed to uncover the credit card. A few days later it was found smack in the center of a table just inside our living room door. My wife swears she had dusted the table that very morning and it wasn't there then.

* * *

As the season grows closer many Peanut Leaguers will wind up their careers and advance into the B League next year. The Cardinals appear to be the hardest hit. They lose six first string players. The Dodgers lose four first stringers and several important subs. The Red Sox big loss is their pitcher-cacher combination, while the Tigers and Pirates aren't too hard hit, losing only two-to-three regulars. However the Red Devils lose only one and while they took their lumps this year have the majority of good players needed to build a good club around for next year. The Braves lose several key men but are still counted on to produce a good team.

The game of the week was perhaps the nine inning affair between the Tigers and Pirates which the Pirates won 4-3. However the strangest game was the Merchant-Coast Guard tilt. The Merchants were coasting along with a 8-2 lead when Harvey Cole exploded. He doubled home two runs in the second, then proceeded to blast three straight of yours truly's pitches for long home runs. The last one came in the bottom of the seventh which produced the run that gave the servicemen a 9-8 victory. The win knocked the Merchants from contention and has to be the come-from-behind game of the season.

The best B league game of the year took place this past week and saw VFW's Roger Towsley pitch a one-hitter in his teams 7-2 upset over Browes.

The game of this week will no doubt be the Cardinal-Brave tilt in the peanut league tonight (Thursday). The Cards are undefeated thus far in the second round and the Braves won the first round.

In the Men's league, Airport Inn can cinch the title for the second round by winning their two games against the Mold and USCG this week. If they should lose one it would put the title on their game with the Merchants next week.

The American Mold will play their first game in the Class C tournament in Petoskey on Monday night. They are scheduled to meet a strong Club 27 team of Cheboygan who have won 15 straight. Game time is 7:00. If they win they will meet the winner of the Suttons Bay-Home Dairy game Thursday at 7:30. The Finals will be on Saturday at 3:00.

The City Merchants open play in the Class D tournament held at Harbor Springs on Monday also, when they play the Cheboygan Retailers at 9:00. If they win they will meet Fochtman Motors who drew a bye on Wednesday at 7:30. The finals will be played on Friday.

Our draft system adopted by the league has proven very successful. Just a look at the standings prove the closeness of all the teams. Airport Inn was last in the first round and are leading in the second round . . . Need I say more. Several of our neighboring cities have inquired about how we work the draft and don't be too surprised if it's adopted by several of them. Petoskey missed by one vote at their league meetings of using it this year. Looking at their league, bet they wished they had, cause one team, Bare Construction, has won every round and the rest are strung out far behind. Why not back Charlevoix's tournament teams and travel to tourney sites next week?

Two Volunteers Fill Draft Quota

Two volunteers, Robert L. Balch of Charlevoix and Dwight D. Lawson of Bay Shore, will leave Sept. 10 for induction into the armed forces to fill the Charlevoix county draft quota for September according to Mrs. Mary Bourgoin, clerk of the draft board.

Anthony J. Wojan of Charlevoix will report Sept. 14 for a pre-induction physical examination.

New England's thousands of ponds and lakes were created by the retreat of the continental ice sheet, when glacial debris dammed river valleys and deranged pattern. As the ice melted, the sea rose and advanced over coastal lowlands, drowning stream mouths and forming the estuaries of today's Maine coast.

Editor Emory Cross, Rock County, Neb., Leader — Sometimes we get a little irritated at government bureaucras who believe they have all the answers as to what is best for the "peasants" in the hinterlands. They seldom stop to consider that perhaps the "peasants" prefer things as they are rather than as said bureaucrats want them to be.

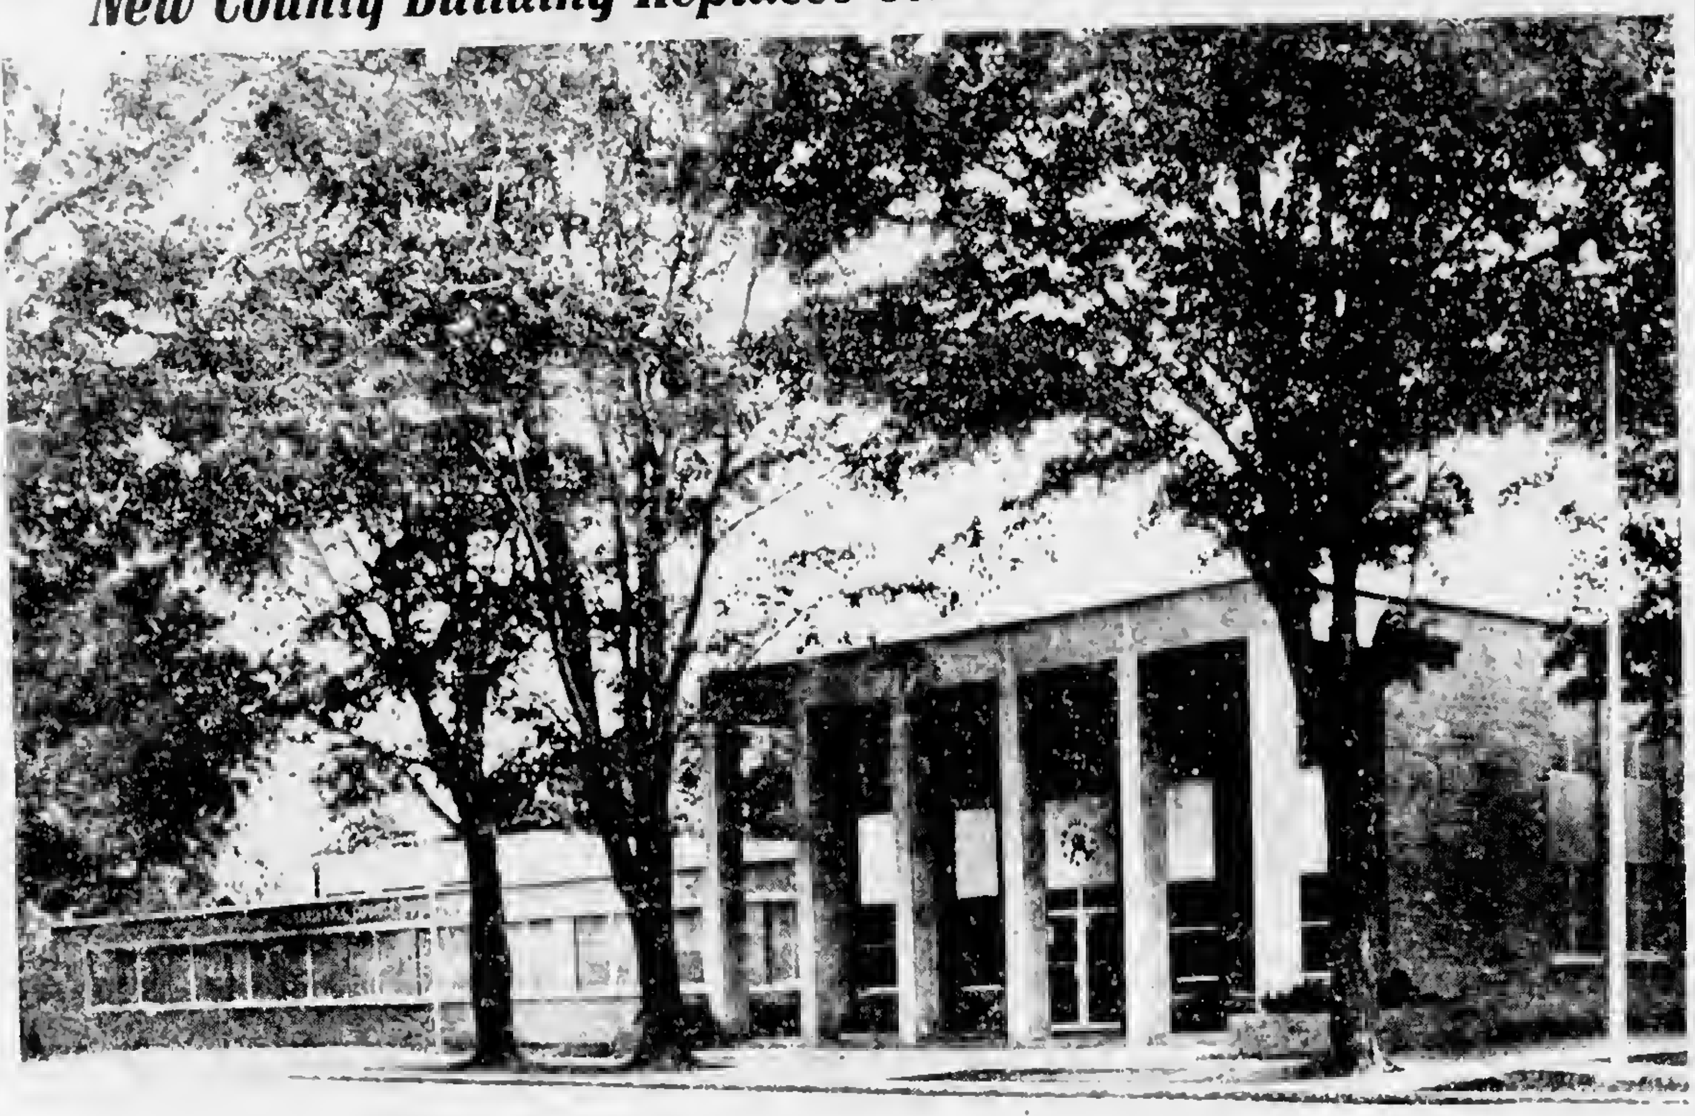
New County Building Replaces Old Townhall Used 61 Years



$2,400 Needed To Cover Costs Of Park Stage

The Park Stage Fund needs $2,408 in order to pay for construction work to date, Mrs. Kit Carson, secretary, reported, Monday to the committee assigned the responsibility of raising funds and building of the stage.

Total cost of the stage, as is, amounts to $5,100 and contributions have amnunted to $2,692. The committee is now faced with the responsibility of raising sufficient funds to pay the local contractors for the work completed.

Construction of the stage was divided into three phases. Early contributions enabled the committee to easily finance the first phase which included foundations, walls and platform with storage room underneath. Because of the incompleteness at this point, the committee thought it advisable to complete the second phase this year. That included the construction of a sound control room and the back and side walls along with the Onaway stone facings on all exterior surfaces.

The third, and final phase, will include installation of adequate sound amplifications and the roof structure. It is planned to complete this part of the construction next year.

Local organizations have collected free will offerings at the last two concerts. Last week the Jaycees collected the offering at the Wednesday evening band concert and, despite a small audience and threatening weather, turned in $50. The preceeding week the Kiwanians, with more favorable conditions, collected $90.

While these free will offerings help, they are not sufficient to meet the present need. In order to meet the present emergency, the committee hopes individuals desiring to give sponsoring contributions will contact the secretary or members as soon as possible. A sponsoring contribution is $100 or more and may be made in memory or in honor of a friend or as an individual.

Sponsoring contributors are to be noted on a bronze plaque when the stage is completed.

To meet the emergency, the committee is urging sponsoring contributors to make their offering at the earliest possible date.

New County Building To Be Dedicated Aug. 30

The formal dedication of the new Charlevoix county building located on State street in Charlevoix will be an event of Sunday, Aug. 30, Clarence F. Rabach, chairman of the dedication committee said following a meeting of the committee at which details were completed.

The program featuring the dedication address by Judge Charles L. Brown of the 13th Judicial Circuit will be held at 2 p.m. Sunday at the main entrance of the building An open house during which everyone will be invited to tour the building will follow.

The new building, pictured above, was completed Feb. 1, 1958, at the cost of $259,249, most of which was raised thru a sinking fund established in 1948.

The two-story section, built on a vacant lot north of the former courthouse, was completed and occupied March 30, 1957. All county officers shared temporary headquarters in the two-story section while the old courthouse, in use since 1884, first as a town hall and later as a courthouse (1897), was razed to make room for the one-story south wing. This was completed Feb. 1, 1958. At that time all county offices and state agencies were assigned to permanent offices.

* * *

IN THE SOUTH wing are the courtroom and related offices including the judge's room, law library, offices of the friend of the court and the district probation officer, supervisors room as well as the offices of the prosecuting attorney, clerk, treasurer, and register of deeds. There also first floor restrooms in the south wing.

On the first floor of the north wing are the Bureau of Social Aid, offices of the probate judge and janitor's work room, the Department of Social Welfare, County Board of Education, District Health Unit No. 3 and Michigan Conservation Department, Public Fishing Sites.

Vaults for county records and the heating plant are in the basement found at the rear of this section.

The building is constructed of concrete, structural steel, cinder block with brick facing. The front of the court room is finished in natural oak paneling while the other walls of the courtroom, the offices and the corridors are painted. The lower walls of the halls and the restrooms are finished in ceramic tile. Office floors are finished in asphalt and the corridors and stairways in terrazzo.

* * *

THE COST OF the new county building was financed by a sinking fund approved in 1948 which set aside two mills for a period of three years and one mill for a seven year period within the 15-mill statuatory limit.

The Charlevoix county board of supervisors voted in 1956 to start construction of the new county building when the state fire marshall condemned the two-story brick structure which had been in use since 1884, first as a village hall and later as a court house when Charlevoix became the county seat in 1897.

Charlevoix became a county in 1867, 30 years after Michigan became a state.

For the first 30 years Charlevoix, East Jordan and Boyne City, in that order were the sites of the county seat. In 1897, the Beaver Islands were annexed to the county. They had been a part of Manitou county before it was dissolved in 1869.

* * *

DURING THE shuffle three of Charlevoix's northeastern townships, Bear Creek, Resort and Springvale were transferred to Emmet county. The townhall which was built in 1884 was turned over to the county for a courthouse at that time. It continued to be used for a courthouse until it was razed in 1957.

The building to be dedicated August 30 is the first new structure to house the county's offices in the 92-year history of the county.

City Purchases Loader Tractor

The Charlevoix city council, at its regular meeting Monday night approved the bid of $3,000 net for an industrial wheel type tractor and loader submitted hy Conrad Klooster Inc. of Atwood.

However, council members could not reach a decision on bids for a one-ton cab and chassis for use by the electrical department. The issue will be discussed at a future meeting.

Bids for Workmen's Compensation insurance for all city employees will be accepted until 8 p.m. Monday, Aug. 31.

Approval was given to Joseph McPhillips' application for renewal of airport manager's license and airport landing field license for one year beginning Sept. 1 of this year.

Bills totaling $27,099.31 were approved and ordered paid.

Emergency Polio Drive Nets $211

The emergency polio fund drive conducted in Charlevoix last Friday and Saturday netted $211.19 according to Mrs. Arnold Wadas, co-chairman of the campaign with Mrs. Robert G. Martin.

A group of girls from the various churches sold litter bags during the two-day drive to raise funds to be used for care of polio patients in the county.

Mrs. Wadas commended the girls for contributing their time and doing such an excellent job in behalf of the campaign.

Candidates for Football Called For Physicals

All candidates for the Charlevoix Rayder football teams are asked to report at the high school locker room at 9 a.m. Tuesday, Aug. 25, for physical examinations.

Coach Don Carey urged that all candidates for both the Varsity and J-V squads report for physical examinations at this time .All prospective players who do not have physicals at this time must go to their family physicians before reporting for practice.

Equipment will be issued at this time.

The first practice session is scheduled for Monday, Aug. 31. The hour of the practice will be announced at a later date, Coach Carey sadl.

New Installation Improves Sound at Palace Theatre

New amplifying speakers were installed this week at the Palace Theater which has greatly improved the quality of sound reproduction, L. H. Taylor, manager of the theater has announced.

Since the installation of the cinemascope screen the management tried various acoustical tricks to improve sound quality but the results never were completely satisfactory. The recent installation appears to be the answer, Mr. Taylor said.

Kenn Haven of Station WPBN-TV Traverse City was master of ceremonies at the program held in the courtroom and attended by more than 50 interested persons.

The Rev. James Sherman gave the invocation, William Sanderson, Eveline township supervisor, gave the American Creed; Harry Watson of East Jordan sang "The Battle Hymn of the Republic" and Mrs. Elizabeth Mellon of Petoskey, Regent of the Petosega chapter of the Daughters of the American Revolution which sponsored the project made the presentation of the portraits. Mr. Haven led the audience in Salute to the Flag.

The Charlevoix county board of supervisors commissioned Mrs. Young to paint the portraits of the two great Americans which are done on grained plywood to blend with the paneling in the courtroom.

The pictures were unveiled by Mrs. Young's granddaughters, Tricia Young and Linda Gill.

Realtors Hold Dinner Meeting At Boyne City

The Antrim-Charlevoix Board of Realtors held their August dinner and business meeting last Thursday at the Dilworth hotel, Boyne City. Attending from Charlevoix were Mr. and Mrs. Earl A. Young and Mr. and Mrs. Al Scheid. Mr Young is president of the organization and Mrs. Scheid is assistant secretary.

Guest speakers were A. R. Saunders, executive vice president of the Michgan Real Estate association, Lansing and Harold Clingerman, an executive of the national association.

Mrs. Anna Olsen Dies Suddenly

Mrs. Anna E. Olson, 69, of Chicago, died Tuesday at the Charlevoix hospital where she had been a patient since Sunday.

The body was returned to the Peterson funeral home on North ave. in Chicago for funeral services and burial.

A native of Chicago, Mrs. Olson had come to Charlevoix for the first time as cook at the J. P. Wilson sr. cottage on the Chicago club.

Name Directors To Hospital Board

Four directors were re-elected to the Charlevoix hospital board of directors for terms of three years at the annual meeting held Wednesday, at the high school band room.

They were Floyd Brown, H. A. Craig, Mrs. Kit Carson and Mrs. Hans DeYoung of Ellsworth.

Reports were presented by Miss Anne Baumgartner, superintendent of the hospital, Charles Bleha, treasurer and Mrs. E. K. Shanahan, secretary. Fred Willis, chairman of the board, presided.

CMU to Offer Two Credit Courses At Local School

Two courses for undergraduate or graduate credit from Central Michigan University will be offered in Charlevoix during the Fall semester, 1959.

The courses are Physical Science 451, Origins, Influences and Development of Physical Science, and Education 480, Educational Measurement and Evaluation. Both classes carry two hours credit.

An organizational meeting will be held in Charlevoix Thursday, September 3, at 7:30 p.m. at the high school. A representative of Central's Field Services will be on hand to answer questions and assist with the registration.

The physical science course satisfies in part the group requirements in physical science. It may also count on a science major or minor. Education 480 may be used as an educational elective.

These classes have been designed by Field Services for teachers working toward certification and recent high school graduates who wish to attend college at home.

Indonesian Exchange Student Gets Acquainted with North

An Indonesian exchange student, Mohamed "Peng" Rosidi, is learning about life in the United States while spending some time in Charlevoix.

The youth, who is in this country under the American Field Service program will spend the school year with Mr. and Mrs. William Darnton and family of Holly, who are currently at their summer cottage at Pine Point.

"Peng" as he is called by his family and friends, arrived August 5 from his home in Solo, Java, Indonesia. He will live with the Darnton family and attend classes at the Holly high school where he will be a senior. His father is in business in Java. The youth plans to major in business administration. He as six younger brothers and a sister.

He is one of 1,500 young people who will spend the school year in this country under the American Field Service program which was initiated after World War II in an effort to acquaint young German students with the American way of life. Later, at the request of the State Department, it was enlarged to include students from throughout the world. Students participating in the program are selected for potential leadership qualities.

These days, according to Mrs. Darnton, "Peng" is busy becoming acquainted with the Darnton children, Tom, 12, David, 9 and Judy 6, and learning to apply the classroom English which is taught in Indonesian schools. The family is equally busy showing him the way of life in an American home and introducing him to friends and the north country.

Mrs. Darnton is the daughter of Mrs. Roy MacArthur of Flint and the granddaughter of the late Mr. and Mrs. David J. Eckinger.

Faith---Our Foundation

When this country was in the pangs of birth, it proclaimed its faith in God and has continued that faith ever since. Under it, we have prospered and grown strong and, fittingly, throughout the years there have been reaffirmations of this faith as witnessed by the adoption of the motto, "In God We Trust," and inclusion of the words "Under God" in the pledge of allegiance to our flag.

In the republic's early years, possibly not more than ten per cent of its citizens had a religious affiliation. Today at least 60 per cent are church members. Statistics show that half the adult population attends worship services quite regularly. We seem to have come a long way in less than two centuries.

We are reminded by the nationwide Religion in American Life observance that there remains room for even more spiritual growth. If we are to retain what God has bestowed on us in years past and add to our prosperity and strength, we may well take to heart the Religion in American Life call to "Find the strength for your life . . . worship together this week."

It is just as important today to remember, as our ancestors remembered in past generations, that "where the spirit of the Lord is, there is liberty."

Liberty is this nation's cornerstone. When it goes, we can bid goodbye to everything else worthwhile. To keep it, and the things that flow from it, we must remain close to God.

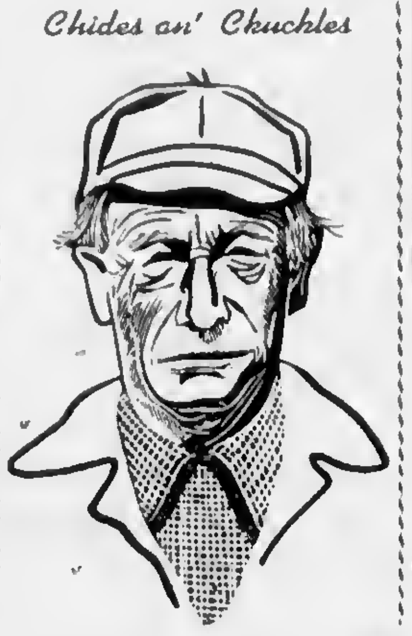
Chides an' Chuckles



Courier readers this week are introduced to Uncle Charlie Voix (non de plume of course) who from time to time will put his Chides and Chuckles into writing. His comments may not necessarily reflect the views of the Courier so readers should take them for what they are worth.

The accompanying picture of Uncle Charlie is a pen sketch by Rev. Harold E. Kohn. It is interesting to pick out definite characteristics of well-known community personalities, including some of Uncle Charlie's features.

He will welcome comments and suggestions from readers providing the writer will sign his name. Just address them to: Uncle Charlie, Charlevoix Courier, Charlevoix, Mich.

I wasn't the only old codger who couldn't keep away from the glamour of the circus.

* * *

Watching square dancers down on the new park stage the other night reminded me of the old bowery dances, except in the old days the fellers did some fancy stepping and really swung the gals. Well, I couldn't go it at the old pace anymore either.

* * *

Ever see a beaver as big as an elephant? That is what I thought I was seeing when I first sighted Earl Young's imaginative stone work at the corner of the new Weathervane lodge. Now there's a landmark that will get recognition for Charlevoix and the new lodge all over the United States. Visitors will see it and tell about it.

* * *

Understand they're going to dedicate the new courthouse Aug. 30. If I'd put up a building like that I'd sure make a show of it before everybody got used to it.

* * *

Saw the editor's wife get a parking ticket the other day. Can't be he's got any more drag with the police than anybody else. (Sorry mister, I couldn't miss this one.)

* * *

Used to be I could park the old jalopy up on State street any Sunday morning 'cept Easter and Christmas. Nowadays parking space near all the churches in town looks like a good farming village on Saturday night.

* * *

Venetian night was a big affair but I missed all the water contests we used to have in Round lake and I think all Charlevoix boats should be in the parade. All it takes is a few colored lanterns to make a pretty sight at night.

* * *

The waterfront show was something, too. It gave a lot of people a chance to show off their talent and gave the rest of us a chance to wish we had some uncovered talent we could show off. Looks like one of the best summer events Charlevoix has ever pulled.

MEMO . . .

From the Editor's Desk

Swapped sob stories Saturday, trials and tribulations of a country editor, with Bruce Glass, assistant editor of the Zeeland Record. He and Mrs. Glass were in town to attend the marriage of Miss Janis Arbuckle. On the brighter side he gave us a good word about Mr. and Mrs. Larry Towe, former publishers of the Courier.

* * *

Bill Bellinger had his chest out Sunday morning, and with reason. He had just attended the christening of his great granddaughter, Ruth Ann Smith. Four generations were represented at the occasion and he tells us his parents were also baptized in the same local church, bringing the count to five generations. Parents of the baby are Mr. and Mrs. Dwight Smith.

Graduating Class of 1929 Return For Reunion on 30th Anniversary

The Class of 1929 of the Charlevoix high school gathered at the VFW Post Home Saturday for its thirtieth anniversary.

Twenty-five members of the class of 35, three former members of the class and four teachers, accompanied by their respective husbands and wives, gathered for the event which featured a tour of the old high school building, and open house during the afternoon and a buffet dinner Saturday evening.

Edwin J. Madill, U. S. Consul at Calgary, Alberta, served as master of ceremonies at the brief program which featured a minute of silence in memory of two members, Madeline Yettaw and Harker (Ty) Kirby; a roll call of graduates, former classmates and teachers and brief talks by former teachers, O. P. North of Newaygo, Mrs. Valera (Keller) Ashmun of Traverse City, S. E. Coleman and Mrs. A. F. (Frieda Vander Hagen) Novotny, both of Charlevoix. Singing of the high school song, Red and White Forever, closed the program which was followed by a social hour and reminiscing.

Present for the event were Mr. and Mrs. Clarence (Doris Trimble) Arnold, Mrs. Harker Kirby, Mr. and Mrs. Andrew (Myrtle O'Neill) Fulton and Miss Valera Ripley of Detroit, Mr. and Mrs. Madill of Calgary, Mrs. George (Edna Brown) Danser of Petoskey, Mr. and Mrs. Stanley (Hilda Cook) Miatrott of Clawson, Mr. and Mrs. Elwood Livingston of Naples, Fla., Mr. and Mrs. Lee (Ruth Matchett) Shapton of Holt Mr. and Mrs. Casper (Roberta Stafford) Smith of Jackson, Mr. and Mrs. Roy (Wilma Wells) Furlong of DesPlaines, Ill.

Also Mr. and Mrs. Charles Blelia, Mr. and Mrs. Elmer (Hilda Brady) Gibson, Mr. and Mrs. Richard Farmer, Ilo Helms, Mr. and Mrs Max Novak, Mr. and Mrs. Sims (Helen Richardson) Baker, Mrs. Arthur (Dorothy Smith) Stoel, Mr. and Mrs. William Supernaw, Miss Nellie Smith, Mr. and Mrs. J. C. (Marguerite Sutton) Marshall, Mr. and Mrs. Clarence (Hazel VanDusen) Murray, Mr. and Mrs. Wesley (Edna Himebaugh) Wells, Mr. and Mrs. Versal (Irene McCann) Seymour and Mr. and Mrs. Alfred 'Bud Gill, all of Charlevoix.

Others present were Mr. and Mrs. North, Mr. and Mrs. Coleman, Mrs. Novotny and Mrss. Ashmun.

Plans were made for a thirty-fifth reunion in 1964.

Janis Arbuckle Married Saturday to H. Dale Glass at Church Ceremony

Janis Irene Arbuckle, daughter of Mrs. Bartlett Arbuckle of this city and Keith W. Arbuckle of Sault Ste Marie, became the bride of H. Dale Glass, son of Mr. and Mrs. Andrew Glass of Zeeland at a double ring service solemnized at the Community Church of God Saturday.

The Rev. George L. Majors officiated at the service in the presence of more than 150 guests. Arrangements of white gladioli and Shasta daisies, lighted tapers, palms decorated the altar for the service. Pews were marked by white satin bows and arrangements of seasonal flowers in shades of pink, white and yellow were used in the windows.

Roberta Swanson sang "Love Sends a Little Gift of Roses," "My Hero" and "The Lord's Prayer." She was accompanied by Mrs. Leonard Burns who also played the traditional wedding marches.

Given in marriage by her father, the bride selected a gown of white French imported hand-clipped lace over tulle and taffeta for her wedding. The scalloped Sabrina neckline was enhanced by sequin and seedpearl embroidery and dipped in the back to be secured with tiny lace covered buttons and the long tapered lace sleeves were buttoned at the wrist. The bouffant brush train skirt was graced by appliques of drifting lace and three bands of taffeta with a tailored bow. Her fingertip veil of French illusion fell from a handmade lace made by the bride's grandmother and fashioned with a widow's peak and drop pearl. An arrangement of pink and white sweetheart roses, ivy and streamers topped her white Bible covered with white lace and tulle embroidered with sequins.

Lucy Becker of Clare, as maid of honor, wore a ballerina length gown of lemon ice silk organza fashioned with a draped neckline, fitted bodice that dipped in back and a bouffant skirt. She wore a matching headress of the same material fashioned with a large bow and carried a bouquet of yellow and white Shasta daisies.

Kathy Lynn Arbuckle, as her sister's junior bridesmaid, wore a gown identical to the honor attendant's in foam green silk organza and matching headdress. Her bouquet also was of yellow and white Shasta daisies.

Bruce Glass of Zeeland assisted his brother as best man. Ricky Allen of Grand Rapids, cousin of the bridegroom, was groomsman. Seating the guests were Roger Snow and Dee Allen of Zeeland. Michael M. Arbuckle, brother of the bride, lighted the candles. Robert M. Bartlett of Trenton, uncle of the bride, escorted the bride's mother.

Mrs. Arbuckle chose a shell pink linen sheath with white eyelet embroidery trim, a pink and white hat and matching accessories for her daughter's wedding. Her corsage was of pink roses. Mrs. Glass, mother of the bridegroom, wore a teal blue paisley print dress, white accessories and a corsage of yellow roses.

Immediately following the ceremony a reception was held at Fellowship hall. The refreshment table was centered with a tiered wedding cake topped with two white bells. Assisting were Mrs. Fred deCastro, aunt of the bride, Susan deCastro and Deanne Bartlett cousins of the bride, Mrs. Roger Johnsson of Zeeland, cousin of the bridegroom, and Mr. and Mrs. Dean H. Davenport.

After a wedding trip through Michigan the couple will make their home in VanDyke. For traveling the bride selected a beige linen suit, pastel flowered blouse, white accessories and a corsage of roses.

Th bride is a graduate of the Charlevoix high school and Central Michigan University and will teach at Warren. Mr. Glass, a veteran of five years in the U. S. Navy, attended Mexico City University and Central Michigan University and will continue his studies at Wayne State University.

Weddng guests were present from Ironton, East Jordan, Boyne City, Ann Arbor, Trenton, Zeeland, Holland, Hudsonville, Grand Rapids, Petoskey, Clare, Mt. Pleasant, Sault Ste. Marie, Michigan Sault Ste. Marie, Ont., Arizona and Illinois.

Sundew Reports

In port all day Monday but it wasn't a day of rest. We spent most of the time cleaning up after the tour of the shipyards.

We got an early start on Tuesday, heading for the Soo. We stopped at Cheboygan around noon to pick up some chain. After eating we headed for the St. Mary's river Moored at the fuel dock in the Soo about 9 p.m. and the following morning moved to the Soo Base. After off-loading some of the equipment we took off for South Fox and Ile Aux Galet lights where we on-loaded 23 small buoys. They are radar reflecting buoys and will eventually replace the current spar buoys which are the telephone pole type.

Our biggest item was the new lighted radar-reflecting buoy that will be placed at Boulder Reef. It is 30 ft. long, nine feet in diameter at its widest part and weighs 13 tons. It will be the largest buoy in the Great Lakes when placed in operation.

Got underway after lunch, went down river and moored at Calcite at 11 p.m. Underway at daybreak to check the acetylene buoys in Lake Huron. Proceeded up the shore of Michigan checking buoys on the way and arriving at Mackinac Island at noon. We took aboard a 25 ft. small boat for delivery at Charlevoix.

After checking several buoys in Lake Michigan we moored near Garden Island Thursday night. High winds prevented us from setting the Boulder Reef buoy which is why you saw it on our buoy deck over the weekend. Arrived Friday afternoon in Charlevoix.

SUNDEW SCUTTLEBUTT . . .

The volume of traffic is way down in the St. Mary's river because of the steel strike. However the river is being dredged and widened to allow passage of seagoing ships into Lake Superior. No new arrivals or transfers to report. Dewie's pups are starting to move around. It won't be long before they will be on their own.

The Star Farm Bureau held their monthly meeting the past Friday evening with the Curtis Nicloy family. Plans were discussed to hold their next meeting in September at the Whiting Park building with a Pot Luck lunch and ice cream and cake. Hoping every family will turn out and all get acquainted again.

The County Farm Bureau Ladies met Friday afternoon with Mrs. Godfrey MacDonald with a good attendance. Reports were turned in which we are proud to report that there were $113.00 turned in towards paying on the Whirlpool for the Grandvue hospital which was collected from the sales at Charlevoix on Venetian Program

William Sanderson reported he with the aid of Chief Conservation officer Harvey Burris of Boyne City captured a big porcupine in the corn field of Mr. Sanderson's, as this animal was doing a lot of damage to the corn field.

Former Ironton Resident Succumbs

Mrs. Anna Anderson, 79, former Ironton resident who has lived in Boyne City for many years, died Wednesday at a convalescent home in Boyne City.

Funeral services will be held at the Winchester Funeral at 2 p.m., Friday, the Rev. George L. Majors officiating. Burial at Brookside cemetery.

Born in Denmark, March 20, 1880, the former Anna Lyngklip came to this country as a young woman and lived at Ironton where she was married to Thorwald Andersen in 1903. She had been in failing health for several years.

Surviving are two sisters, Mrs. Peter Larsen and Mrs. John Mitchell of Boyne City; five grandchildren and one great grandchild.

Kunzi-Fikse Wedding Vows Exchanged In Church Ceremony at Hudsonville

Ellsworth — The South Blendon Reformed church of Hudsonville was the scene Friday evening of the wedding of Ardith J. Kunzi and Evert H. Fikse.

Parents of the couple are Mr. and Mrs. Lloyd Kunzi of Hudsonville and the Rev. and Mrs. Henry Fikse of London, Ont.

The Rev. Graddus Aalberts, pastor of the church, assisted by the Rev. Mr. Fikse, father of bridegroom and former pastor of the Atwood Reformed church, officiated at the double ring service before an altar decorated with arrangements of gladioli and mums, candelabra and palms. Mrs. Elmer Vruggink played a program of traditional music and the wedding marches and accompanied the soloist, John VanderWal, who sang "O Lord Most Holy" and "Wedding Benediction." The bridegroom sang "Wedding Prayer."

Escorted to the altar by her father, the bride chose a gown of tulle over taffeta for her wedding. The fitted bodice featured a Sabrina neckline outlined with embroidered flowers. The bouffant skirt, embroidered with flowers, was formed by a tiered tulle underskirt. A sequin-touched crown of lace outlined with pearls secured her fingertip veil of imported French illusion. She carried a white Bible adorned with a white orchid and tuberoses on streamers.

Mrs. Gordon Mast, as matron of honor, wore a ballerina length gown of pale yellow irridescent taffeta fashioned with a scoop neckline and a bouffant skirt accented with a cummerbund ending in a back bow. Mrs. Harold Zwyghuizen, as bridesmaid, wore an aqua gown identical to the honor attendant's. Their headpieces were white whimsies and they carried arrangements of glamelias across white fans.

Gail Ann Kunzi, cousin of the bride, as flower girl, wore an aqua dress similar to the bridesmaid's and carried a basket of field flowers. Steven Romano, cousin of the bridegroom, was ringbearer.

John Fikse of London, Ont. assisted his brother as best man and Vernon Essenburg of Ellsworth was groomsmen. Seating the guests were Warren Kunzi and Gary Looman.

Mrs. Kunzi chose a navy dress and white and navy accessories for her daughters wedding. Mrs. Fikse, mother of the bridegroom, wore a gray dress and navy and white accessories. Their corsages were of red roses.

The Rev. and Mrs. Donald Boss of Lansing, brother-in-law and sister of the bridegroom, were master and mistress of ceremonies at the reception in the church parlors following the ceremony.

After a northern wedding trip the couple will live in Holland. For traveling the bride wore a black sheath dress and black and white accessories.

The bride is employed by the city of Grand Rapids. Mr. Fikse, a graduate of the Ellsworth high school, is a student at Hope College.

Guild Awards Scholarship

Mary Ann Kiogima, 1959 graduate of the Charlevoix high school is pictured here receiving the fourth annual nursing scholarship offered by the Women's Guild of the Charlevoix hospital from C. M. Bice (far right), chairman of the scholarship committee.

Pictured with them are (l to r) are Mrs. William J. Fessenden whose daughter, Kathleen, received the 1957 scholarship, Mrs. Herbert Peebles of Ellsworth whose daughter, Sharon, was awarded 1958 award, Mary Ann, H. B. Schofield and Mrs. Bice.

Mary Ann, who has made her home for the past four years with Mr. and Mrs. H. B. Schofield, will enter Mercy Central School of Nursing in Grand Rapids next month.

Miss Fessenden has completed two years at St. Scholastica College in Duluth, Minn., and was present to receive her third check. Mrs. Peebles was present to receive her daughter Sharon's second check. Sharon is completing her first year of nursing at Norwegian-American hospitol in Chicago. The first scholarship winner Joan Heilig, now Mrs. Fred Faber, has completed her studies at Mercy Central School of Nursing in Grand Rapids.

The scholarship, awarded annually in an effort to interest more young women in professional nursing, is for $300 and is given at the rate of $100 a year.

Along The Fairways

At Municipal Golf Course

The annual monkey tournament, one of the most popular events of the summer season at the municipal golf course, will be played at 2 p.m. Sunday according to Keith Carey, club manager.

In announcing the special event, Mr. Carey said it was not necessary to be a golfer to participate in the tourney which is designed for fun as a mixer. Gags galore and plenty of uninhibited golf are promised, he added.

Those planning to participate are asked to register at the club house before Sunday. Everyone must come with a partner.

Players are also urged to appear in costumes. Prizes will be offered for the best costumes in several classes. Refreshments will be served.

A set of lady's golf clubs will be given away.

Play continues in the Frank Poole trophy and City Championship tournaments. The former meet is expected to be played off this week.

In the City Championship tourney Bill Lusk defeated Keith Miles 1-up to advance to the semi-finals in the Championship flight. Dick VanRaaphorst defeated Bob Gill in 19 holes and Quint Walker won over Charlie Dennis 5-3 to move into semi-final berths in the first flight. The winner of the VanRaaphorst-Walker match will meet Grover Geneit for the title in the first flight.

Fritz Puffpaff and Tip Riley will meet this week in the finals of the second flight. Dal Henry earlier won the senior flight title.

Mrs. William Supernaw defeated Mrs. John Swanson 5-3 to take the title in the championship flight in the women's tournament.

Mrs. Robert Livingston placed first in the first flight after defeating Mrs. Lyle King 2-1 in the finals.

Mrs. Jess Penn defeated Mrs. Robert Miller 3-2 to win third flight honors.

MINUTES OF SCHOOL BOARD MEETING

August 3, 1959

Present: Lieberman, Freedman, Smith, Martin, Bennett, Supt. Absent: Boss.

The meeting was called to order at 8:20 p.m.

Minutes of the meeting of July 27 were read and approved.

It was moved by Smith and supported by Martin that bills in the amount of $490.47 be approved and ordered paid. Carried: 4-0.

It was moved by Freedman, supported by Martin, that a salary for Mrs. Colleen R. Wright, clerical assistant in the kindergarten, be established and that she be rehired for the year 1959-60. Motion carried: 4-0.

The report of the boiler inspection from the State Department and from the Insurance Co. was presented, indicating the boilers to be in excellent condition.

Mr. Bennett was authorized to engage a second grade teacher to add to the staff because of the indicated additional enrollment in the first and second grades this coming year. This, it was pointed out, is due not only to the large kindergarten and first grade of last year, but because of several families' moving into the district recently.

It was moved by Freedman, supported by Smith, that a resolution be adopted requesting permission of the Municipal Finance Commission to again borrow $9,800 in anticipation of the collection of next year's taxes, the notes to be dated August 28, 1959, and be due and payable March 1, 1960. Motion carried: 4-0.

A study was made concerning the tax levy for the coming year for both operation and debt retirement, with a decision to be made at the August 17 meeting.

The calendar for the coming school year was discussed and, since the starting date will be so late — September 14 — the Christmas Recess dates were set from December 24 to January 4.

On motion of Smith, supported by Martin, that bus drivers be hired, and a raise of $50 given for the coming year 1959-60. Motion carried: 4-0.

The meeting adjourned at 10:20 p.m.

From where I sit... by Joe Marsh

A Real "Novel" Idea

Had a call from Whitey Fisber, head of the Town Library's Emergency Committee. He's asked me to explain the situation.

This is the "emergency." The Library's moving into its new building next week—over on Bridge Street. Moving all those books will cost more than $200. At that rate we won't be able to afford any new books for a couple of years.

Whitey's got the solution—have everyone in town borrow at least five books, keep them a week, and return them to the new address!

From where I sit, cooperation among neighbors is the lifeblood of a town. People should work together . . . whether it's to help a library or fight intolerance. For instance, if you'll respect my right to an occasional glass of beer—and I respect the beverage of your choice . . . that kind of cooperation will do lots to help wipe intolerance "off the books."

Notes from a northerner's diary

By Harold E. Kohn

But What Can You Expect?

As I sit in my study near the whispering waters of Lake Charlevoix and ponder the abundant life and death around me in tall aspiring trees and in rotting logs, and meditate on human worth, it seems impossible that once upon a time there was no living thing here at Wide Sky Harbor. Nothing whatever. No whirring wings of darting redstarts, kingfishers, scarlet tanagers, and many-colored dragon-flies, no perch fry and fingerling bass along the shallow water's edge, no rhythmic bending and bowing of wind lulled birches, no white-tailed deer daintily sipping from the waters that lave their feet. Once there were no gently tossing waters to bathe the shores, no rolling green hills that pull up purple shadow-quilts under which they slumber at night, and no earth.

If once there was no earth at all, whence then all this beauty and grandeur? People of faith everywhere believe that God created the earth. How He did it, what techniques and processes He used, are causes of wide disagreement. The most widely accepted scientific theory concerning the birth of this planet is called the "tidal wave theory." It suggests that far in the past, roughly five thousand million years ago, some great star came close to a small star now known as "the sun." This near collision produced a mighty wave of gases upon the sun. The wave of flaming gases was pulled farther and farther out from the sun by the gravitational tug of the on-going star until at last the wave was wrenched away. But as the larger star erceded into the distant heavens, its attraction for the wave of fiery gases diminished, while the nearer sun's attraction remained strong. The disconnected strands of gases, parts of the broken wave, began whirling around the sun, tethered by the force of gravity, and thus became our solar system of parent sun and planet offspring. The theory declares that the gases condensed first into thicker gaseous matter, then into liquid, and still later into rock. Then followed atmosphere and water made up of molecules drawn from the vast spaces beyond the earth, and finally, after countless millions of years, all the budding and blooming, swimming, crawling, walking and flying things of earth we call life.

Science says that this is what apparently happened: earth became the rocky offspring of the distant flaming sun. (And science, with the help of the spectroscope, shows that elements of the earth are the same as those on the sun, just as a torn piece of dress goods may give evidence of belonging to the material and pattern of the original garment.) Faith says if earth originally came from the sun, it did not happen accidentally. God did it. It was His planning. His method of creating, by making first a sun and then smaller celestial bodies from the larger. It is all His handiwork. Science and religion do not conflict here. They but complement each other. Science cleaves to its own activity — analysis of process. Religion holds to its specialty of worth. Science shows us what has been done in nature, and religion claims that what has been done is God's doing, and it is good. Science discovers facts. Religion places a value upon them and interprets them in the light of what one believes about God and His purposes.

The best evidence we have of what God may do with this world and with us is found in what God has already done with the world an with us. This is why religious faith is both retrospective and expectant, both historical and hopeful. Faith looks backward and selects events that are good and meaningful and declares, "God did it" and then looks forward to the good that ought to be an proclaims, "God can do it, because He has already done something just as good and just as great." The history of the Hebrew people is rife with remarkable events which parents recited to their children, incidents showing what man could expect of God. The Almighty had led the children of Isreal out of bondage to the Egyptians: that kind of deliverance could be expected of God. The oeople were given a place in a Promised Land of rich fields and great herds of cattle and flocks of sheep. Such good fortune did not happen accidentally. It was God's doing and emblematic of what man could hope for from God.

The cynical are constantly repeating, when trouble comes, when human nature shows its flaws, when picnic plans are spoiled by rain, "But what can you expect?" Well, what CAN we expect in this kind of world? For one thing, based on the best evidence we have, we can expect all the rampant earthly glory we shall ever know in nature to arise out of the ashse of a burnt-out mass of spinning gases. We can expect that sort of thing from God. And if that is not "too good to be true" then nothing is. This is what HAS happened under God. It is the sort of thing we can expect Him to do, the seemingly impossible, bringing order out of chaos and beauty out of ashes.

That is a faith I'm holding to in these turbulent days.

News Round-up at
Camp Charlevoix

The Seventh Week of our camping season opened bright and sunny and a great day for our long sailing trip to take off. You could just feel the excitement that is gaining momentum as each day approaches our final week which is filled with traditional events, banquets, close of green-grey competition, 'rodeo, Final Indian Ceremony, etc. Rodney Deyo, our Indian instructor is here getting his ceremony all rehearsed and in shape for the close of camp. This is a great event with an audience usually numbering about eight hundred so it has to be good. The riding department starts earnest rehearsals for the rodeo which usually attracts a thousand to twelve hundred people.

Cabin two, with Kerm Krueger at the helm, took a horseback day trip. His young riders were Chuck Allendorff, Steve Kessler, Freddy Myers, Paul Irish and Jim Steffe. Bill Fors and "Rebel" Thompson took their boys on an overnight to Eastport State Park. These boys were Tom Coolman, David Spaulding, Bruce Laing, Dick G. Moon, Dick Flynn, Don Strutz, Bruce Nyland, Billy Speed, Dick Daley, Chuck Sullivan, "Skip" Kessler, John Rotz, Alan Silverman, Robert Streuh, Dick Kreske. The sailing department took off in our fleet of boats for a three day trip, and the sailers were "Ace" Hoyt, Dave Smith, Peter Fairman, Paul Stagg, Ted Schmidt, Mike Grass, George Steinhardt, Jerry Mason, Bill McInerney, Steve Hack, Leeds Davis, Freddy Bissell, "Tug" O'Neill and Carl Baum. In the evening, the "MUG WUMP" was again put into play and the Green-Grey teams were all excited as they knew it was to be a week of great excitement running and hiding the "Mug Wump."

Tuesday was a day for more trips to leave camp. Eric Henricks, Kerm Krueger, and Bill Wilson took their Junior boys down to Eastport for an overnight trip. These boys were: C. J. Shelley, Gus Sprow, Tim Lewis, Ricki Royer, Freddie Myers, Chuck Allendorff, Steve Kessler, Jim Steffe, Paul Irish, Wayne Hause, Mike Pliskin, Robert Royer, Dave Verdier, Randy Hofmann, John Haury, Dick Toneray. In the afternoon, Dan Ross took his boys on a horsetrip to Bay-Shore. These riders were Hal Thurston, Tom Perrin, "Scotty" Emmons, Carl Baum, Bob Gunn, John Thomckinson, Billy Kunst and John James.

Wednesday morning with a terrific wind, the sailing trip returned hale and hearty as all "old salts" should be. The boys reported a wonderful time with lots of good sailing. We find that each year sailing becomes more and more of an attraction for boys. Our fleet of seven boats is always in use, and boys are getting expert instruction. Alan Smith took his boys on a horseback overnight, Terry Summerfield, Steve Martin Keith Johnson, Peter Rousseau, Jimmy Blackburn, Tommy Quail, Butch Allendorff and Danny James were the riders on this trip. In the evening, the Annual "Capture the Counselor" was held. Signs of each man were painted with a definite monetary amount given to each man, ranging from one cent to eight hundred dollars. The team, Green or Grey, bringing in the greatest amount was given the winning points. It was a most exciting event and most of the men were caught. The Greys won two points, the Greens won one point in the season competition.

Thursday Andy Campbell took a horse trip with his boys, and Ken Peters and Phil Holiday took their boys to Fisherman's Island. Boys on these trips were' Scott Gregory, Ralph Miesel, George Steinhardt, Sandy Coakley, Chuck Willbee, Parky Smith, Tom Case, Tom Rotz, George Coakley, Tom Harper, Billy Baker, Carl Anderson, Steve Rea, Russell Washburn, Harry Carlson, Jim Coleman, Freddy Appel, Bill Jack, Tony Goss, Greg Dehner and Carl Elmes.

Friday morning, Dave Karns took his group down the Jordan River by canoe. This is a wonderful trip down a great fishing river, and this was the only trip down this river this season. Duncan Laurie, of Cabin 14 joined the group, which included John Mabley, John Deane, Mike Huber, Bobby Million, Carl Jennings and Roy Lange. Immediately after lunch we had the pleasure of having a State Policeman come into camp and put on a demonstration of pistol shooting which was enjoyed by the entire camp. When he used the sub-machine gun, the boys were pop-eyed and his instructions on the handling of firearms was most helpful. Gene Ackert and Nick Cameron took their boys on an overnight to Eastport, with Kent Gibbs and Tom Richardsosn' taking their boys to Fisherman's Island. However about eight that night the rains came and we send trucks, cars, etc. to pick up these trips. It was a sad ending to their planned trips, but the rain was most welcome as we have had a very dry season.

Saturday was a regular day in camp with usual Saturday night skits being held. Cabins 1, 2, 7, 8, 9, 10, 16, and 17 putting on skits that were very funny and the whole camp got quite a kick out of seeing their friends putting on some good skits.

Sunday morning at chapel, Kerm Krueger was the speaker and gave the boys much to think about. In the afternoon the Annual Obstacle Relay was held to close out the season Green-Grey competition. Going into this event the Greys were leading by three points. As this event counts three points, it was most exciting. The event uses about 140 boys in 50 events, ranging from a potato race, rolling an orange with ones nose, to swimming, riflery, archery, canoeing across the bay, tennis, riding, baseball, blowing up a balloon until it bursts, and ends with building a fire and bringing a pan of water to a boil. The Greens won the event which was close all the way, and tied up the season's competition. The Annual Birthday Party was held for boys who had a birthday during the camp season. The gift to each boy was a "Bolita" a game from Mexico, and the boys were very pleased with the gifts. The entertainment was given by two professional pantomimists known as "The Redcoats" and they had the entire camp in gales of laughter. It was a very fine party which Mrs. Smith and the other women in camp arrange each year to honor these birthday boys. Later in the evening the entire camp met in the "Bigwam" for a Quiz Show to break the Green-Grey tie score. You can imagine the excitement as each team in each section chose two boys to be on the panel. The Greens picked Pete Fairman, John Varonof, Bobby Million, Freddy Bissell, Billy Lambert and John Haury. The Greys chose Pete Willsey, Bob Henry, Tony Goss, Bill Jack, David Verdier and Pat Haggerty. After many rounds of questions, the boys not knowing whether the answer was correct or incorrect, the committee met in the office, while the campers were set in a huge circle in front of the office. Finally, Bill Townsend, Director of Activities, made the announcement that the Green-Grey competition for 1959 was won by the GREENS. You can imagine the noise of yelling and screaming, and the thrill of boys jumping and very, very excited. It was a case of the team that had trailed all season long coming to the fore in the final day. So this morning the craftsman is carving the GREENS into the log in the clubhouse for posterity to see. I must add that the losing Captain of the Senior Greys displayed wonderful sportsmanship. Dave Smith, even though his team was behind in the long obstacle relay in the afternoon, always was giving words of encouragement to his boys. Ace Hoyt, the Captain of the Senior Greens was a fine leader and deserves much credit. It was a great finish to a really great season.

As this is being written, the sound of the tom-tom can be heard as the boys are rehearsing the Indian Dances, and we sincerely hope that every parent will be here for the closing events. They are thrilling.

KOOLMOTOR

Why does oil go in clear and come out DIRTY?

Because it is doing one of its most important jobs —cleaning your engine.

You'd be amazed at the dirt and sludge that builds up inside your engine as it operates... as much as a pound in every 2500 miles of driving!

If that dirt were allowed to cling to engine parts, you'd soon have a mighty big repair bill... but instead, your motor oil seizes the dirt and holds it in suspension where it can do no harm.

Then, when you drain your oil, out comes the dirt with it.

Here at our Cities Service station, we recommend a change every 1000 miles with our 5D Koolmotor Oil.

In addition to its greater cleansing action, 5D Koolmotor actually acts as several oils inside your engine. Provides light 10W grade performance at starting... medium 20 grade performance for warm-up... and heavy 30 grade performance once your engine is hot.

Hospital Awards Scholarship

Carol Belfy (third from left) is pictured receiving the second annual Charlevoix hospital nursing scholarship from Max Novak of the board of directors scholarship committee.

With them are Miss Anne Baumgartner, superintendent of the hospital (left) and H. A. Craig, veteran member of the board of directors and also a member of the scholarship committee.

Dr. L. E. Grate is also a member of the scholarship committee.

The nursing scholarship is for $500 and is made possible by D. D. Walker of the Belvedere club and St. Louis, Mo. It is awarded at the rate of $200 for the first two years and $100 the third year. It was established to encourage young women to enter the field of professional nursing.

Carol, a 1959 graduate of the Charlevoix high school, is the daughter of Mr. and Mrs. Chester Belfy. She will enter the Mercy Central School of Nursing at Grand Rapids next month.

Sue McBride who received the first scholarship is presently concluding her first year of study at Blodgett Memorial hospital school of nursing in Grand Rapids.

Charlevoix Teams Eliminated in Softball Tourney

The two Charlevoix softball teams participating in the annual district softball tourneys have been eliminated.

American Mold, playing in the Class C division at Petoskey, lost to Club 27 of Cheboygan 5 to 1 in their opening game.

The City Merchants, playing in the Class D division at Harbor Springs, lost by forfeit after defeating the Cheboygan Merchants 9 to 4 Monday night.

The forfeit followed a protest by the Cheboygan team that Charlevoix had added an ineligible player under another name to its roster. The forfeit was ordered by the district softball officials. Ten players on the City Merchant squad face suspension from sanctioned softball for a period of one year beginning March 1.

Heiligs Observe 25th Anniversary

Mr. and Mrs. Arthur Heilig observed their silver wedding anniversary Tuesday.

In honor of the event their son, Donald, and son-in-law and daughter, Mr. and Mrs. Fred Faber of Grand Rapids, entertained them at a dinner at the Grey Gables Inn Sunday and Mr. and Mrs. Alfred Scheid took them to the Indian River Inn Tuesday evening.

Mrs. Van Schoten's Condition Improves

The condition of Mrs. Robert Van Schoten, the former Pat Rose, who was admitted to the University hospital in Ann Arbor for surgical treatment last week, was satisfactory Wednesday according to her father, Sheriff Glenn E. Rose.

Mrs. Rose remained in southern Michigan with her daughter.

This week marks the beginning of the Championship playoff games and the end of the summer softball season. This is the time when the first round champion meets the second round titlist for the city championship. Friday (tomorrow) the big playoff in the men's league starts with first round winner American Mold clashing with Airport Inn the second round champs. In Mold, fans will have a chance to see a couple of the league's best hitters in Ken Balch and Joe Beaudoin, who have been among the leaders in that department throughout the year. The Inn combines good pitching with excellent fielding and when you put the two together it makes for an exciting [illegible]. Game time is 8:30 and the second game will be played Monday.

At press time it was unknown whether or not a playoff would be necessary in the B league. Lake Construction won the first round and if they beat Browes tonight they will have also won the second round.

The Peanut league playoff will be held Tuesday night at 8:15 and finds two fine teams clashing again. The Barnard Braves swept through the first round undefeated and the Mort Cardinals did likewise in the second round. So anything can, and no doubt will, happen when the two teams get together for the City Championship.

The Women's title will be decided on Wednesday night at 7:15. Northern Auto won the first round and are waiting to see if Paul-Reed will cinch the second round by beating Gills in their remaining game.

The Girl's league is over and Edwards won the City Championship, beating Schroeders in convincing style.

This time of the year is tournament time also and if you're wondering why only two teams entered from here, here's why. Misleading information indicated that the tourneys would be held at Cheboygan this year. Several teams have had nothing but unpleasant experiences when they have traveled to Cheboygan before and, rather then go through the sad experience again of a poorly organized tournament, they decided not to enter. Only a couple days before the tournament did we find out that the district would be held in Petoskey and that it was the State Finals that were held in Cheboygan. As a result, only the two teams were entered. American Mold lost a tough first game to the tournament favorite 5-1. Club 27 collected only three hits but used them to good advantage for the win. The Mold collected only two hits with Nate Boss getting both of them. The City Merchants won their first game in easy fashion, whipping the Cheboygan Retailers 9-4 but must wait out a protest to see if they will advance into the semi-finals. The Cheboygan nine have filed a protest on the legality of one of the Merchant players.

Softball Results

It was a wild week in the Charlevoix softball league and as a result any one of three teams may win the second round title. Airport Inn who earlier appeared as a shoo-in for the title now must win its remaining game with the City Merchants in order to cinch the title. If they lose either Freedman or the Coast Guard could tie them for first place.

The Coast Guard upset the Inn to force the important show down for this week's games. They edged the league leaders 6-5 in a thriller. The service men took an early lead by scoring six times in the second. Then the Inn stormed back to tie it going into sixth. Then Harv Cole hit one of his specialties over the leftfield fence for the 7-6 win.

The City Merchants had little trouble with American Mold and beat them 7-3. LeBlance, Swanson, Walker and Coleman paced up the important Merchant safeties.

The Airport Inn walloped American Mold 9-2 in what may have been the preview to the championship playoff games. The Inn scored three in the first on three errors and were never headed.

Bob Klooster of Freedman pitched one of his strongest games of the year in defeating the Merchants 6-0. His teammates finally came to life in the last inning for five runs to give the big pitcher a comfortable lead and the win. Until then only Kloosters one-run homer in the first stood between the two teams.

As the league race tightened up so did the batting race between the league's top hitters. Harv Cole seemed to be in the best position to cop the trophy. He is hitting at .343 clip and has two games remaining. Teammate Joe Armstrong could catch him but it would take a real hot streak. The rest have only one game remaining and it would take a combination of a real good night for them and a couple poor ones for Cole in order to give any of them a chance. To be eligible, a player must be at bat at least 35 times.

PEANUT LEAGUE

The second round champions, the Mort Cardinals, cinched the title by beating the Braves 4-1. The win gave them a perfect record for the second round. Now they play the Braves in the Peanut league championship game at 8:15 Tuesday. Stan Towsley singled home two runners in the first inning and that was enough as the Cards defense allowed the Braves only a single run.

In other action during the week, the Tigers beat the Red Devils 15-1. Jim Racgnol led the attack for the winners. The Dodgers had no trouble with the Pirates beating them 11-3. Ken Parsh led the hitting with two Dodger hits and Cap Terrel picked up the only Pirate hit off winning pitcher Jim Ulrich.

IMPORTANT NEWS! Now you can add your dependent parents to your Blue Cross-Blue Shield group contracts.

New and exclusive with your M-75 group coverage ... Blue Cross-Blue Shield protection for all your "income tax dependents", regardless of age

Now, for the first time, Blue Cross-Blue Shield protection is available to every member of your family circle . . . under your present Blue Cross-Blue Shield M-75 group membership!

Your father or mother . . . your adult children . . . even your in-laws (if they are "dependents" of yours) are eligible for Blue Cross-Blue Shield health care under two new additions that you may make to your present contract.

Result: You are relieved of financial burden should illness or accident strike *any* of your "income tax dependents".

Here's how the new Blue Cross-Blue Shield coverage works:

Your employer may arrange for you to select either—or both—of two new "riders" now being offered for addition to the Blue Cross-Blue Shield M-75 contracts you already have.

One of the additions, "FAMILY CONTINUATION RIDER F", provides health care for your dependent children after they reach age 19. As you know, Blue Cross-Blue Shield has always offered group protection for your youngsters *up to* 19 years old. But now, the new rider *extends* that coverage for your unmarried children through the college years up to age 25.

The second addition that you may wish to make to your present M-75 contract is called the "SPONSORED DEPENDENT RIDER S".

This provides 30 days of hospital and medical care for still other dependent members of your family circle. Your own parents, for example. Or even children *over* 25.

Limited Time Only

As a group member of the Blue Cross-Blue Shield M-75 plan, and subject to the agreement of the employer of your group, you are welcome to add either— or both—of these new "riders" to your present coverage. The cost of the additional benefits will simply be added to your regular contract payment.

However, your group must act promptly. The current "sign-up" period for these new "riders" extends only to November 1, 1959.

For full details on the most complete family coverage Blue Cross-Blue Shield has ever offered, see your personnel or payroll officer or call the Michigan Blue Cross-Blue Shield office nearest you. Information about these two new riders is being sent to every M-75 group this week.

Extension Agent To Conduct Three Cooking Schools

Mrs. Clare Brwn, county extension agent in home economics, will give three cooking schools on the use of dried powdered eggs and other surplus foods commodities. Dried eggs have recently been added to the list of surplus foods and require special care in cooking and storing to prevent the risk of bacterial contamination.

The Cooking Schools will be held in East Jordan on August 25, in the dining room of the Methodist Church. On August 26, the school will be held in the dining room of the Masonic Temple in Boyne City, and in Charlevoix it will be held in the Home Economics room of the high school on August 27. All schools will start at 2:00 p.m.

The public is invited to attend these schools and all families, school lunch cooks, and representatives of other organizations using surplus commodities are urged to attend.

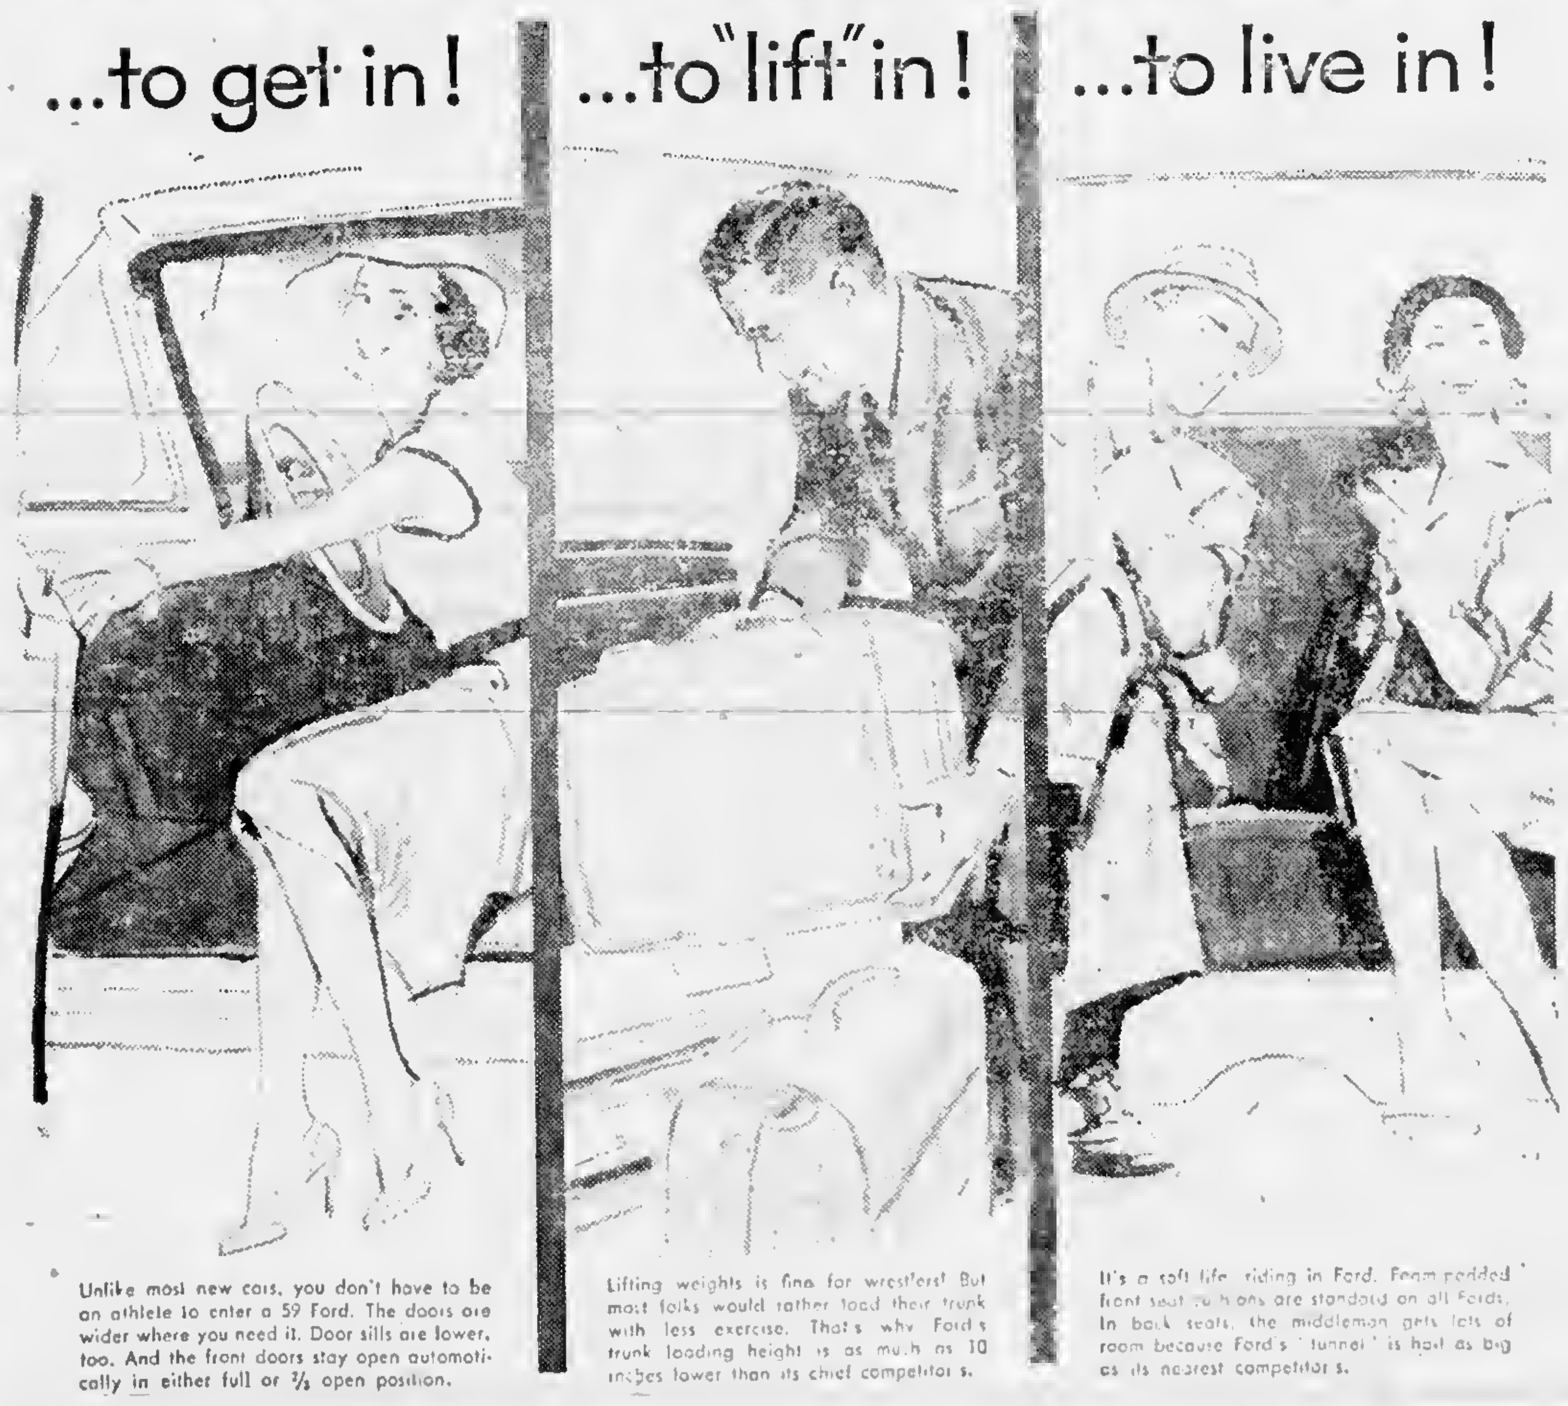
HERE'S WHY MORE FOLKS DRIVE THE 59 FORD!

EASIEST

...to get in! ...to "lift" in! ...to live in!



Unlike most new cars, you don't have to be an athlete to enter a 59 Ford. The doors are wider where you need it. Door sills are lower, too. And the front doors stay open automatically in either full or ⅓ open position.

Lifting weights is fine for wrestlers! But most folks would rather load their trunk with less exercise. That's why Ford's trunk loading height is as much as 10 inches lower than its chief competitor's.

It's a soft life riding in Ford. Foam-padded front seat cushions are standard on all Fords. In back seats, the middleman gets lots of room because Ford's "tunnel" is half as big as its nearest competitor's.

Historic Beaver Island

For an ever to be remembered cruise to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

The New Motorship 'Emerald Isle'

offers the most popular cruise on Northern Lake Michigan and a visit to America's Emerald Isle.

4-H Members to Exhibit Projects At Whiting Park

Charlevoix County 4-H members will exhibit their summer project work at Whiting Park on Labor Day, according to Ed Rehman, County Agricultural Agent. This year the event will be held on Monday September 7. Exhibits will be in place by 10:30 a.m. and remain on show until 3:30 p.m.

Judging of all exhibits will start promptly at 10:30. Anyone interested is invited to watch the judging while it is being done. Judges will be out-of-county people.

The American Legion of Boyne City will again be responsible for the games and contests throughout the day. They will have prizes for youngsters of all ages and a number of contests.

Everyone is invited to bring their picnic lunch and attend this year's 4-H Achievement Day and county picnic.

Another Life Claimed In Attempt To Find Sunken S.S. Bradley

St. James, B. I.—John Martin, 55, a native of Beaver Island and well known commercial fisherman and fishing guide, was drowned Sunday afternoon when the 36 ft. tug he and his brother, Charles, about 50, were operating sank in a squall a mile off the northwest shore of the island in the channel between Beaver and High Islands.

The brothers were operating the tug as tender for a larger craft, the 173 ft. oil exploration ship, the Submarex, which had been brought from the west coast in an attempt by the U. S. Steel Co. and the Bradley Transportation Co. to identify a hull located April 29 as the steamer Carl D. Bradley which sank in a violent storm off Gull Island in northern Lake Michigan Nov. 18 with the loss of 33 lives.

According to Charles Martin who escaped from the sinking tug, the pair was enroute from St. James to the search area 4½ miles northwest of Gull island when they were caught in a squall. The heavy sea swamped the boat which then went down, stern first, carrying John Martin, who had been operating the tug's engine, with it. Charles Martin, who had been at the wheel, jumped free of the craft after grabbing a life preserver.

He told Coast Guardsmen from the Beaver Island Lifeboat station that the accident occurred between 3:30 and 4 p.m. He swam about a mile, coming ashore at Indian Point where he made his way to a nearby cabin to call for assistance before collapsing from shock and exposure.

The Coast Guard 40 ft. patrol boat left at once for the area where Martin said the boat had sunk. It was joined by the 38 ft. cruiser Penmanta of Mullet Lake which also was assisting in the search for the Bradley. Debris, an oil drum and oil slicks were found but efforts to locate the body of the drowned victim or the tug failed as darkness halted the search at 9 p.m. Sunday.

Both the Coast Guard patrol boat and the Penmanta returned to the search area early Monday. At noon they were joined by a diver from the Majestic Marine Co. of Cheboygan. The diver was down for 45 minutes late in the afternoon when the Penmanta's sonar equipment picked up a sounding which at first was thought to be the sunken tug. However, nothing was found.

The search was resumed Tuesday when the Coast Guard patrol boat and the Penmanta dragging the sandy bottom with a line suspended between the two boats. High southwest winds late Tuesday hampered the search late in the day.

Chief D. R. Reynolds of the Charlevoix Lifeboat Station said Wednesday the Coast Guard would continue to make regular checks of the area where the accident occurred but that dragging operations had been discontinued. It is expected the Penmanta will continue to search the area in an attempt to locate the body and tug which were lost in waters from 40 to 100 ft. deep.

The tug which the Martin brothers were operating at the time of the accident had been brought from Sault Ste. Marie last week.

Besides his brother, Charles, Mr. Martin is survived by his wife, the former Ada Burke; two daughters, Mrs. Oren (Mary Helen) Reynolds and Mrs. Ernest (Bernice) Conn, both of Holly; four sons, Marcus and Jack of Holly, J. Sheldon of Mt. Morris and William, stationed in Germany with the U. S. Army but home on emergency leave because of the critical illness of his sister, Mrs. Conn; 11 grandchildren and another brother Wilbur, of Traverse City.

Rev. Kohn's Works Again Printed in Digest Article

Works of local author Rev. Harold E. Kohn have again been selected for publication in The Readers Digest. The selected which appears in the September issue is taken from the column which first appeared in the Courier under the title "Thoughts Afield" and also in the recent book published under the same title by Eerdmans.

The selection used in the September issue is included with writing of a number of other well known authors entitled "Points to Ponder." The extract from Rev. Kohn's work follows:

Harold E. Kohn in "Thoughts Afield:"

How often our conversation is meaningless and inconsequential! When William Gillette, the actor, was a young man he lived in a boardinghouse. At that time he was studying stenography and practiced shorthand while sitting in the drawing room with other boarders and listening to their conversation. Evening after evening he took down every word they spoke. Referring to this experience, Gillette one time told a friend, "Years later I went over my notebooks, and found that in four months of incessant conversation no one had said anything that made any difference to anybody."

Weathervane Registers First Guests

Mr. and Mrs. Stanley Jones and son, Jeffry, of Okemas were attracted by the magnificence of the new Weathervane lodge when they visited Charlevoix on a vacation tour. They learned six units were ready for occupancy and immediately registered as the first guests.

By evening all available units were taken despite the construction work still in progress. All units have been taken as rapidly as completed since August 17, Ralph Gillam, manager, reports. Twenty-nine units are now completed and the remaining eight will be furnished and ready as rapidly as possible, he said.

CMU To Offer Credit Courses

Central Michigan University will offer four hours of graduate and undergraduate credit in Charlevoix beginning Sept. 3, according to Charles A. Robinson, county superintendent of schools.

The classes will be held in the high school building at 7:30 p.m.

Two semester hours of credit may be earned in each of two classes, Physical Science 451 and Education 480.

The science course will be especially adapted to the needs of elementary classroom teachers.

Dr. Leon McDermott of the Central Michigan Science Department will teach Science 451 and Dr. Kenneth White of the Central staff will teach Education 480. There will be a total of 12 sessions. Succeeding meeting dates may be adjusted to the most convenient day.

Auxiliary Holds Memorial Service

The American Legion Auxiliary held a brief, memorial service during its meeting Monday night honoring three members, Mrs. O. A. Solomon, Mrs. Allen Ulrich and Mrs. Carl Korth.

At the business meeting it was announced that the local group has been invited to meet with the East Jordan Auxiliary for a joint installation of officers Sept. 8.

At the social hour refreshments featured a cake honoring the fiftieth wedding anniversary of a member, Mrs. Joseph Sidorowicz who was present with her daughter, Mrs. Tad Sidorowicz of Grand Rapids.

56 Candidates Take Physicals For Football

Fifty-six prospective football players reported for physical examinations at the locker room of the Charlevoix high school Coach Don Carey reported Tuesday.

All but about four players were present for examination Coach Carey said.

Equipment was also issued at the initial meeting.

The first practice session has been scheduled for 9 a.m. Monday at Kipke field, Coach Carey said. All prospective candidates for both the J-V and Varsity squads are to be present for the session.

Coach Carey said there would be two practice sessions a day until school officially opens Sept. 14. The hours of the sessions will be determined Monday, he added.

The Charlevoix Rayders, defending Northern Michigan Class C Champions, will open the 1959 season against a non-loop rival, Rogers City, Sept. 18. The game will be played on the Huron gridiron.

Hospital Reports Year's Deficit At $17,031

A total of 1,271 patients were admitted to the Charlevoix hospital during the fiscal year ending June 30 according to a report made recently by Miss Ann Baumgartner, superintendent of the hospital.

The report also revealed that 1,229 patients were discharged during the same period. The daily census averaged 22 adults and two babies with the highest number on the daily census 36 adults and six babies and the lowest nine adults. A total of 8,114 hospital days care were given during the year.

The number of out-patients numbered 1,489; x-ray patients, 1,107; laboratory patients, 1,761. Of the total number of patients admitted, 370 were surgical; 198, obstetrical; 381, medical and 322 pediatrics. During the year 910 operations were performed.

A total of 194 births were registered. There were 42 adult and four baby expirations during the same period.

The per diem cost per patient was $30.59 while the per diem income was $28.48.

A total of 35,508 meals were served at the average cost of 83 cents per meal.

The average number of employees was listed at 64 with an annual payroll of $147,002.20.

Collections during the year were 97 per cent complete.

The same report revealed that the gross income from hospital service during the year totaled $234,536.90. This figure, less allowances of $3,295.72 gave the hospital a net income of $231,241.18.

Operating expenses during the year were listed at $248,273.01. This minus the net income revealed the hospital operated at a deficit of $17,031.83 during the 1958-59 fiscal year.

Complete Program For Dedication of New County Building

The program for the dedication of the new Charlevoix county building scheduled for 2 p.m. Sunday has been announced by the dedication committee headed by Clarence F. Rabach.

The program, to be held at the main entrance of the new $250,249 structure promptly at 2 p.m., will feature a dedication address by Judge Charles L. Brown of the 13th Judicial Circuit.

Mr Rabach will open the program by welcoming those who are in attendance in behalf of the Charlevoix county board of supervisors and the dedication committee and introducing Harvey C. Varnum, county prosecuting attorney, who will serve as master of ceremonies.

Mr. Varnum will present a brief history of the county and its county buildings and introduce the members of the board of supervisors, county officials, veteran retired officers and supervisors.

The architect, R. E. Gergonoff of Ypsilanti, and the general contractor, Hal Forbing of the Lake Construction Co. of Charlevoix will speak briefly and then turn over the keys of the new county building to Russell L. Curtis, chairman of the board of supervisors.

FOLLOWING the dedication East Jordan, Boyne City and Curtis will present a new 49-star flag which has been flown over the nation's capitol and given by Rep. Victor A. Knox to Capt. John Barkdoll, commanding officer of the 310th Ordnance Co. Company members from East Jordan, Boyne City and Charlevoix will lower the old flag and raise the new flag as the combined bands from East Jordan, Boyne City and Charlevoix play the National Anthem.

Visiting dignitaries including State Representative Clarence B. Meggison who was a member of the county board of supervisors at the time the court house sinking fund was established will be introduced during the program.

The Rev. Charles Dunbar of East Jordan will give the invocation and the Rev. Jerome A. Szydlowski will conclude the program with the benediction.

Immediately following the program there will be an open house and tour of the new building with members of the board of supervisors and county officials as hosts.

The high school bands from address by Judge Brown, Mr. Charlevoix have been invited to participate in the program by playing a concert beginning at 1:30 p.m. and the National Anthem during the program.

REFRESHMENTS WILL be served to all visitors by a committee headed by Miss Lillis M. Flanders, county treasurer; George Hutchinson, director of the Bureau of Social Aid, will head a committee in charge of registration and Sheriff Glenn E. Rose will head a committee in charge of seating.

Invitations have been extended to state officials as well as officials of surrounding counties to attend the dedication program which will officially mark the opening of the first new building to house county offices in the 92 year history of the county

In extending an invitation to the residents of the county to attend the program and tour the new building both Mr. Rabach, in behalf of the dedication committee, and Mr. Curtis, representing the board of supervisors urged that all residents of the county take advantage of this opportunity to visit the new building. "This is your county building where the business of your county is transacted," Mr. Curtis said. "Few of you have occasion to visit the building during the year. We hope you will attend the program Sunday and take the time to tour the building your tax monies have built."

Visitors from throughout the county as well as northern Michigan are expected here for the dedication.

Belvedere Golfers Compete In Annual 5 Day Tourney

Mrs. Kate Orr and Bobby Leatherman finished winners in the Ladies Championship and Men's Championship flights of the annual Belvedere golf tournament played last week on the 18 hole club course. Eleven flights were played during the five day event for club members.

In the Men's Championship flight Bobby Leatherman beat out Jim McDonnell in a match that went 19 holes. They two were tied on the 18th. D. D. Walker and Ken Payne tied for medalists in the qualifying round. There were 16 entries in the event.

Butch Mullen won over Houston Witherspoon in the Men's Belvedere flight, eliminating eight other entries.

The Sportsmen's flight, nine holes, was taken by W. R. Ransom with Sam Pingree coming in second best. There were six entries in the event.

John Ring took the Consolation flight from Ted Orr.

The contest for the Ladies Championship event was between Mrs. Kate Orr and Mrs. Betty Forker. Mrs Orr, who was medalist in the qualifying rounds, won the final. There were eight contestants.

In the First Flight, an 18 hole event for ladies, Mrs. Irene Collins won over Mrs. Exi Mullen. Mrs. Ann Flanigan defeated Mrs. Nancy Hermann in the Ladies Nine Hole Championship event. There were six other entries.

The Ladies Belvedere Flight, over nine holes was won by Mrs. Mary Alexander who defeated Mrs. Melissa Hickey.

Three consolation flights were played in the ladies' division. In the championship consolation Mrs. Jim McDonnell edged out Mrs. Florence O'Brien after two extra holes. Mrs. Althea Schumacher won the Nine Hole Championship consolation from Mrs. Gene Pingree. The 9 hole Belvedere Ladies consolation was won by Mrs. McMahon from Mrs. Mary McKay.

Scouts Headed For Adventure on Board Ice Breaker

Three Charlevoix Boy Scouts will be among the 20 from the Scenic Trails Council who boarded the U. S. Coast Guard Cutter Ice Breaker Mackinaw at Cheboygan Tuesday for "Expedition: High Adventure"

They are Mike Herington, Mike Belfy and Charles Bergmann who left Cheboygan Tuesday night for an 11-day trip to Chicago during which the Mackinaw will supervise the water events of the Pan-American games.

While on board ship the Scouts will have a program in instruction of the ship's operation in order to make the trip more productive from a training stand point. While in Chicago the Scouts, under adult supervision, will be allowed to go ashore and enjoy the facilities of the city.

The Scouts are scheduled to return home Sept. 5.

Elver Carroll of Walloon Lake will be one of the adult advisors on the trip.

The trip was made possible through the cooperation of the Scenic Trails Council and the U. S. Coast Guard. The Scenic Trails Council is one of the agencies of Charlevoix Community Chest.

Pleads Guilty in Circuit Court to Assault Charges

Two local men were arraigned and two others sentenced Tuesday as the August term of circuit court drew to a close.

Alex Cornstalk jr., 21, and Herbert Wabanimkee, 19, both pleaded guilty to a charge of assault with intent to do great bodily harm before Judge Charles L. Brown. Their cases were referred to the probation officer for investigation. They will be sentenced later. Bonds were continued at $500 each and both were returned to the county jail. The charges against the pair were made following a brawl in which Cornstalk slashed Wabanimkee with a broken bottle after the latter had stabbed Peter Walker, 38, when he attempted to stop the fight.

Charles P. Gallagher, 78, of St. James, who had pleaded guilty earlier to a morals charge, was placed on three years probation and ordered to pay a $25 fine and costs of $100.

William Duiker, 80, who had pleaded guilty to a morals charge, was placed on two years probation and ordered to pay a $10 fine and costs of $220.

United We Prosper

The Mackinac Bridge and industrial development in our town may not seem related . . . but they have a common denominator — faith.

The faith of the people of Michigan in our great state gave the builders of the Mackinac Bridge the strength to overcome countless obstacles before the bridge became a reality.

Today, the Mackinac Bridge — the world's greatest and costliest bridge — not only links the Upper and Lower Peninsulas but is symbolic of the spirit, strength and unity of the people of Michigan.

Thus, qualities which made the Mackinac Bridge possible exist in our community.

If used properly, they will help us overcome the obstacles which threaten our efforts to grow and prosper, providing a fourth important element is present.

That element is community attitude, sometimes called "climate," toward new or present industry.

If we encourage our present industry and let everybody know that it is appreciated, then our efforts to get new industry will, like the Mackinac Bridge, become a reality.

For many years, the Mackinac Bridge was nothing more than just a dream. Its completion and opening to traffic prove one thing — anything can be accomplished if we have faith, confidence and optimism.

The Mackinac Bridge would not have been built if Michigan had lacked faith.

Our desire to grow and prosper will be accomplished if our community attitude is at a high level at all times, and if we are united in our efforts.

The vital role of community attitude in efforts to prosper is the theme of an advertisement entitled "They Said It Couldn't Be Done" which appears today in the Courier.

Chides an' Chuckles

August 22, 1959

Uncle Charlie
Charlevoix Courier
Charlevoix, Michigan

Your paragraph in the issue of August 20 ending "I'd sure make a show of it before everybody got used to it":

Perhaps you have not realized that this is one of the very few public buildings in the State of Michigan that has been built and immediately paid for with no further burden of a bond issue and interest charges to the taxpayer. This stretches available funds to the very limit with no money left over for "landscaping," blacktopping to the rear, furnishing the interior, etc. etc. Now considerable of this has been done to the point where a complete building could be dedicated.

Secondly, it was felt that the dedication should be during the summer when many of the out-county taxpayers could be here, and there are nearly 2500 of them in Charlevoix County. They have paid for the County Building as well as the local residents.

Now you could go out and build yourself a beautiful home and furnish it nicely, have it mortgaged to the hilt, hold an open house, and probably be thought of as a very successful and wealthy person. Charlevoix County preferred not to do it this way. The County Building is bought, built, and paid for.

Very Sincerely yours,
Ted R. Miller
Charlevoix County Supervisor

Voice of Our Readers . . .

This, and the articles following are not intended as a criticism of the editorial of August 20th, (Faith—Our Foundation), but merely the expression of a few ideas which were occasioned by the reading of the editorial:

Belief and Trust in God, is that what our nation is really building on? If so, where is the evidence?

The Holy Scriptures abound with the revalation that the Holy Angels, who know God as their Crestor, Benefactor and King, are continually adoring and worshiping Him. On the other hand the devils, who also acknowledge the existance of God, his power and his authority, tremble before this knowledge (Jas. 2:19).

What is the reaction of America to God? Does she bow down and worship, does she tremble before His judgements? With a flourish she inscribes upon her coins and bills "In God We Trust," and piously includes in the pledge of allegiance to the flag the phrase "Under God," and then goes merrily on her way completely ignoring God and his [illegible]. Not completely ignoring [illegible] but [illegible] next week!

THEY SAID IT COULDN'T BE DONE

They were dreamers . . . the men who talked of a bridge some day linking Michigan's Upper and Lower Peninsulas.

But after nearly 100 years of dreaming, the bridge that couldn't be built is a reality.

The Mackinac Bridge — one of the world's wonders — stands majestically today as a symbol of the spirit, strength and unity of the people of Michigan.

Let it too be a symbol of the vision, the strength and the united determination of our own community.

Let us work together—no letup, no factions—for the progress and prosperity of our community. . . . Some will say it can't be done.

Marilyn Goeman Wedding Solemnized At Mt. Pleasant Church Ceremony

Marilyn Beth Goeman, daughter of Mr. and Mrs. William Goeman and Robert E. Courtright, son of Mr. and Mrs. Cornelius H. Courtright of Mt. Pleasant, exchanged their wedding vows at a double ring ceremony solemnized at the First Church of Christ in Mt. Pleasant Saturday.

The Rev. Terry Alversón, pastor of the church, officiated at the service in the presence of more than 200 guests. Arrangements of white gladioli decorated the altar for the service. Mrs. Hans DeYoung of Ellsworth played a program of traditional music and the wedding marches and accompanied the soloists, Mrs. Marvin Goeman of Grand Rapids, who sang "This Is The Day" and Neil Courtright of Mt. Pleasant who sang "The Lord's Prayer."

The bride, given in marriage by her father, chose a gown of white lace and tulle for her wedding. Fashioned with a fitted bodice, Sabrina neckline and long sleeves, the gowns bouffant skirt was of tiered tulle and lace. A tiara of beaded satin secured her fingertip veil and she carried a bouquet of red and white glamellias.

Arlene Goeman of Ellsworth served as her sister's maid of honor and Marcia Ritzema, also of Ellsworth, was the bridesmaid. They wore identical gowns of blue chiffon and carried bouquets of Elmer's rose gladioli.

Neil Courtright of Mt. Pleasant assisted his brother as best man Charles Cartwright of Mt. Pleasant was groomsman. Seating the guests were Verne Goeman of Ellsworth, brother of the bride, and Ray Sheu of Mt. Pleasant.

Mrs. Goeman chose a navy dress and navy and white accessories for her daughter's wedding. Mrs. Courtright, mother of the bridegroom, wore a royal blue dress and white accessories. Their flowers were corsages of pink mums.

A reception followed in the church parlors with Mr. and Mrs. Dan Coyne of Mt. Pleasant as master and mistress of ceremonies. Assisting were Diane DeYoung and Judy DeYoung.

After a northern wedding trip the couple will live at 1002 South Main st. in Mt. Pleasant. For traveling the bride wore an aqua linen jacket dress, matching accessories and a corsage of red glamellias.

The bride is a graduate of the Ellsworth high school and a student at Central Michigan University. Mr. Courtright is a member of the Mt. Pleasant Police Force.

Two Tie for Scholarship

NANCY BAILEY

PATRICIA JOAN BRAUN

Two candidates were tied for the scholarship awarded this year by the Charlevoix County Unit of the American Cancer society, resulting in the awarding of two scholarships instead of one, the scholarship committee has announced.

Winning candidates are Nancy Bailey, daughter of Mr. and Mrs. Clifford Bailey of East Jordan and Patricia Joan Braun, daughter of Mr. and Mrs. John Braun of Boyne City. Miss Bailey has enrolled at the University of Michigan nursing school and Miss Braun will take her training at Ford Hospital, Detroit.

The scholarships amount of $100 a year for each of the students over a three year period. The scholarship committee which selected the winners included Dr. A. F. Litzenburger of Boyne City, Mrs. Marion Jackson and Mrs. Wilbur Robertson of East Jordan and Mrs. Keith Miles of Charlevoix.

Former recipients of the scholarship now in training are Miss Beth Lewis, daughter of Mrs. Ira Olney, Charlevoix, who is in her third year at Ford hospital, Detroit, and Miss Darlene Sparks, daughter of Mrs. Helen Sparks, Boyne City, who is in her second year at the Sanitarium and Hospital School of Nursing, Independence, Mo.

I See By The Courier . . .

- Mr. and Mrs George Ross and son, Douglas, of Dearborn spent the weekend at Taylor's cabins while visiting the former's uncle and aunt, Mr. and Mrs. Walter Moore, and other relatives and friends.
- Mr. and Mrs. Harold Miller departed Saturday on a six-weeks vacation trip through British Columbia, the Canadian Rockies, Lake Louise, Portland and Seattle Wash., and down the west coast, returning via the southern route. They plan to return home about Oct. 1.
- Mr. and Mrs. William Showalter and son, Randy, and Beverly Hodson have returned to their home in Wabash, Ind., following a week's visit with Mrs. Wilson Baker.
- Mr. and Mrs. Paul McClure and son, Michael, have arrived from Oakland, Calif., to visit Mrs. McClure's mother, Mrs. Ingma Pontious and other relatives. They arrived earlier from the west coast and have been visiting in southern Michigan.
- Mr. and Mrs. Lyle Harper and three children of Camden were guests last week of the former's uncle and aunt, Mr. and Mrs. Leo Allard.
- Mrs. Norman Ketchman and two daughters of Morgan City, La., are spending two weeks with her mother, Mrs. Richard Hull, and other relatives.
- Mrs. Jone Durance had as her guests last week Mrs. Irving LaRue and daughter, Pamela of Detroit and Mrs. Ned Durance of Flint.
- Mr. and Mrs. Mitchell Szczepanski returned to Detroit Saturday after spending two weeks with the latter's parents, Mr. and Mrs. Dell Dutcher.
- Carol Genia and her cousin, Kathy Lewis, left Sunday for a three weeks visit with their uncle and aunt Mr. and Mrs. Cornelius Dyer of Detroit. They also plan to attend the Michigan State Fair.
- Rev. and Mrs. L. L. Lewis have had as their guests this week, his parents, Mr. and Mrs. William E. Lewis, his brother-in-law and sister, Mr. and Mrs. Harold Butler and family, and his son, and daughter-in-law, Mr. and Mrs. Vernon Lewis, all of Flint.
- Mr. and Mrs. Hershel Conrad and Mrs. Belle Bennett of Colorado Springs, Colo., are visiting Mr. and Mrs. Jock Gigg.

Jock Gigg returned home last week from University hospital at Ann Arbor where he has been receiving medical treatment for the past seven weeks.

- Mrs Eva O'Neill and daughter, Mrs. Rose Hess of Detroit, spent the weekend with friends here. They made the trip with the former's son-in-law and daughter, Mr. and Mrs. Andrew Fulton, who were here for a class reunion.

Mrs. James Pettis was honored Monday at a pink and blue shower given by Mrs. Jack Mol, Mrs. Gene Kronsh and Mrs. Claire Martin at the latter's home.

Guests enjoyed games and a social evening followed by refreshments served at a table centered with an arrangement of gladioli in pastel shades. A decorated crib held the many gifts which were presented to the honored guest late in the evening.

Invited guests were Mrs. Klaus Anderson, Mrs. Jake White sr., Mrs. Robert Reed, Mrs. Ronald Cunningham Mrs. Richard Donaldson, Mrs. Don Brown, Mrs. Eugene Bergmann, Mrs. Russell Lewis, Mrs. Shelby Goss, Mrs. Phil Martin, Mrs. Charles Bergmann and Mrs. Charles Elzinga

Jerusalem's unique antiquities are carefully preserved, the National Geographic Magazine says. In the Arab section, which holds many of the world's most sacred shrines, the city council must pass upon all improvements. No structure may be changed without written permission, and an ordinance forbids the erection of any building near the 16th-century walls that still encircle the Holy City.

WHY ISN'T JIM'S HAND RAISED?

Is it because Jim doesn't know the answer or is it because he didn't hear the question or couldn't see it written on the blackboard? Impaired hearing and eyesight are contributing causes to poor schoolwork—cause a child to miss out on a lot of the fun and learning that should fill a youngster's life. It is wise, therefore, to take children to the family doctor for a physical check-up **before** sending them back to school. Do it this week.

Water Plays Vital Role In Michigan

Have you ever stopped to consider the vital role water plays in Michigan? Probably you have not thought about it very seriously.

In a state so richly blessed with natural resources as this, water does not hold the esteem that iron, copper, oil and other minerals do. And because of the abundant supply, water is too often taken for granted.

In Michigan there is water for transportation and industry in general, water for recreation, for forests, agriculture and the public health.

Almost completely surrounded by the Great Lakes, Michigan is a keystone in the vast shipping industry on these waters. The port of Detroit is one of the busiest in the nation. Tonnage thru the world famous locks at Sault Ste. Marie is more than three and one-half times that of the Panama Canal. The Detroit river ranks as the busiest waterway in the world.

The opening of the St. Lawrence Seaway this year will greatly magnify Michigan's foreign trade. Even before this, the state's exports approximated a billion dollars annually while its imports totaled 600 million dollars a year.

Water is literally the life-blood of industry in Michigan. It is converted into electric energy that keeps the wheels of industry turning. It is used for refining, for cooling purposes and for other processes that require large quantities of water.

Michigan's multimillion dollar tourist industry is closely geared to the state's water resources. The Water Wonderland's more than 36,000 miles of rivers and streams, 11,000 inland lakes and 3,000 miles of Great Lakes shoreline have stimulated widespread resort development.

This resort boom has bolstered the general economy of the state, has strengthened the tax structures of local units of government and has provided jobs for thousands of people who live outside industrial centers.

Closely related to its effect on a flourishing tourist business, water supports fish and wildlife populations which have vaulted Michigan into the top spot, nation-wide, for hunting and fishing.

Since 1954 it has reigned as the most popular state for hunters and fishermen. Michigan's hunting and fishing license sales for 1958 added a record $7,775,000 to the state's Game and Fish Protection Fund.

Little wonder Michigan is called a fisherman's paradise. Principal reason is not so much the water itself, but its complexity. It can almost be said that no two lakes in Michigan are alike in their conditions for fish life. Nor are its rivers and streams.

Proof of this variety of fish life is found in Conservation Department records which show that Michigan's waters contain nearly 150 species of fish.

With a helping hand from air, soil and sunshine, water gives life to forests which today grow on 19,682,000 acres in Michigan. Payrolls of the wood-using industries alone amount to over $309,000,000 a year. Timber sales from state forests brought approximately $657,000 during the 1958-59 fiscal year.

In addition to supporting forests, water nourishes agricultural products in Michigan. In 1957, receipts from marketed farm products totaled $714,059,000.

Michigan leads the nation in production of sour cherries, field beans, celery, cucumber pickles, strawberries and tomatoes. It is second in production of asparagus, cauliflower, plums, cantaloupes and sweet corn and third in commercial apples, peaches, grapes, sweet cherries, cabbage, onions and spearmint.

Water is not solely responsible for Michigan's fortunes as discussed but it is truly essential to all these things. Certainly, it would be hard to overestimate the state's water wealth.

Trout swimming upstream to spawn leap several times their length through the air to surmount obstacles. Unlike Pacific salmon which spawn once and die, trout make a grueling migration each year.

Ellsworth Spotlight

By MRS. ED PETTER

Cathy Essenberg and Margaret Hastings have received scholarships to the Bronson Methodist School of Nursing. Cathy received here from the Kalamazoo Automobile Wholesalers and Margaret received the Methodist Conference Scholarship. Congratulations to both girls.

Dean Fiedler will be teaching in the Ellsworth High School this year. He will be the music teacher. Mr. and Mrs. Kier will be living in the Eathan Edson home instead of the Fiedler home as reported earlier.

Mr. and Mrs. James Huffman and two children were supper guests at the home of Mr. and Mrs. Grant Hastings. They are vacationing in Bay View.

Mr. and Mrs. William Patterson had as their guests from Wednesday to Friday, Mr. and Mrs. Gerrit Pranger and daughter, Mary Louise, of Muskegon.

Mr. and Mrs. Roy Best and son and Mr. and Mrs. Alfred Brady and son of Metamora spent Monday visiting with Mr. and Mrs. William Patterson.

Mr. and Mrs. George Driggett of Milwaukee, Wis. called at the home of Mr. and Mrs. Charles Edson one day last week.

We were sorry to hear of the passing away of Mrs. James Zelstra this past Thursday. Our deepest sympathy is extended to her family.

By ELMER E. WHITE

MICHIGAN'S Cash Crisis focused almost unprecedented attention on the State Administrative Board this year.

Except for the Secretary of State's signature on drivers licenses, the public usually is not directly aware of Administrative Board actions.

* * *

THIS YEAR, the Board has been to Michigan what the Joint Chiefs of Staff is to the Pentagon.

Urgency and secrecy prevail when the Board meets to decide how to meet the pressing problems it faces.

* * *

THESE ARE THE men, with Williams, exercise control over all state agencies and institutions:

* * *

LT. GOV. John B. Swainson — He is acting governor when Williams is out of town and presides over the Administrative Board meetings when the Governor is absent.

Although he carries no vote as President and presiding officer in the GOP-dominated Senate, Swainson has been a valuable liaison man between the Executive and Legislative branches.

Swainson, a World War II double-amputee, directed much of the effort to cash in the 50-million-dollar Veterans' Trust Fund.

Of all "cabinet members," the Lieutenant Governor has the least fulltime duties.

* * *

SEC. OF STATE James M. Hare —Although he directs a far-flung agency operation, Hare's role in the cash crisis has been confined primarily to committee sessions within the Administrative Board. He was assigned to help look out for employe welfare during periods of payless paydays.

Hare feels he has made an indirect contribution to easing the cash crisis through his efforts to inaugurate programs of government economy and efficiency.

His non-crisis duties include operation of elections and motor vehicle services. His 225 branch offices throughout the state provide the bulk of the patronage jobs available in state government.

Hare's primary interest has been in the field of traffic safety.

* * *

ATTY. GENERAL Paul L. Adams — The legality of the Board's unprecedented action in halting pay checks was carefully screened by Adams. He also has been greatly increased during a posals to ease the cash crisis.

As chief legal enforcement officer of the state, his duties have been greatly incrased during a time when the state has had to stall off creditors.

When contractors, suppliers and other vendors began demanding interest on money owed by the state, it was Adams who said they could take their cases to the State Court of Claims, where he is the "defense attorney" for the state.

* * *

TREASURER Sanford A. Brown — He's had the worst of the headaches.

Brown supplies the figures that determine administration policies on rationing of money.

He has the constitutional obligation to make distribution of earmarked funds for schools, cities and villages and other units.

As the top fiscal officer in a state plagued with fiscal difficulties, it follows that Brown would have a difficult job.

One of Brown's toughest jobs has been to correct the misconceptions about Michigan's reputation and credit on the national money market.

* * *

AUDITOR GENERAL Frank Szymanski — The Auditor General's office releases the checks for payrolls, welfare bills and other obligations. When there isn't enough money, Szymanski has to impound the checks. More than 30,000 checks were impounded late in July.

A few vendors with extreme hardship cases were able to get their money. Szymanski made the decisions.

* * *

HIGHWAY Commissioner John C. Mackie — As in Hare's case, Mackie's cash crisis role has been confined to joint action as a voting member of the Administrative Board.

But as chief of the largest agency in state government, Mackie has had a direct interest in impact of the cash crisis.

However, most of his employes are paid from earmarked funds and did not suffer payless paydays.

Mackie directs a Board subcommittee considered with maintaining safety and defense measures should there be a collapse of state services.

* * *

LYNN M. BARTLETT, superintendent of public instruction—Bartlett's efforts have been directed toward helping school districts live with the state school aid deficit that reached 30 million dollars late in July.

As a member of the Municipal Finance Commission, he helps review the thousands of requests for borrowing received from districts throughout the state.

Mrs. Zelstra Passes After Long Illness

Mrs. Myrtle Zelstra, widow of James Zelstra, passed away at her home Thursday, August 20, after a lingering illness of 2 years.

Mrs. Zelstra was born Jan. 1, 1885, to Dr. and Mrs. R. Pearsall in Linden, Mich., and came to East Jordan with her parents when she was five. She was united in marriage James Zelstra in 1929 and then moved to Ellsworth where she has resided ever since.

She leaves one daughter, Mrs. Dewey Hosler, one brother, Claude Pearsall of East Jordan, and one sister, Mrs. Alice Aughinbaugh of Pontiac, six grandchildren and 19 great-grandchildren.

Services were held at the Watson Funeral Home, East Jordan, Saturday with Rev. Duane Hosler of Detroit, officiating. Burial was in the Sunset Hill Cemetery, East Jordan.

Atwood Church Holds Reception For Minister

The Atwood Reformed Church had a reception Monday evening, August 24, welcoming their minister, Rev. and Mrs. Van Gessell and family, back from their vacation.

Their was a short program which included a skit by Julius Essenberg and John DeYoung, a duet by Wayne Green and Wayne Shooks, a reading by Mrs. Marvin Elzinga and a trio by Judy DeYoung, Lorraine Ruis and Joyce Petter. William Goeman was Master of Ceremonies. Leading the group singing was Versil Shooks.

After the program they had a social hour and the ladies of the church served lunch.

The Galapagos Islands off Ecuador were nicknamed Las Islas Encantadas (the Enchanted Isles) by Spanish navigators. It seemed to the passing skippers that the capricious currents there alternately attracted and repelled ships as if by magic.

Ironton News

Mrs. James Barnt

Mr. and Mrs. Ben Harris and children, who were vacationing at the home of Mr. Harris' parents, have returned to their home in St. Louis, Missouri.

Weekend guests at the home of Mr. and Mrs. J. H. Hunt were Mr. and Mrs. Clarence Heyser, of Gull Lake.

Guests of Mr. Albert Carlson for the weekend were his son-in-law and daughter, Mr. and Mrs. Don Eberhard and children, Mr. and Mrs. Ralph Coss, Mr. and Mrs. Skip Campbell, Lyle Clapper, all of Battle Creek, and his niece, Miss Helen Carlson, of Cleveland.

The Ironton Farm Bureau met Saturday evening. A picnic had been planned, but due to the rain, the meeting and potluck supper were held at the home of Mr. and Mrs. Vernon Mathews, of Charlevoix .Other members present were Mr. and Mrs. Aaron Brock, Mr. and Mrs. Mark Saunders, Mrs. Charles Warstler, Mr. and Mrs. Ole Nielsen, and their guests, Mr. and Mrs. James Shepard and daughters, of Lansing. The discussion topic for the evening was "Organizing Farmers."

Dr. and Mrs. William E. Harrison and Miss Florence Harrison, of Dearborn, arrived a week ago Tuesday to spend a week at their cottage, "Harrison's Haven."

Guests at the home of Mrs. Lottie Tumath on Monday, August 17th, were Mrs. John Mitchell, of Boyne City, and Gladys Hardesty, of Washington, D.C.

Mrs. Gordon Boyer attended the graduation of her son, William Boyer, from the Muskegon School of Business last Thursday evening. Bill is now office manager of the Muskegon Branch of Morrison Industrial Equipment Company. He retained a 3.61 average while pursuing a junior accounting diploma.

Mr. and Mrs. James Barnt, and Mr. and Mrs. Richard Tunison, of Charlevoix, drove to the Straits Sunday, to see the Mackinac Bridge. They stopped on the way for a picnic dinner. They came back by way of Cross Village and enjoyed the beautiful scenery along Lake Michigan.

Sunday guests of Mrs. Lottie Tumath were Mr. and Mrs. George Hutchinson and children, Laura and Larry, of Charlevoix

Weekend guests at the home of Mr. and Mrs. Richard Russell were Mrs. Russell's nephew, Mr. and Mrs. Albert Nyman and children, and another nephew, August Shanick, all of Flint. Miss Dee Orvis, her niece who has spent some time at the Russell home this summer, returned to Flint with the Nymans and Mr. Shanick.

The next and last Ice Cream Social sponsored by the Ironton Ladies' Aid will be held at the church this Saturday evening, August 29th, from 6 to 9 p.m.

Historic Beaver Island

For an ever to be remembered cruises to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

The New Motorship 'Emerald Isle'

offers the most popular cruise on Northern Lake Michigan and a visit to America's Emerald Isle.

Circlin' The Bases

By DEANO

Well, the second round ended up in donney-book fashion with Freedman tying Airport Inn for first place, by winning their final game of the schedule and then edging the Inn in a special playoff game to decide the second round champion. Now Freedman meets American Mold in a three game series starting Wednesday (last night) and continuing tomorrow night at 8:15. The third game will be played Monday if necessary.

The City Merchants had to forfeit their win over Cheboygan in their tournament game because they used an illegal player. Here's what happened. They were to play in Harbor Springs Monday at 9:00. Quint Walker, the Merchant catcher, was scheduled to report to the Army Reserve meeting that night. Special permission was received from the Reserve Center for Walker to be excused. He was to make up the time later in the week. The team gathered at 8:00 to leave and Quinton went in to check out of the Reserve meeting. At the meeting he was refused permission to leave by the officer in charge because of attendance records and the importance of the meeting, so the Merchants were short a catcher with less than an hour before game time. On a hasty decision it was decided by myself that we pick up another catcher to take Walker's place. He played under another name, one on the Merchant's roster, and the Merchants won in easy fashion 9-4.

However on a spectator's advice, Cheboygan protested the game and the legality of the player was brought out. There is a rule covering such an emergency, stating that a team could pick up a battery mate providing he is not better than the man he replaces and that the officials be given 24 hours notice in advance. However the Merchants had only one hour before the game to notify the opposition so could not pick up the catcher under that regulation.

Playing under an assumed name seemed to be the only answer at the time. Now it's easy to see that it was the wrong thing to do. However it is not the uncommon thing because several teams did the very same thing in the tournament (playing players under different names) and many time similar cases have taken place in the past. It happens that the Merchants tried it and got caught. This is perhaps the best thing that could have happened as now every team will think twice before they try it. This should solve the problems of teams "loading up" for tournaments.

Inaccurate publicity has led the public to believe that the entire team has been suspended. This is not true. Suspension is what could happen. However after talking to high ranking officials in the softball association, the opinion was that under the circumstances there is a possibility that such a severe penalty would be enforced.

The case will be brought up at the March meeting. If suspension did result the team would be ineligible for the 1960 State Tournament only. It would not effect the City softball league or season in any way.

Freedman Artcraft won the second round title in exciting fashion, defeating Airport Inn in a tie-breaking game 2-0. Both teams had ended the regulation second round with identical 5-3 records. In the playoff game, Bob Klooster and Fritz Puffpaff hooked up in a tight mound dual. Finally in the sixth inning Freedman broke the ice. John Swanson singled and with one out Bob Klooster homered for the only two runs of the game. In winning, Klooster pitched a brilliant no-hitter, allowing only three men to get on base.

The playoff was necessary because of the defeat hung on the Inn by the pesky City Merchants. The Merchants whipped the Inn twice in the late stages of the season, allowing Freedman to tie the Inn in the last game of the season.

The Merchants closed out their season with a 12-1 win over the Inn as all the Merchants shared in the hitting honors. Quin Walker smacked out four hits and Dick VanRaaphorst chipped in with a homer.

Freedman's tie was made possible by one swing of the bat by catcher John Swanson. Swanson swung on the first pitch of the game with the Coast Guard and connected for a homer which was the only scoring in a Freedman 1-0 victory. From the first inning on pitchers Ed Culbertson and Bob Klooster were in complete command.

American Mold finished up a dismal second round on a happy note as they defeated USCG 8-0. Ken Balch picked up three hits.

Last night Freedman and Mold tangled in the first game in a two of three game series. Friday will be the second game. 8:15.

Ken Balch won the City batting championship and trophy with a .358 average. The Mold hard hitting third baseman finished strong as the other leading hitters dropped off during the final week of league play. Joe Beaudoin and Joe Armstrong joined Balch in the select circle of .300 hitters. The top ten with at least 35 times at bat goes something like this:

Ken Balch	53	19	.358
Joe Beaudoin	42	13	.310
Joe Armstrong	50	15	.300
Harvey Cole	41	12	.293
Ken Wojan	38	11	.289
Guy Swanson	50	14	.280
Quin Walker	37	10	.270
Dean Davenport	46	12	.261
Dick VanRaaphorst	40	10	.250
Fritz Puffpaff	45	11	.244

Most Runs: N. Boss and K. Balch, Mold 17, Swanson-Freedman 16.

Most Hits: K. Balch 19, J. Armstrong, USCG-15.

Most Doubles: K. Balch 4, N. Helms and G. Richards, Freedman and H. Cole, USCG-2

Most Triples: N. Boss and K. Balch, Mold-2

Most Homers: H. Cole, USCG and B. Klooster, Freedman-5.

Lake Construction cinched the second round title by dumping second place Browes and in doing so tucked away the Junior league title for the second straight year. The Construction gang won the first round also. Construction scored eleven times in the first four innings and were never headed. Stan Martin was the winning pitcher and collected two hits.

The Junior league batting championship was won by Stan Martin in a close race with two teammates. Two hits in the final game gave Martin the crown.

Cut Soil Bank Acreage in Half For 1960 Program

The general outlines of the 1960 Soil Bank program have been announced nationally, but it will take several weeks yet before county ASC offices are prepared to talk in detail with farmers who may want to offer land for the Conservation Reserve this fall under contracts beginning in 1960.

The program will be similar to this year's with farmers contracting to take their land out of production and protect it with conservation uses for a period of from 3 to 10 years. The national average payment rate will be $13.50 per acre, the same as in 1959. However, less than half as much new acreage will be taken into the program next year as this — about 5 million acres as compared with 13 million this year.

As in 1959, the Conservation Reserve program for 1960 will be conducted on an offer and acceptance basis. The farmer will indicate what land he plans to place under contract and request that a basis per-acre rate be set for the land. After the rate has been set, the farmer will be able to apply for a contract at any figure below that basic rate. If all applications filed in a county cannot be accepted, a priority system similar to this year's will be used to determine which farmers receive contracts. The lower a rate at which farmer offers land, in comparison with his basic rate, the better his chance is of being offered a contract.

More detailed information and forms for farmers to use in requesting rate determinations for their farms will be available from your county Agricultural Stabilization and Conservation office located in the Federal Bldg., Boyne City about the middle of August. The deadline for filing requests will be September 10.

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

To Busy?

Early this evening, before the night was one star old, I visited Hidden Brook and walked with easy stride and contented mind where birches weave solemn patterns on the trail I stood beside softly rippling Edgewood Pond as the last warm light of day melted into the deepening darkness, and there I appreciatively absorbed the subtle odors, the muted sounds and the twilight-subdued colors of the natural world—the smell of cedar, the last sleepy "goodnight" call-notes of drowsy woodland birds, the deep blue-green that tints all things at eventide. Then the silence seemed broken by a faint whisper of conscience — "Why are you not more often alone, alert and appreciative like this? How is it that darkness ever drifts down upon the land without your notice?" And the only answer I could give was a feeble and, ashamed, "I guess I've been too busy with other things."

One man of insight said he feared that at the final judgment he would hear a voice from the great throne asking for his evaluation of the meaning of life on earth — "Well, what did you think of it?" and he would have to answer, "I didn't see it. I was busy telephoning."

Could preoccupation be the great sin that makes other sins possible? Few of us are determinedly malicious or hell-bent on being devilish. But are not many of us too busy to drink in the beauty of the world, too busy to help a needy neighbor, too busy to listen to the still, small voice of conscience, too busy building savings for old age to build a soul forever, too busy for God?

Survey Shows Shoppers Aided By Newspaper Ads

"Did you read the newspaper grocery store advertisements last week before doing your grocery shopping?" If yes, "Did they influence what you shopped for? Did they influence where you shopped?"

These questions were part of a personal interview survey dealing primarily with consumers' actual and anticipated food purchases. A total of 1,200 Lansing, Michigan, homemakers were interviewed during the spring of 1958. The majority of these sampled the ads, according to Clare Brown, County extension agent for home economics.

About 63 percent of the homemakers said they read the advertisements before shopping.

About 45 percent of all homemakers and 72 percent of those reading the advertisements said they believed the advertisements influenced what groceries they shopped for.

About 30 percent of all families and 49 percent of those reading the advertisements said the advertisements influenced where they shopped for groceries.

An analysis was made to determine if there was a relationship between the answers to each of these questions and certain characters of the families.

The analysis showed that: The families least likely to read food ads are those lacking either one of the two heads of the family, those with homemakers under 30, or with less than an 8th grade education or more than 2 years of college, those with food bills over $40 per week, and families of salesmen and businessmen.

The pattern was approximately the same for those who said they were influenced as to what to shop for as it was in respect to readership of advertisement. The one exception was that a smaller percent of the families with incomes over $10,000 reported they were influenced by advertisements than was true of other income groups even though there was no significant difference in the proportion reading advertisements among the income groups.

There was little difference in the characteristics of those influenced as to where to shop and those not influenced. The largest percentage of families reporting being influenced were those with homemakers between 41 and 60 and with 9 to 11 years of education. Also, a larger proportion of the families who have fixed food budgets reported they were influenced by the advertisements that was true of those who do not plan on the basis of a fixed food budget.

Justice Court

Justice John Connolly reports the following cases which appeared in his court recently.

Herbert Wabanimkee, 19, charged with felonious assault on a citizen's complaint, waived examination and was bound over to circuit court. Bond was set at $500. He was held in the county jail when he failed to furnish bond.

Herman A. Dreifke, 49, of St. Louis, Mo., charged with furnishing liquor to a minor, was ordered to pay $100 fine and $4.90 costs. Summons was issued by the Sheriff's Department.

Louis L. Mason, 24, charged with reckless driving, was ordered to pay $25.00 fine an $4.30 costs. Summons was issued by the Sheriff's department.

John G. Vincent of Ludington, charged with speeding, was ordered to pay $15.00 fine and $4.30 costs. Summons was issued by the City Police.

Marie Sands, 27, of Alpena, charged with being drunk and disorderly, was ordered ot pay $10 fine and $4.90 costs or serve 10 days in jail. She was committed when she failed to pay fine and costs. Summons was issued by the city police.

Lawson Napoleon, 36, of Roxbury, Mass., charged with not having his car under control, was ordered to pay $5.00 fine and $4.30 costs. Summons was issued by the City Police.

Judy Kaminski, 18, of Utica, charged with ignoring a stop sign, was ordered to pay $5.00 fine and $4.30 costs. Summons was issued by the State Police.

David Wachler of Detroit, charged with having no fishing license was ordered to pay $10 fine and $7.30 costs. Summons was issued by the Conservation Department.

Lower Supports On Undesirable Wheat Varieties

Discounts of 20 cents per bushel have been established on 37 wheat varieties by the U. S. Department of Agriculture. The action was taken to discourage the growing of these varieties which have been found undesirable by millers and bakers and the USDA research service.

Only three of the varieties have been produced in Michigan. These are Blue Jacket and Purkof, hard red winter wheats, and Henry, a hard red spring wheat.

The discount in the support operation is designed to discourage their production and lesson the possibility of an inferior wheat finding its way into domestic and export marets.

STARTING SUNDAY AT THE PALACE

Mitzi GAYNOR and Rossano BRAZZI star in Rodgers & Hammerstein's "SOUTH PACIFIC", extravagant Magna production in Technicolor.

Circuit Court Opens, Three on Probation

A Grand Rapids man was arraigned and three other men were placed on probation during the August term of circuit court which opened here Monday.

Harold J. Baxter, 49, of Grand Rapids, pleaded guilty to a charge of obtaining narcotics by use of false name and identity when arraigned before Judge Charles L. Brown. His case was referred to the probation department for investigation. He was returned to the county jail where he is serving 30 days on a charge of driving while under the influence of intoxicating liquor.

Robert Waffle, 23, who had pleaded guilty earlier to a charge of assualt with intent to do great bodily harm less than the crime of murder, was placed on two years probation and ordered to pay $100 costs and a fine of $25. He also was ordered to pay $800 at the rate of $25 per month in a case which Judge Brown had heard earlier.

Charles F. Decker, 21, of East Jordan, who had pleaded guilty to a charge of breaking and entering an East Jordan service station in the nighttime, was placed on two years probation and ordered to pay $140 costs and a $10 fine. AWOL at the time of the crime, he was to have been turned over to military authorities Wednesday for return to duty. If the U. S. Army returns him to active duty the probation order will be rescinded after fine and costs are paid.

Jesse Lawton, 58, of Ellsworth who had pleaded guilty to a morals charge, was placed on three years probation and ordered to pay $150 costs and a fine of $10.

Along The Fairways

At
Municipal Golf Course

Play in the Frank Poole trophy and City Championship tournaments at the municipal golf course will end this weekend as 1959 champions in all flights are named according to Keith Carey, course manager.

During the past week Bob Livingston defeated Alvin Bennett 4-3 to advance to the finals in the championship flight. He will meet Bill Supernaw for the title.

In the first flight Quint Walker defeated Dick VanRaaphorst 6-5 to win a berth in the finals against Grover Geniet.

Tip Riley won the third flight title, defeating Fritz Puffpaff 3-2 in the title match.

Earlier Dal Henry had posted a 2-1 win over Buck Ditlefsen for the senior flight title.

In the Frank Poole trophy meet Perry Smith advanced to the finals by default over Quint Walker and will meet the winner of the Fritz Puffpaff-Bob Withers match for the title.

In the weekly women's tournament, Mrs. Mark White defeated Mrs. Robert Pearl 4-2 to win the second flight title.

The annual monkey tournament Sunday attracted 31 couple and proved to be the most hilarious event of the season as all golfers appeared in costume.

Mrs. Grover Geneit and Ed Swanson tied for first place in the funniest costume class with Dick Edwards and Mrs. Fay Davis receiving honorable mention.

Mr. and Mrs. Stanley Epstein as the organ grinder and monkey won the top prize for the most original costumes. Mrs. Gordon Bartlett, H. B. Schofield, Mrs. Kit Carson and Bob Goss won honorable mention.

Bob Miller, dressed as Little Lord Fauntleroy, won the prize as the best dressed golfer. Jim Lawyer, Lenore Erber and Bob Livingston were given honorable mention.

The course will officially close for the season on Labor Day.

Couple Observe Golden Wedding

Mr. and Mrs. Ted Sidorowicz of Grand Rapids are spending several days with the former's parents, Major and Mrs. Joseph Sidorowicz who observed their fiftieth wedding anniversary Sunday.

The couple was married at St. Albertus church in Detroit Aug. 16, 1909. Mrs. Sidorowicz is the former Sophie Nowakowski.

They have one son.

Farmers To Elect ASC Committee By Mail Ballot

Ballots for the annual election of an ASC Community committee in each community of Charlevoix county will be mailed out on Monday, according to Carlton H. Smith, chairman of the county ASC committee.

All persons eligible to take part in the ASC elections will have until September 11 to mark their ballots and deliver them or mail them back to the county ASC office in Boyne City. Government envelopes, which require no postage for mailing, will be provided for use by voters in mailing their marked ballots to the county office.

A ballot will be mailed to each of the 791 farm owners and operators listed in the county ASC office as eligible to vote in the election of community committeemen. Besides a ballot and a postage free envelope, each voter will receive complete instructions on how to assure secrecy in his voting.

Any farm owner, operator, landlord, or tenant who believes he is eligible to vote but who fails to receive a ballot for his township is urged to call or visit the county ASC office before the voting period ends on September 11.

To be elected in each township are three ASC community committeemen and two alternate committee members. Their terms of office will be for one year, beginning October 1. The person receiving the most votes will be declared elected chairman of his community committee. In simiiar manner, the number of votes received will determine who are elected vice-chairman, regular member, first alternate and second alternate. The votes will be counted September 14.

The county ASC Committee for the year beginning October 1 will be elected at a county convention to be held in the county ASC office on September 30. Newly elected chairman and vice-chairmen of the community committees will serve as delegates and alternate delegates to the county convention.

Following is the list of candidates for each of the four communities in the county:

TV Depth Camera Spots Sunken Bradley

★ ★ ★

Shows Hull Intact in 360 Feet of Water

The steamer Carl D. Bradley which sank in a violent storm in northern Lake Michigan last Nov. 18 has been definitely identified as lying on its bottom in 360 ft. of water 11½ miles West Southwest of Gull island, officials of the Bradley Transportation Line of Michigan Limestone, a division of the U. S. Steel Corp., revealed late Tuesday at the conclusion of a 10-day underwater television examination of the object located by the company with sonar last April 30.

While findings from the underwater television study of the sunken vessel will have to be further examined by experts for full interpretations, the company was advised by its attorney that among other findings these facts were established:

That the sunken steamer, as it lies, apparently has continuity of the lower cross section of her hull structure confirming earlier sonar findings that the vessel lay in one piece;

That while fractures in the deck areas were noticed the remainder of the Bradley hull appears to be sound and in excellent condition;

That there is evidence that the vessel planed to the bottom and it now rests in a position heading southeasterly approximately 90 degrees from its original northeast course;

That positive identification of the vessel was made by reading the name of the vessel "Carl D. Bradley" on the television monitor screen.

C. F. Beukema, president of Michigan Limestone, said that no bodies of the 15 crew men still missing were sighted either on or around the sunken vessel despite the extensive day and night examination. Adjacent islands also were searched again but no bodies were found.

Mr. Beukema went on to say that the company has been advised that pressures encountered at the 360 foot depth at which the Bradley lies do not permit further search of the vessel by diving. Furthermore, he said, there is no realistic possibility of salvaging the vessel.

The underwater investigation was carried out by the Global Marine Exploration Co. of Los Angeles, Calif., a subsidiary of Union Oil Co., for the admiralty law firms of McCreary, Hinslea and Ray of Cleveland and Kirlin, Campbell and Keating of New York City, attorneys for the Bradley line.

The search was conducted from the Motor Vessel Submarex, a specially-equipped 175 ft. drilling vessel converted from a Navy patrol craft. The vessel is normally used for off-shore oil well drilling exploration, and was brought to the Great Lakes through the Panama Canal and the St. Lawrence Seaway especially for the Bradley operation.

The 38 ft. cruiser Penmanta of Mullet Lake which located the hull which has now been identified as that of the Bradley assisted in the recent operation.

Barber Shoppers to Sponsor Jamboree

★ ★

Harmony of the barbershop variety will reign supreme in Charlevoix this weekend as the Charlevoix chapter of SPEBSQSA host the first Barbershop Jamboree since 1952.

The popular event which annually attracted outstanding barbershop quartets from throughout the midwest has been revived by the recently re-activated Charlevoix chapter No. 19, according to Dean Davenport, general chairman of the Jamboree.

The event will be highlighted by a public program in the Charlevoix high school auditorium at 8 p.m. Saturday at which at least five quartets and two choruses including the 35-voice Great Lakes Chorus of Grand Rapids will appear.

The quartets currently scheduled to appear are the PHD's of Muskegon, Extension Chords of Grand Rapids, Merri-Men of Lansing, Sharp Keepers of Detroit as well as the Staff Sergeants of Detroit. There is a strong possibility that the Chord Counts of Holland will also appear.

The famed Great Lakes Chorus will share the program with the Snowbelt Chorus of Charlevoix which is composed of Barbeshoppers from throughout the area who will appear under the direction of C. A. Odmark.

Paul Kohler, president of the Charlevoix chapte will welcome the visitors and introduce Cecil Fischer of Grand Rapids, chairman of the Michigan chapter of SPEBSQSA who will be master of ceremonies.

A special stage setting which will not be revealed until the program, has been built by a committee headed by Byron Wright assisted by Fritz Allard, Harold DeYoung, Harold Muth, Wayne Belding, Fred Kaunitz, Bob Neff, Bud Gill and Carl Schult.

John Makel, secretary-treasurer of the chapter, is also chairman of the program committee. Other members are Mr. Odmark, Dick Edwards, Jack Rader and Andy Essenburg jr.

Headquarters for the visitors will be the Beach Hotel where the traditional Afterglow will be held following the program. This attendance at this will be limited to members of the local chapter and of visiting chapters. Registration for this event will be at the city hall.

Des Milligan is chairman of the Afterglow committee. He is being asssted by Rex Davis, Charles Bennett, Ralph Hess jr., Art Ranger and Floyd Brown.

A committee composed of Bill Carey, chairman, Bob Winchester, Mr. Makel, Norm Auce and Tip Riley will be in charge of housing and registration.

The local chapter has selected as a project the support of the Park Stage. The chapter plans to make a contribution to the project from the proceeds from the Jamboree.

Publicity has been in charge of a committee headed by E. K. Shanahan and composed of Harold Totten, Dr. L. E. Grate, Henry Dombroski and Richard Donaldson.

Three quartets of the Charlevoix chapter of SPEBSQSA have been doing a commendable job of plugging the Saturday night program at the Barber Shoppers Jamboree with appearances on television programs that blanketed Northern Michigan.

Station WTOM-TV, Cheboygan, Monday night presented a quartet composed of Bill Carey, Don Carey, Tom Carey and Robert Gill

Barbershoppers Called to Make Jamboree Plans

Local members are requested to chapter of SPEBSQSA will meet at 8 p.m. Friday evening in the high school gym to arrange final details for the Barber Shoppers Jamboree to be staged Saturday evening, program chairman, Dean Davenport has announced.

Local membes are requested to pick up their registration tickets at this meeting in order to eliminate unnecessary confusion when visiting members register on Saturday.

Capt. John Barkdoll, commanding officer of the 310th Ordnance Co. stands at attention as Sgt. Oral Sutliff of Boyne City raises a new 49-star flag with the assistance of Pfc. Harry G. Webster of East Jordan during the formal dedication of the new Charlevoix county building here Sunday.

New County Building Dedicated At Formal Ceremony Sunday

★ ★ ★

"In these days of centralized government it is important that counties maintain local government" Judge Charles L. Brown told a gathering of more than 350 who gathered Sunday for the dedication of Charlevoix county's first new county building.

He went on to say that all the important business of a lifetime is transacted in one way or another at courthouses and commended the people of the county for having the foresight to build such a functional building which will serve the county for years to come.

He also brought into his address the fact that new legislation would be forthcoming now that Michigan and Charlevoix were to become the sites of atomic energy plants. "Some people now are afraid of the thoughts of such a plant in the area," he said. However he added that that was because they didn't understand it. At the present time atomic energy is new but in time we will learn to accept it as we have other things that once were new to us, he continued.

Harvey C. Varnum was master of ceremonies at the program at which a brief history of the county and its courthouses were given and county officers and members of the board of supervisors introduced.

R. E. Gerganoff of Ypsilanti, the architect, presented the keys of the new building to Russell L. Curtis, chairman of the board of supervisors, after receiving them from the general contractor, Hal Forbrig of the Lake Construction Co.

D. Hale Brake, chairman of the division of Local Government, and Rep. Clarence B. Meggison, state repesentative of the Charlevoix district were among the dignitaries present for the dedication.

Veteran officers and supervisors were introduced along with other special guests and visitors.

A new 49 star flag which had flown over the national capitol and given by Rep. Victor A. Knox was presented by Mr. Meggison to Capt. John Barkdoll, commanding officer of 310 Ordnance Co. who was in charge of the flag raising ceremony. He was assisted by Sgt. Oral Sutliff of Boyne City and Pfc. Harry G. Webster of East Jordan.

The Charlevoix city band directed by C. A. Odmark played the National Anthem during the ceremony. The band also presented a concert preceding the dedication ceremony.

The Rev. Charles Dunbar of East Jordan gave the invocation and the Rev. Jerome A. Syzdlowski of Boyne City the Benediction. Clarence F. Rabach, chairman of the building and dedication committees, welcomed the guests.

An open house during which more than 600 persons toured the new building followed. Refreshments were served by a committee headed by Miss Lillis M. Flanders.

George Hutchinson, director of the Bureau of Social Aid, was in charge of registration. He was assisted by Frances Arnold, Wanda Warner, Ruth Ann Riley, Alva Leigh Trimble, Kay Ulrich, Frances Hayes, Glenda White, Marianne Makel, Sherr Wadas, Joy Duree, Carol Fratrick, Marilyn Majors, Mary Ann Klodster, Dagmar Broek, and Sharon Abfalter.

Charlevoix to Open Schools Monday, Sept 14

The Charlevoix public schools will open Monday, Sept. 14, with a teachers' conference with students reporting the following day, Tuesday, Sept. 15, for registration according to Supt. R. G. Bennett.

In announcing the opening date for the 1959-60 school year Mr. Bennett said that at this time only one new teacher has been engaged. She is Mrs. Audrey Poppen who will teach a third second grade necessitated by the increased enrollment which last year made it necessary to have three first grade classes. Mrs. Poppen, whose husband, Ensign Donald E. Poppen, is an officer aboard the U. S. Coast Guard cutter Sundew, taught in the Petoskey school system last year.

Buses will transport students to school at the usual hour Tuesday, Sept. 14. However, following enrollment and class assignments school will be dismissed. Regular classes will begin the following day.

The calendar for the school year has been announced as follows: Sept. 14, teachers conferences; Sept. 15, enrollment of

New Use Tax to Boost Gas Price .4 Cent Per Gal.

Charlevoix gasoline stations are in somewhat of a dither over the price to charge for gas under the new added one cent use tax. Some local stations have now raised the price, including all taxes, four tenth of a cent per gallon. Other stations have not made the raise but most agree they will have to up the price at least four tenth of a cent.

The increase will bring the new price to about 35.5 cents per gallon.

There appears to be another increase on the way if the federal government adds a proposed tax of one cent or one and a half cents.

As the situation stands now, motorists are paying about 10.5 cents pe gallon tax on the gasoline they buy. This is nearly one-third the total cost.

Recover Body From Tug Sunk In Big Lake

St. James, B. I. — The body of John Martin, 54, island resident who was drowned August 23 when a tug he and his brother, Charles, 50, were operating, sank a mile off the west shore of Beaver Island, was recovered at 2:45 p.m. Friday by a diver after the cruiser, Penmanta of Mullet Lake, had located the tug in 60 ft. of water.

The body was brought to St. James for funeral services at Holy Cross church Saturday morning. The Rev. Louis Wren OFM (Conv) officiated at the requiem Mass. Burial was in Holy Cross cemetery.

The cruiser Penmanta, which had searched for the tug and the drowned man from Sunday night until Friday, located the sunken tug in the general area where Charles Martin said it had become swamped with water following an engine breakdown during a squall and sank, stern first, before John Martin was able to jump free of it. The 40 ft. patrol boat from the Coast Guard Lifeboat station here transported the diver and his equipment to the scene and assisted in the recovery operation. The tug may be salvaged at a later date.

Charles Martin, who was able to free himself from the sinking tug, said he found two life preservers as he came to the surface following the accident about 3:30 p.m. Sunday. With their assistance he swam approximately one mile to Indian Point where he reported the accident. The Coast Guard and the Penmanta searched the area until darkness fell Sunday and resumed the search on Monday. A diver was lowered late Monday when it was thought the tug had been located, but nothing was found. The two boats continued the search Tuesday and the Penmanta returned to the scene daily after other duties took the Coast Guard patrol boat from the search area.

The 36 ft. tug, Francis L. of St. Ignace, had been engaged by the Bradley Transportation Co. to serve as a tender for the 173 ft. oil exploration ship, the Submarex. The Submarex, equipped with deep sea exploration equipment, had been brought from the west coast in the company's attempt to identify the hull of a ship located April 29 by sonar scanner equipment aboard the Penmanta in 370 ft. of water 1¼ miles northwest of Gull island in the general area where the steamer Carl D. Bradley broke up and sank in a violent storm Nov. 18 with the loss of 33 lives. Since April several attempts by the company to identify the sunken hull have proven unsuccessful.

Delmer F. Dutcher Succumbs After Extented Illness

Delmer F. Dutcher, 77, retired carpenter, died late Friday at the Charlevoix hospital where he had been admitted as a patient earlier in the day. He had been in failing health for some time.

Funeral services were held Monday at the Winchester Funeral Home with the Rev. Frederick McNeil officiating. Burial was in Brookside cemetery.

Born in St. Louis, Michigan, Sept. 26, 1882, Mr. Dutcher lived there and in Big Rapids before coming to Charlevoix more than 55 years ago. In 1905 he was married to the former Grace Weiderman in Charlevoix where they continued to make their home. They had resided at 205 Antrim st. for many years. He was a member of the First Methodist church, a former member of the Knights of Pythias and past president of the Carpenters' Union.

Besides his wife, Grace, he is survived by a daughter, Mrs. Mitchell (Daisy) Szczepanski of Detroit; two sons, Harold of Charlevoix and John of Detroit and two grandchildren.

Voice of Our Readers . . .

This is the second article submitted by a reader who was moved to voice his views as a result of our editorial of Aug. 20. "Faith — Our Foundation."

As a nation we ignore God except for:

A special day of prayer (thanks to a God-fearing President) when the Houses of Prayer are scarcely filled, even when many congregations meet together!

A special day of Thanksgiving, when more attention is given to the turkey and the football games than to expressing our thanks to Almighty God in the Houses of Prayer.

On Sundays also, there is a show (real pathetic) of recognition of God. If nothing at all hinders, then we gather in the House of prayer (about 75% of the Congregation are women and children) for an hour of prayer and praise. And if the children want to go to Sunday school that is fine (But we must not force them) and if they have a chance to earn a dollar then that is OK too . . . God can be served when everything else has been take care of! What a shame the Lord's Day is to CHRISTIAN American! We wouldn't think of offering to our friends and neighbors that which is left over . . . but it is good enough for God!

JUST WHAT CONCEPTION DO WE HAVE OF GOD TO TREAT HIM THUS?

MEMO . . .

From the Editor's Desk

'Tis said once a person gets news ink in his blood he can't leave it. I'll vouch for the truth of the saying come tenderloin steaks or soup bones.

Many neophites are fascinated by the aroma that surrounds newspapering. They would like to own a newspaper. For their benefit I quote a trite saying, "Far away pastures look green." A Georgia publisher recently ran an editorial entitled, "Some of the Joys of Newspapering." Following are his comments.

"Explain to Mrs. Strong why Aunt Weak's 85th birthday party was not on the front page.

"Explain to an advertiser why it was impossible to get him on page three.

"Explain to an ex-subscriber why you had to cut off his unpaid subscription.

"Explain deadline 500 times a day and why you have to have them.

"Soothe a lady who called her party in too late.

"Explain why some weeks you have got news running out of your ears and other weeks the paper reads like a report on Amalgamated Steel.

"Apologize to an advertiser for an error in his ad and smile when he tells you what an idiot you are.

"Decipher scribbling that comes in written on check pads, paper nankins, a corner of junior's arithmetic paper, or on the hack of a letter from Cousin Frank.

"Cope with a folder that is anti-social and wallowing in its own importance that it ean, at the final minute, keep you from getting a paper circulated and starts acting like a little boy who wants to go to the bathroom.

"Explain to a customer, arriving late with copy, that if you get his stuff in you'll have to leave somebody else out, and then explain to the one you left out."

I wouldn't disagree with him. The paper is printed and in the mails and you'll feel a sense of relief — for about an hour. Then the explanations start all over again. If you can take it, I advise you to get in the newspaper business. It's a fascinating life.

Lady Skipper of the Lake

Skippering a yacht on the Great Lakes is usually considered a mans job but Mrs. Arthur Kuhlman of New Baltimore is proving that women, too, are capable of cruising the lakes. She and her companion, pictured on her right, aboard their 27 foot cruiser, docked at the Fairport last week for an overnight stay in Charlevoix.

There is a man aboard, however, Mrs. Kuhlman's 14 year old nephew whom she calls her navigator.

Mrs. Kuhlman states she has organized a Women's Yacht club and is now making plans for a women's boat caravan which will make a cruise of the lakes next season.

During her cruise this year she is collecting material for a series of magazine articles which will relate her experiences as a skipper on the Great Lakes. She was very complimentary about Charlevoix and the harbor and says she hopes to return next year with the womens boat caravan.

Kiel-Van Dellen Wedding Vows Exchanged at Zeeland Church

Ellsworth — The Drenthe Christian Reformed church near Zeeland was the scene recently of the wedding of Pearl Kiel, daughter of Mr. and Mrs. Lambert Kiel of Zeeland and Kenneth VanDellen, son of Dr. and Mrs. J. VanDellen of Ellsworth.

The Rev. J. J. Kenbeek officiated at the double ring service before more than 100 guests on Friday evening, Aug. 21. Arrangements of bronze and yellow mums decorated the church for the occasion.

Mrs. Stanley Sluiter of Drenthe was the organist and Dale Ver-Meer of Hudsonville the soloist.

Given in marriage by her father, the bride chose a gown of white silk organza and lace for her wedding. Fashioned with a lace bodice. The gown had a bouffant skirt which ended in a chapel length train. A band of net, sequins and pearls secured her shoulder length veil. She carried a white Bible topped with an arrangement of yellow roses.

Mrs. John Nykamp of Zeeland assisted her sister as matron of honor. She wore a white nylon dress which featured a yellow cummerbund with a back bow. She carried an arm bouquet of yellow roses.

Richard VanDellen of Stafford, Va., assisted his brother as best man. John Nykamp of Zeeland, brother-in-law of the bride, and William DeRoo of Holland seated the guests.

Mrs. Lambert Kiel selected a beige dress, rust accessories and a corsage of yellow roses for her daughter's wedding. Mrs. VanDellen, mother of the bridegroom, wore a navy dress, navy and white accessories and a yellow rose corsage

A reception followed in the church parlors.

After a wedding trip to a cabin near Newberry, the couple will live in Spartan Village, on the campus at Michigan State University in East Lansing. For traveling the bride wore a taupe silk dress and beige accessories.

The bride attended Calvin College and is a teacher at the Kalamazoo Christian Grade School. The bridegroom, also a teacher, is a graduate of Calvin College and will attend Michigan State Graduate School this fall.

Take the DOCTOR'S ADVICE — You Pay for It!
Copr. Advertisers Exchange Inc. 1959

Paying a doctor for professional advice and then failing to follow his prescribed treatment is more than a foolish waste of money. It is also a dangerous waste of time because delay in getting after an illness often aggravates the condition with possible serious consequeces. What the doctor tells you may not always be pleasant to hear. But what he tells you and what he prescribes are based on medical fact — not fancy. Have the prescription filled immediately. Follow his instructions to the letter. You'll feel better—faster—if you do.

Eight County Men To Be Called for October Draft

Eight Charlevoix county draft registrants will be called for induction into the armed services to fill the county's October draft quota according to Mrs. Mary Bourgoin, clerk of the draft board.

There will be no call for men for pre-induction physicals.

The names of the men to be called next month will be selected at a meeting of the draft board scheduled for Sept. 14.

Two volunteers, Robert L. Balch of Charlevoix and Dwight D. Lawson of Bay Shore, will report Sept. 10 for induction.

Anthony J. Wojan will report Sept. 14 for a pre-induction physical examination.

Inspect Site of Nuclear Plant

Don McCowan of the Consumers Power Co., public relations department, Jackson, accompanied Division Manager Ray Rickardson of Traverse City on a visit last week to Charlevoix and Big Rock Point, proposed site for an atomic electric plant.

While they did not commit themselves regarding the present status of the project, they were optomistic about the possibility construction getting underway in the near future.

CARD OF THANKS

Our heartfelt thanks and sincere appreciation are extended to our relatives and friends for the beautiful flowers and expressions of sympathy to us during the recent loss of our brother. We are grateful to Rev. Zwaanstra and Van Gessel for their words of consolation, for the quartet who rendered special music, also the organist and the nephews who served as bearers. Mr. and Mrs. Oscar DeGroot, Mr. and Mrs. Frank Boss and Mr. John Parsons.

STATE OF MICHIGAN

Funeral Services Held Saturday for Harry De Groot

Ellsworth — Harry De Groot, 74, of Ellsworth, passed away unexpectedly at the Charlevoix Hospital, Tuesday, August 25, where he had entered a few hours earlier for medical treatment.

Mr. De Groot was born Octobe 12, 1884 in Oceano Co. He had been an Ellsworth area resident since 1893.

He is survived by a sister, Mrs. Ida Boss of Ellsworth and a brother, Oscar De Groot of Charlevoix.

Funeral services were held Friday afternoon in the Ellsworth Christian Reformed Church with the Rev. Henry Zwaanstra officiating. Burial was in the Ellsworth Cemetery.

Heart Attack Fatal To Summer Visitor

Joseph Auster, 73, of Detroit, died at the Charlevoix hospital last week a short time after he was admitted for treatment of a heart attack.

Mr. Auster and his wife were touring the area and had stopped at the Lakeview Inn for the night when he suffered the fatal attack.

The body was returned to a Detroit funeral home for services and burial.

Area Choral Group Invites Singers to First Rehearsal

The first rehearsal of the newly organized Area Choral Group is scheduled for Tuesday, September 8, 1959 at 8:00 in the Music Room of the Petoskey High School. During the past summer officers, elected last spring, have been selecting committees, choosing music and looking over materials from other choral groups in other cities. They will present by-laws to be discussed and voted upon at this meeting.

All persons who enjoy singing and would like to meet with a group who also like to sing are invited to come to rehearsal. For further information call president, Grosnenor Ward, DI 7-4940. Mr. Wilmer Moyer, vocal music director of Petoskey high school, has agreed to direct the group.

PAUL-REED CAPTURES WOMEN'S CITY TITLE

Paul-Reed women took a 9-3 victory over Northern Auto to give them the women's city championship. The Champions scored in every inning for the win. Nancy Balch and Verna Helms both had two hits for the winners and Joyce Davenport chipped in with a triple. Clara Martin's double was the only extra base hit for the losers. Myrna Boss was the winning pitcher allowing only four safeties. Northern Auto won the first round and Paul-Reed had won the second round to set the stage for the title game. The game brought to a close the first Women's League in several years in Charlevoix. Managers of the teams, Joe Armstrong, Jack Skeel, Max Novak, and Jim Alger look for an even better season next year now that Charlevoix's women have had a taste of softball.

CARDS WIN CROWN IN THRILLER, 6-5

The Mort Cardinals won the peanut league title in a thrilling game before the largest crowd of the season. The Barnard Braves and the Cards battled through twelve long innings before the Champions finally scored a 6-5 victory. The exciting play had the spectators buzzing and the winners made it more exciting in the fashion that they won.

After regulation play it was tied up 3-3. The two teams battled evenly until the top of the twelfth. Brave Ed Holm singled and scored on Mike Brun's single to give the Braves a one run lead going into the bottom of the twelfth. However the Cardinals weren't finished. Tom Maxwell led off with a hard single. An infield throwing error allowed Maxwell to score the tying run and sent the batter Richard Herris all the way to third. Jerry Stewart hit a hard shot at the third baseman and the throw was too late to get Herris at the plate and the Cards were the 1959 champions.

Cross 'Mighty Mac' Free Labor Day If You'll Walk

You'll be able to cross the Mackinac bridge for free on Labor Day —if you walk, that is.

The Mackinac Bridge Authority is co-operating with the International Walkers Association for a second annual five mile trek across the "Mighty Mac." Up to 500 hikers are expected to accept the invitation.

They'll walk non-stop from St. Ignace to Mackinaw City. Those who cross the span within an hour after the 9 a.m. start will be presented with certificates by the walkers association.

"The Mackinac bridge normally is closed to persons on foot," says Prentiss M. Brown, chairman of the bridge authority. "This Labor Day bridge walk will give folks a chance to see leisurely both the bridge and the straits area."

Also heel-and-toeing it across he bridge Labor Day will be amateur and professional walkers in special heats, beginning at 7:30 a.m.

Record holders in the competition are Erwin Erkfitz, 48, of Detroit and Bill Gulledge, 19, of Battle Creek who paced the distance in 45 mnutes and five seconds on June 25, 1958 The best women's record stands at 55 minutes. Sixty per cent of the hikers last year were women.

Miss Lorraine Ruis Honored at Shower

Ellsworth — A miscellaneous shower was held Tuesday night, August 25, in the Ellsworth Community Hall honoring Miss Lorraine Ruis. Many games were played and prizes were won by some of the ladies.

Hostess for the evening were Mrs. Hazel Edson, Mrs. Jean Rood, Mrs. Rhea Dawson, Mrs. Marguerita DeYoung, Mrs. Margaret Essenberg, Mrs. Fanny Koster and Mrs. Madeline Taylor. Miss Ruis received many lovely gifts after which the ladies served a very nice lunch.

Bill Supernaw Captures City Golf Tourney

Bill Supernaw captured the 1959 City Championship golf title Sunday by defeating Bob Livingston 2-up in the final match.

He succeeds Bob Wallace as the championship flight winner.

The first flight title will be determined this week when Quint Walker meets Grover Geneit in the finals.

Earlier Tip Riley was named second flight title holder and Dal Henry captured the senior flight title.

The winner of the Frank Poole trophy tournament will be decided this week when Bob Withers and Perry Smith meet.

The tournaments will mark the official close of the 1959 season. The clubhouse will be closed after Labor Day. Play, however, will continue on the course thruout the autumn months.

- Mr. and Mrs. Peter H. Timmer had as their guests last week Mr. and Mrs. Albertus Mulder and children, Robert and Ruth, who visited here from Tuesday until Saturday.
- Mr. and Mrs. A. G. Marchise arrived last week from Ann Arbor to visit the latters sister, Mrs. Mina Dawson.

Kiwanians Hear John Martin Speak On Highway 32

The proposal of the State Highway department to turn highway 32 back to the counties is stirring some organized opposition, particularly in the east part of the state, John Martin superintendent of the Charlevoix county highway department, told Kiwanians at the annual dinner meeting Monday evening.

He pointed out that 32 is the only direct cross-state route between highways 72 and 68, a distance of about 56 miles. Neither of these highways compare with 32 in their present condition.

Mr. Martin suggests residents of Western Michigan join with their eastern neighbors in asking the State Hghway department to maintain 32 as a state route. This may become a more important issue when US-27 is completed as a through highway.

Kiwaniqueens will be guests of the club at the regular dinner meet next Monday evening. Miss Carolyn Kohn who spent the past summer in Germany as an exchange student and Fred England of Lansing will be the guest speakers.

Harry Marshall Pioneer Resident Of Community Dies

Harry S. Marshall, 77, pioneer resident of this community, died late Wednesday at the Charlevoix hospital where he had been a patient for a week.

Graveside services were held at Brookside cemetery Friday with the Rev. Frederick McNeil officiating.

Born in Canada May 14, 1882, Mr. Marshall came to this community at the age of four years. In 1903 he was married to the former Clara Newberry. He was a former employee of the city street department and a gardener He was a member of he First Methodist church.

Besides his wife he is survived by a daughter, Mrs. Prescott Adams of Austin, Tex.; four grandchildren and seven great-grandchildren.

Retailers Adopt Uniform Sales Tax Collection

Michigan's sales tax rate take jumped 25 per cent Tuesday. Instead of paying three cents on each dollar purchase, the consumer is now paying four cents use tax.

With the inaugeration of the new tax rate an uniform bracket for collection of the new four cent use-sales tax has been established by the Michigan Retailers association. The collection schedule was established after consideration by a fully representative committee of retailers in all trade lines and after conferences with the Michigan Department of Revenue, the association announced.

Following is the collection schedule adopted: Purchases under 17 cents, no tax; 17 to 37 cents, one cent tax; 38 to 51 cents, two cents tax; 52 to 77 cents, three cents tax; 78 cents to $1.12, four cents tax; $1.13 to $1.37, five cents tax; $1.38 to $1.62, six cents tax; $1.63 to $1.87, seven cents tax; $1.88 to $2.12, eight cents tax; $2.13 to $2.37, nine cents tax; et cetera.

Funeral Services Held Saturday For Wm. L. Chatfield

William L. Chatfield, 62, retired city employee died Thursday at Grandvue Medical Facility at East Jordan where he had been a patient since November.

Funeral services were held Saturday at the Winchester Funeral Home with the Rev. George L. Majors officiating. Burial was in Brookside cemetery.

Born near Whitehall in Muskegon county May 30, 1877, Mr. Chatfield lived there and in Bellaire and Traverse City before coming to Charlevoix in 1929. He was employed by the city of Charlevoix's cemetery work crew from 1931 until 1954. His wife, the former Mrs. Ida Hoffman, preceded him in death in 1942.

He was a member of the Church of God.

Surviving are a step-daughter, Mrs. Guy Olney of Baldwin and two step-sons, Bert and Ralph Hoffman of American Falls, Ida.

Leon Pease Buys Out Partner in Zephyr Service

A change in ownership of the Charlevoix Zephyr has been announced by Leon Pease who recently puchased the interest of Edward Stanck in the business.

The gasoline station business was established by the Farmers Union and in 1953 was sold to the partnership of Pease and Stanck. They added an auto body shop to the business. Mr. Pease says he will continue to operate the business as a service and auto body shop.

Miss Carolyn Kohn Exchange Student Home from Europe

Carolyn Kohn returned last weekend from Dusseldorf, Germany, where she has spent the past two months with the Rupprecht family under the sponsorship of the Michigan Council of Churches.

The following is a letter she has written regarding her visit to Germany and her impressions of the country.

Ach du liebe Zeit! Has the time ever flown by! One week from today I'll be on my way back across the Atlantic. Honest, I really intended to write you more letters, but the last month has been busier han ever.

I guess that I might as well start with the day after I wrote to you last. The fair of which I spoke was very big, very noisy and lots of fun. Two other American teenagers besides myself, two Germans and the Swedish boy made up our little gang. We tried a bright orange roller-coaster which didn't look too treacherous; but appearances were deceiving — afterwards, we feebly crawled off wearing white faces and with weak knees. We loved it!

Actually the fair was little different from its American counterpart, only the barkers and 'carny' people seemed more like gypsies and once in a while a quick German temper flashed.

Before going home our little international crowd visited a huge tent where a South German band was playing and the folks at the table were joining in with old German songs and enthusiasm. We [illegible] linked arms and stood swaying around our table singing. I'm sure we were no longer German, American and Swedish but six young Germans for that evening.

The following Saturday Mama (Rupprecht) took me to Wuppertal where he rode on the world's only airborn trolleys right over the Wupper river and went to the zoo. The zoological gardens seemed just like any big city American zoo on a warm, sunny Saturday: Mummies, Daddies and kiddies were busy admiring the African antelope, watched with awe the pacing tigers and coaxing willing monkeys to snatch sugar. People the world over "get a kick" out of animals.

July 28th Per flew bac to Sweden for his school would start in two weeks. German schools also started Aug. 12. I wondered how I'd do without a translator but being around German-speaking people had accustomed me to the sounds so that I could understand much of what was being said. The Rupprecht's were used to my American English and could understand fairly well what I tried to say. We've been getting along fine.

Fifteen years later it is difficult to imagine being at war with these people. That is what I tried to do when I read a condensation of "The Longest Day D-Day June 6, 1944" in the July Readers' Digest. The horrible slaughter of human beings that day seemed like some terribly morbid story written by an insane sadist as I read the account sitting with my lovable German Mama and Papa. Such an experience really makes one begin to realize how awful war is.

August 1st Familie Rupprecht visited the flower show in Dortmund with Dr. and Mrs. Kirchoff. The layout of the huge garden is really something. The flowers are planted in lovely patterns; pebbly walks separate the beds; fount[illegible] [illegible] splash and gle[illegible] blooms; and a 216-meter tower of concrete with a revolving restaurant gives a breathtaking view of the whole show. All of this was planned and built especially for this one year which is Dortmund's turn to host the largest flower exhibit in Germany held every three years.

A couple of days after our trip to Dortmund, Mama took me to Dusseldorf once more and we supped in the Ko-Blick or 'view of the Ko' (King's Avenue) high above the famous street. It was easy to see where Dusseldorf received its nickname 'Little Paris.' We could look down the whole avenue of fountains, bridges, ponds, lawns and flowers with the expensive shops lining either side. Mama does not like the French comparison very well, her impression of Paris was that of a very dirty city. Dusseldorf is remarkable clean, as is all of Germany I have seen.

On Saturday a week or so ago Mama and I visited Dusseldorf's Old Town where the city got its start so many centuries ago as a little 'dorf' or village by the Dussel river. I finally had a chance to see some real little Radschlages, the little boys who turn cartwheels for pennies and are pictured on so many Dusseldorf trademarks and souvenirs.

Last Sunday, after a dinner at an elegant hotel, Mama, Papa and I went to a wildlife park. I fed hotel sugar cubes to the shy little Reh and larger Hirsch, two kinds of German deer. One of the Hirsch had 19 points on his antlers. As a hunter Papa was fascinated. I could imagine the case of "buck fever" a Michigan hunter would have had.

Big, hairy, snorting German wild pigs roamed the woods, too. One spotted piglet slept with his tiny legs straight out sprawled on his enormous mother's back. I'm glad we don't find those big porkers rooting in our Michigan woods'

Ah! I've finally arrived at the present. This letter is being written from the front terrace of the Rupprecht-Kirchoff hunting house many kilometers south of Dusseldorf in the German state of Hessen. From where I'm sitting I can look across sthe patchwork of fields, down to the tiny village of Holhausen, then to the forested hills beyond, stretching to the horizon I feel as though I'm sitting on top of the world, akin to Johanna Spri's Heidi in Switderland. This is the Germany I've always imagined, only it is far more beautiful and charming than my fondest dreams. Many of the villagers still wear the provincial dress of the Hessan district; cattle and pigs are driven down main streets, even in front of the post office; barns and farmyards line the village thoroughfares; and on the way to the store one might easily get a dusting of straw which is being stored in a barn nearby.

I'll sign off now before the small book becomes a whole volumn. First, however, I'll try to express a little of my appreciation to you and to all of Charlevoix and the Michigan churches for giving me this unforgettable summer. My heartfelt thanks.

See you soon,
Carolyn Kohn

Circlin' The Bases

By DEANO

Well, its over, including the shouting. The 1959 season goes into the record books as being the most exciting ever. The climax of the entire season was the past week when the playoffs took place.

However the summer schedule held many high points. All the men's teams were as even as you could possibly get them. Freedman's has to be called the comeback team of the year because of their fine finish and playoff victory for the second round title.

The Merchants had their moments too. They traveled into extra innings to beat Freedmans in the first round thus enabling American Mold to win the title. They knocked Airport Inn out from the second round title by defeating them twice in the late stages of the season.

The Coast Guard had their high spots also. The night Harvey Cole single-handedly beat the Merchants was the best night any one player had during the year. They scared Freedman in the final game before bowing 1-0. Airport Inn rose to great heights in the second round to come within a whisker of winning the title. American Mold looked terrific in winning the first round while losing only one game. All in all an exciting summer which we hope we can repeat next year.

Two no-hitters in the same night is quite an accomplishment, but it happened for the second time this year in Charlevoix. Bob Klooster pitched his masterpiece in the Freedman-Inn playoff game. Earlier young John Ferguson, pitching his first game, led the Dodgers to a 12-1 win over the Sox, allowing them no hits.

Everyone who witnessed the twelve inning championship game bebtween the Cards and Braves marveled at the way our future "stars" handled themselves.

Just for the record, the Edward Superettes won the girls title, the Cards copped the Peanut crown, The Paul-Reed women won their league championship, Lake Construction repeated as the Junior league titlists, and Freedman's Artcraft won the Senior Men's trophy.

Now that the season is over guess it's alright to tell the umpires what a fine job they did this year. Keeping 348 ballplayers in line is by no means an easy job. They finished the season in fine form, handling the playoffs in the same fashion as they did all the league games. Great thanks for a job well done.

Seeing we've started the thank yous, guess we may as well continue. The co-operation of the City officials as well as all the many people participating in the program, made for its success. Fran Martin and the Courier Staff will no doubt miss the little headaches we've caused them with our misspelled and messy articles. Thanks for your kind patience and support. The school officials have cooperated in loaning equipment in all sorts of emergencies. The parents of the young set deserve a pat on the back for the interest and cooperation. And of course the sponsors and fans of all the teams, whose Charlevoixism attitude is tops, thanks for your support. Know we can count on your for your continual support and can't wait to see you all again next summer.

Niagara Falls is partially "shut off" late at night and in winter when there are few sightseers around. The feat is accomplished by diverting waters of the Niagara River away from the falls and into power plants.

Historic Beaver Island

For an ever to be remembered cruises to historic Beaver Island, a spot of natural beauty, rich in history and legend. Once ruled by King Strang, the Island was the only kingdom ever to exist within the boundaries of the United States. Here too, lived Dr. Protar, reputed Russian nobleman in exile, who devoted the last years of his life ministering to the sick. And, on the Island still stands the building which housed the first daily newspaper printed in northern Michigan.

Accommodations on the Island are excellent for an extended vacation or a one day visit, and "Welcome to America's Emerald Isle," is the friendly greeting to the visitor.

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

One Thing Depends On Another

At the beginning of September deer tracks are thick beneath our wind-ravished apple trees. At Hidden Brook countless leaves and many apples have already fallen, and our graceful, white-tailed neighbors frequently cross the moon-drenched meadows to feast beneath the bare-limbed trees, pawing the crisp, crackling leaves aside to find the rosy-cheeked fruit. Although deer are always quite common on these wild acres, every fall we notice an upsurge in their numbers. We strongly suspect that our apples (favorite fruit of the deer tribe) are to be credited with the increased number of white-tailed visitors. And yet, as in other matters, the most apparent causes are not the only reasons for a certain effect. The appearance of more deer is related to rather remote influences. For instance, deer come for ripe apples, but the apples have ripened so beautifully because of conditions existing in the earth around their roots and in the heavens millions of miles beyond the reach of their longest limbs. The natural sugars in the fruit that make apples so palatable and nourishing to deer are stored there through the trees' ingenious chemical use of light from the distant sun. Light energy falling upon the leaves runs the complex apparatus that processes the carbon dioxide the tree absorbs from the aid and the nutriments absorbed from the soil by the trees roots and makes this intake into apples, as the deer's consumed apples are fashioned by these animals into muscle and sinew.

So the deer tracks coming from all corners of our forty acres and converging upon the wild apple trees at the meadow's edge have something to do with the multimillion-mile distant sun, and the many-millenia formation of the earth's fertile top-soil. In this complex world of nature nothing stands alone. independent of all else. One thing depends upon another.

I've often wished it were easier for people to see how this law of nature is operative in all of life: one thing depends upon another. Nothing stands alone.

We could avoid many a failure if we recognized the interdependence of oll things, that every evil is made possible by other evils and every good thing is dependent upon other good things, and that the best woy to avoid a big evil somewhere down the future is to destroy the little evils in the present moment. The most effective way of doing great good someday is by doing all the good little things we can today, for one thing depends upon another.

Ofter it has been my plain duty to advise unmarried young people who believe that "heavy petting" is permissible but sexual intimacy is wrong, that if the final step is wrong so are the first steps in that direction. They will not take the final step if they do not take the first. It is not only the great sin that is wrong, but all the little steps that lead to it.

Occasionally a married man has said to me about a serious emotional involvement with "another woman,' I did not intend that it would go that far." Of course not. That is the strategy of evil—to point out enticing little paths that detour from the right road and fail to show us their destination.

I've known many alcoholics, but I've never yet met one who, upon taking his first drink, said, "Well, here I go — headed toward helpless alcoholism."

It is the strategy of evil to masquerade. It knows man is afraid of giants, so evil never mounts stilts and pads itself to appear larger than it really is. Instead evil stoops and shrinks, disguising itself as on insignificant midget. It incidentalzes itself. Rather than making itself obnoxious and conspicuous by boasting of its strength, it cites its weakness: "See, I couldn't possibly hurt you, could I?"

Many a person who is polite in society is rude and even cruel at home. But no one ever became uncivil and insolent to his marriage partner all at once. Nearly all marriages are happy on the day of the wedding. It is what happens after marriage — the slow erosion of one person's thoughtlessness rubbing on another's thoughtlessness, the wearing of one person's selfishness upon another's. Marriages are seldom destoyed by explosion. Far more often they simply wear thin, little by little; almost unnoticeably, until a sudden strain tears the relationship to rags. We say a ruined marriage is wrong. But then so are all the little discourtesies, acts of selfishness and indifference and grudgefulness that wear on marriages so that love is at last destroyed. Wherever we wish to avoid a big failure we must steer clear of the little failures upon which the big ones depend.

Moreover, the great successes of life depend upon our handling little duties and seemingly insignificant chores well. A stonecutter strikes many a blow with his hammer before he splits a stone in two. It is never the last stroke alone that cleaves the rock, but all the other seemingly futile blows that accomplish his purpose. The successful stroke is dependent upon all the apparently meaningless strokes that went before. The great good we hope to do someday will depend upon the quality of all our little deeds performed every day. No carefully made stone-cutters blow is really useless. No human act is wholly without meaning, for everything we do has an effect upon the future.

Everything of earth and heaven in some way or another belongs to every other thing, as a Hidden Brook apple and the light of the distant sun helong to each other.

One thing depends upon another.

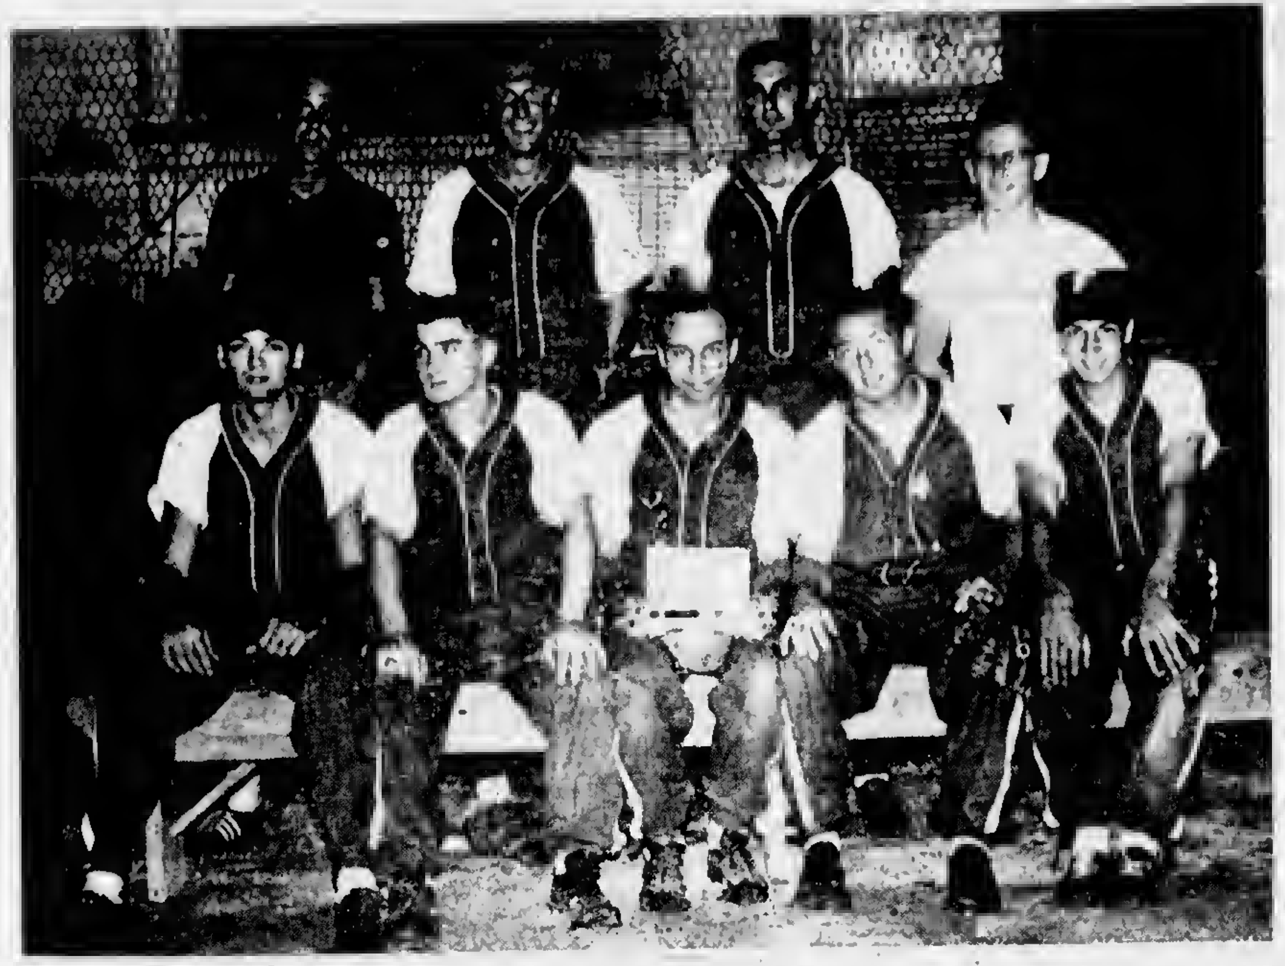
Freedmans Win Championship



The 1959 City Softball champions, the Freedman Artcraft nine, round winners, American Mold, 1 to 0.

They are (seated l to r) Norm Helms, Gene Richards, John Swanson, Kit Carson, Bud Balch.

Back row: Mike McDonald, Butch Mullen, Bob Klooster, Jack Ingalls. Missing when photo was taken were: Jack Stebe, Louie Mason, Hank Klooster and Rolland Daugherty.
who captured the title Monday night after shutting out the first

★ ★

Freedman Artcraft captured the Charlevoix Class A Softball championship Monday night after shutting out the first round winner, American Mold, 1 to 0 in an exciting game typical of the season and best two-of-three game series.

Thus the title has been returned to Charlevoix for the first time since 1956. The Ellsworth Independents won the championship for two consecutive years.

Monday night's game which Freedmans won 1 to 0 came as a fitting climax to the play-off series in which all games were won by a one-point margin.

In the opening game of the series American Mold racked up three fourth inning runs to good advantage as they posted a 3-2 win. Batting champion Ken Balch led off the Mold half of the fourth with a line single and went to third on Ken Wojan's one bagger. A fielder's choice loaded the bases. Ken Boss then laid down a perfect bunt that scored two runs. When the throw was wild a third runner scored.

Freedman's scored their first run on John Swanson's single followed by Bob Klooster's double. Norm Helm's lead-off homer in the sixth narrowed the margin but Nate Boss pitched out of a couple tight spots in the last two innings to lead the Mold-men to a 3 to 2 victory.

In the second game more thrills were in store as Freedman's battled back to a 6 to 5 win, scoring three runs in the first inning on base hits by Gene Richards and Helms plus a walk and an error. Two more runs in the third on hits by Kit Carson and Butch Mullen gave Freedman's a 5 to 0 lead. However, Mold fought back in the fourth to tie the score on two walks and clutch hits by Wojan, Joe Beaudoin, Charlie Dennis and Jim Alger. The winning run came late in the game on a walk followed by a hard single by Swanson.

A near-capacity crowd gathered at Kipke field for the 'rubber' game of the series Monday night which Freedman's won by a 1 to 0 score. Again it was Swanson who pulled the game out of the fire when he blasted a line double in the fifth and then came home when it got past the outfield. It was his third straight hit of the series. Freedman pitcher, Klooster, allowed only two singles, one by Balch in the fourth and a second by Boss in the sixth.

Freedman's won the second round play-off in an equally exciting fashion after dumping Airport Inn 2 to 0 on a two run homer by Klooster who pitched a no-hitter. Freedman's tied the Inn which necessitated the play-off after defeating the U. S. Coast Guard 1 to 0 on Swanson's lead-off homer. City Merchants defeated the Inn earlier 12 to 1 to cut their chances of taking the second round title which eventually went to Freedman's.

Monday's game closed out the 1959 softball season, the most exciting in the league's history.

Change Disability Insurance to Include Farmers

Beginning in October 1959 farmers will have social security disability protection for the first time. That date can be an important one for any farmer who becomes severely disabled in October or later months.

Although more disabled people in the county are now receiving disability insurance benefits under social security, farmers have not been able to qualify up until this time, according to E. O. Wiles, District Manager of the Traverse City social security office.

A disabled person has to have social security credit for 5 years in the 10 years immediately before he became disabled. Because farmers were not covered under th law until January, 1955, they could not meet this test. By now however, most farmers will have earned 5 years or 20-quarters of coverage under social security beginning with the month of October.

This does not mean that farmers can be paid disability benefits for the month of October because the law still requires that a person be disabled for 6 months or more before payments can be made. But it does mean that the farmer who becomes disabled in October or later can meet the work requirements of the law and become eligible for benefits after 6 months.

4-H To Exhibit Summer Projects

Charlevoix—County 4-H boys and girls will exhibit their summer project work at Whiting Park on Labor Day, Ed Rebman, County Agricultural Agent has reminded today. This event will be the Achievement Day for projects the boys and girls have been working on during the summer.

All exhibits will be placed at Whiting Park by 10:30 a.m. Judging will start immediately and will be completed by noon. Visitors are invited to watch the judging.

At noon the annual county picnic will be held. Families will bring their own lunch and eat with their own groups. For many years, this has been a time for reunion with old friends.

The afternoon will be spent with games and contests. The American Legion of Boyne City will be in charge of the entertainment. The merchants of Boyne City have assisted financially in this program.

Set Deadline For Sign-up on 1960 Soil Bank

Thursday, September 10 is the last day farmers can take the first necessary step to participate in the Soil Bank's 1960 Conservation Reserve program, Carlton H. Smith, Chairman of the Charlevoix ASC Committee said today. The first step is for each farmer who wishes to offer cropland under the program to ask the County ASC Committee to set a basic annual rate per-acre for the land offered. The period for filing such requests is from August 24 thru September 10. The Chairman emphasized that no requests can be accepted after September 10. Already 16 Charlevoix County farmers have come in to the office and signed an application requesting the committee to establish a rate for their farm.

After the basic rate has been established for the land offered, the farmer will then have an opportunity to apply for a contract at any figure below the basic rate. If the offer can be accepted, the farmer will be notified of the date by which he must return the signed Conservation Reserve Contract to the County ASC Office.

Growers who participate in the program receive cost-sharing help in establishing approved conservation practices on the reserved land, and annual rental payments for the life of the contract. Farmers who would like to have further information about participating in the 1960 Conservation Reserve are urged to get in touch with the county office as soon as possible, but certainly before September 10. A correction regarding the rates for the county and for the State of Michigan is as follows: Michigan's average annual rate is $12.00 per acre and the average rate for Charlevoix county is $9.50 per aere.

SUNDEW REPORTS

Most of the week of Aug. 17 was spent in Charlevoix. We got underway early Tuesday in order to be at Boulder Reef by daybreak when we set the new buoy. After checking a lighted buoy in the vicinity of South Fox island we returned to Charlevoix during the afternoon.

Friday was Inspection Day. Besides inspection of the ship the commanding officer, Lieut. Cmdr. Harold D. Muth, held Personnel Inspection in the afternoon.

Departed Charlevoix at midnight Saturday for the Grand Haven, Michigan, Rifle Range. This is an annual event for all Coast Guard units. About 31 officers and enlisted men participated during the week in rifle and pistol competition. While at the range we competed against other units in the Ninth Coast Guard district. Our scores are then matched against those of other units of the entire Coast Guard. The Ninth district awards trophies and prizes in addition to those awarded by Headquarters.

After six days shooting a six-man rifle team was chosen. This team composed of Lt. John Deardon, John Coppeus, Roderick Bassett, Lawrence Opel, John Glenn and Charles Hart fired in competition Friday scoring 1800 points out of a possible 2040. This was good for a second place in district competition thus far this year. Glenn was high scorer with 314 out of a possible 340 points. Both he and Mr. Deardon cracked the magic 306 mark for expert rifleman. Approximately 15 other men made marksmen and sharpshooter.

The pistol team composed of Lt. Deardon, Chief Bassett, Frank Stolpe and Ray Ballard also fired in competition Friday but did not score too well. It was a successful week of firing considering the fact that none of the men had practiced before going to the range.

SUNDEW SCUTTLEBUTT . . .

Harold Ellis Sn. has departed for duty in Alaska. We welcomed Garaben Arslanian BM3 to the ship. "Arab", a veteran of 11 years service, comes to the Sundew from the cutter Nettle based in the Philippines. His home is in Lowell, Mass. Dewie is no more. She became ill Monday afternoon and by evening was dead. She was not buried with full honors because we were not underway. She leaves two daughters and a son who are now up for adoption and 41 saddened men. The weather in Grand Haven was almost unbearable. Many of the crew slept on the quarter deck. The root beer stand drive-in close by did a land office business.

NCMC Faculty Make Ready to Greet Students

The faculty of North Central Michigan College in Petoskey reported this week in preparation for the arrival of the student body Monday, Sept. 14, according to A. D. Shankland, dean of the college.

Mrs. Clare Dean will teach French and English composition; Donald Nelson, English composition and speech; Robert Vratanina, political science and history; Joseph Watson, mathematics and engineering drawing; William Wilyde, chemistry and physics and Dale Richter, accounting and secretarial science. Mrs. Marguerite Beckley will be librarian; Mrs. Leonard Murray will be in charge of the student center; Mrs. Beverly Poole will serve as secretary and bookkeeper and Manley Curtis, maintenance supervisor.

More than 100 students have applied for admission. The majority of these students have had an opportunity for individual counseling during the summer months. Those who have not had this opportunity may report to the college at any time during the next two weeks.

Day time students will report at 1:15 p.m. Monday, Sept. 14, at the high school auditorium for an orientation program. Class scheduling and registration will follow during the week.

Students may still enroll in North Central Michigan College but are urged to do so at the earliest possible date.

Recover Body Of Guardsman Drowned Thur.

Cyril J. Jones, 28, Engineman first class, U. S. Coast Guard, veteran of 11 years service and father of five, was drowned Thursday afternoon while swimming off Spectacle Reef lighthouse 18 miles northeast of Cheboygan in Lake Huron, according to WO Joseph Etienne, Commanding Officer of USCG Group Charlevoix.

The body was recovered at 2:30 p.m. Sunday by Michigan State Police skin divers working with Coast Guardsmen of the Mackinac Island Lifeboat station.

Military funeral services were held Wednesday at Holy Cross church at St. James, Beaver Island, with the Rev. Louis Wren OFM (Conv.) officiating. Burial was in Holy Cross cemetery. The Winchester funeral home here was in charge of arrangements.

A native of Philadelphia, Pa., where he was born Aug. 27, 1931, Mr. Jones enlisted in the U. S. Coast Guard in 1948. In 1950 he was married to the former Helen Conaghan of St. James in Charlevoix. The family had lived here since June 1958 when he had come here as a member of the crew of the Coast Guard cutter Sundew. He had served as officer in charge of Spectacle Reef light station since it opened in April.

Besides his wife he is survived by four sons, Raymond, 8, Joseph, 5, Clayton, 4, and Thomas, 11 months; a daughter, Kathy, 6; his step-father and mother, Mr. and Mrs. Leon Mayover of Clifton Heights, Pa., a step brother, Edward Mayover and his grandfather, Charles Riesty, both of Clifton Heights, Pa.

According to Joseph R. Gagnon, 31, Engineman second class of Detroit, fellow-crewman at the manned light station, he and Jones were swimming at the base of the lighthouse when Jones was caught in heavy seas whipped up by strong southwest winds. Gagnon said Jones was only about 12 feet from the staton when he realized he was in trouble and went to his assistance. The heavy seas continued to pull both men farther away from the 'crib.' When they were about 200 feet from the

The body will be brought to the Winchester funeral home today. Funeral arrangements have not been completed.

Contributions Cutting Park Stage Deficit

The close of the resort season has brought an increase in contributions to the Park Stage fund, Mrs. Kit Carson, secretary of the committee reports.

In order to complete the second phase of construction this season, the committee authorized work amounting to nearly $3,000 more than the amount contributed to the fund. Recent contributions have cut the deficit to $1,542.74 as of Sept. 9.

Among the recent contributors are Darrel Dinwiddie, Clarence Goldstick, E. J. Edwards, Square Dance club, Elizabeth Tate, Ann W. Miller, Rosalyn Gott and Elizabeth R. Cash.

Unreported "sponsoring" contribution, to date, amounting to $100 or more include: Mrs. Mildred Eckinger McArthur, Mr. and Mrs. Fred Willis, Mr. and Mrs. Clark Coulter, Mr. and Mrs. Ted Miller, Rev. and Mrs. Fred McNeil, crew of the Coast Guard cutter Sundew, a memorial to Mrs. Mary Shanahan by Mr. and Mrs. Edward K. Shanahan and a memorial to Mr. and Mrs. William H. Mayne.

Direct mail requests to individuals are being prepared, requesting more contribution in order to wipe out the deficit as soon as possible and to build up a reserve for the third and final stage of construction planned for next spring.

It appears more "sponsoring" contributions will be needed to keep pace with the construction plans. A permanent plaque will be affixed to the stage structure listing the names of sponsors or the names of persons for whom an honoring or a memorial contributinn has been made.

Contributions may be given to Mrs. Carson or any member of the committee. Persnns wishing more informatinn on the project should feel free to call a committee member, Chairman Robert Miles states.

Lightning Bolt Damages New A & W Drive-in

Lightning struck the A & W root beer drive-in restaurant on South Bridge st. during an early morning storm Monday, doing extensive damage to the one-story cinder block building and the equipment used in the operation of the popular eating place.

According to Fire Chief John Curtis, lightning apparently struck the metal roof of the 25 by 40 ft. structure, followed the electric wiring throughout the building including that in heavy equipment used in the operation of the restaurant and then left the building via the electric cable.

The restaurant, owned and operated by Mr. and Mrs. Bruce Withers, had been vacated an hour before.

Fire in a store room did extensive damage to supplies stored there while the intense heat of the lightning completely damaged equipment elsewhere in the building.

An electric cable leading to the North Star Motel next door also was damaged and had to be replaced by city utility crews early Monday.

No estimate was made of the damage which was partially covered by insurance.

The fire was discovered by Patrolman Robert Somerville in the police patrol car at the same timo an unidentified person called the fire departmen

Petoskey College Dedication to Be Held Monday

Dr. Charles Anspach, Presdent Emeritus Central Michigan University, and Dr. Dean C. Burns, president of the board of trustees of North Central Michigan College in Petoskey will be the speakers at the college dedication ceremony schduld for 3 p.m. Monday.

The ceremony will be held on the front lawn of the college located at 1130 Howard St. and in the Petoskey high school auditorium in the event of rain. The dedication ceremony, lasting an hour will be followed by an open house during the afternoon and evening. The entire college staff headed by Dean A. D. Shankland will be on hand for the ceremnny along with the first student body of the new college.

The public is urged to attend the dedication and visit the college.

BarberShoppers Stage Revival Of Jamboree

Six top-rated Barber Shop quartets and two choruses Saturday evening presented a well balanced and entertaining public program at the Charlevoix high school gymnasium. Although the local attendance was smaller than might have been expected, the enthusiasm and interest of the audience overshadowed its size.

The Snowball chorus, members of the local chapter, opened the program with two selection. They were followed by the Aging Four of Lansing, the Staff Sergeants of Detroit, Merri-Men of Lansing, PHD's of Muskegon, Extension Chords of Grand Rapids, Sharp Keepers of Detroit. There was diversity to the song selected by the groups with just enough humor interspersed to keep the audience alert. All numbers were arranged tn emphasize traditional Barber shop harmonizing.

The finale was the Great Lakes chorus of Grand Rapids, dressed in full Indian regalia. The choral work was excellent although more conventional in style than that usually adopted by barber shop singers.

Charles Fisher, president of the Michigan Department of SPEBSQSA, acted as master of ceremonies. His intimate knowledge of the entertainers and his pleasing stage personality added to the interest of the program.

Atmosphere was added to the show by the special stage setting. To the left of the stage was a replica of an old grammaphone with it long horn extending nearly to the front seats of the audience. A mammoth candescent light bulb hanging in the center of the stage gave the illusion of furnishing the only light for the show. Signs appeared on special back and side drops. The effect was completed by framing the whole stage with a decorative border.

Visiting Barber Shoppers were generous in their praise of the local chapter for reviving the Jamboree in Charlevoix and nearly all of them made it a point to tell local officers they hoped to return next year.

Charlevoix Bus Schedule Changed

New bus schedules were in effect yesterday of the Greyhound bus line serving Charlevoix, John Norton, local passenger agent, has announced.

Under the new schedule there will be one northbound and one south bound bus daily. The south bound bus leaves Charlevoix at 10:55 a.m. and the north bound bus leaves a 3:40 p.m.

Kiwanians Name Two Delegates to State Convention

Archie Livingston, president, and Arthur Osborne will be the official delegates from the Charlevoix Kiwanis Club at the 42nd Annual Convention of the Michigan District of Kiwanis International to be held in Detroit, September 13-15. Local Kiwanians expect this year's convention to be the largest since Kiwanis was founded in Detroit in 1915.

The local representatives and over 1500 Kiwanis members, wives and families from 183 Kiwanis Clubs in Michigan will honor District Governor Sidney F. Main of Lake at the governor's ball and reception to be held by the Detroit Metropolitan Council at the Hotel Statler Hilton, Monday evening of the convention, according to Mr. Lvingston.

Three speakers that will be featured on the convention program will be: Dr. Herbert Beecher, pastor of the Woodward Avenue Presbyterian Church in Detroit; Bud Guest, well-known WJR Radio Station personality; and Frank L. Caffio, deputy executive director of CARE.

Kiwanis International will be represented by International Trustee Martin T. Wiegand of Washington, D. C.

Several Detroit area Kiwanians have made their yachts available so that the ladies who attend the convention may enjoy a Monday cruise on the world's busiest river, the Detroit River. The cruise will be followed by a fashion show and luncheon at the Detroit Yacht Club. On Tuesday, the ladies' program will include a complete tour of Detroit's huge, new Civic Center.

Schools Plan for Record Enrollment Next Tuesday

A record enrollment is anticipated next week when the Charlevoix public schools open next week according to Supt. R. G. Bennett.

Plans are being made for a large kindergarten as well as a third second grade room which will be taught by Mrs. Audrey Poppen, only new faculty member.

Increased enrollments are also anticipaed at St. Mary's parochial school where students in the first thru the eight grades will register next Tuesday, according to Sr. M. Eileen, school principal. She added that an effort was being made to keep the enrollment at about the same level as last year.

All students with the exception of kindergarten pupils who were registered last spring will report at 9 a.m. Tuesday for enrollment, distribution of books and class assignments.

Buses will pick up students at the regular hour and return them to their homes at 2:30 p.m. Tuesday. There will be no hot lunch program on opening day.

This same schedule will be observed at St. Mary's school.

Children starting kindergarten who were registerd by their parents when they visited school last spring need not report Tuesday but will come at the usual time Wednesday. Children living in town will attend school in the afternoon. Those riding the bus will go in the morning. If there is to be any change in this schedule after school starts, parents will be notified by note or by telephone.

Children enrolling in kindergarten Tuesday must be accompanied by a parent or an adult who can give the teacher the needed information. The child will then return home and report for class on Wednesday.

Parents wose children will enroll in other early elementary grades for the first time are also urged to accompany the children on opening day.

Elementary school faculty members as announced by Glenn B. Snider, principal, will be as follows: kindergarten, Mrs. Dorothy McRae; first grade, Mrs. Constance Snider, Mrs. Esther Bleha and Mrs. Florence Moeller; second grade, Mrs. Bessie Coleman, Miss Frances Milner and Mrs. Poppen; third grade, Mrs. Jeanette Novotny and Mrs. Dorothea Badger; fourth grade, Mrs. Blanche Paul and Miss Arlyle Roberts; fifth grade, Mrs. Helen Richards and Mrs. Ethel Courier; sixth grade, Larrie Tuomela and Mr. Snider; music and art, Mrs. Frieda Novotny and music, C. A. Odmark.

In the junior-senor high school where H. E. Bingham will return as principal the faculty and the subjects each will teach will be as follows: U. S. Government, Mr. Bingham; History and head football and basketball coach, Don Carey; Biology, English, head track and assistant football coach, S. E. Coleman; Industral Arts and Mathematics, Robert J. Cook and Uno A. Suomela; English, Latin and Speech, Mrs. Laura Courtade; Girls Physical Education, Mrs. Geraldine Goss; Mathematics, Ray L. Kipke; English, Mrs. Marian Kohn; Commerce, D. C. Maltby; English and Speech, Mrs. Lucille Martin; Librarian and Mathematics, Miss Floranz Milner; Social Science and Driving Education, Max Novak; Music and Civics, C. A. Odmark; Homemaking, Mrs. Janet Odmark; Science(Robert S. Richards; Seventh grade, Leonard Burns and Terry Rice.

Mrs. Jeanne Miles, RN, will continue in charge of the School Health program; Mrs. Hazel Reed will continue as secretary in the superintendent's office; Mrs. Monca Bingham, clerk in the high school principal's office and Mrs. Colleen Wright, clerical assistant in the elementary building.

Other non-teaching personnel include: maintenance, Clarence Bartlett, Willard B. Bodley, Mrs. Bodley, Mrs. Nellie Myers, Bernard W. Russell and Harlow Bettis.

Transportation: Martin Elzinga, bus maintenance; drivers, Cecil Richardson, only new driver, Earl Crandall, James Elzinga, Bradford V. Foster, Bruce Henley and Douglas Way.

Mrs. Marie Blissett and Mrs. Norma Cunningham will be in charge of the Hot Lunch program which will begin Wednesday.

Perry Smith Wins 1959 Frank Poole Golf Tourney

Perry Smith captured the 1959 Frank Poole trophy tournament at the municipal golf course Friday by defeating Bob Withers 5-4.

Earlier Bill Supernaw had defeated Bob Livingston 2-up to take the City Championship title for the season.

Other winners in the City Championship tourney were Quint Walker who took the first flight title; Tip Riley, second flight champion and Dal Henry, senior flight champion.

The tournaments brought to a close official play at the course for the current season. The course however, is still open for play.

Keith Carey, club manager, returned to his football coaching duties at Midland last week. Mrs. Carey and their three daughters departed Tuesday for Midland.

Veteran Harbor Master Honored at Dinner

(Courier Photo)

Retired Harbor Master Joseph E. Howard is presented a gold wrist watch as a token of appreciation by Lloyd McDonough, vico president of the Beaver Island Boat Co. Attending the ceremony are (l to r) Lawrence McDonough, captain of the Emerald Isle; Archio LaFreniere, secretary-treasurer of the Beaver Island Boat Co., Honry C. Allen, president; Ralph Kant, auditor; Johnny Gallagher, engineer; A. J. Roy, director; Mr. McDonough; James W. Gallagher, business manager; Karl Erber, director, and Russell Green, member of crew.

★ ★

Joe E. Howard, veteran dock agent for the various Beaver Island ferry services for 42 years and Charlevoix harbor master for 25 years, was honored at a testimonial dinner Thursday evening by officers of the Beaver Island Boat Company and employees.

Following a dinner at the Argonne, Henry Allen, president of the Beaver Island Boat Co., paid tribute to Mr. Howard for his faithful service to Beaver Island and the water transport companies he has served.

As a token of appreciation, Lloyd McDonough, vice president of the Beaver Island Boat Co., presented Mr. Howard with a gold wrist watch to be engraved in compliance with the wishes of the recipient.

Attending the dinner were officers and directors of the Beaver Island Boat Co. and members of the crew of the Emerald Isle.

Mr. Howard sailed the lakes before taking a land job on the former Wilbur dock which later was acquired by the city for a municipal dock. He has seen many ships come and go on the Beaver Island Ferry run. First the "Beaver," owned and captained by the late P. D. Campbell sr. Then came the Ogontz, the Bainbridge, the James Sanfnrd, the Marold II, the Mary Margaret, the North Shore, and the present ferry, the Emerald Isle.

Thrnugh the years he not only served as a dock agent but rendered a valuable service to the Islanders as a personal shopping representative. Many are the times he has been given a purchasing list and been asked to get the merchandise and put it aboard the ferry.

He was appointed harbor master by the City in 1932 and served in that capacity for 25 years. During that time he built up a lasting friendship with the yachtsmen who cruise the lakes. He played a valuable role in making the Charlevoix yacht basin a friendly and inviting port.

Times Have Changed

The opening of the school year next week again creates a situation calling for alertness and caution on the part of both students and drivers of motors vehicles.

It wasn't too long ago that kids walked — or, if they were lucky, rode a bike — to school each day. In those days students walked about a mile, and often farther regardless of weather.

Although some students living within a mile of school continue to walk, there are increasing numbers who drive their own car or borrow Dad's.

Adequate parking space is now a problem instead of adequate bicycle racks. Thus a congested traffic condition is created in the area of schools resulting in a greater hazard for motorists and pedestrians. The motor vehicle has become a problem to school authorities, the public and the students.

Nearly six million teenagers — many of them students —drive cars, according to the National Safety Council. They make up one out of 14 of the nation's 80 million licensed drivers.

A teenage driver is involved in one out of ten fatal auto accidents. Main fault of teeners, the Council reports, is a tendency to speed.

The report also points out youth's urge to show off around their friends results in a high accident rate.

Following are some recommended solutions to the problem.

1. Be Proud of your driving. Do your part to prove teenagers can be the best drivers on the road.
2. Smooth driving is the mark of a pro, Don't make jackrabbit starts, squealing turns and fast stops.
3. Be courteous at the wheel. Give the other fellow a break.
4. Don't try to get ahead of the other driver, or even the score if he's inconsiderate.
5. Speed is a killer. Adjust it to road, weather and traffic conditions.
6. Keep both hands on the wheel and your eyes on the road.
7. Obey the law. Stop at stop signs.
8. Keep your car in top condition. Give special attention to tires, lights and breaks.
9. Don't be a bumper chaser. Keep a safe distance between you and the car ahead.

Courier Letter Box

Faith . . . Our Foundation (concluded).

Not content with practically ignoring God; Christian America goes further in denying Him a place in the public schools, continues to infringe upon His Day, and profanes His Names by word of mouth and on the printed page without excuse or shame!

The courts of the land continue to hold that it is unconstitutional to teach about God in the public schools. Religious groups who would like to operate their own schools where God may be recognized are frowned upon, considered unpatriotic and queer.

The Lord's Day has been taken over as a day of sports, recreation, union meetings, dedication of public buildings, and most anything you can name . . . practically ignoring God's claim on this one day of the week.

The profaning of God's name is so common today that it passes almost unnoticed. Both church goers and non-church goers use the name of 'Jesus' 'Christ' 'God' 'Heaven' and 'Hell' with utter abandon. Magazines and newspapers previously used something like this to indicate swear words: XV?/:X*-, but today it is printed out for you in black and white. All this we do, not with the names of our loved ones, our neighbors, or even our enemies, BUT WITH THE HOLY NAMES OF GOD! It is certainly hard to understand a Christian nation doing these things, when it professes to believe and trust in Him.

The words of the prophet Isaiah appear to be quite appropriate: Chapter 29 vs. 13 . . . this people draw near to me with their mouth, and their lips honor me, but have removed their heart far from me . . .

Why sail under a false flag? We may just as well do away with the phrases "In God We Trust" and "Under," and also the idea that "Our foundation is our trust in God." They appear to be just so many empty words!

People in Charlevoix can be proud they have a restaurant like Mont's.

Mrs. Myrtle Gogos was a very lucky person last week. She was having lunch at Mont's Restaurant, while there she lost $10.00. She went back to Charlevoix the next day to do some more shopping and while there went over to Monts Restaurant to see if the money had been found and turned in. Mrs. Lyle King, a waitress had found the money and turned it into the manager.

ONLY TWO OF 16 Bills labeled "urgently needed" by Gov. G. Mennen Williams cleared the legislature this year.

The governor early in June sent a special message to the legislature urging action on bills dealing with employment, business, education and highway and industrial safety.

* * *

THIRTEEN OF the measures died in committee; another — the controversial "K-12" bill to force school consolidation — passed the House but was shelved in the Senate Education Committee.

One of the bills was the proposal to create a state Seal of Quality for agricultural products. Williams has been advocating this for 11 years.

* * *

SUCCESS CAME to a widely-backed motorboat safety bill providing for numbering of motorboats under a federal system. The bill, sought by Williams' Water-safety Commission, extended jurisdiction of local enforcement agencies.

* * *

DEFECTS IN 1956 legislation were corrected by the second of the 16 priority bills.

Certain procedural and technical imperfections were noted after the 1956 legislature passed the Development Credit Corporation Act, a government-sponsored plan used with success by other states in encouraging industrial development.

The legislature corrected this by permitting industrial development credit corporations to acquire land.

* * *

ANOTHER INDUSTRIAL lure, a measure to permit establishment of industrial park authorities, failed. It would have permitted the acquisition of property, borrowing of money and issuing of bonds to develop industrial parks.

The bill was considered necessary to encourage communities to develop suitable land for plant development.

* * *

DESPITE EMPHASIS the past year on Michigan's "business climate," Williams and the legislature were unable to agree on means of fostering programs to attract new industry.

The legislature was a forum for criticism of Michigan's economic climate. Little was done to build Michigan.

* * *

SCANDALS THAT develop in the Secretary of State's Branch System are soon forgotten by most. But Secretary of State James M. Hare, who thinks he has a remedy, remembers.

More than 50 branch managers have been removed from their jobs in the last four years for misuse of funds, sloppy bookkeeping or other improper activities.

There has been a turnover of about 260 managers — about the number of branches — in the last four years.

* * *

"A GREAT MANY get in and out," Hare said. "They can't make a living.

"We've been averaging a new branch manager every 10 days."

"It's a bad system from end to end."

Hare's suggested remedy: put the manager under civil service instead of allowing them to be appointed — by Hare.

"I have no objection to patronage," Hare said, "But not when millions of dollars are involved."

* * *

THE CIVIL SERVICE Commission, which has 12 large branch offices under its classification now, is considering doing the same with about 30 more.

But Hare wants them all covered by civil service.

Unless managers are busy enough to be fulltime employes, the Commission does not want any part of Hare's plan.

Cornelia Reamsma Marriage Is Solemnized at Grand Rapids

Ellsworth — The Roger Heights Christian Reformed church in Grand Rapids was the scene Friday of the wedding of Cornelia Reamsma and Donald L. Battjes.

Parents of the couple are Mr. and Mrs. William Reamsma of Ellsworth and Mrs. John Battjes of Grand Rapds and the late Mr. Battjes.

The Rev. Floyd DeBoer, pastor of the Roger Heights church, and the Rev. Fred Dolfin, pastor of the Eighth Reformed church, officiated at the double ring service in the presence of 175 guests. White gladioli and palms decorated the altars for the wedding.

Mrs. Harry Downs of Grand Rapids played traditional music and the wedding marches and accompanied the soloist, Mrs. Larry Raeunne of Grand Haven who sang "Wedding Prayer" and "God Hath Promised."

The bride, given in marriage by her father, chose a floor length gown of white dotted nylon over taffeta fashioned with a fitted bodice, a neckline embroidered with rosebuds and seedpearls, short puffed sleeves and a full skirt. Her fingertip veil fell from a seedpearl tiara and she carried a bouquet of white carnations.

Jennet Reamsama as her sisters only attendant, wore a floor length gown of light blue crystallete over taffeta, a matching hat and mitts and carried a bouquet of yellow gladioli.

Howard Jenkins of Grand Rapids assisted his brother as best man. Ben Reamsma, brother of the bride, and Everett Battjes, another brother of the bridegroom, seated the guests.

Mrs. Reamsma selected a blue dress, and matching accessories for her daughter's wedding. Mrs. Battjes, mother of the bridegroom, wore a deep blue dress and matching accessories. Their corsages were of rose and white carnations.

A reception followed at the church parlors.

The young couple will make their home on DeHoop ave. in Grand Rapids.

The bride is a graduate of the Ellsworth high school. The bridegroom is a graduate of South high school and Grand Rapids Junior College.

Schools Plan For Record Enrollment

(Continued from Page One)

One new teacher has been added to the faculty at St. Mary's school, according to Sr. M. Eileen She is Sr. M. Cleopha who will teach the fifth grade. She comes here from Grand Rapids where she was associated with the Religious Correspondence offered by the diocese.

Returning to the faculty will be Sr M. Eileen who will teach the first and second grades; Mrs. Irene Melville, third and fourth grades and Sr. M. Michele, sixth, seventh and eighth grades; Sr. M. Cleopha, fifth grade.

Recover Body . . .

(Continued from Page One)

lighthouse both men went down, Gagnon related. The second time this happened. Gagnon said, he lost his hold on Jones who failed to come up. He then swam back to the light station and reported the accident to the Mackinac Island Lifeboat station. Crewmen there then reported the drowning to the group office here before initiating dragging operations.

The operation was suspended Friday because of heavy weather but was resumed Saturday when Coast Guardsmen were joined by Michigan State Police skin-divers who were successful in their search at 2:30 p.m. Sunday when they found the body in 20 feet of water 1000 feet east of the light station.

The third member of the light station crew Carl Phillips, also an engineman, was at the Mackinac Island station for medical treatment at the time of the accident.

- Mrs. Margrett Milner left Monday for her teaching duties after spending most of the summer months here with her sisters, the Misses Floranz and Frances Milner. Early in the summer she enjoyed a month's tour of Europe during which she visited the British Isles, the Scandanavian countries, Germany, Switzerland and France.

CARD OF THANKS

Our heartfelt thanks and sincere appreciation are extended to our relatives and friends for the beautiful flowers and expressions of sympathy during the recent loss of our husband and father. We are very grateful to Rev. McNeal for his words of consolation also Dr. Martin and the hospital staff for the excellent care given. Mrs. Grace Dutcher and family

Bowling News

BY DES

Well here we go again — short summer wasn't it? Although the summer is suppose to be over you couldnt tell it by the temperature at the alleys. It was plenty hot and most of the bowlers were plenty wet. Not only were they wet — you should have seen the scores — they were All Wet!

* * *

I told myself all summer that I wasn't going to write this column this year — but here I am — I was high pressured into it. Nick told me that if I didn't write the column I couldn't beat on his bass drum whenever he played at the Inn. So here goes — I am going to try and condense the column a little bit so I can get to bed before 4:30 or 5:00 — and I'm not guaranteeing any 33 weeks.

* * *

As I said before most of the players and their scores were all wet. Meg stole the show the first night by rolling high game and series — 236 and 549. It was all in a losing cause though as they lost all 4 points for their new sponsor Steve Dumbell — (Is that spelled right Steve). I wish you would have let me know you were going to sponsor a team Steve. I'm sure I would have found you a couple of more fair bowlers to go along with Meg.

* * *

Boy if you could see these scores — Jerry Burke 75, Lyle Miles 119, Bob Ferguson 101, Big Bergmann 93, Hal Forbrig 94, Hank Felix 127. Of course everybody wasn't off. A few of the boys got hot and rolled over their heads — like Ed Lemcke had a high game of 161. Herb Moore hit a 143. Kenny Cellner had a 156 high, Ted Browe had a 159 (actually that is good for Ted!)

* * *

Better luck next week fellers. Oh, I forgot to mention one of the highlights of the evening, especially the 2nd shift. Now it dawns on me why there was such lousy scores — everybody was distracted by Puff bowling in shorts on 3 & 4. And to think we bowl him next week — I hope it's cooler — if not — I'll wear mine. That will give us at least a 50-50 chance because I know my legs are as nice as his — At least I hope they are!

telephone lines

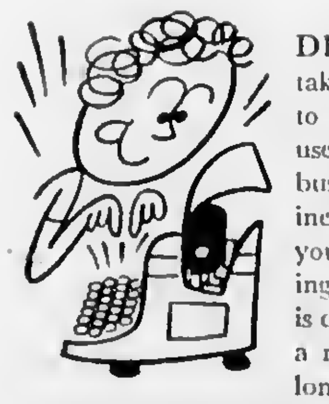
by LES JOHNSON, *Manager*

A SAGINAW SERVICE REPRESENTATIVE tells us of a rather novel order she received recently. A customer called and said: "I have a brunette telephone and I'd like to exchange it for a blonde." Now it may be true that gentlemen do prefer blondes, but when it comes to telephones, you don't have to limit yourself to that color. There are nine different shades to choose from.

* * *

EVER WONDER HOW some of our Michigan colleges win so many football games? One reason is their ability to employ new strategy during a game that will capitalize on an enemy's weaknesses. Flaws in the opponent's attack are spotted by an assistant in the press box. How does he relay them to the head coach on the field? By telephone, of course. The telephone enables him to feed the coach a steady stream of information that quite often spells victory for your team.

* * *



DID YOU KNOW THAT IT takes a lot more effort and money to write a business letter than to use the telephone? According to a business magazine, the average business letter costs $1.70 by the time you figure stenographic costs, mailing, filing and materials. That cost is duplicated at the other end when a reply is sent. If you look at the long distance rates listed in your telephone book, you'll see how many distant places you can call for less than that. Furthermore, a long distance call is easier, faster and more personal.

SUNDEW REPORTS

Activity this week was limited to a trip to Beaver Head Light on Beaver Island. We arrived at Beaver Island at 9 a.m. It took several trips during the day to load all the furniture and equipment. Because of the shallow water near the light we had to moor at St. James and go to the light via truck. It was good weather on land but continuous high winds during Thursday and early Friday prevented us from returning to Charlevoix until Friday afternoon. We remained in Charlevoix during the Labor Day weekend.

The entire crew was saddened by the death of Syril Jones on Spectacle Reef. Prior to his assignment to Group Charlevoix, Jones was stationed aboard the Sundew. Many of the men on board served with Jones here. We extend our sympathy to his family.

SUNDEW SCUTTLEBUTT . . .

Ernie Pelon, DC3, was transferred this past week. He reports in a few weeks to the west coast for assignment to the 14th Coast Guard district which has headquarters in Hawaii . . This is a good time of the year to depart for the Pacific area . . . All of Dewie's pups have found new homes. They are just beginning to get their sea legs . . . Belated thanks to Steve Stimson of Charlevoix who fished one of the pups out of the channel. They were just learning to walk and one of them strolled right off the buoy dock.

Miss Wilbur Guest At Bridal Shower

Ellsworth — Miss Charlotte Wilbur of Flint was guest of honor at a bridal shower this past week. She s the fiances of Marvin Heeres son of Mr. and Mrs. Henry Heeres.

The shower was held at the home of Mrs. Henry Heeres and hostess for the evening were Mrs. Archie Potter and Janice Heeres.

The house was decorated in pink and blue streamers and white wedding bells and about 20 guests were present. Games were played and prizes were won by Mrs. Alice Jensen and Mrs. Martha Potter.

Miss Wilbur received many very lovely and useful gifts.

Justice Court News

Justice John Connolly reports the following cases which appeared in his court recently:

Alfred L. Sloop, 38, of East Jordan, charged on a citizen's complaint of indecent liberties with a minor child, waived examination and was bound over to circuit court. Bond was set at $500 and he was taken to the county jail when he failed to furnish bond.

Martin Sobleskey, 19, and Robert Lively, 18, both of East Jordan, charged by the Conservation Department of transporting firearms between sunset and sunrise during closed season in a hunting area, were fined $25 each and ordered to pay costs of $7.90 each. Sobleskey also was sentenced to five days in the county jail. If fine and costs are not paid he must serve an addtional 10 days. Summonses were issued by the Conservation Department.

Simeon Oliver, 56, of Sacremento, Calif., charged with having no fishing license, was ordered to pay a fine of $5.00 and costs of $7.30. Summons was issued by the Conservation Department.

In the opinion of J. E. Corette, president of the Edison Electric Institute, the people of America must become better informed on Amrica's government, business and productivty and take an active and courageous interest in government, if our future is to be as great as our past.

Sundew Rifle Team

The U. S. Coast Guard cutter Sundew's rifle team (pictured above) is currently in second place in the Ninth Coast Guard district after participating in rifle range activities at Grand Haven recently.

While at the range the Sundew team posted the second highest score, a total of 1800 out of a possible 2040 points. The Coast Guard Air Station at Traverse City placed first with 1827 points.

Members of the team are: front row (l to r) Lt. John Deardon, John Glenn QM2, Ch. Bosn John Coppens.

Back row: Chief Roderick Bassett, Charles Hart EN3, Chief Lawrence Opel.

Glenn and Deardon posted scores of 314 and 313 respectively to earn the rating of experts; Coppens, Opel and Hart with scores of 303, 297 and 293 respectively, qualified as sharpshooters and Bassett with a 280 as sharpshooter.

If the Sundew team retains its second place standing at the close of rifle range activities, team members will be awarded special prizes offered by the district.

LANSING OBSERVER

By FRANK G. MORRIS

The once-dignified Michigan Supreme Court, now a potent arm of the Democratic Party, is embroiled again in politics because of the demand for a new Michigan Constitution.

Our trouble is that nearly everyone is overlooking the fact that the state's greatest need today is to return to the Constitution of 1908. It was a wonderful document of majestic profundity.

Editorial writers delight in comparing the 1908 vehicle to the Model T Ford. Some top that cute simile by calling it a relic of horse-and-buggy days, as if American life was outrageous back in the days when churches had steeples, and schools taught kids to read and write, and food was worth eating, and cities were not defiled by fumes, and robins were not close to extermination from DDT.

Michigans Constitution was wrecked by attempts down thru the years to "modernize" it. Exactly 63 times in a half century, sincere voters yielded to arguments by politicians and wrote new meanings into the Constitution — provisions rejected by the wise delegates who wrote the document, or too fantastic even to be conceived in the relaxed "Model T Era."

Many of the amendments were necessary, particularly those authorizing bond issues for roads and soldiers' bonuses.

Some, like the 15-mill tax limitation, are subject to debate, but have not proven to be unwise.

A big majority of the 63 amendments, however, ripped into the heart of the Constitution written by the delegates gathered in Lansing during the winter of 1907-1908.

As the years passed, the Michigan Constitution was brought up to date all right. It has been modernized to fit an era which regards dacron as better than wool, plastics better than fine leather, and has produced a giant automobile without springs in the middle of the rear seat, drinking gasoline like Niagara consuming water.

The Michigan Constitution of 1908 was changed only slightly from the Constitution of 1850. It was a work of art, establishing justice for all and safeguarding human liberty. If the state could go back to that simple, explicit document, our troubles in Lansing would not have developed.

Unfortunately, it is impossible to submit to the people a single proposition that would eliminate all of the garbage thrown into the Constitution in the last half century.

There cannot be a Constitutional Convention as long as the Supreme Court holds that authorization must come from a majority of all voters at the polls, instead of merely a majority of those voting on the proposition. When the question has been presented at a general election, it always has been defeated.

Only by calling a special election to vote alone on the question of Constitutional revision, as was done by the legislature in 1906, has the proposition a chance of being successful.

So politicians, newspapers, and a few civic groups are pressuring the Supreme Court to reverse its former ruling and hold that the people made a Constitutional Convention possible last November when they supported the proposal by 861,000 against 608,000.

This total of 861,000 favorable ballots was not a majority of all of the voters who went to the polls last November. Therefore, the High tribunal has ruled that revision of the document was not authorized.

Who can prove that this was not intention of the convention delegates who wrote the Constitutions of 1850 and 1908? None of the delegates is alive, and the records are not clear.

But it is improbable that the delegates were unaware of the meaning of their language.

Maybe, the state is in luck that Constitutional revision is not being undertaken in this period of confusion and fear.

A really dangerous soutcome is the possibility that the UAW will succeed next year in an amendment to apportion the State Senate so that Democrats can win control.

That party could then revive the spending program of Gov. Williams — a program that would raise the present state deficit to about a billion dollars had Republcan Senators not blocked it in all recent legislative sessions.

MINUTES OF SCHOOL BOARD MEETING

August 17, 1959

Present: Lieberman, Smith, Boss, Martin, Freedman and Bennett, Supt. Absent: None.

The meeting was called to order at 8:05 p.m.

Minutes of the meeting of August 3 were read and approved.

Moved by Martin and supported by Smith that bills in the amount of $1,484.88 be approved and ordered paid. Carried: 5-0.

It was moved by Freedman, supported by Martin, that a teaching contract be offered Mrs. Audrey M. Poppen for the coming school year of 1959-60, said contract to contain a clause designating it invalid unless the candidate is certified by the Department of Public Instruction. Motion carried: 3-2.

Fleet insurance was discussed and Mr. Bennett instructed to contact the insurance agencies in an effort to obtain bids.

A report was made on the maintenance program; installation of the new bleachers; and the status of the State Aid Bill for 1959-60.

A decision was made to purchase necessary office equipment for the principal's office from the Building & Site Fund, said equipment to be a part of the equipment for the new High School.

The tax levies for the 1959-60 year were discussed and a Board meeting decided upon for August 24, for final decision.

William Fochtman, of the Charlevoix Oil Co., appeared to discuss purchase of a new driver training car. Since his was the only price presented, it was decided that letters—with specifications — be sent to the other auto dealers, asking that their prices be submitted on August 24.

Mr. Gordon Cornwell and Richard Greenless, architects appeared with the completed plans for the new high school building. Minor changes were indicated and they were asked to return on Monday, August 24, for a final acceptance of plans. This was to make it possible to advertise for bids at an early date.

The meeting adjourned at 11 p.m.

Legal Notice

STATE OF MICHIGAN

The Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate Office in the City of Charlevoix, in said County, on the 4th day of September, 1959.

Present, Hon. William T. Downs, Judge of Probate.

In the Matter of the Estate of Mary L. Ross, deceased.

Margaret L. King, having filed her petition praying that an instrument, duly admitted to Probate in the State of Illinois, be admitted to probate and recorded in Michigan and that administration of said estate be granted to Norman D. Submitted herewith is the financial statement of the Charlevoix County Board of Education for the fiscal year 1958-59. The statement does not include the Audit Fund or the Teacher Institute Fund. The Speech Correction program has been temporarily interrupted due to the teacher shortage and general lack of funds. Much interest has been shown in the speech program and in other special education programs for the county's atypical children. The county office of education is anxious to provide cooperative leadership in securing these needed services. The county schools now have an improved audio-visual-aids program and a standardized testing program is carried out in the fall and spring to aid in diagnozing individual progress and to give effective direction to instruction. The County Board of Education is concerned that reorganization and property transfers be determined on sound principles that will give the best possible educational advantages to the county's school children.

Respectfully submitted,
Charlevoix County Board of Education

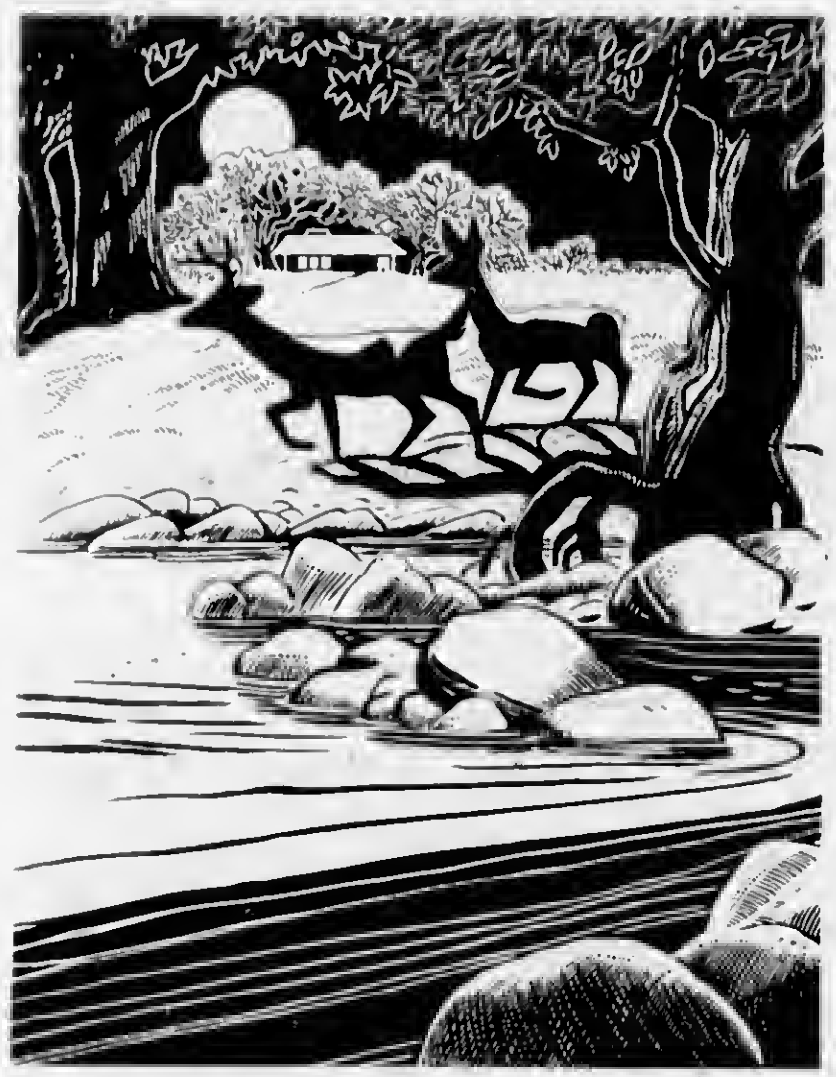
Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn



This Is The Day

One of the many charms of wild creatures is their total absorption in the present moment. They acknowledge as important only the direct present. Without any taint of anxiety concerning next year's troubles, deer strain the wind blowing here and now for scent of foe. Without uneasiness concerning tomorrow's water supply they sate this moment's thirst from nearby streams. Without the slightest dread of exhausting this autumn's food supply they eat just enough browse to fill their need — not too little nor too much, but just enough. When deer rest they are emblems of refreshing relaxation, the epitome of rest. When thy run, deer seem to care nothing so much as running well. Their hours of sleep are not haunted by fearful memories of terrors past, nor is digestion upset by rankling ambition to captivate another deer's social position in the herd. Every moment has a pure immediacy, wiped clean of the distant past and the far-off future.

This does not mean that the past and future are totally ignored in the animal world. Our wild brethren of field and forest learn from the past. A mink that is trapped and breaks away is a far more cautious animal thereafter, carrying with him the lessons of yesterday. There is a deep, organic preparation for the future stirring in all young creatures, the body of the young doe deer maturing toward the bearing of fawns and the physiology of young buck whitetails ripening toward the fathering of offspring. Caterpillars prepare for days of winged glory by weaving cocoons. Yesterday and tomorrow meet in every living thing, but it is the present moment upon which wild creatures concentrate their attentions.

We human beings need a touch of this wild wisdom for centering our thoughts on the present moment. Even in the smallest matters we do. Have you ever conversed with a person who consistently misunderstood you because he was not thinking so much of what you were saying as he was of how he would answer? Isn't it aggravating? Or again, there are some who can seldom enjoy a good joke because while it is being told they are trying to think of a cleverer one to tell. They miss the fun that is presently available while planning the next moment's jest

It is said that preachers and lecturers sometimes make poor listeners because when they are in an audience they not so much thinking of what the speaker is saying as they are of how they themselves would treat that topic if given the opportunity. As a result they rarely derive the highest good from any speech that is not their own.

In more consequential matters, too, we need to be more aware of the importance of the here and now. How easy it is to shirk the task that lies close at hand while dreaming about some coveted chance to make good far down the future or floundering in remorse over past mistakes. It is frequently my task to write letters of recommendation for people who seek desirable jobs. Those who get the highest testimonials are not those who most ambitiously eye the next job opportunity or those who grieve because they feel they have too poorly handled yesterday's chances for advancement. The best recommendation is usually given to the one who does his best on the job he already has. By his concentration on the job at hand he is making the best possible use of lessons learned in the yesterdays and preparing for service in the tomorrows.

Many years ago in Montreal a certain medical student lived under a pall of discouragement. He felt inadequate for a career in medicine. Then one day he chanced upon the words of Thoman Carlyle: "Our main business in life is not to see what lies dimly at a distance but to do what lies clearly at hand." The student was strangely stirred by the words. They seemed to meet his need, and for days he went about repeating them to himself. He mentioned them to his friends and wrote them in his notebook. Later, when he had become the world renowned Sir William Osler. He credited much of his effectivness to Carlyle's one-sentence philosophy which the youthful William Osler had made his own.

One evening the venerable social reformed and Abolitionist Wendell Phillips and a young friend were sitting by the fire in the Phillips home while the veteran of worthwhile causes reminisced about his battles for social justice. Phillips' recollections of the past were vivid, and his narration was exciting to the enchanted young visitor. Late in the evening the young man rose to leave, grasped the old gentleman's hand and exclaimed, "Mr. Phillips, if I had lived in your time, I think I should have been heroic, too!"

This aroused the old veteran, who had walked to the door with his visitor, and he pointed down the street, mentioned several forms of audacious vice lurking there, and then spoke with feiry indignation, "Young man, you ARE living in my time, and in God's time! Be sure of this: no man could have been herioc then who is not herioc now."

There was no time in the past when greatness was more needed than now, and there will be no time in the future when character will be more in demand. This is the day for expressing the highest qualities of your heart and the best thoughts of your mind. This is the day to do any one of the many worthy things that you have postponed for some convenient tomorrow. If you cannot express the best within you in a BIG way today, you can find some smaller expression, but, big or small, exercise the best that is within you before it withers and dies.

If you cannot show a concern for public affairs from a seat in the United States Senate, you can demonstrate your interest by working hard for the welfare of your immediate community. If you cannot single-handedly uproot war, you can be a peacemaker in your office, your school, your shop, and in your neighborhood. If you cannot change the whole world, you can influence for good a church or a club, the famly next door, or the family of which you are a part.

If you cannot do all you would LIKE to do for the world, do all you CAN with what you have and right where you are. This is the day, and right here is the place for greatness.

Sunny Aloha Loaf

Pineapple, everybody's favorite fruit from Hawaii, and those ever-popular sugar honey graham crackers are combined in a brand-new treat, "Sunny Aloha Loaf," saluting our new 50th state. This rich unbaked dessert, chilled overnight before serving, is the perfect finishing touch for summertime meals. See for yourself, this very easy way:

Sunny Aloha Loaf

24 Sunshine sugar honey graham crackers	24 Sunshine marshmallows
1 No. 2 can (1-lb. 4½-oz.) crushed pineapple	1 cup heavy cream
1 package lemon pie filling	1 9-oz. can sliced pineapple (4 slices)
	Maraschino cherries

Lightly grease an 11-inch by 5-inch loaf pan. Drain pineapple well. Pour pie filling into a saucepan. Add water to drained juice to make 1½ cups of liquid. Pour liquid into pie filling and cook over medium heat, stirring until mixture boils. Stir in marshmallows. Let cool, stirring occasionally until marshmallows dissolve. Add drained pineapple; chill until almost firm. Whip half of cream and fold into mixture. Pour about ½ cup of pineapple pudding over bottom of loaf pan. Top with layer of 4 graham crackers, breaking as necessary to cover surface. Repeat until 20 crackers and all of filling are used. Chill overnight. Unmold onto serving plate. Whip rest of cream and spread over top and long sides of loaf. Arrange two of remaining crackers on top of loaf and one against each end. Decorate top, sides and end with halved and quartered pineapple slices and cherries. Makes 8 servings.

Rayders Condition For Opening Game

The Charlevoix Rayders have been reporting twice daily for practice sessions, despite the unseasonal weather, in preparation for their opening game with Rogers City Friday, Sept. 18.

Offensive and defensive plays have been added to the agenda this week with the Rayders getting their first 'feel' of the game since the 1958 season.

Among those who are reporting regularly are regulars Ron Balch and Joe Beaudoin from last year's squad and a number of others who saw limited action including backs Charles Coleman and Stan Smith who with Balch will form the nucleus for this year's backfield. Beaudoin is an end.

Filling in at line positions are Dick VanRaaphorst who also handles a major part of the kicking assignments, Mike LaBlance, John Martin, Gary Chew, Rex Davis, Jim Browe, Ron Grunch and Tony Genia, the latter an end. The others are candidates for tackle, guard and center assignments.

Bruce Pease, a regular last season, and Mark Cross, another player with limited experience, have not reported for practice thus far this season.

Coach Don Carey said Wednesday he had a limited number of juniors who would be candidates for the squad but would have to depend almost entirely on returning seniors. He added that the team will lack the depth it had last year and that each player would have to play that much harder. Starting assignments will not be known until game time nex week.

This week the Rayders will scrmmage Kalkaska under the lights at Kipke field Friday night.

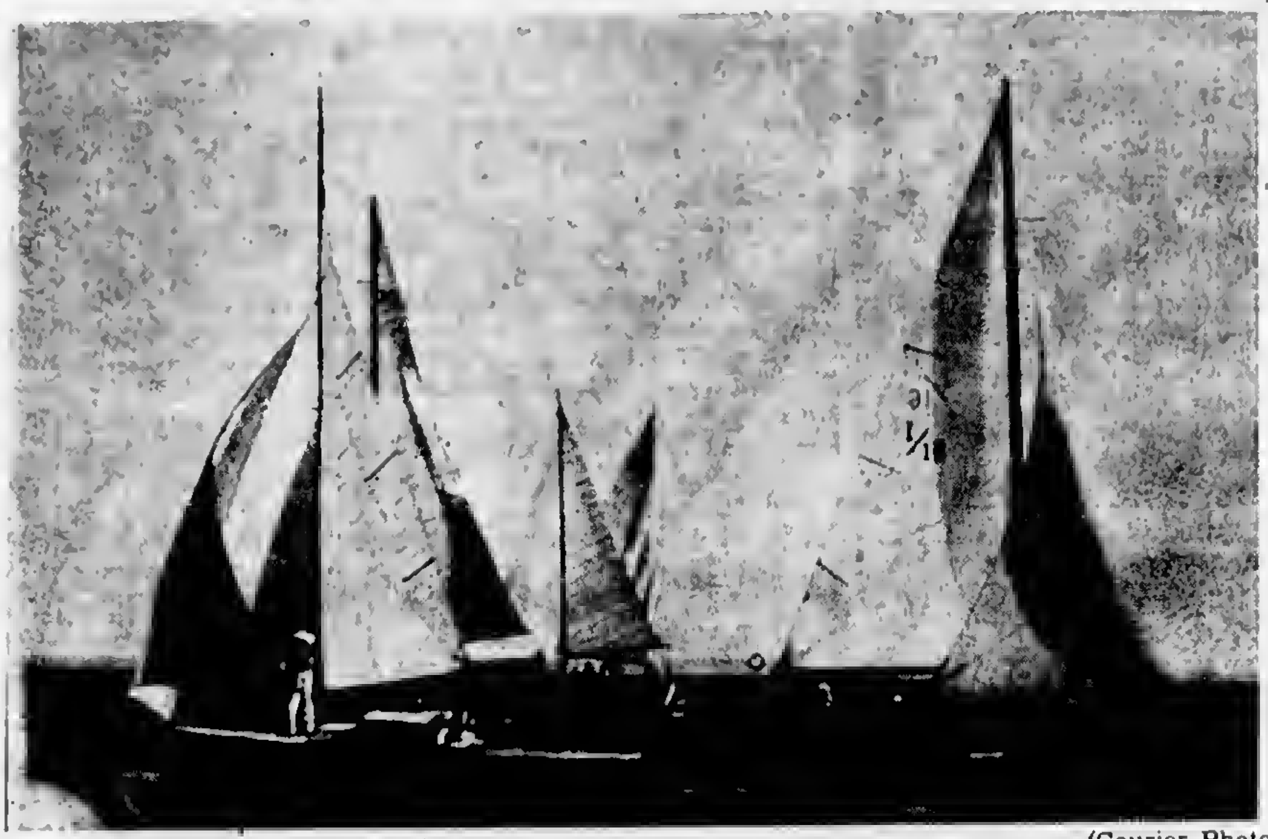
Stage 3rd Annual Sail Boat Race



(Courier Photo)

Crews jocky their sailing craft before the starting line off South Point to be in favorable position to take off for the home lap of the Traverso City-Charlevoix sail boat race. The Friday night race from Traverse City to Charlevoix was won by Hizoner (right foreground.)

★

Six sailing craft slipped into the Charlevoix harbor Friday evening, completing the first leg of an annual race from Traverse Cty to Charlevoix and return.

Starting from Traverse at 5 p.m. Friday evening, the craft sailed the first 50 mile leg of the race in the night. The first ship to reach the local port was the Vinnia, skippered by Ed Shelby. It arrived at 1:41 a.m. The Hizzoner, skippered by Ben Taylor, however, won the lap on a corrected time basis as all entries were given handicap time over the Vinnia. Hissoner completed the run at 3:04 a.m.

The Escape, captained by Ernie Isacson, checked in at 4:06 a.m., followed closely by the Telemark under the command of Dr. Robert Newland. Bob Force arrived at 5:25 a.m. with Star Jazzer. The Cynthia, skippered by George Petzritz, got a bad break when she went aground, delaying her arrival until 7:30 a.m.

The ships lined up Sunday morning at South Point for the return and got away at 9:10 a.m. The down lake run was a more competitive race with all ships rather closely grouped. The Escape won the home run on corrected time. Hizzonor was second; Star Jazzer third; Telemark fourth; Vinnia fifth and Cynthia sixth.

The first ship crossed the finish line at 4:40 p.m. and the last one at 5:18.

Head judge and starter was Dr. C. R. Haberlein, commander of the Traverse City Coast Guard Auxiliary, aboard his cruiser the Nan-C-Jay. Other judges were Dr. Kenneth Kleyn, Dr. Davis Jones with John Haberlein assisting.

An escort of puwer cruisers followed the contestants on both legs of the race.

Mrs. Page whose husband was a member uf the crew of the Star Jazzer, piloted her own cruiser, the Duchess, and brought the whole family, her two daughters, the dog and the cat. Others and their passengers were Wayne Cowell aboard the Sabre and Leon Day in the Kub VI.

This was the third Traverse City - Charlevoix race staged by the neighboring sailors. Two races are planned for next year according to Dr. Haberlein. The first race will be held in the spring and the second event in the fall.

Ferry to Operate Special Schedule For Sportsmen

Special trips of the Beaver Island ferry Emerald Isle were scheduled this week to accommodate hunters and fishermen during the September and October season, James Gallagher, business manager announced this week.

Beginning Sunday, Sept. 20 and each Sunday thereafter thru October 25, the ferry will leave Beaver Island at 2 p.m. This extra trip will provide Sunday return transportation to the mainland for sportsmen spending the weekend on the island.

Rayders to Meet Rogers City In Non-Conference Opener

The Charlevoix Rayders will officially open their 1959 football season Friday when they travel to Rogers City to take on a veteran Huron squad.

The game will mark the opening of an eight-game schedule during which the Rayders, coached by Don Carey, will defend the Northern Michigan Class C title they won last season after posting eight wins including a 46 to 0 victory over Rogers City.

This year's team, however, will not have the weight, experience or depth that the '58 squad boasted according to Coach Carey who said that the line will average only 170 as compared with 190 last season.

The 1959 team boasts a number of lettermen but only three regulars from last year's championship squad. With only a few juniors out for football, the team's bench strength has been cut drastically.

Only three veteran players will be in the line-up when the Rayders meet Rogers City this week. They wll be Bud Balch, halfback, Joe Beaudoin, end and tackle, Bruce Pease.

Other positions will be filled by players with limited experience. Charles Coleman is expected to start at quarterback and Stan Smith at Fullback with Gary Chew filling the other halfback position.

Holding down the other end position will be Dick VanRaaphorst who also takes care of the team's kicking duties; John Martin will team with Pease in the tackle spots with two juniors, G. McBride and Jerry Keiser, getting the guard assignments. Mike LaBlance will play center.

Other lettermen who are expected to see action are Rick Davis, Tony Genia and Ron Grunch.

Rogers City is fielding one of its strongest teams in several years with a major part of the 1958 squad returning for another year.

Past Masters to Confer Masonic Degree Ritual

Charlevoix lodge No. 282, F. & A. M. will be host to a Past Masters night Saturday, Sept. 19, it was announced this week.

The Master Masons degree will be exemplified in its entirety by the Saladin Temple Master Masons' degree team of Grand Rapids under the direction of Charles C. Ailles in an impressive ceremony to be held at the high school auditorium at 8 p.m.

The visiting degree team from Grand Rapids is the only degree team which is permitted under a special dispensation of the Grand Lodge of Michigan to confer this degree.

Invitations have been extended by the host lodge to all Masonic groups in northern Michigan to attend the ceremony and the dinner at the Masonic Temple preceding the evening program. The dinner, to be served by the OES chapter, will be at 6:30 p.m.

County Presented Award for New Medical Authority

A Meritorious Service Award for 1959 commending the people of Charlevoix county, their Board of Supervisors and their Board of Social Welfare on the construction of a new medical care facility known as Grandvue hospital was presented to Mrs. John Reynolds, director of the Charlevoix county Department of Sociol Welfare during the vicennial convention of the State Association of County Welfare Board at St. Joseph last week.

The award signed and presented by Arnold L. Nique of Lapeer, president of the association reads in part: "The State Association of County Welfare Boards is herewith proud to present its Meritorious Service Award for the year of 1950 to the people of Charlevoix county, their Board of Supervisors and their Board of Social Welfare for their foresighted act of civic responsibility and humane consideration for their aged sick and chronically ill in their construction of a new medical care facility, dedicated to the welfare and benefit of their entire community."

Hal Hill Takes Position With American Mold

Hal M. Hill, who left the employ of the city Sept. 1 after serving as city superintendent since Dec. 1955, has assumed a new position with the American Mold Engineering Co. where he will become plant manager.

He will succeed William J. VanRaaphorst who has served in that capacity since the plant was located here in 1952.

Mr. VanRaaphorst will leave Charlevoix next month to become mill manager of hte Detroit Mold Engineering Co. at Youngwood, Pa. However, during the next few months he will continue to assist with the management of the local plant.

His family will remain in Charlevoix for the present.

Schools Enroll 1060 Students On Opening Day

First day enrollment figures in the Charlevoix public schools were the same as opening day in 1958 according to Supt. R. G. Bennett who reported that a total of 914 students had enrolled in the kindergarten through the twelfth grades.

Enrollment in the top six grades were up with 419 junior and senior high school students in classes as compared with 401 on opening day last year.

Elementary school enrollment, however, was less than last year with 495 on Tuesday compared with 513 in 1958. Major differences was in the kindergarten enrollment where the enrollment deereasd from 105 in 1958 to 81 this year. Most other enrollments were the same or had increased slightly over last year.

Greatest increase was in the seventh grade where the enrollment jumped from 56 in 1958 to 84 on opning day this year.

Mr. Bennett said that a more marked increase was anticipated during the next week when new residents or parents returning from vacations enrolled their youngsters.

Enrollment at St. Mary's school was 146, five more than on opening day last year. Major increases at the parochial school were in the first and sixth grades while decreases were noticeable in the second, seventh and eighth grades.

One new subject, Spanish, was made available on opening day, Mr. Bennett announced Tuesday. It will be taught by William Ratigan, widely known author who makes his home here.

Utility Group Here for Three Day Fall Meet

The three-day fall conference of the Michigan Municipal Utilities Association opened Wednesday at the Charlevoix Beach Hotel.

Thirty-seven member cities were represented by more than 100 delegates and guests at the conference at which Ernest Neumann of Petoskey, president of the organization, is presiding.

Hal M. Hill, former city superintendent, will preside at the luncheon meeting Thursday at which Mayor James Hiller will speak briefly.

The annual banquet will be held in the hotel dining room tonight (Thursday) with Claude Ver Duin of Grand Haven, secretary, as toastmaster.

Funeral Services Held Saturday for Mrs. George Wolf

Mrs. George Wolf, 46, former local resident who had resided in Birmingham for the past 20 months, died Wednesday at a Livonia nursing home. She had been in failing health for the past 11 months.

Funeral services were held Saturday at the Winchester funeral home. Burial was in Brookside cemetery.

Born in England Dec. 6, 1912, the former Phyllis H. Gratton came to this country as a child and lived at Michigan Center near Jackson. She was a graduate of the University of Michigan hospital school of nursing. In the mid-1930's she was married to Dr. Robert McClure in Charlevoix. They made their home in Calumet until his untimely death in a plane crash about 1946. A short time later she and her two daughters moved here to make their home. In 1952 she was married to Mr. George Wolf.

She was a member of the First Congregational church and was active in nursing associations and local social clubs while in Charlevoix. She also was active in community affairs having served on many local committees and fund drives.

Besides her husband, she is survived by two daughters, Dulcie of Birmingham and Mrs. Charles (Vicky) McArce of Providence, R.I.; three grandchildren; her mother, Mrs. A. Gratton and a sister, Mrs. Vida Raley, both of Michigan Center.

Convention Speaker Sees Era of Growth Ahead For Michigan

Michigan today stands at the door that can lead into a new era of growth and progress, if we, the people, are willing to work with mutual good will and understanding in solving the problems of today and tomorrow, Robert P. Briggs, executive vice president of the Consumers Power Co. told the Association Executives of Michigan in convention at the Charlevoix Beach Hotel.

Mr. Briggs in his address before the group went on to say that "How far and how fast we go depends on our ability and willingness to capitalize on the advantages we now have and our ability to evaluate and overcome the roadblocks that are before us."

Michigan should accentuate its assets which include skilled labor, fresh water, industrial know-how, superb vacation and recreation facilities, fine schools, citizens who own their own homes, diversified industry and growing population which bring increased demands for facilities and services in an effort to overcome unfavorable publicity about the state, he said.

He also called on business to take an active role in political affairs and to urge employees to do the same — no matter what their political affiliations.

Business and labor must fight for what is fair for all, he added.

What's ahead for Michigan lies with its people, he said in conclusion. "We cannot grow without jobs; as many as a million are needed by 1970. Michigan must have an expansion of business. To gain it we must create and maintain an industrial climate favorable to business. We must put aside petty jealousies and squabbles and stop washing dirty linen in the national press.

The challenge is ours. It is up to us to go forth and enlist the support of all of our members in making Michigan so attractive that we again expand and grow and regain our proper role as the leading industrial state of the nation.

More than 100 officials from throughout the state were in Charlevoix for the Association Executives of Michigan conference at the Beach Hotel.

Plan Controlled Grouse Hunting On High Island

Hunters are wanted to help the Department of Conservation harvest the expanding grouse population on High Island. That was the word from Lou Grey, head of the department's district office at Boyne City, when he was the guest speaker at the Monday evening dinner meeting of the Charlevoix Kiwanis club at the Weathervane Inn

He told of the experimental work which has been conducted on the island since 1956. At that time 35 desease free grouse were releasd. The population flourished and it is now estimated there are 300 birds on the 3,500 acre tract.

No hunting has been allowed on the island since the experiment was started. It is now planned to harvest up to 50 per cent of the birds.

Modest camping facilities have been arranged and the department will provide some transportation on the island. Although the island's terrain is rugged, trails have been well marked to avoid the danger of hunters becoming lost.

Persons wishing to participate in the hunt should notify the departments fire officer on Beaver Island.

Island to Host Annual Dawn Patrol Sunday

St. James, B. I. — Beaver Island, America's Emerald Isle, will be host to the third annual Beaver Island Dawn Patrol Day Sunday, October 4, it was announced this week.

Plans are now being formulated by the Beaver Island Civic Association, sponsors of the event, for the big weekend which last year attracted 329 planes and well over 1,000 visitors to the island for a weekend of perch fishing, bird and bow and arrow deer hunting and color tours of the historic island.

Special events are being planned for the visitors with a variety of valuable prizes to be offered in a number of catagories.

The Dawn Patrol has become one of the major events of the fall season on Beaver Island with more and more flyers joining the annual flight to America's Emerald Isle.

Veteran Players on '59 Squad

Photo by Fran Martin

Coach Don Carey pictured looking over the returnees from the 1958 Northern Michigan Class C championship squad who will form the nucleus for this year's Rayder line-up.

Seated (l to r) are: Bud Balch, regular halfback, Mike LaBlance, Joe Beaudoin, regular end, Charles Coleman, John Martin and Tony Genia.

Standing are: Dick VanRaaphorst, Rick Davis, Ron Grunch, Gary Chew and Stan Smith. Bruce Pease, only other returning veteran, is not pictured.

Tentative line-up for the Rayders meeting with Rogers City Friday night will be Coleman, quarterback; Smith, fullback and Balch and Chew in the halfback positions.

In the line will probably be Beaudoin and VanRaaphorst at ends; Pease and Martin, tackles; Juniors Jerry Keiser and Gene McBride, guards and LaBlance, center. All are seniors with the exception of the guards. Other lettermen are expected to see action in the game which will usher in the 1959 football season for the Rayders.

The Something For Nothing Delusion

Writing in Reader's Digest, no less an authority than Director of the Budget, Maurice H. Stans, gives this country a much-needed warning.

His point is that the nation's solvency is gravely threatened by the something-for-nothing delusion — the idea that money which comes from Washington somehow doesn't cost us anything.

In his words, "Despite the plain evidence of what government deficit spending and inflation have done to our dollar, bills have been introduced in Congress this session that would burden the national debt by another $30 billion a year." Then, he cites specific areas where federal spending can be curbed and vast sums saved. These include the farm programs; slum clearance; benefits to veterans for disabilities not connected with military service; rural electrification (U. S. Farms are now 95 per cent electrfied); and various kinds of public assistance.

One of the biggest reasons for the swelling federal debt and the weight of taxation lies in federal spending for purposes and things which people should either provide for themselves, or which should be provided by state and local government. This let-the-federal-government-do-anything philosophy, unless checked, can lead only to ruinous inflation and a national financial collapse that would make the depression of the 30's look like a picnic.

A Better Job

Farmers often complain about the price of tractors and other mechanized equipment. That's only human nature. We all tend to kick when the cost of anything we want and need goes up.

Farm equipment is an intensely competitive industry, with a long list of producers vying for the farmer's favor and patronage. No manufacturer raises a price out of choice. But the makers of farm machinery have been caught in the same inflationary spiral as the rest of us, with wage rates and material costs soaring. And it speaks well for their productive efficiency that percentage wise, the selling prices of their products has risen substantially less than wage and material costs.

Moreover, the machines are more efficient, longer-lasting, and more trouble fre than used to be the case — and that in itself is a form of price reduction to the user. Then, to cap the climax, farmers, as agricultural economist Karl D. Butler puts it, want ". . . equipment and accessories that will help them do a better job faster and with less backache."

For instance, a poll was recently taken in the key farming state of Iowa. It was found that 79.8 per cent of farmers wanted power steering on their tractors; 76.4 percent wanted lights; 75.3 per cent wanted independent power take-off; 73 per cent wanted hydraulic controls, and so on down the list, with varying percentages wanting automatic transmission, heaters, radios, etc.

Equipment of this nature is expensive. And, as with anything else, those who want it and get it must pay the costs.

LANSING OBSERVER

By FRANK G. MORRIS

Many Republicans are taking another look at State Senator Carlton H. Morris, of Kalamazoo, figuring that a new party chief is emerging from the GOP tax victory.

Morris is being mentioned as a possible candidate for the nomination for Governor. Some of Paul Bagwell's most ardent supporters are wondering whether the Kalamazoo Senator would not be a strong candidate for United States Senator.

For it was Morris who held Republican legislators together during the dangerous weeks when many leaders were ready to surrender to Gov. Williams by enacting a corporation income tax.

In the end, victory resulted from teamwork that had been lacking in the GOP for almost a decade. State Senator Frank Beadle, of St. Clair, the caucus chairman, made the compromise possible by insisting on tax relief for the small business man and a boost for big corporations. State Senator Lynn O. Francis, of Midland, the floor leader, kept peace in the family at a time when rioting threatened.

On the House side, the settlement wou'd not have been possible without the skillful leadership of Rep. Allison Green of Kingston.

But in command of the long battle was Senator Morris, who was given control of the tax bills by Senator Clyde H. Geerlings, of Holland, chairman of the tax committee, in a generous gesture of party loyalty.

Morris arrived in the Senate in January, 1949, when Gov. Williams was starting his first term. Unlike many first termers, he remained quietly in the background — a handsome six-footer who appeared from the start to have qualities of statemanship.

For 11 legislative sessions, I had a desk on the Senate floor facing Senator Morris and only 12 feet distant. Yet he remained somewhat of a stranger. He never sought publicity. He never volunteered information, although he would answer questions readily if able. He was not a part of the nightly political gatherings in the cocktail bars.

At work in the Senate committee rooms, he was a nervous floor pacer, a chain smoker of cigarettes, sometimes quick tempered when the road was rough, but always just as quick with an apologetic smile.

When the tax bill finally was passed and politicians began mentioning Morris for the governorship in 1960, I drove to Kalamazoo County to find out who this man might be — this Senator I had been facing for more than a decade.

"Meet me in front of the bank in Gobels," he said.

It turned out that Senator Morris has a summer cottage on a small lake near the village of Gobels.

With the Senator at the bank was his four-year-old daughter, Melanie.

"It's a name we picked from a book," the Senator said. "Melanie says she likes it."

He led the way on a rutted road through rich farm lands and into a wood lot. Suddenly, we were a brush skidding down a hill to this little lake. The cottage is as remote from civilization as any cabin in the Upper Peninsula. There is no phone.

It's an old cottage, but with the warmth of a home that's been lived in. Martha, 9, and Mike, 6, had just returned from swimming with their mother.

At this little lake in the little woods, Senator Morris no longer is the nervous, floor-striding, chain smoker known to Lansing.

He relaxes on a chaise lounge, which is as old and comfortable as the rest of the furniture. He talks about a boyhood during the depression years after the death of his father, a village surgeon and general practitioner.

He got through Kalamazoo Central High and Kalamazoo College by working in a grocery chain store and as a janitor at the Upjohn Pharmaceutical Company.

He opened a small store at Eagle Lake when he entered law school at Ann Arbor, and bought a wornout truck in which he solicited farmers for grocery orders.

Morris was admitted to the bar in 1941. Within six months, he had enlisted in the Navy and was learning to fly. He spent the war years piloting Navy patrol planes searching for submarines in the Caribbean and the Mediterranean.

Back from the war, Morris ran for Circuit Court Commissioner and was selected. He married Elaine Michael, of Kalamazoo, who tries to keep his law office going while the Senator is in Lansing.

Like most lawyers in the legislature, he keeps meeting friends who mention that they did not take their law business to him because they thought he was too busy in Lansing.

It's a frustrating experience.

Again like most lawmakers, Senator Morris squeezed thru the long 1959 session only because he knew a friendly banker.

Bride and Groom to Continue Studies At Western Michigan University

Mr. and Mrs. Norman J. Cook are making their home in Kalamazoo where both are students at Western Michigan University following their recent wedding at St. Thomas More church in Kalamazoo.

The bride is the former Barbara Jean Schram, daughter of Mr. and Mrs. Edwin A. Schram of Kalamazoo. Mr. and Mrs. Robert J. Cook of this city are the parents of the bridegroom.

The Rev. Donn Taylor officiated at the nuptial mass on Saturday, Sept. 5 before an altar decorated with arrangements of white gladioli and chrysanthemums.

For her wedding the bride chose a ballerina length gown of white Chantilly lace fashioned with a fitted bodice, sabrina neckline, long sleeves and a bouffant skirt. A crown of matching lace and seedpearls secured her ballerina circular veil of imported English illusion. She carried a cascade bouquet of white carnations.

Nancy Cook, sister of the bridegroom, as maid of honor wore a ballerina length gown of ice blue satin and a matching satin bandeau. Her cascade bouquet was of pin and white carnations.

James Schram of Kalamazoo, brother of the bride, was best man. Robert Polger of Plymouth and Dr. David B. Demarest of Quincey seated the guests.

A wedding breakfast for 75 guests was served at the Knights of Columbus hall following the ceremony.

The couple left on a wedding trip to Niagara Falls following the ceremony.

The bride is a graduate of Portage high school and the bridegroom a graduate of the Charlevoix high school. Both are students at Western Michigan University.

Group Dissolves Giving Surplus Money to Polio

The Women's Benevolence Committee of Charlevoix recently contributed $200 to the polio fund.

The money was the income from two Savings bonds purchased during World War II with funds administered by the committee over a period of many years. With the contribution to the polio fund the Benevolence committee closed its books.

Originally the funds came from the Charlevoix Auxiliary of the American Red Cross formed during World War I and resolved in 1930 by the officers into the Women's Benevolence Committee. At that time the officers were Mrs. E. E. Cross, Mrs. A. F. Bridge, Mrs. H. C. Cooper, Mrs. Harker Kirby, Mrs. F. F. McMillan and Mrs. C. G. Cooper.

Since 1930 needy individuals in the community have been helped, a wheel chair purchased and a contribution made to the building fund of the Charlevoix hospital.

Until the committee was resolved recently its officers were Mrs. McMillan, Mrs. A. F. Fochtman, Mrs. Charles Hamlin, Mrs. Jules Guild and Mrs. E. J. Edwards.

Lutherans Plan Special Service On Anniversary

A special service of praise and thanksgiving to God will be conducted at Bethany Lutheran church at 3 p.m. Sunday the tenth anniversary of the dedication of the church according to the pastor, Rev. Raymond Essig of Petoskey.

The Rev. Charles Boerger, pastor of Holy Cross Lutheran church in Onaway and counselor of the Alpena circuit of the Michigan district of the Lutheran church-Missouri Synod, will be the guest speaker at the special service.

The Rev. Harold Krach of Petoskey began to conduct services in Charlevoix in 1947. Early services were held at the city hall where the Bethany Lutheran congregation was officially organized on April 7, 1948. Immediately the congregation laid plans for the construction of a church building on property presented to the congregation by Mrs. Trina Nelson. The church was started shortly after that time and the new building dedicated in August 1949. Rev. Krach continued to serve the congregation until August 1952 when he was succeeded by the Rev. Essig.

As the congregation continued to grow and the facilities became limited a full basement and additional Sunday school rooms were added to the church. The work was done by the Lake Construction Co. with many hours of labor donated in painting, laying of tile and refinishing of the church floor. These new additions will be dedicated Sunday.

The public is invited to attend the tenth anniversary service Sunday and also to see the fine additions that have been made to the church. Refreshments will be served following the service.

Russell-Carson Wedding Solemnized At First Congregational Church

Wanda Marie Russell became the bride of Kit Carson, jr. at a double ring service solemnized at the First Congregational church Saturday afternoon.

Parents of the couple are Mr. and Mrs. Albert L. Russell and Mr. and Mrs. Kit Carson, sr.

The Rev. James Sherman officiated at the double ring service in the presence of 250 guests. Arrangements of white gladioli and pompoms and candelabra formed a setting for the ceremony. Baskets of autumn flowers decorated the windows and white satin bows marked the pews.

Mrs. Charles Bellinger, at the organ, played a program of traditional music and the wedding marches.

Escorted to the altar by her father, the bride chose a gown of white tissue taffeta for her wedding. The fitted bodice was fashioned with a sabrina neckline laced with seedpearls and sequins. The waistline dipped at the center front and back and had peplum inserts of lace at the sides. A tiara of lace and seedpearls secured her fingertip veil and she carried a white Bible topped with a white orchid and satin streamers.

Judith Ann Russell was her sister's maid of honor and Susan Duerr was bridesmaid. They wore identical gowns of turquoise satin styled with fitted bodice, cap sleeves, dipped waistlines and bouffant skirts. They carried cascade bouquets of feathered white carnations and yellow mums.

Brenda Sue Parks of East Jordan, cousin of bride, as flower girl, wore a gown of white embroidered nylon over tourquoise taffeta styled with a floor length bouffant skirt. She carried a basket of autumn flowers. Douglas Carson of East Jordan, cousin of the bridegroom, was ringbearer.

Terry Davis assisted the bridegroom as best man. Ushers were Thomas Erber, Joseph Etienne, Quinton Walker and Larry Ingalls.

Mrs. Russell chose a navy two-piece satin dress and navy and white accessories for her daughter's wedding. Her corsage was a white orchid. Mrs. Carson, mother of the bridegroom, wore a two plete Dior blue dress, matching accessories and an orchid corsage.

Immediately following the ceremony, a reception was held in Friendship hall of the church. Gardens flowers were used about the rooms.

After a wedding trip through northern Michigan and Wisconsin, the couple will live on the campus at Michigan State University where both will be students. For traveling the bride wore a dress of navy imported silk, navy and white accessories and a white orchid corsage.

The bride is a graduate of the Charlevoix high school and attended Flint Cultural College prior to transferring to Michigan State University. Mr. Carson, also a graduate of the local high school attended Michigan College of Mining and Technology and is currently attending Michigan State University.

North State Road Commissioners Meet at Tawas

The annual fall conference of the Northern Michigan Road Commissioners Association was held at Tawas Sept. 10 and 11.

Attending the meeting from Charlevoix county were Sam Rogers of East Jordan, John J. Martin, Ralph S. Hamilton, who was accompanied by Mrs. Hamilton, and Mrs. Robert Richardson of Boyne City.

Mr. Hamilton and Mrs. Richardson attended a county road commission clerks convention held in conjunction with the association conference.

Council Discusses Lighting Project For City Airport

The proposed lighting of the Charlevoix airport was discussed at the regular meetng of the City Council Monday night.

However, no decision regarding the project were reached though it was discussed at length.

Only action taken was the approval of the sub-leasing of city-owned property on Ferry ave. to Karl J. Erber of the Erber Oil Co. by the Sinclair Oil Co. The property was leased last April to the Sinclair Oil Co. with the stipulation that it could not be sub-let without the approval of the city council.

Bills amounting to $21,475.77 were approved and ordered paid.

E. J. Edwards appeared briefly before the council to invite Mayor James Hiller and council members to a meeting of the Charlevoix Kiwanis club on Sept. 28 at which officials of Consumers Power Co. of Jackson will speak on the proposed Big Rock Atomic Electric plant to be constructed in Hayes township.

CARD OF THANKS

We wish to thank the people of Charlevoix and area for their patronage at Penn Station. Mr. and Mrs. J. W. Penn.

Sundew Reports

After a quiet holiday on Monday preparations to get underway for a speed run Tuesday. Several high ranking officers arrived in the early evening. We got underway shortly after their arrival. The speed run took place enroute to Sturgeon Bay, Wis. We moored there about 9 a.m. Wednesday where the inspectors debarked. We returned to Charlevoix late in the evening after a somewhat rocky trip. A brisk southwest wind pushed and rolled us home.

We have begun one of the dirtiest jobs a sailor has; cleaning, scraping and painting the bilges.

The foc'sle has been completely re-done. The pups resided there until they acquired new masters.

Anyone who has a picture of the Sundew entering the Charlevoix breakwater and would like to donate it to the ship is asked to drop it off at the Courier office. We are assembling a scrapbook of the ship's activities since its arrival in Charlevoix and lack a picture of the type mentioned.

SUNDEW SCUTTLEBUTT . . .

A big welcome to Anthony Kubetz, CS3, Tony was just detached from duty at Cape Atholl, Greenland. This is one of the numerous isolated loran stations the Coast Guard maintains for weather purposes. He previously was stationed at Southwest Harbor, Me. and Groton, Conn. Home for him is Kewaunee, Wis. With another excellent cook aboard we all will have to watch the waistlines . . . Congratulations to Charlie Hart on his advancement to Engineman, third class, and also to Mr. Donald Poppen who switched from the gold bar of the ensign to the silver one denoting Lieutenant, Junior Grade. Hal Warner QM1, has returned to Detroit for in-patient hospital treatment. We wish him a speedy recovery from his surgery.

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

Will We Wait Until Life Is Nearly Over?

While there is a shameful amount of poverty in the world toward which most of us feel quite helpless, sensing that what we can do about it is a "mere drop in the bucket" there is another sort of pauperism of which most of us are unnecessary victims. We are poor in our appreciations. Our souls are poor. The world is full of wonders, but we remain unawed. The world is full of goodness, beauty and glory, but our mental purses and our spiritual pockets are nearly empty.

I doubt if there is an uninterested thing in all this universe. Of course there are people who are uninterested, but that is a vastly different matter. To say the world is uninteresting, or a town or a person is uninteresting merely because I am not responding to it, is like saying Mozart's music is horrid because I am tone deaf, or that the sunset sky is drab because I am color blind.

There is more interesting change in the world than we notice. We come home at night to our families and we are greeted with the familiar question "What's new?" and we mutter, "Nothing new," when in reality nearly **everything** is new. You are new, and so am I. One of the most significant characteristics of living protoplasm is that its chemistry constantly changes, and your body is composed of this rapidly changing "stuff of life." You are a little like the Hudson River over which many a commuter drives daily on his way to work in New York City. In the morning the traveler passes over the river and says to himself, "Well, there's the Hudson River," and at night when recrossing the bridge he observes, "There's the same old Hudson River again." But in a sense it is not the same. All the water he saw in the morning is now in the Atlantic Ocean and it is different water that he sees at night. So with you. When we say "He's the same old Charlie" we are belying the numbness of our senses and the crudeness of our perceptions. No ones body is exactly the same from day to day, and — since we are learning creatures — no one is the same mentally or spiritually from one day to the next.

The change transpiring about us is not all we miss. All the immediate good that is nearest us is easily overlooked.

We purchase expensive paintings of lakes and streams and little children and hang the pictures in our living rooms, while we pass by the real things with hardly a second look.

We praise the long-dead saints and ignore or assassinate the living ones.

We mourn the loss of sight and hearing that we have too seldom employed in a leisurelly appreciation of beauty.

We grieve at the passing of loved ones we have too unfrequently stopped to appreciate. (Do our loved ones really know what they mean to us — our wives and husbands, our children and parents, our employees and employers, our neighbors and public servants? It is not enough that they count with us. They should be reminded of it. They should know it. Are there any words more meaningful than "You look lovely tonight" or "I'm proud of you," or "How kind you are!" or "Everything is always more fun when you are here" or "We need you!" or "We love you!") At least if we have appreciated our dear ones we have too seldom paused for a vividly alive, fully conscious, directly focused appreciation of them, so that we knew and they knew how grateful we were for them.

One day Colette, the famed French novelist, was being interviewed by a newspaperman. She urged him to visit the theatre to see the motion picture of her life then being shown on French screens. "Go," she advised him, and see what a wonderful life I've had." Then she paused and sighed mournfully, "I only wish I'd realized it sooner."

Is this not one of the greatest of our spiritual problems — dimness of realization? Could this be the fault that makes grumblers of us — having a good life, but not knowing it? Is this why we lag so far behind what we could be and should be, what we could do and should do? Are we not brothers of all men everywhere, but too unconscious of it to act as if it is so? Are we not the children of God but living miserably unaware of it, not trusting ourselves to infinite Might and Unending Care?

Will we wait until life is nearly over before we "see what a wonderful life" we have? Or shall we realize it now and live in the glory of that heightened awareness?

5D
KOOLMOTOR

Why does oil go in clear and come out DIRTY?

Because it is doing one of its most important jobs—cleaning your engine.

You'd be amazed at the dirt and sludge that builds up inside your engine as it operates... as much as a pound in every 2500 miles of driving!

If that dirt were allowed to cling to engine parts, you'd soon have a mighty big repair bill... but instead, your motor oil seizes the dirt and holds it in suspension where it can do no harm.

Then, when you drain your oil, out comes the dirt with it.

Here at our Cities Service station, we recommend a change every 1000 miles with our 5D Koolmotor Oil.

In addition to its greater cleansing action, 5D Koolmotor actually acts as several oils inside your engine. Provides light 10W grade performance at starting... medium 20 grade performance for warm-up... and heavy 30 grade performance once your engine is hot.

Result: it increases power, stretches gas mileage, keeps your engine new. Change over to 5D Koolmotor Oil this week.

Justice Court News

Justice John Connolly reports the following cases which appeared in his court recently.

Martin Sobleskey, 19, and Richard Lively, 18, both of East Jordan, charged with killing a deer during closed season, were ordered to pay fines of $50 and court costs of $4.90 each and were sentenced to five days in the county jail. Summonses were issued by the Conservation Department.

Emma Jane Steuer, 51, of Boyne City, charged with furnishing alcoholic beverages to minors, was ordered to pay $25 fine and $4.30 costs. Summons was issued by the State Police.

Steven Wiklonski, 37, of Pellston, charged with driving while under the influence of alcoholic beverages, was ordered to pay $50 fine and $4.30 costs. His driver's license was also suspended. Summons was issued by the State Police.

Rodney Steenbergh, 27, charged with simple assualt on a citizen's complaint, was ordered to pay $5.00 fine and $4.30 costs and was given a 10-days sentence which was suspended. He was also placed on three months probation.

Walter Borowski, 64, charged with improper passing, was ordered to pay $25.00 fine and $8.90 costs. Summons was issued by the City Police.

- Mr. and Mrs. Harper Vaughn left Tuesday for their home in Birmingham, Ala., after a brief visit with the later's sister-in-law, Mrs. Colin McKenzie, and other relatives here.

Angela Schroeder Weds Donald Sergeant In Quiet Ceremony at Methodist Church

Angela Kay Schroeder, daughter of Mr. and Mrs. John W. Schroeder, became the bride of Donald Vane Sergeant at a quiet ceremony solemnized at the First Methodist church Wednesday afternoon.

Parents of the bridegroom are Dr. and Mrs. E. V. Sergeant of Coloma.

The Rev. Frederick McNeil officiated at the double ring service before an altar decorated with arrangements of autumn flowers. Mrs. Leonard W. Burns, at the organ, played a program of traditional music and the wedding marches and accompanied Mrs. Lee Moerland who sang "Because" and "The Lord's Prayer."

Given in marriage by her father, the bride chose a chapel length gown of white brocaded satin for her wedding. The fitted bodice featured a scoop neckline, short sleeves and a bow at the waistline. The bouffant skirt had two small bows at the hemline. A band of net and drop pearls secured her fingertip veil. She carried a cascade bouquet of feathered white carnations and red sweetheart roses.

Mona Davenport, as her only attendant, wore an emerald green taffeta sheath styled with a scoop neckline and short sleeves and a matching feather headband. She carried a cascade bouquet of white feathered carnations.

Noel Knutson of Coloma assisted the bridegroom as best man. Bruce VanderMeer, also of Coloma, seated the guests.

Mrs. Schroeder chose a cocoa brown and white print jacket dress and matching accessories for her daughter's wedding. Mrs. Sergeant, mother of the bridegroom, wore a rose beige sheath dress and matching accessories. Each had a corsage of white glamelias.

A reception dinner followed at the Grey Gables Inn.

The couple left on a wedding trip along the coast of Lake Michigan via northern Michigan and Wisconsin for Chicago where they will spend several days before going to Big Rapids to make their home. For traveling the bride wore a light beige sheath and matching jacket and black accessories. Her corsage was of red sweetheart roses.

They will be at home at Apartment L-5, Campus Heights, at Ferris Institute in Big Rapids.

The bride is a graduate of the Charlevoix high school and attended the University of Miami. Mr. Sergeant is a graduate of Morgan Park Military Academy in Chicago and a student at Ferris Institute where he is majoring in Business Administration.

Wedding guests were present from Coloma, Grand Rapids and Kalkaska.

Dr. and Mrs. Sergeant were hosts at a rehearsal dinner at the Argonne Tuesday evening.

A CRITICAL PERIOD is ahead for the fast-growing field of potential candidates for governor in 1960.

And that includes the incumbent.

Those closest to Gov. G. Mennen Williams insist he has not made up his mind whether to seek a seventh term.

Meanwhile, Democrats who are potential candidates, especially those on the State Administrative Board, are told to keep their ambitions under wraps.

And Republicans are kept guessing.

* * *

IN LESS THAN a year the campaign will be underway. Although announcements for some can be stalled off until Spring, decisions must be made soon so courses can be charted and trial balloons released.

Republicans are confident '60 is their year. Forces that held back before will be thrown into a pre-primary power struggle between liberals and conservatives in the party. The gap between the two appears to be widening.

Democrats have confidence because, they say, the Republican-controlled Legislature gave them issues voters will remember. But the possibility that Williams may seek another job carries with it the possibility of a free-for-all primary among Democrats.

* * *

A LANDSLIDE victory in 1958 for Secretary of State James H. Hare swept him to the head of the line of Democrats waiting for Williams to vacate.

State Supreme Court Justice George Edwards has proved his popularity with voters and has wide respect among party leaders. But he says he is happy on the bench.

State Treasurer Sanford A. Brown would like the job but does not want to go through a primary fight. Attorney General Paul L. Adams, Lt. Gov. John B. Swainson and Highway Commissioner John C. Mackie are other members of Williams "cabinet" mentioned as replacement prospects.

* * *

AMONG REPUBLICANS. Paul D. Bagwell has the most apparent backing. His strong showing against Williams in 1958 made him a party hero. Yet many within the party are looking to industry, Washington and the State Senate for candidates for governor.

The GOP liberals see American Motors President George Romney as a good "name" candidate for the nomination. Some in the other camp look to Postmaster General Arthur Summerfield for leadership.

* * *

SOME TALK is heard among Republicans of Sen. Carlton H. Morris (R-Kalamazoo) and Rep. Robert Griffin (R-Mich.) as candidates for the nomination.

Both have been on the firing line recently.

Morris was chief architect of the Republican tax stand in the Legislature.

Griffin was vaulted to prominence in Congress by the Landrum-Griffin labor reform bill.

A FAMILIAR NAME in pre-primary speculation about candidates for governor in 1058 has hinted he may announce early next year as a candidate for the U. S. Senate.

Rep. George Sallade (R-Ann Arbor) is viewed as a rebel by GOP regulars.

But his criticism of his party's legislative program has kept him in the public eye, as has his chairmanship of a national committee promoting New York Gov. Nelson A. Rockefeller for the presidency.

* * *

TWO LEADING lawmakers in Lansing are hoping Rep. Clare E. Hoffman (R-Mich), the 84-year-old Congressman from the Third District, does not seek re-election.

Sen. Edward Hutchinson (R-Fennville) said he would like the job but would not oppose Hoffman in a primary.

House Speaker Don R. Pear (R-Buchanan) would like the job and may not wait.

* * *

ANOTHER Octogenarian serving Michigan voters is Rep. Louis Cramton (R-Lapeer), who will be 84 Dec. 2.

Cramton played an active role in the tax fight. Early in the session he sought a constitutional amendment that would have removed doubts about constitutionality of the proposed graduated personal income tax. He voted against most of the Republican use-sales tax plans.

Cramton, father of fair employment practices legislation first served the state as law clerk in the State Senate from 1903 to 1907.

He was elected to the Michigan House of Representatives in 1908 went on to become a member of Congress and a circuit judge, and then returned to the Legislature in 1948.

NEWEST INSTITUTE of higher learning in Michigan is Northwood, which will open its doors to students for the first time this year.

Northwood is located in Alma, in the remodeled former home of Ammi W. Wright, a wealthy lumberman who built the house in 1859 of materials imported from Europe. Many of the original art pieces and decorations remain in the school to give an atmosphere of history and tradition.

The school offers a unique mixture of business and liberal arts classes in the theory that students trained for the commercial world will be more confident, capable, enjoy life more and be promoted more rapidly if they receive some background in the basic social and cultural subjects.

First class will consist of 100 students, but the Northwood staff is expecting to grow quickly.

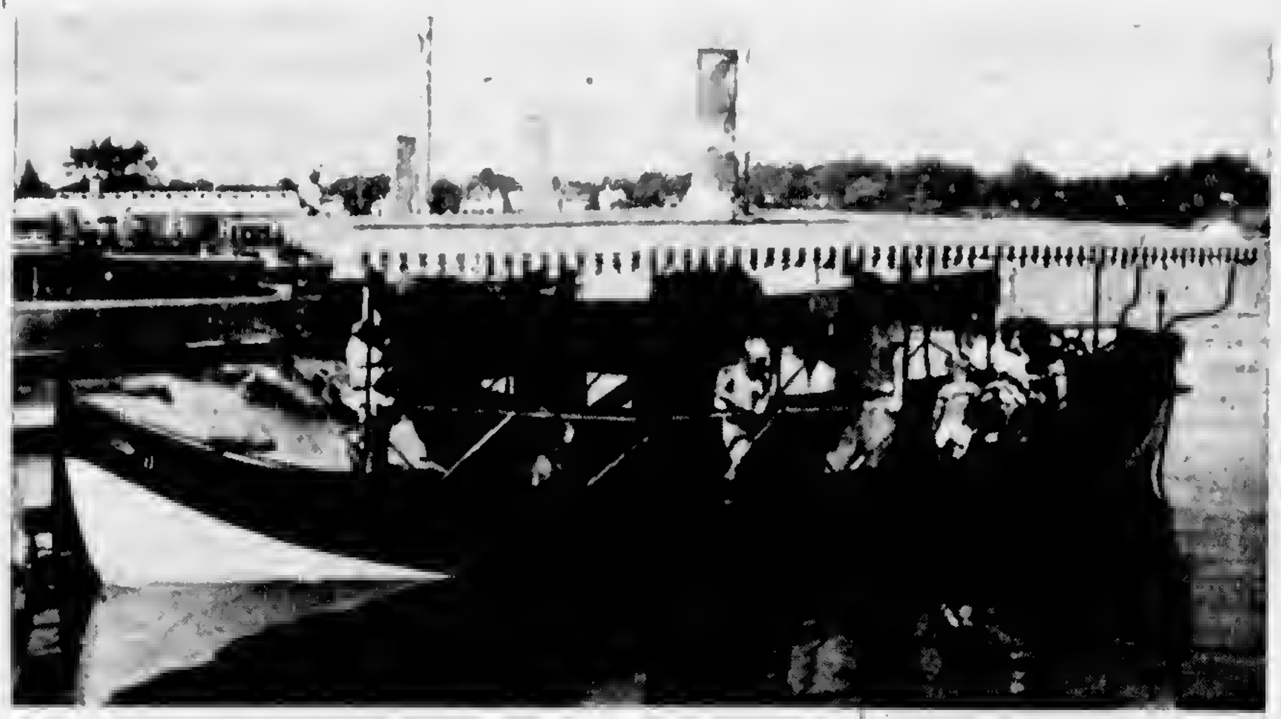
Steamboat 'Round the Bend



★

What's in a whistle? Many of us near the yacht basin and channel accept the conventional whistles of the usual craft plying the waters as an everyday occurance but we quickly are aware of a whistle that is unusual.

When an unusually high-pitched, melodeous whistle sounded three long and two short blasts last week it called for investigation. What we saw was one of the few coal burning, steam propelled small craft that has entered the harbor in many a day.

What we found (pictured above) was the "Gertrude," once a life boat carried on the Greater Detroiter of the D. & C. lines, converted into an unique pleasure steam boat. Aboard was the owner and captain, Ralph N. Bartholomew, grandson of Mr. and Mrs. Floyd Bartholomew, his wife Irene Gertrude, four children Renee, Mack, Keith and Kurt, and their sea-going German police dog Bell who is bound to tag along if she has to swim.

The Bartholomews live at Farmington and have spent the past two summers at Horton's Bay where Mr. B. has experimented with the installation of his steam power plant. His first installation was an oil burning boiler. This did not prove satisfactory and this year a coal burning boiler was installed to power the 1897 steam engine which he converted to marine use.

There is economy, too, in a steam propelled craft, Mr. Bartholomew says. Coal consumption is from six to ten pounds per hour and the little seven horse power engine provided about the same propulsion that would be obtained from a 35 h. p. gasoline engine.

He is now using a 19-34 propeller on the 24 foot craft with a seven foot beam. This is to be replaced by a 24-26 propeller which he says will give as much speed with the engine running at a lower speed.

The Bartholomew's future vacation spot will be two miles southeast of Advance on Lake Charlevoix where they plan to build next summer.

Concert Series To Open Oct. 13 At Petoskey High

Within a few days, cards will be mailed to all members of the Northern Michigan Community Concert Association in this area. Members of the more than 20 communities in the association are about to enjoy their thirteenth season of Carnegie Hall attractions brought to Northern Michigan.

The first concert will be on October 13, 1959, and is a presentation of two of Canada's most outstanding muscians, the husband-and-wife duo-pianists PARSONS AND POOLE. This charming and talented team has won an enviable reputation. Besides appearing in recitals coast to coast, they have made many appearances over the CBC network, and have appeared with the Toronto and other leading symphonies. Mr. Poole is also a conductor and composer of note, and their recital programs often feature his own compositions.

Kroger Sponsors Second Annual Cooking Contest

The nation's top teenage cooks will be spotlighted by the second annual Kroger - Westinghouso "Junior Cook of the Year" competition which started Sept. 21, according to John Bone, vice president of the Grand Rapids division of the Kroger Co. The $100,000 recipe contest runs through November 21.

Boys and girls from 12 to 20 will compete for a total of 2,000 awards, including a grand prize of $5,000 and an Air France Trip to Europe for three.

Climax of the search will be a gala Cook-off in Cincinnati next May. There, 52 finalists, representing junior and senior age groups in a 19-state area, will compete for top awards and the title "Junior Cnok of the Year." The junior group includes boys and girls 12 through 14, and the senior group, 15 through 19, at the time entry is made.

First prize in each age group will be $2,000; second prize, $1,000. Each finalist will also receive $100 cash and a Westinghouse range. Entries may be made through home economics classes or other youth groups as well as Kroger stores and Westinghouse dealers.

Winners at the local level will receive awards of Community Silver place settings, Elgin watches, and Mercury records. Teachers or leaders of winning contestants will receive Westinghouse transistor radios, while schools or youth groups represented by the winners will receive Westinghouse mixers.

Announce Schedule Of Term Classes at NCMC in Petoskey

The schedule of evening college classes to be offered at North Central Michigan College in Petoskey has been announced by A. D. Shankland, dean of the college.

The following classes will be offered on the day and at the time indicated providing enough students enroll in each class:

English 103, English Literature, (3 semester hours credit) 7 to 9:30 p.m. Monday taught by Donald Nelson.

Physics 103, Nuclear and Atomic Physics, (2 hrs. credit), 7 to 9:30 p.m. Tuesday taught by William Wilde. This class is designed for the lay person as well as the regularly enrolled college student and will deal with problems concerning living in the atomic age.

Comparative Anatomy (3 hrs. credit) 7 to 10 p.m. Tuesday and Thursday.

History 101. History of the United States from 1607 to 1865 (3 hrs. credit) 7 to 9:30 p.m. Wednesday taught by Leonard VanHoven.

Accounting 101, Principles of Accounting, (3 hrs. credit), 7 to 10 p.m. taught by Dale Richter.

In addition to the above classes, a cooperative class with Central Michigan University cooperating with the Petoskey college will be offered. This class, Mathematics 151, Remedial and Functional Mathematics, will meet from 7 to 10 p.m. Thursday for 3 hours credit. It will be taught by Joseph Walton. This is a required course for students on an elementary teaching program. Students may enroll with either school in this class, depending on the number of credit hours they have already earned.

Electrification Of Rural Areas Topic at Kiwanis

Development and operation of the Top O' Michigan Rural Electric Co. under the Rural Electrification Administration was discussed by Harlan E. Ruback, company manager, at the regular dinner meeting of the Charlevoix Kiwanis club.

Dates were announced by Barney Englehart for the annual Kiwanis White Elephant sale which will be held Oct. 8-9-10 in the building at 1210 S. Bridge st. The building has been donated for the sale by Mr. and Mrs. Glenn Ingalls.

Previous sales have been held at the Charlevoix Oil Co. A new location was necessary this year because the sale date conflicts with the announced showing of the new Chevrolet models.

Kiwanis meeting will be held at the high school cafeteria beginning Monday evening. The last two meetings were held at the Weathervane Inn and the previous summer meetings were held at the St. Mary's school dining room.

Postpone Opening New School Bids

The opening of bids for the new $995,000 junior-senior high school to be constructed on Garfield ave. has been postponed until Thursday, Oct. 1, Robert Lieberman, president of the Charlevoix board of education has announced.

The deadline for filing bids had previously been scheduled for Sept. 24.

Bids will be accepted for the general construction, mechanical construction including heating, plumbing and ventilation, electrical construction and kitchen equipment.

F. B. Group Would End Farm Controls

Take all controls of farm products and stop government payments was the opinion expressed at a recent meeting of the Marion Center Farm Bureau. Twelve members of the group were present at the meeting held at the home of Mr. and Mrs. John Fear of East Jordan.

The group was advised that the annual meeting of the County Farm Bureau will be held Oct. 14 at the Charlevoix high school cafeteria at 8 p.m.

City Band to Begin Rehearsals

City band rehearsals will be held weekly beginning at 7:30 p.m. Monday following a month's recess after the summer concert season, C. A. Odmark, band director, has announced.

There are openings in all sections of the band. Any adult in the community interested in playing with the band is asked to call Mr. Odmark for additional information.

Schools to Close For Institute

The annual MEA Conference for Regions 13 and 14, more familiarly known as the Teachers' Institute, will be held at Alpena Thursday and Friday, Oct. 1 and 2.

The Charlevoix public and St. Mary's parochial schools as well as all other schools in the county will be closed those days so teachers may attend the two-day meeting.

Free Chest X-rays To Be Offered Here By Mobile Unit

A mobile chest x-ray unit of the Michigan Department of Health will visit Charlevoix county October 19 to 28 while conducting a Chest X-ray survey, according to Dr. A. F. Litzenburger, director of District Health Unit No. 3.

The unit is being brought to the county to detect unknown cases of tuberculosis, lung cancer, heart conditions and other chest abnormalities. All persons 18 years of age and over are eligible for the free chest x-rays.

Although there is no charge for the x-ray service, some people are hesitant about taking advantage of it Dr. Litzenburger said. People are apparently afraid of being examined because they fear they might find something wrong with them. This is the wrong approach. They are protecting themselves, their family and friends by having the disease detected in its early stages.

Marine Club Has Family Picnic

An afternoon of canoeing and cruising aboard the Sinbad was enjoyed Sunday by Charlevoix Marine Club members, their families, and guests.

The afternoon was climaxed by a delicious outdoor picnic supper.

Those attending were Dr. and Mrs. Robert Martin and family, Miss Donna Berg, Mr. and Mrs. Lee Moerland and son, Mr. and Mrs. James Hiller and family, Miss Marcee Wallace, Mr. and Mrs. Richard Fochtman and family, Mr. and Mrs. Arthur Osborn, Mr. and Mrs. G. A. "Skip" Patrie, Mr. and Mrs. Harold C. Geiken and son, Mr. and Mrs. Ted Browe and family, Phil Lawrence, Mr. and Mrs. James Barnt, of Ironton, Mr. and Mrs. John Perry and Jack Perry, all of Petosey, and Mr. and Mrs. J. P. Lengfelder.

Commodore Phil Lawrence wishes to express his gratitude to all committee members and helpers who helped make the outing such a success.

The Varsity Club will sponsor car washes from 8 a.m. to 5 p.m. Saturday at Martin's Shell Service, Hamilton Service and Gulf stations and Ford garage.

Pictured are: Retiring president of the Michigan Municipal Utilities association, Ernie Neuman of Petoskey; Claude Ver Duin, executive, Grand Haven; and Robert Gregory, new president elected at the association convention here last week.

Robert Gregory of Hillsdale was elected president of the Michigan Municipal Utilities Association for 1960 at the annual convention of the organization held Wednesday through Friday at the Beach Hotel.

He succeeds Ernest Neumann of Petoskey. Claude VerDuin of Grand Haven is secretary.

More than 100 members and guests from 38 Michigan communities attended the three day convention at which the operation of municipally-owned utilities were the main topics discussed.

Mayor and Mrs. James Hiller, members of the city council and other city officials and employees and their respective husbands and wives attended the banquet in the hotel dining room.

Island Plans For Annual Dawn Patrol

St. James, B. I. — Plans for the third annual Dawn Patrol scheduled for Oct. 3-4 are shaping up under the chairmanship of M. C. 'Doc' Collins, airport manager, who said that a full program of entertainment had been arranged for the visitors.

"Last year 342 planes from thru out the state visited the island and this year we're planning for even more" Mr. Collins said. "We have had a number of inquiries from small plane owners in Ohio and we're hopeful that they will join Michigan Dawn Patrolers this year,' he added.

Mrs. Olin Wanty of the King Strang Hotel and George VanBuren, manager of Beaver Lodge have been named co-chairmen of the food committee. They will arrange for meals for the visitors who swell the island's population by nearly 1,000 for the weekend.

Archie LaFreniere will be in charge of transportation, a major issue which calls for arranging of transportation from the airport to island points of interest.

Entertainment will include perch fishing at the height of the fall perch run, bird hunting, bow and arrow hunting for deer, color tours and tours to points of interest on the island, the site of the former Mormon kingdom.

Dr. John P. Ludwig, co-owner with his father of Beaver lodge, who initiated the Beaver Island Dawn Patrol is continuing to assist with the plans which are fast making this Dawn Patrol the most outstanding in the state.

Call Three Men For County Draft

Three Charlevoix men will be among the seven Charlevoix county draft registrants who will be called next month to fill the county's largest draft call in more than three years, according to Mrs. Mary Bourgoin, clerk of the draft board.

They are Thomas A. Goss, Larry J. Swanson and William R. Blain, former local resident who has been living in Port Huron.

Others who will be called to report October for induction into the armed services are Royce W. Rolls of Boyne Falls, Leon J. Florenski, Larry R. Gabrel and Ronald C. Gibbons, all of Boyne City.

Blain and Gibbons are volunteers.

Open School For Retarded

The school operated by the Charlevoix Association to Aid Retarded Children opened last week at the former Washington school for the sixth year according to Mrs. Robert Bergmann, who is the teacher.

Five students are enrolled.

The program for the year will be devoted to homemaking and general crafts.

The association is interested in gaining new members. Anyone interested in the program for retarded children is invited to attend the meetings which are held the third Tuesday of every month or to call 6623 or 6702 for additional information regarding the work of the organization.

Principals Hold Meet at MEA Camp

The executive committee of the Department of Elementary School Principals composed of county chairmen and presidents of the 16 regions of the state met last Thursday and Friday at the MEA Camp at St. Mary's Lake near Battle Creek to plan the organization's program for the coming year.

Glenn B. Snider, elementary school principal here and president of the Region 14 and 15 principal's groups, attended the meeting.

Region 14-15 will hold its first meeting during the regular MEA regional meeting to be held at Alpena Oct. 1 and 2. The breakfast meeting will be held at the Trading Post at 8 a.m. Oct. 2. The speaker will be Karl Kramer of the Department of Public Instruction and co-ordinator between elementary school principals and the MEA.

Rayders Shut Out Rogers City Hurons 32 to 0 in Opener

The Charlevoix Rayders, coached by Don Carey, opened their 1959 grid season Friday by shutting out the Rogers City Hurons 32 to 0 in a game which saw the local team in control from the opening whistle to the final play.

This week the Rayders will host an old rival, the Boyne City Ramblers, who were downed by St. Ignace by a score of 31 to 6 last week.

The Ramblers are a comparatively young and inexperienced team whose chief asset is a scrappy backfield which includes speedster Doug Grubbe. The team may develop into an excellent one but at the present time the Rayders should come up with a win but not without a fight.

In the game at Rogers City Friday, the Hurons, fielding a big, experienced squad that promised to give the Rayders a close game, kicked off to the visiting Charlevoix eleven who took the ball on the 40 and in a series of line plays moved the ball deep into Huron territory. A penalty moved the ball back from the 15 to the 25 yard line from where fullback Stan Smith went in to score. Dick VanRaapherst's kick for the extra point was wide and the score remained 6 to 0.

Charlevoix kicked to the Hurons and gained possession of the ball after they failed to pick up necessary downs. The Rogers City punt was blocked and the Rayders took over on the Rogers City 32 yard line. This time Charlevoix moved into the Huron 11 and lost the ball on downs. After another try Rogers City again punted and the Rayders took the ball on their own 48.

Again Charlevoix moved to the Huron 20 but lacked the punch to go over and lost the ball to Rogers City.

Charlevoix backed the Hurons to the 7 from where they attempted to punt out of danger. The kick was short and the Rayders took over on the 29. Five plays later Bud Balch went in from the 18 to make the score 12 to 0. The attempted for the extra point was incomolete.

Rogers City had battled to the Charlevoix four and was threatening as the half ended.

As the second half got underway a determined Charlevoix eleven scored each time they were in possession of the ball.

The first second-half tally came early in the period when Rogers punted on fourth down and Charlevoix took over on the Huron 25. On the first play from scrimmage Balch again crossed the goal line and VanRaaphorst kicked the conversion.

Charlevoix kicked off, Rogers City failed to move and punted on fourth down with the Rayders taking the kick on the 16 from where Smith scored on the next play. This time VanRaaphorst's kick was blocked.

Again Rogers City took the kickoff and this time moved the ball to their own 41 where the ball was fumbled on an attempted punt and Charlevoix recovered on the Huron 28. The Rayders moved to the Huron 13 on a series of line plays before second string quarterback, Sam Supernaw, uncorked a touchdown pass to end Joe Beaudoin to make the score 31 to 0. VanRaaphorst added the point after touchdown as the third quarter ended.

Coach Carey emptied the bench during the final period as play was confined to the area between the 25 yard lines.

Charlevoix was in possession of the ball as the game ended after John Martin had intercepted a Huron pass late in the final period.

Starting for Charlevoix were Charles Coleman, quarterback; Bud Balch and Gary Chew, halfbacks; Stan Smith, fullback, all of whom carried the ball during the game and shared in the ground-gaining.

Starting at the line were ends Beaudoin and VanRaaphorst; tackles, Bruce Pease and Martin; guards Jerry Keiser and Gene McBride and center, Mike LaBlance. More than 25 players took the field during the game as the Rayders posted their ninth consecutive win without being-scored on.

Caravan Night Opens Revival by Bible Baptists

Thursday night is "Caravan Night" at the Bible Baptist church, 906 May street. There will be a special program of magic, music, and movies, along with many other extra features. Two movies will be shown; one of which is in full color and deals with rocket-borne atomic warfare.

On Friday evening, the personel of "Caravan for Christ," will be featured in a special Youth Rally, presenting magic with a message, music on the concert marimba, outstanding arrangements on the piano and organ, and a dynamic gospel message.

By special request, on Saturday night Rev. Lloyd Riddle, of Detroit, will present color slides showing the work which he and his wife have been doing for the past few years.

Everyone is cordially invited to attend these free programs which will begin promptly at 7:30 p.m., at the Bible Baptist Church.

Superintendents Hold Conference

Adventures in Understanding

Notes from a northerner's diary

By Harold E. Kohn

For What Are You Looking?

We ordinarily think of hearing as an auditory process involving ears and their internal anatomy and certain receptive areas of the brain. Hearing is considered to be a physiological matter. But actually hearing is as much a matter of consciousness, attention and expectancy as it is one of physical apparatus. Even on the lower levels of life this is so. Many sounds register on the hearing equipment of a male mosquito, but few sound waves have any significance for him, excepting the humming of a female mosquito. To that humming he is alert, and in a primitive way hopeful, and he responds.

Our dog lies in her favorite resting and dreaming place under the kitchen table, apparently not hearing the music drifting from our record player in the living room, and she is inattentive to the newscast over the radio which bears tidings of man's tragedies on the highways and his hopes for world peace. The dog shows no signs whatever that she hears, although we know the sound waves reach her and vibrate her eardrums as they do ours. Then a growl rumbles deep in her chest. She leaps to her feet and, with many an excited bark, runs to the screen door and demands that it be opened. We wonder the reason for all the commotion, and then we sense the cause. Far off beyond our woods we hear the faint yelping of some neighbor's dog — a sound having only a small fraction of the volume of our record player or radio. But Lassie hears this, not only with her natural apparatus but with her conscious awareness. Another dog's barking is what she is always subconsciously listening for, and expecting.

We human creatures are like our animal neighbors in this respect: We usually hear what we most want to hear. We listen for what concerns us. We see what we are looking for, and we tend to get what we expect.

The Master's promise "Seek and ye shall find" applies equally to our expectations of the worst and the best. The person who expects to be ill-treated and offended usually is. He who thinks he will be snubbed, treated coldly or overlooked finds his worst fears justified. The person who is suspicious of everyone's motives and fears being cheated, is the perennial victim of deceit. The jealous person is only attentive to the worst he can hear or see or imagine in the life of another. The best he ignores. As a result he comes to believe earnestly in the evilness of his fancied enemy, and sees what he hopes to see.

The chronic gossip is looking for dirt, and always finds, or imagines it.

The paranoid person, certain that the world is against him, is seeking evidence that people are persecuting him and he finds it everywhere. When he is not noticed on the street, he is being purposefully shunned. People who praise him are trying to throw him off guard so that they can more easily do him harm. Those who criticize him are seeking to ruin his reputation. Those who do him good are probably trying to get something from him, so he thinks. Nearly everything that happens to him, both good and bad, is interpreted in the light of his feelings of persecution. He looks for trouble everywhere, and he finds it.

Our expectation actually helps bring about the thing we anticipate. If we expect the best we are more apt to find it than if we expect the worst. It is said by some authorities that the person who fears dogs gives off a fear-scent that dogs can detect and they take advantage of a man's timidity, chasing him, biting him and frightening him still more. A person who fears the worst from dogs is apt to get what he dreads.

While we humans do not smell attitudes in each other, we do dimly sense them with some primitive deep-knowing, and we are prone to respond to a persons expectations. Those who expect the worst of us often get what they are looking for, and so do those who expect the best.

Some parents anticipate the worst from their children. From the time when the infants begin to creep to the day of their marriage they are suspicious of "what those kids might be up to." They trail their steps like Pinkerton detectives, spying on their every move, treating every mistake as a major crime and an almost unforgiveable betrayal of parental confidence and love. The result is that the young feel only the worst is expected of them, and they often measure up to those expectations.

Other fathers and mothers, while solicitous about the conduct of their children, show them that they trust them, that they expect them to be respectable, dependable, clean-spirited and high-minded. This is done not so much by constant lecturing but by living attractive, exemplary lives before them, and creating a home atmosphere of great expectations for them to breathe. Such parents usually "get what they are looking for." Many of us will be eternally grateful for parents who favored us with the simple expectation that we would do what was right.

The belief that a person will do what you expect him to helps him to do that very thing. Davy Banks of the famed "Celtics" basketball team was one of the cleverest athletes in American sports history, and a dramatic showman as well. One night before a large crowd he effectively demonstrated how people tend to respond to one's expectations. At a particularly exciting moment in the game Davy Banks found himself badly hemmed in at the center of the basketball court. He could not dribble, nor could he pass. Suddenly he laid the ball on the floor and stepped back two steps. The opposition was momentarily startled and confused. Banks stretched out his arms and shouted "Hold everything! Wait! Wait!" The players on both teams and the spectators were aghast, thinking something dreadful had taken place. Davy appealed to the men who were guarding him, "You there, step back please — farther, farther back!" They did. He then picked up the ball, took calm and deliberate aim and shot for the basket and scored an unhampered, spectacular, looping shot from center. Davy Banks thoroughly knew basketball, but he also understood people. He knew the meaning of Dr. Albert Edward Wiggam's statement, "Hardly anything is stronger in suggestion than the calm assumption that the other fellow is going to do what you want him to do."

Few questions are as pertinent to success in living with others as this: What do you expect of people? What are you looking for?

St. Jeans Catholic Church, Muskegon Scene of Double Ring Ceremony

St. Jean's Catholic church in Muskegon was the scene Saturday of the wedding of Rochelle Ann Campbell and William Duane Bennett.

Parents of the couple are Mr. and Mrs. Walter A. Campbell of Muskegon and Mrs. Alvin T. Bennett of Charlevoix and the late Mr. Bennett

The Rev. Patrick Schoen officiated at the double ring ceremony during the Nuptial Mass celebrated at high noon before an altar decorated with white gladioli and mums. Diane Dion was the organist and Mrs. Michael Ladd the soloist. Following the ceremony the bride placed a bouquet of pink Delight roses at the altar of the Blessed Virgin.

Escorted to the altar by her father, the bride chose a full length gown of white French imported lace and tulle for her wedding. The lace bodice was fashioned with a Sabrina neckline and long tapered sleeves and the full tulle skirt had an insert of lace. Her illusion fingertip veil fell from a tiara of seedpearls and sequins. She carried her mother's rock crystal Rosary entwined in her cascade bouquet of white carnations and pink Delight roses.

Gloria Jean Campbell, as her sister's maid of honor, wore a sky blue princess style gown fashioned with U-shaped back neckline and bustle bow. Her headpiece was a petal-shaped half-hat with seedpearl trip and nose veil Her cascade bouquet was of pink and white carnations.

Marcia Thompson and Bonnie VanBrocklin, as bridesmaids, wore gowns and headpieces identical to the honor attendant's and carried cascade bouquet of blue and white carnations.

Charles T. Bennett of Charlevoix assisted his brother as best man. Groomsmen were Carl Foster of Petoskey and Gerald Left of Mt. Pleasant. Seating the guests were Lionel Young and Desmond Milligan of Charlevoix.

Mrs. Campbell chose a gown of Dior blue lace over taffeta and matching accessories for her daughter's wedding. Mrs. Bennett, mother of the bridegroom, wore a moss green print dress and matching accessories. Their corsages were of pink Delight roses and white feathered carnations.

A wedding breakfast at the Do Drop Inn for the bridal party and their immediate families was followed by an evening reception at the Polish Falcon hall attended by 300 guests.

For traveling on a two weeks wedding trip to Niagara Falls and Canada, the bride wore a navy suit, navy and white accessories and a corsage of red carnations. After October 4 the couple will be at home at 1515 Hoyt st. in Muskegon.

The bride is a graduate of Muskegon Catholic Central High School and is employed as a cashier at Seaboard Finance Co. The bridegroom, a graduate of the Charlevoix high school, attended Western Michigan and Central Michigan Universities and served two years in the U. S. Army. He is presently employed as administrative assistant for the U. S. Army Reserve in Muskegon.

Betrothed

The engagement of Constance Marie Oleksy to Roger John Pischner has been announced by the bride-elect's parents, Mr. and Mrs. Frank M. Oleksy.

The prospective bridegroom is the son of Mrs. Emil Pischner and the late Mr. Pischner

Wedding plans have not been completed by the couple.

Both are graduates of the Charlevoix high school. The bride-elect is also a graduate of Mercy Central School of Nursing.

Mary Sue Gill Wedding Solemnized Saturday at Christ Episcopal Church

Mary Sue Gill, daughter of Mr. and Mrs. Alfred Gill, became the bride of Robert D. Breidenstein, son of Mr. and Mrs. Bernard Breidenstein of Boyne City, at a quiet ceremony solemnized at Christ Episcopal church Friday afternoon

The Rev. Robert J. Yonkman officiated at the double ring service in the presence of their immedate families. Baskets of white gladioli flanked the altar for the occasion. Mrs. Charles Bellinger at the organ played a program of traditional music and the wedding marches.

Escorted to the altar by her father, the bride selected a powder blue ensemble, a matching accessories and a white feather hat. She carried a white Bible topped with an arrangement of pink rosebuds in the form of a cross.

Judy Cunningham, as her only attendant, wore a light gray suit, matching accessories and a blue feather hat. Her corsage was of yellow roses.

Ralph Hott of Traverse City assisted the bridegroom as best man.

Mrs. Gill selected a slate blue silk dress, navy accessories and a corsage of white roses for her daughter's wedding.

A reception followed at 109 E. Upright ave. Mrs. Fritz Puffpaff and Mrs. Richard Donaldson hosted the event, assisted by Miss Cunningham

Following a wedding trip thru the Upper Peninsula, the couple is at home at 639 A Glenwood Beach, Boyne City.

The bride is a graduate of the Charlevolx high school and attended Central Michigan College and Northwestern Michigan College. She is employed in the office of the Consumer Power Co. in Boyne City. Mr. Breidenstein, a graduate of the Boyne City high school, is employed by a Petoskey contracting firm.

Mrs. Gerald Goss Honored Guest at Pink-Blue Shower

Mrs. Shelby Goss entertained at a pink and blue shower at her home Thursday evening honoring Mrs. Gerald Goss.

The guests enjoyed an evening of games and refreshments served at a table decorated with autumn flowers and pastel streamers.

Mrs. Goss was presented with a variety of lovely gifts late in the evening.

Invited guests were Mrs. W. E. Goss, Mrs. Richard Bergmann, Mrs. Robert Goss, Mrs. William Lusk, Mrs. Herbert Marme, Mrs. Don Meggison, Mrs. Warren Allison, Mrs. Russell Lewis, Mrs. Kenneth Staley, Mrs. Harley Warner, Mrs. William Fochtman, Mrs. Carl Kohler, Mrs. Eva Smith and Mrs. Grover Geneit.

Football Results

The 1959 Northern Michigan Class C grid season opened last weekend with all eight teams in the loop meeting non-league rivals.

Pellston rolled over Cheboygan Catholic Central 25 to 12; Gaylord trounced Cheboygan 26 to 6 and Charlevoix shut out Rogers City 32 to 0 to post victories; East Jordan played Kalkaska to a scoreless tie and Mancelona bowed to Oscoda by a score of 13 to 12; Boyne City lost to St. Ignace 31 to 6 and Roscommon romped over Grayling 37 to 6 in games played Friday, Harbor Springs dumped Petoskey St. Francis 20 to 6 in the only game Saturday.

Pellston 25: Cheboygan Cath. 12

Playing at Pellston the Hornets led the visiting Cheboygan Catholic Eagles 6 to 0 at halftime after recovering a Cheboygan fumble and converting it into six points on a 20 yard pass from Halfback Denny Steele to end Barry Anderson early in the game. The Hornets were threatening when the half ended.

In the second half, however, the Hornets were well in control of the game and stretched their lead 18-0.

Late in the third period Cheboygan took to the air and finally connected on a 17 yard pass to score early in the final quarter. With time running out a pass gave them their final touchdown.

Gaylord 25: Cheboygan 6

The Gaylord Blue Devils displayed their potential strength Friday night by romping over Class B Cheboygan 26 to 6. However, it was the Chiefs who scored first after recovering a Gaylord fumble at midfield late in the first period. After working the ball into scoring position, halfback Tom Price went in from the three for the touchdown.

From then on the Blue Devils took over to score twice in the second period, the first touchdown resulting from a 30 yard pass from quarterback Terry Cremeans to end John Johnson. Later in the period Bob Burnison scored from the eight yard line and then added the extra point on a kick from the 17 yard line following a major penalty on the first attempt.

In the third quarter Johnson took another 30 yard pass from Cremeans for a third touchdown and Burnison scored from the eight and then booted the ball for the conversion and the victory.

East Jordan 0: Kalkaska 0

The Red Devils and Kalkaska played to a scoreless tie after East Jordan failed to capitalize on two scoring threats in the second quarter when they moved inside the Kalkaska 10 yard line twice. Kalkaska crossed the goal line with seven seconds remaining but the play was nullified by a major penalty. This is the first scoreless tie played in the loop in recent years.

Oscoda 13: Mancelona 12

A successful conversion kick by Halfback Jack Scorfire after he had scored on a 21 yard run gave the big Oscoda outfit a one-point victory over the Mancelona Ironmen who out-played them throughout the game. Though they gained 324 yards by rushing as compared to 221 by Oscoda, the Ironmen had nine costly fumbles including two following touchdowns which cost them the game.

A six-yard end sweep by Quarterback Eric Alverson tied the score in the second period. Scorfire's 21-yard run late in the third period again knotted the score. His conversion kick gave Oscoda the game. Mancelona was on the two-foot line when the game ended.

St. Ignace 31: Boyne City 6

Boyne City's Doug Grubbe, speedy sophomore halfback, took the kicoff following a St. Ignace TD early in the third period and went 85 yards to score the Ramblers' only touchdown against the Saints who racked up 31 points during the game. A 25 yards pass from Larry Paquin to Ken Perry gave the Saints an early 6 to 0 lead. In the second period Perry scored again, this time on an eight yard end sweep. Del Nickel made the score 18 to 0 mdway in the third period. Paquin scored from the six and Perry went into pay-dirt once more as the game ended. The Saints converted once to make the score 31 to 6.

Harbor Springs 20: Petoskey SF 6

A sustained drive almost the length of the field after recovering a Petoskey fumble on the 2-yard line gave Harbor Springs its first touchdown Saturday night when Doug Meeker went in from the five yard line. Bob Cole kicked the point after touchdown.

Meeker scored again late in the third period and Harvey Kasuske went over from the one yard in the final period for the victory.

Cole added a conversion point after Meeker's TD from the four yard line.

Petoskey's only score came late in the game when Bob Youngs intercepted a Ram pass at midfield and romped the distance to add six points.

Games Scheduled

Northern Michigan Class C teams will take to the gridiron this week as the battle for the 1959 loop title gets underway following non-league openers last week.

Gaylord will travel south to Grayling, Pellston invades Harbor Springs, Mancelona will host East Jordan and Charlevoix will entertain Boyne City as the Rayders defend their title for the first time this season.

When the Blue Devils downed Cheboygan by a score of 26 to 6 last week they served notice that they were strong contenders for their first title. This week as they moved into Grayling territory, Gaylord should, without difficulty, move one game closer to their goal.

The Harbor Springs Rams who looked impressive when they downed Petoskey St. Francis 20 to 6 last week will have their work cut out for them when they host the big Pellston eleven this week. The Hornets showed promise as they rolled over Cheboygan Catholic 25 to 12. Sparked by such ground gainers as Jim Groulx who proved to be an excellent line bucker and Gary Spencley who gives the Hornets necessary speed, the Pellston outfit should have little trouble with the Rams.

Though Mancelona lost to Oscoda 13 to 12 last week, they are not to be counted out as strong contenders in this year's title race. They have the biggest line in the loop and though they may lack speed, they will have no trouble holding the Red Devils. The latter seems to lack the punch needed for a scoring team was as shown by the fact that they failed to score after threatening twice, once from the six and again from the nine, against Kalkaska whom they played to a scoreless tie.

Mrs. S. Carpenter Honored at Shower

Mrs. Steve Carpenter was honored at a pink and blue shower Sept. 8th at her own home. Hostess for the evening were Mrs. Bernie De Young, Mrs. Matchett and Mrs. Nathan Carpenter.

There were about 25 guests present and games were played and enjoyed by all. Mrs. Carpenter received many lovely gifts.

Indianapolis golfers William Weck, Ed Dunn, John Geupel and Perry Griffith looked for a golfers vacation last year and found it in Charlevoix. They returned again last week and say they will be back next September. (Courier Photo)

★

Some vacationers don't accept July and August as the proper months to visit Charlevoix, particularly groups of golfers from Detroit, Flint and Indianapolis. They look to September as the ideal time to pack up their gear and head north. Charlevoix and the challenge of the beautiful Belvedere golf course is their destination.

One group of Detroiters was here last week for its 12th annual golfers vacation. Between breakfast and dinner each day, regardless of weather, the 14 players get in their 36 holes of golf.

During the first couple of days they play to establish their handicaps for the various tournaments they have set up for the remainder of the week.

Four men started this group when they first took a September golf outing in 1948. The roster has now increased to 14 who are associated in an investment club in Detroit and because of their common desire to spend a week on the Belvedere course they appropriately call their group the Belvedere Investment club.

The original four who started the ball rolling 12 years ago are Howie Neilson, Ed Haley, Tom Pfaff and Andy Anderson. Thruout the years they have made their headquarters at the Grey Gables Inn. There main purpose in life when they reach Charlevoix is to play golf and eat. At least that is the view of Mrs. Florence Dundas of the Inn who seems to be at the height of her glory when guests enjoy good food.

Another foursome, hailing from Indianapolis, finds Charlevoix and the Belvedere course the apple of their eye. They checked in at the new Weathervane Inn last Tuesday for what they called a long weekend golf outing. This is their second year to visit Charlevoix in September. They say it will be an annual event until they can shoot a 75. If they hold to that statement, they'll probably be coming for some years.

Other groups are reported to have made reservations for this week along with two more groups planning an October golfing vacation

Louise DeYoung Honored at Shower

Mrs. Louis Warner and Mrs. James Willis entertained at a bridal shower Wednesday evening honoring Louise DeYoung whose wedding to John Bascom will be an event of Oct. 17.

Twenty guests gathered at the Willis Home for a social hour, games and refreshments.

The bride-elect was presented with a variety of lovely gifts.

Charlevoix IN UNIFORM

David Arnold FA who has been attending metal smith school in Norfolk, Va., has arrived home to spend a 15-day leave with his parents, Mr. and Mrs. Lloyd Arnold, before leaving for San Diego, Calif., where he will report for duty aboard the submarine tender, Nereus.

- Mr. and Mrs. W. E. Goss, accompanied by the latter's brother-in-law and sister, Mr. and Mrs. Elmer Hill of Saranac have returned from a trip through the upper peninsula, Copper Harbor and Duluth, Minn.

Laraine Ruis Weds Larry Dawson In Wedding At Atwood Reformed Church

Ellsworth — Baskets of white gladioli and candelabra decorated the altar of the Atwood Reformed church for the recent wedding of Laraine Ruis, daughter of Mr. and Mrs. Henry Ruis, and Larry Dawson, son of Mr. and Mrs. Versile Dawson of East Lansing.

The Rev. Douglas VanGessel officiated at the double ring service on Sept. 12. Mrs. Robert Klooster, cousin of the bride, sang "With This Ring," "Because" and "The Lord's Prayer", accompanied by Mrs. Hans DeYoung who also played the traditional wedding marches.

The bride, escorted to the altar by her father, selected a gown of white lace over satin. It was fashioned with a fitted bodice and a full gathered skirt hghlighted by pleated nylon tulle ruffles. A seed pearl headpiece secured her lace-edged fingertip veil. Her cascade bouquet was of white carnations and sweetheart roses.

Diane DeYoung as maid of honor and Kathleen Essenberg as bridesmaid wore identical gowns of mint green chiffon over taffeta fashioned with wide sashes and matching headbands. They carried cascade bouquets of pink carnations.

Karl Dingman of Central Lake assisted the bridegroom as best man. Versile Dawson jr. of Central Lake, brother of the bridegroom, was groomsman. Seating the guests were Arthur Ruis, cousin of the bride, and William Dawson of Central Lake, another brother of the bridegroom.

Mrs. Ruis chose a French blue faille gown, matching accessories and a corsage of pink carnations for her daughter's wedding. Mrs. Dawson, mother of the bridegroom, wore a beige lace dress, matching accessories and a corsage of yellow mums.

A reception followed in the church parlors. A tiered wedding cake topped with miniature bells centered the refreshment table. Assisting were Mrs. Henry Elzinga of Lansing, aunt of the bride, Mrs. Arthur Ruis, Mrs. Marvin Elzinga, Janice Shooks, Kathy Thomas of Central Lake and Mrs. Versile Dawson jr. of Lansing.

For traveling on their wedding trip to the upper peninsula, the bride changed to a red jersey sheath complimented by matching accessories and white carnation corsage.

The couple is at home at 116½ South State st. in Big Rapids.

The bride is a graduate of the Ellsworth high school. The bridegroom, a 1958 graduate of Central Lake high school, is a student at Ferris Institute.

Charl-Em-Chorus Organized at Petoskey Meeting

The Area Choral Group met in the Music Room of the Petoskey Public School Tuesday, September 8, 1959, for a business meeting and rehearsal. During the business meeting, conducted by President Grovesnor Ward, the By-Laws were read and approved. A new name was selected by the group which will be known as "Charl-Em Chorus." Residents from both Charlevoix and Emmet are members of the group.

The purpose of this organization is the promotion and advancement of the welfare of the community by the study, practice and performance of Choral music. This purpose is to be accomplished by meeting, studying and rehearsing regularly; by performing choral selections for the entire community or for special groups in the community, in concerts and other programs; and by encouraging persons in the community, especially young people, who might become interested in this service, and the opportunities for contribution, learning, achievement and satisfaction which it provides, to join the organization.

Membership in the choir is open to all men and women and youth who are interested in choral singing, regardless of denomination. There will be active and associate members who pay dues annually.

At present meetings are scheduled as the 2nd and 4th Tuesdays of every month, except during the months of July and August. The rehearsals are to begin at 8 p.m. (once a month a business meeting will precede the rehearsal by fifteen minutes) and the annual meeting when election of officers takes place will be in June.

The next meeting will be September 22, Petoskey Public School Music Room, Grove Street entrance.

After the business meeting Mr. Wilmer Moyer, vocal instructor Petoskey Public Schools, directed the group in several spiritual and religious numbers.

Mr. and Mrs. William Isaac Falls To Make New Home In San Antonio, Tex.

Mr. and Mrs. William Isaac Falls have gone to San Antonio, Tex., to make their home following their recent wedding in Opportunity, Wash., and a wedding trip through the west.

The bride is the former Cora May Paul of College Place, Wash., daughter of Mr. and Mrs. Ernest E. Paul of this city. The bridegroom is the son of Mrs. Ralph H. Carpenter of Spokane, Wash.

The Rev. N. R. Johnson officiated at the ceremony before an altar decorated with arrangements of pink and white gladioli and pink tapers in candelabra on Sept. 6. Stanley Bascetta sang "The Wedding Prayer" and "The Lord's Prayer" accompanied by the organist, Mrs. Tola Hasse. Mrs. Kenneth Duncan played a violin solo.

Given in marriage by her father, the bride chose a white tiered silk organza gown for her wedding. The fitted bodice featured a sabrina neckkline and short gathered sleeves and a black butterfly poof highlighted the bouffant skirt. She wore long gloves. Her shoulder length veil fell from a pearl and sequin Julian with a bow in the back. She carried a white Bible topped with an arrangement of purple orchids, lilies of the valley and stephanotis.

Mrs. Merrill Brown of Cheney, as her sister's honor attendant, wore a pale pink ballerina length gown styled along princess lines with a bouffant skirt and back bow. She wore a matching pink headdress and carried a Colonial bouquet of pink gardenias, lilies of the valley and stephanotis.

Mrs. Cary Harding of Spokane was bridesmaid wore a gown and headdress identical to the honor attendant's and carried a bouquet of lighter pink flowers.

Mr. Brown was best man and Mr. Harding groomsman. Seating the guests were Raybert Miller, Ernest Tiffany and William Harding, all of Spokane.

Mrs. Paul selected a gown of velvet flocked nylon over blue taffeta and navy and white accessories for her daughter's wedding. Mrs. Carpenter, mother of the bridegroom, wore a light blue lace sheath and over-jacket and matching accessories. Their corsages were of pink gardenias.

A reception followed at the Francis-Lester Hotel.

For traveling on their wedding trip to Texas, the bride wore a coral chiffon dress and white accessories.

WHAT'S THE STORY ON THE NEW FORD FALCON?

Come in and we'll tell you all we know!

HOW BIG WILL THE ALL-NEW FORD FALCON BE? HOW MANY PEOPLE WILL IT CARRY? HOW ABOUT POWER?

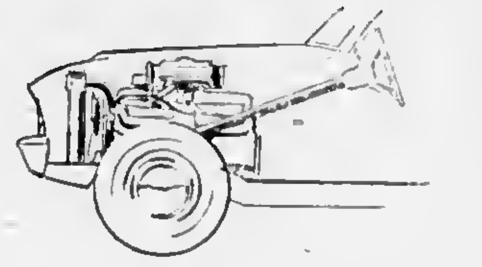
To start with, in the all-new, New-Size Ford—the Ford Falcon—you *save,* but never "do without!" You get modern, fine-car styling . . . six-people-big room and comfort . . . a car that's born and bred for the *American* road! And you get it from Dearborn, Michigan, automotive capital of the world.

LET'S TALK ABOUT STYLING FIRST!

You're going to be amazed by the Falcon's beauty. It has a low, sleek, European flair in new, beautifully proportioned style. It has safe, "wide open" visibility all around. Interior styling is fresh and new, with smart looking, durable upholstery. In a nutshell, the Falcon is Ford's way of proving that a *true* economy car doesn't need to look, ride or feel like one.

LET'S TALK ABOUT THE ALL-NEW FALCON'S SIX-PASSENGER SIZE!

Available in both 2- and 4-door models, both models will have full-width seats accommodating six. There's room for all their luggage, too, with 265% more luggage space than the two most popular foreign cars. Pretty amazing, isn't it? The main reason is the way the Falcon is *built.*



SO LET'S TALK ABOUT THAT!

The Falcon uses the latest type of single-unit construction (like the fabulous Ford Thunderbird). This adds extra inches everywhere inside—and it makes the car one solid, silent, integrated structure.

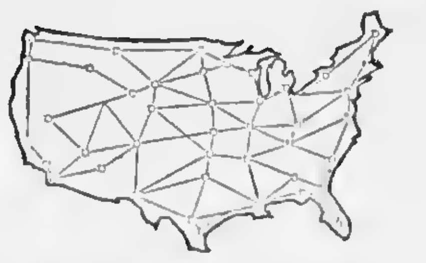
Along with its all-new size . . . there are lots of other things, like extra-big brakes and light-finger steering, that make the Falcon a delight to drive. And the Falcon is so maneuverable, it makes driving in city traffic a cinch!

LET'S TALK ABOUT THE FALCON'S PERFORMANCE!

The all-new engine is up front, where exhaustive crash tests, skid tests and handling tests prove it *should* be, for safety and stability. It has six cylinders . . . is of the world's most modern design . . . yet it's built on full-proven principles. It will deliver up to 30 miles per gallon on regular gas, only needs oil changes every 4,000 miles. The engine is also *water cooled,* which permits use of a water-type heater that's safer and never robs you of gas mileage! Unlike many cars of its size, the Falcon's available with automatic drive, too.

AND NOW WE'VE SIMPLY GOT TO TELL YOU ABOUT THE FALCON'S FABULOUS EXPERIENCE RUN!

It tops off a rugged 3-year, 3,000,000-mile test program. A fleet of Falcons is now traveling over every numbered U. S. highway in the country. It's from the drivers' logs on this run that we got the "30-miles-to-a-gallon" mileage figure. Some of the Falcons are driving around-the-clock—and new records are rolling in every day.



BUT THE FALCON'S ECONOMY IS MEASURED IN MANY MORE WAYS THAN GAS AND OIL SAVINGS!

Take the price. Though we can't give you the figure just yet, we can tell you this: the low, low price of the Falcon will help *prove* to you that it's the savingest car, *right from the start!* What's more, the main body understructure is heavily zinc-coated to protect it against corrosion through the years. Front fenders are bolted on for easier, more economical servicing. Insurance will probably cost you less. And Falcon service will be available everywhere, using standard American tools.

We've just been able to scratch the surface of the Falcon news here. Come in. Bring all your questions. But make it soon. We have many orders already.

CHEVROLET
TRUCKS
WITH REVOLUTIONARY
TORSION-SPRING
SUSPENSION
THAT GIVES ASTONISHING NEW
SHOCKPROOF
ACTION !!!!!

Chevy's done the next best thing to paving every road in America!
First they threw out the front axle and put in torsion-spring independent suspension. Then they built wide-base coil rear springs into most light-duty models, variable-rate leaf springs into heavies. That made it—a ride that completely eliminates I-beam shimmy and wheel fight, lets you move faster over any ground to get more work done in a day.

Brawnier bulldozer build!
They're tougher than any Chevy trucks ever made. Frames are stronger, cabs 67% more rigid. Front wheels and tires are precision-balanced. And that new suspension cushions jars and road shock that used to spell slow death for the truck's body and sheet metal.

More comfortable cabs!
Easier to hop in and out of too. Many models are a whole 7 inches lower outside. Yet there's more head room inside, plus more width for shoulders and hips. The windshield's bigger, with a wider, safer sweep of vision. Suspended pedals give you more foot room.

Big in the power department!
With the industry's most advanced gas-saving 6's. With high-torque Workmaster V8 performance in heavyweights. With new 6-cylinder or V8 power available in new Low Cab Forward models.

More models than ever!
New 4-wheel-drive models and tandems and high-styled Suburban Carryalls. It's the handsomest, hardest working Chevy fleet ever to report for duty. See your dealer for the whole story and, by all means, take a ride. It's something!

Anything less is an old-fashioned truck!

Jean Marie Schnurer Is Bride of Robert Albright in Manistique Ceremony

Arrangements of red and white gladioli decorated the altar of St. Francis de Sales in Manistique for the recent wedding of Jean Marie Schnurer and Jerome K. Albright.

The bride is the daughter of Mr. and Mrs Chris Schnurer of Manistique. Parents of the bridegroom are Mrs. Frank Coatta of Charlevoix and Robert Albright of Muskegon.

The Rev. William Richards officiated at the nuptial Mass sung by St. Francis de Sales choristers with Mrs. John Schnurer of Milwaukee as soloist. The wedding was an event of Sept. 12.

The bride selected a waltz length gown of white nylon and lace over nylon net for her wedding. The scalloped skirt had an apron overskirt and the fitted bodice a V-neckline and a large back bow. Her fingertip veil, a family heirloom, fell from a seed-pearl tiara and she carried a colonial bouquet of red and white mums.

Mrs. Raymond Gardipee and Christine Schnurer, sisters of the bride, both of Manistique, as matron of honor and bridesmaid, respectively, wore identical gowns of red nylon and lace over taffeta styled with V-necklines and full skirts and matching head bands. Their bouquets were of red and white mums.

Ann Marie Weber of Manitowoc, cousin of the bride, was flower girl.

Robert Smits of Manistique assisted the bridegroom as best man. John Schnurer of Milwaukee, brother of the bride, was groomsman. Seating the guests were Albert Clark of Charlevoix cousin of the bridegroom and Mr. Gardipee.

Mrs. Schnurer chose a pin brocade moire sheath and black accessories for her daughter's wedding. Mrs. Coatta, mother of the bridegroom, wore a powder blue dress and black accessories. Their corsages were of red and white mums.

Following a late afternoon reception the couple left on a wedding trip through northern Michigan and Wisconsin. For traveling the bride wore a beige sheath dress and brown accessories.

The couple will live at Preston Court in Mt. Pleasant.

The bride is a graduate of Manistique high school and Northwest Institute of Medical Laboratory Techniques in Minneapolis. She is employed as laboratory and x-ray technician at Mt. Pleasant State Home and Training School. The bridegroom is a graduate of the Charlevoix high school and a veteran of two years service in the U. S. Army. He attended Ferris Institute before enrolling at Central Michigan University where he is a junior.

Wedding guests were present from Charlevoix, Milwaukee, Manitowoc, Clare and Mt. Pleasant.

- Tom Goss has returned to Saranac after spending five days with his parents, Mr. and Mrs. W. E. Goss while recovering from injuries received in a motor boating accident. The Gosses had as their weekend guests their son, William, also of Saranac.

Virginia Brown Married Friday At Kalamazoo

Ellsworth — Virginia Brown, daughter of Mr. and Mrs. Ernest Brown of Ellsworth and James Vande Wege, son of Mr. and Mrs. James Vande Wege of Byron Center, were united in marriage Friday afternoon at the home of friends in Kalamazoo.

After the ceremony a reception was held at the home of his parents with their friends and relatvies attending.

The couple are on their wedding trip in the Upper Peninsula.

Ellsworth Lions Entertain Faculty At Dinner Party

Ellsworth — A get-acquainted dinner was held in the Ellsworth Community Hall Thursday evening, Sept. 17th. There were forty-eight Lions and teachers attending. Dinner was served by Rowe Inn.

Guest speaker for the evening was Rev. Charles Dunbar, pastor of the East Jordan Methodist Church.

- Mr. and Mrs. C. T. Symons jr. have returned from a week's trip to Saginaw, Detroit and Chicago.
- Mr. and Mrs. George Smith have moved from Burgess to Boyne City to make their home. Donald O'Brien and Janice Supernaw were their dinner guests Monday evening.

Spend A Dollar and Get A 'Buck' Plan to Start Next Thursday

Final touches to one of the most unique promotions ever staged by the Charlevoix merchants will be completed Friday morning when business people meet for a 7:30 a.m. breakfast at Mout's restaurant, according to Tom Symons, secretary of the Chamber of Commerce.

Plans for the promotion have been in the making for some time, under the sponsorship of the Merchants Division of the Chamber and with the cooperation of the Pet Milk Co., which has granted permission to use its "Bid-A-Buck" program.

There is every reason to believe the buying public will be enthusiastic about the promotion when "Bid-A-Buck" bogus money is given dollar for dollar with every purchase. How to cash in on the "Bid-A-Buck" dollars will be revealed when the full details are announced next week Thursday and merchants start handing out the newly printed dollars in denominations of one, five and ten. It can be said, however, that these "Bid-A-Buck" dollars will be mighty valuable come Dec. 20 when the promotion ends.

Every merchant in Charlevoix may participate in the "Bid-A-Buck" program, Mr. Symons says.

He hopes to have contacted all business people before tonight but in the event he has not completed the rounds, he extends an invitation to all to attend the Friday morning breakfast and take part in the promotion.

Council Acts To Collect Utility Bills

The delinquent utilities ordinance will be enforced effective Monday following action taken at the regular meeting of the city council Monday night.

On that date service to all utility users whose accounts are more than 30 days in arrears will be discontinued without further notice until such accounts are paid in full.

The council also voted to advertise for bids for comprehensive general liability insurance which are to include products liability coverage for the water utility. Bids will be accepted until 8 p.m. Oct. 12.

Approval was given to a contract with the Michigan Waterways Commission for an engineering survey of harbor facilities by the Scott Engineering Co. of Alpena. The city and the Waterways Commission are to underwrite the cost of the survey on a matching funds basis with each paying $750.

Approval also was given Carl Bogart's application to the Michigan Highway Department for a driveway to a new motel he is building on South Bridge st.

Bills amounting to $34,865.30 were approved and ordered paid. The amount includes $11,000 in Diesel bonds, $4,100 for fuel oil, $598 for hospital insurance and a payroll of $6,000.

Island Ready To Host Third Dawn Patrol

St. James, B. I. — Residents of this northern Lake Michigan island will be awakened this weekend by the hum of single engined planes which will be arriving Saturday and again Sunday morning for the third annual Dawn Patrol.

Last year 342 planes from thru out the state participated in this popular event which offers a day of perch fishing, bow and arrow deer hunting, bird hunting and color tours of the historic island. Special prizes will be offered in several divisions.

The Beaver Island Civic Association is planning for at least 1,000 visitors who are expected to begin arriving Saturday. The majority of planes, however, will arrive Sunday for the day. Some are expected from as far away as Ohio.

Mort Neff whose television show "Michigan Outdoors" is enjoyed by residents of this area will be on hand to televise the Dawn Patrol.

In the event of inclement weather, the Dawn Patrol will be staged the following weekend, Oct. 10-11.

Nevada Couple Buy Charlecote To Operate Shop

The sale of the Charlecote located at 201 Park ave. to Mr. and Mrs. John Ney of Las Vegas, Nev., has been announced by Miss F. L. Edson who has operated the business for the past six years at this site.

Mr. Ney plans to conduct a 'fix-it' shop and Mrs. Ney an Oriental gift shop on the property. They will also continue to operate the rooming house as in the past.

Mrs. Ward Bennett of Empire, who is well known here, plans to build a home on the rear of the property overlooking Pine River and Lake Michigan.

They will come here Oct. 26 to take possession of the business.

Miss Edson who has been a resident of Charlevoix for some time has not made her plans for the future known.

Plan Hallowe'en Masquerade Party

The Little Flower Guild of St. Mary's church will sponsor its annual Hallowe'en masquerade party at the Argonne Saturday, Oct. 31, Mrs. Robert Chastain, president of the guild, has announced.

Mrs. Edward Hansen has been named general chairman of the popular fall event.

Perch Catches Good in Big Lake

There are indications the fall perch run is not too far away. Good catches of sizeable perch are now being tkaen in Lake Michigan about a half mile out from the channel.

Fishermen are also having good results in some areas of Lake Michigan according to reports from Ward Bros. Boats and Bait station. It is anybody's guess when the perch will hit Round Lake but persons who always seem to be around when the perch are biting say it won't be long now.

Community Chest Drive Opens Monday

The 1959 Community Chest fund drive to raise $9,823.06 for 12 agencies will open Monday under the direction of Mrs. James Coleman who is handling the campaign for the second year, Hal M. Hill, chairman of the Community Chest board, has announced.

Mrs. Max Hosmer and Mrs. Robert Yonkman are vice chairmen of the event.

The drive will raise funds for the following agencies: Michigan United Fund, $1,452; Charlevoix hospital, $1,121.06; Community Nurse, $1,450; Boy Scouts, $1,450; Red Cross, $1,000; Girl Scouts, $750; City Recreation, $800; Salvation Army, $325; Charlevoix Association to Aid Retarded Children, $950; Charlevoix Service Organization, $225; Emergency Fund, $300 and Mt. McSauba Ski Club, $400. In addition $100 was allowed for campaign expenses.

The mail campaign is already underway with more than 200 letters to summer residents in the mail. Mrs. Gerald Left is in charge of this division for 1959.

In announcing the plans for the fund drive, Mr. Hill asked that everyone give a great deal of thought to this campaign, a united drive, in which 12 agencies are taking part. When you plan your contribution keep this in mind: that you are giving to 12 organizations in one drive instead of a dozen drives and gauge your contribution accordingly.

To Hold Funeral Rites Friday for Mrs. Sanford

Mrs. Bertha P. Sanford, 72, longtime resident of this community, died late Monday at the Grandvue Medical Facility where she had been a patient for a month. She had been in failing health for several years.

Funeral services will be held at the Winchester Funeral Home at 2 p.m. Friday with the Rev. Fred W. McNeil officiating. Burial will be in Brookside cemetery.

Born near Chestonia in Antrim county Aug. 17, 1887, the former Bertha P. Sweet was married to Harry Sanford in 1904. He preceded her in death in 1954. They lived in Flint, Grand Haven, Grand Rapids and for a short time in Salt Lake City, Utah. Mrs. Sanford returned here from Flint about 12 years ago to make her home. She was a member of the Methodist church.

Surviving are five sons, Harold of Lansing, Harry of Tampa, Fla., Frank, Leonard and Forrest of Charlevoix; 23 grandchildren including Raymond with the U. S. Navy at Black Foot, Ida., Robert of Lansing, Richard in South Carolina with the U. S. Navy, Lucille and Lorian of Charlevoix, James in Alaska with the U. S. Air Force, Harry of Jackson and Mrs. Gloria Grimm of Prarieville, whom she reared and six great-grandchildren.

Adult Education Proposes Class In Foreign Language

In answer to a number of requests for an adult education class in foreign languages, Supt. R. G. Bennett said Wednesday that if enough interest was shown in either French or Spanish, the classes will be offered later this fall.

All persons wishing to enroll in classes in either of these languages are asked to call the school office, LI 7-6583 and leave their name and language preference.

State Kiwanis Names Hamilton Dist. Governor

Ralph S. Hamilton, past president and secretary of the Charlevoix Kiwanis club, was elected to the post of lieutenant governor of District 15 of the Michigan District of Kiwanis International for 1060 at the recent state convention of the organization, Charles C. Saur of Grand Rapids, District Governor of Michigan has announced.

As lieutenant governor of District 15 he will represent nine northern Michigan clubs whose total membership is more than 400. He will assume his duties January 1.

He will succeed Herman H. Meyer of Petoskey in the post.

Mr. Hamilton is currently a member of the State Board of Achievement Reports.

Mr. Hamilton has been a member of Kiwanis International for 11 years. He served as secretary-treasurer for eight years, as president one year and as a member of the board of directors. A native of Charlevoix, he is clerk of the Charlevoix county Road Commission and operates his own tax accounting business.

When he takes office in January he will become the fifth lieutenant governor from the Charlevoix club since it was organized in 1934. Others were O. P. North, Fred Bancroft, Rev. W. D. Wood and R. G. Bennett.

Hunting Season Opens on Small Game and Deer

Hunters will swing into action today in northern Michigan with the opening of firearms seasons on small game and bear and archery season on deer and bear.

Archers may hunt bears thruout the state Oct. 1 to Nov. 5 under bow and arrow deer hunting licenses. Special bear stamps will not be required and the use of dogs is prohibited. In three counties, Emmet, Menominee and Chippewa, archers may take only bucks with three inch antlers. Elsewhere any sex and any age is fair game

Last year's bag limits and season lengths will continue on ruffed grouse, pheasant, raccoon, rabbits, squirrel and woodchuck hunting, the Conservation Department, has announced.

Woodcock hunting season runs from Oct. 1 to Nov. 9 in the northern lower peninsula. These corkscrew acrobats will be the first migratory game birds open to hunting in the northern lower peninsula.. Seasons on other migratory birds and waterfowl do not open until noon, Oct. 7.

IHC Personnel Gather Here for Fall Convention

The Sales Division of the International Harvester Co. will meet at the Weathervane Lodge this weekend for its annual fall meeting, Ralph Gillam, manager of the popular new installation has announced.

The two-day conference which will begin with the arrival of the sales managers Friday night will attract more than 80 members and guests from throughout the midwest to Charlevoix for the weekend.

Meetings will be held at the lodge located at the corner of Michigan and Dixon aves. and the Weathervane Inn where meals will be served to the visitors.

The convention was brought to Charlevoix through the efforts of the Charlevoix Chamber of Commerce.

Weathervane Lodge Nears Completion

The construction of the beautiful new Weathervane Inn is nearing completion according to Ralph Gillam, manager, who said Wednesday that work on the last or thirty-eighth unit had been completed and that the lobby would be finished by the weekend.

The Lodge, constructed by Pines, Inc., was started last spring and opened in mid-August with ahnut half the units completed at that time.

Effective Monday Continental breakfasts will be served to all guests.

Pep Club Plans Magazine Sale

The fifth annual magazine sales will get underway this week under the sponsorship of the Pep Club and the Varsity Club of the Charlevoix high school.

In the past the Junior and Senior classes sponsored the sales.

Qualified representatives of the above clubs will ring doorbells from now until Oct. 19 to raise funds for their club projects.

Kiwanis White Elephant Sale To Open Oct. 8

Kiwanians of Charlevoix have been working overtime the past week setting up shop for the annual White Elephant Sale which will open next week Thursday at a new location, 1012 South Bridge st.

White Elephants which have been collected and stored during the past year have been sorted and put on display. There is an array of likely items including winter and summer clothing in a large assortment of sizes along with shoes and boots of all kinds.

The furniture department will offer a wide selection of tables, chairs, davenports, beds, dressers, rugs and pianos. There also are a number of electric and gas ranges and other types of stoves.

Barney Englehart, chairman of the White Elephant committee, says he expects more articles will be received during this week and he ass persons who have White Elephants to call any member of the committee for pick-ups. Serving on the committee are Kit Carson, Angus Fochtman, Hubert Paddock and Frank Bird.

Profits from the White Elephant Sale will be turned into a fund for the purchase of an indoor swimming pool for the Charlevoix public schools.

The local Kiwanis club staged its first White Elephant Sale about 1942 and established a fund to be used only for the benefit of Charlevoix youth. Each year since there has been a sale and the fund has continued to grow.

The club last year voted to use the fund for the purchase of a swimming pool to be installed in connection with the new school construction. The proposal was acceptable to the board of education. It is believed a successful sale this year will increase the fund to the amount needed for the cost of the pool.

Donald Dolan to Speak at First P. T. A. Meeting

Donald Dolan of the University of Michigan Bureau of School Services will be the featured speaker at the first PTA meeting of the 1959-60 school year to be held at the Charlevoix high school band room at 7:30 p.m. Wednesday.

Mr. Dolan will discuss school problems. His work as school consultant takes him to schools throughout the state thus giving him a thorough knowledge of the public schools in the state. This knowledge should be helpful in evaluating the local school program with which he acquainted himself last spring when he met with the school faculty and administrators.

An important business meeting will be held from 7:30 until 8 p.m. At this time a new president will be named to fill the vacancy left by the resignation of Mrs. James Coleman. Mrs. Jack Rader and Mrs. Louis Hooper have been named as candidates by the nominating committee. Other nominations from the floor will be accepted by Russell Dohm, vice president who will preside at the business meeting.

A progress report on the construction of the new high school building will be made. There also will be an announcement regarding the continuation of the Program Study started in 1958 as part of the school survey.

Efforts will be made by the executive committee of the PTA to bring the organization closer than ever to 100 per cent membership and attendance. This can be a real help in obtaining for the boys and girls of Charlevoix the best possible education. Parents of of kindergarten pupils and parents who are new in the community are especially urged to attend this meeting which will be followed by refreshments.

Consumers Power Co. Anticipates Future Development in Area

"We believe outstate Michigan is the most attractive area in the United States, and the most dynamic. We believe it has potentialities for progress and prosperity far exceeding those of almost any region you can name. We believe it is going places and we want to help it and go right along with it" Robert P. Briggs, executive vice president of the Consumers Power Co. told 85 members of the Charlevoix Kiwanis club and their visitors at a dinner meeting Monday night.

In making this statement he referred to the Atomic Electric Plant Consumers Power Co. plans to build at Big Rock Point on Lake Michigan on 618 acres of land located in Hayes township that the company purchased earlier this year..

ROBERT P. BRIGGS

He went on to say that the Mackinac Bridge, the St. Lawrence Seaway and the expansion of the state and national highway systems have enhanced northern Michigan's attractiveness to industry. It is for this reason that Consumers Power felt that there was need for an electric generating plant of substantial size at the top of the Michigan mitten.

Among the reasons the Big Rock site was selected was because there was plenty of undeveloped land under one ownership, the soil and sub-strata conditions were favorable, accessibility was good but, first of all, there was an adequate water supply available from Lake Michigan.

The decision to build a nuclear plant was based on several considerations. Among these was the fact that Americans must not be left behind in the field of nuclear energy. This country must keep up or ahead of other nations in order to maintain its national defense, to preserve the free enterprise system against socialism or communism and to maintain prestige of the United States throughout the world, Mr. Briggs said.

Because the world's supply of coal and natural gas are not inexhaustible and because the records show that the use of electricity in this country doubles every 10 years, it was decided to find in nuclear energy an economic alternative fuel for use in generating electricity. Because northern Michigan is far removed from coal supplies, nuclear energy holds greater promise of becoming economically feasible here than in many parts of the U. S., he continued.

The plant at Big Rock Point will utilize a boiling water reactor. Much research and development work remains to be done in this field and Consumers Power Co. will undertake to accomplish some of this at the Big Rock Point plant, Mr. Briggs explained.

In the boiling water reactor, water is circulated through the fuel element where it picks up heat energy which causes the water to boil, creating steam. The steam then spins the blades of the turbine, developing electricity in the attached conventional generator. At the Big Rock plant the fuel will be both zircaloyclad and stainless-steel clad uranium oxide pellets, slightly enriched.

This will be a high specific power reactor which means the kilowatt-hour output will be relatively high in proportion to the amount of fuel used. It will also be a high power density reactor.

The guaranteed rated capacity of the plant will be 50,000 Kws. but extensive research and development programs on the reactor core and fuel design is expected to increase the plant's capacity to 75,000 Kws through refinement

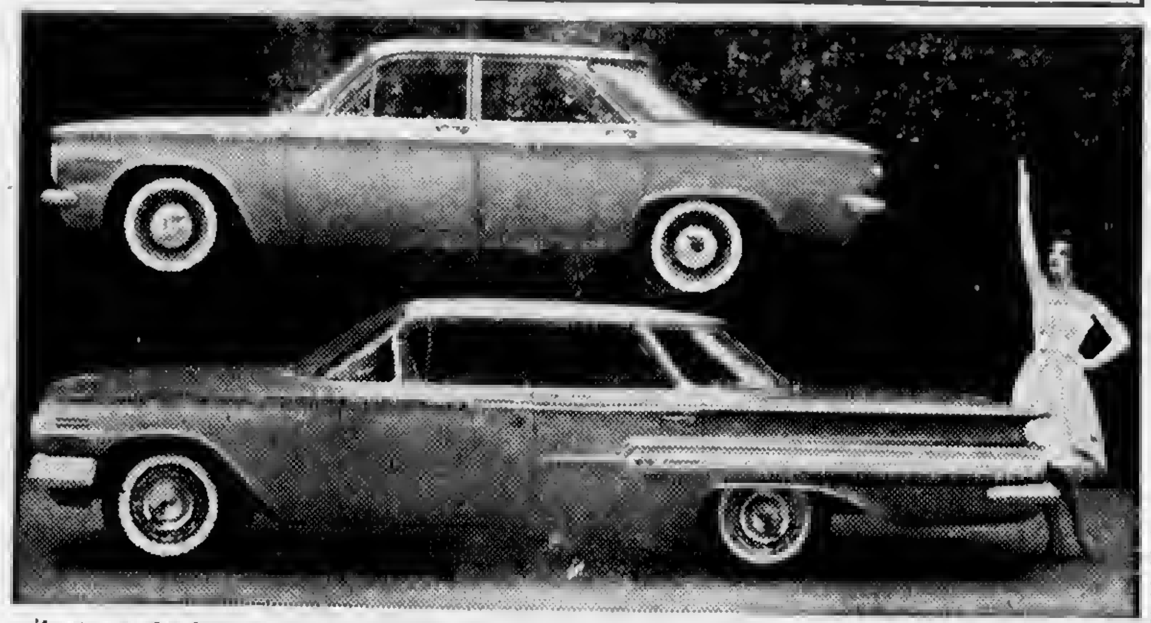
COMPACT CORVAIR and CHEVROLET



A strong family resemblance between the all-new Corvair and Chevrolet's conventional line of passenger cars for 1960 is evident in this unusual profile view. At 180 inches, however, the Corvair is more than two and one-half feet shorter, while its 108-inch wheelbase compares with 119 on the Impala Sport Sedan with which it appears. Elegance and chassis refinements characterize the larger Chevrolets in an offering of 16 passenger models. The Corvair introduces an array of compact mechanical innovations designed to provide the riding and driving qualities demanded by the American buyer. The Corvair and conventional model will be in dealer showrooms Oct. 2.

Chevrolet's imaginative Corvair, a car that has caused considerable interest among buyers and the automotive industry, will be unveiled tomorrow at the show room of the Charlevoix Oil Co., along with the first showing here of the new 1960 Chevrolet.

The Corvair is a compact six-passenger sedan offering a number of features new in American-made automobiles. It is designed as a compact car to be offered at a low initial price, economical to operate, roomy, easy to handle and at the same time offer American standards of comfort, convenience, safety and performance.

Wheelbase is 108 inches and overall length is 180 inches; height four feet three inches; width 66.9 inches and weight 2340 pounds.

The light weight, six cylinder engine is mounted in the rear. It develops 80 horsepower at 4400 rpm. Due to the unique cooling system no grill is necessary at the front. The rear deck is vented for air intake and a screened exhaust at the rear provides an outlet.

In appearance, the Corvair carries the lithe, flow-lines of approved contemporary styling. The flat roof slightly overhangs the rear window. Hood and rear deck slope slightly downward.

Sheet metal rounds inward below the bumper and along the side to impart a modern "tailored" look.

In addition to the standard model, a deluxe version is offered in the Covair 700. The "700" features special bright metal trim and three color-keyed choices in upholstery fabric. Exterior colors in either model include nine solids and seven two-tones, all in the acrylic lacquers introduced in the 1959 Chevrolet.

Pictured above show comparative size of the conventional Chevrolet and the new Covair.

1960 CHEVROLET

The conventional line of Chevrolets also boasts progressive modifications. The styling is distinctive with outstanding newness in the front and rear sectors. Passenger space is roomier, more comfortable and richly fitted. A new economy V8 engine is among the chassis impovements that promise greater durability and satisfaction.

Body types in the Impala, Bel Air and Biscayne series combined include a total of three four-door sedans; two two doors; two sport coupes; two sport sedans; a convertible and a utility sedan. The Corvette sports car and five station wagons round out the line.

QUIET REVOLUTION! ON DISPLAY FRIDAY! HOORAY! SMALL WONDER!

CORVAIR BY CHEVROLET! SMALL MIRACLE! THREE COMPACT CHEERS! FRIDAY!

FRIDAY! ASTONISHING! NOTHING LIKE IT! CORVAIR! SMALL MIRACLE! FRIDAY!

THE REVOLUTIONARY
Corvair
BY CHEVROLET

There's nothing like a new car—and no compact car like this de luxe Corvair 700.

Here's the car created to conquer a new field—Chevrolet's low-priced compact Corvair.

The product of nine years of research and development at the auto industry's most advanced facilities, it's America's first truly compact, economical car that retains the ride and 6-passenger comfort you're used to in a big one.

The key to this small miracle: America's first and only modern rear-mounted aluminum engine—a lightweight 6 that's so revolutionary it can be packaged with the transmission and drive gears as one compact unit.

By putting the engine in the rear, Chevrolet has made the floor practically flat, front and rear. There's plenty of foot room for everybody, including the passengers in the middle.

Shifting engine weight to the rear also makes for smoother, easier compact car handling and gives glued-to-the-road traction on ice, mud or snow.

Corvair's size—some 5 inches lower, 2½ feet shorter and 1,300 pounds lighter than conventional sedans—makes it a joy to jockey through busy streets, a pleasure to park (no need for power assists). Its revolutionary Turbo-Air 6 gets up to 30% more miles on a gallon of regular (a real magician on mileage). And, because the engine's air-cooled, you never have to fuss with antifreeze, you get quicker warmup with less wear on parts even on the coldest mornings (even heat for passengers comes quicker—almost instantly—from an airplane-type heater*).

Yet, wonderfully practical as all this sounds, you'll find the most practical thing of all about this new Corvair is its remarkably low price. Your dealer's the man to see for all the short, sweet details.

America's only car with an airplane-type horizontal engine! America's only car with independent suspension at all 4 wheels! America's only car with an air-cooled aluminum engine!

The engine's in the rear where it belongs in a compact car!

REVOLUTIONARY TURBO-AIR 6
Gets up to 30% more miles on a gallon, needs no antifreeze, provides quicker warmup with less wear on parts.

ONE-PACKAGE POWER TEAM
Wraps rear engine, transmission and differential together into one compact lightweight unit. Takes less room, leaves you more.

STYLING—PURE AND SIMPLE
Clean, uncluttered lines shape both 4-door models—the de luxe Corvair 700 and the standard Corvair. Each has its own distinctive trim, and you get more visibility area than in many full-sized cars.

FOLD-DOWN REAR SEAT*
Works easily, instantly, adding to Corvair's versatility by enlarging rear seat cargo space to 17.6 cu. ft.

FLAT FLOOR
Corvair is America's only compact car with a practically flat floor, the only one with the kind of relaxing room that U.S. motorists are used to.

UNISTRUT BODY BY FISHER
Does away with conventional frame, incorporating all structure into a rigid body-frame unit that gives you more inside room with less weight.

UNDER-HOOD LUGGAGE COMPARTMENT
Trunk's up front (like an elephant's) where it's convenient for groceries, luggage.

4-WHEEL INDEPENDENT SUSPENSION
There's no conventional axle—front or rear. Wheels, cushioned by coil springs, take bumps independently of each other, for smooth, road-hugging ride.

**Optional at extra cost*

Jean Wood Is Bride of Gunther Schulz In Wedding at Kalamazoo Chapel

Kanley Memorial Chapel in Kalamazoo was the scene Saturday of the wedding of Jean Wood and Gunther K. Schulz.

Parents of the couple are the Rev. and Mrs. Wilford D. Wood, former local residents now living in Kalamazoo where he is pastor of the Church of God, and Mr. and Mrs. Hugo Schulz.

The Rev. Mr. Wood, assisted by the Rev. Burl Van Avery, officiated at ceremony in the presence of 200 guests. Eugene Schuck sang "I Take Thee, Dear" and "The Wedding Prayer," accompanied by Mrs. Simmons who also played a program of traditional music and the wedding marches.

The bride, given in marriage by her father, chose a gown of white nylon net fashioned with a floor length skirt of ruffles. The fitted bodice of embroidered nylon net featured a Queen Anne collar and short sleeves. A velvet and organdy headband secured her fingertip veil and she carried a white Bible topped with a lavender orchid.

Nancy Dernyscher as maid of honor wore a pastel blue ballerina length gown and carried a bouquet of pink and white roses. Wally Schulz, sister of the bridegroom, as bridesmaid wore a gown identical to the honor attendants in pink satin and carried a bouquet of white roses.

Peggy Shoup, as flower girl, wore a pink dress and carried a basket of rose petals. Ricky Shoup was ringbearer.

David Nethercutt assisted the bridegroom as best man. Seating the guests were Russell Wood, brother of the bride, Roger Hill and Robert Blanchard.

Mrs. Wood chose a forest green sheath dress, cocoa brown accessories and a corsage of bronze mums for her daughter's wedding. Mrs. Schulz, mother of the bridegroom, wore a gown of black lace, matching accessories and a corsage of pink carnations.

Following a reception in the social room of the chapel, the couple left on a northern wedding trip. They will reside at El-Rancho Trailer Park.

Both are graduates of Central high school. The bride is attending Tracy Beauty Academy. The bridegroom is a student at Western Michigan University.

In Kalamazoo for the wedding were Mr. and Mrs. Andrew Miller, grandparents of the bride, Miss Delora Richardson and Mrs. Ingma Pontious.

Holmes-Weisler Exchange Vows at Norwood Church

The Norwood Methodist church was the scene recently of the wedding of Elgie Lu Holmes and Raymond Weisler.

Parents of the couple are Mr. and Mrs. Frank Pop and Mr. and Mrs. Charles Weisler.

The Rev. Charles Dunbar of East Jordan officiated at the double ring service on Sept. 19 before an altar decorated with arrangements of white gladioli and snapdragons and blue delphinium.

Mrs. George Light jr sang "Because" and "The Lord's Prayer" accompanied at the organ by Mrs. C. H. Lockwood who also played the traditional wedding marches.

The bride selected a [illegible] length gown of white lace and nylon net over taffeta fashioned with a strapless bodice worn with a matching lace jacket and a full skirt of tiered lace with a front panel of net. A lace tiara trimmed with sequins secured her lace-edged fingertip veil. She carried a white Bible topped with a white orchid and geranium florets.

Mrs. Martin Weisler, sister-in-law of the bridegroom, as matron of honor, wore an aqua taffeta ballerina length gown and a matching velvet headband and velvet dotted veil. Her bouquet was of pink and white carnations.

Mr. Weisler assisted his brother as best man.

Rodney Richardson and Clare Harwood seated the guests.

Mrs. Pop wore a turquoise dress and black accessories for her daughter's wedding. Mrs. Weisler, mother of the bridegroom wore a navy dress and white accessories Their corsages were of pink carnations.

Immediately following the ceremony, a reception was held at the Norwood town hall.

The new Mr. and Mrs. Weisler are making their home in East Jordan following a wedding trip to the Upper Peninsula.

At this very moment, some research scientists may be viewing the birth of a new and wonderful drug. His laboratory production of the drug is a preview of a miracle of commercial production performed by the pharmaceutical industry — a miracle that will produce ample quantities of the new drug so that its benefits will be available to all—at a cost within the means of all. We have seen this miracle performed with penicillin, sulfa drugs, auremycin, teramycin and others — rare and costly when first discovered . . . plentiful and inexpensive today.

Sundew Reports

We finished our underway work early in the week. We got underway at 2:30 a.m. Monday for St. Ignace, arriving at 7:30 a.m. After mooring there for the morning and completing our mission, we got underway shortly after lunch. We paused long enough near the bridge to check several of the buoys there and then proceeded to St. Helena's Island to chang the type of light. Bad weather hampered the work Monday afternoon so we remained at anchor overnight and completed the job Tuesday morning.

We stayed in Charlevoix the remainder of the week. The dental officer from the district office was at the lifeboat station so plans were made to have all of the crew checked.

Those who say these "straw votes" don't mean anything are burning their bridges behind them; the next report may show things going their way. — Lynchburg (Va.) News.

MINUTES OF SCHOOL BOARD MEETING

September 8, 1959

Present: Lieberman, Boss, Smith, Freedman, Martin and Bennett, Supt. Absent: None.

The meeting was called to order at 8:07 p.m.

Minutes of a special meeting held August 24 were read and approved.

Moved by Martin and supported by Freedman that bills in the amount of $11,981.11, payable from General Fund, and in the amount of $21.80 payable from Building & Site Fund, be approved and ordered paid. Carried: 5-0.

Some time was spent in discussing the new bleachers and the possible legal liability that these bleachers present to the district. Also, the problem of fencing in that area as a safety precaution. No definite decision was made at this time.

It was moved by Martin, supported by Freedman, that the high school junior who had been expelled last year be re-admitted strictly on a probationary basis, with the exclusion of all extra curricular activities for the period of the coming school year 1959-60; further, that he be required to report to his class advisor once a week and that he be required to do passing work in all his subjects; and further, that his eligibility to continue in school be determined at the end of each marking period. Motion carried: 5-0.

It was moved by Freedman, supported by Boss, that a final budget for the school year 1959-60, in the amount of $276,895, be approved. Motion carried: 5-0.

The financial picture of the Athletic Fund was discussed and the hope expressed that no assistance from the General Fund be found necessary.

Moved by Smith, supported by Martin, that Cecil Richardson be hired as bus driver and assistant maintenance man for the school year 1959-60. Motion carried: 5-0.

Moved by Smith, supported by Freedman, that the date for the opening of bids be changed from September 24 to October 1. Motion carried: 5-0. The architect then was asked to be present for a special meeting on September 14, to report on bids received and to plan the purchase of various equipment.

Mr. Lieberman advised the Board that he and Mr. Smith had attended a meeting of the City Council to discuss the sewer lines for the new high school and area. It was decided to add this problem to the agenda for the special meeting with the architect on September 14.

It was moved by Freedman that Mr. Bennett be authorized to hire an independent appraiser to appraise the North Side school property, the Library property, and the American Legion property on Garfield. Motion supported by Boss and carried: 5-0.

Mr. Bennett was authorized to contact William Ratigan and if he is eligible and willing to make an effort to incorporate a modern language, Spanish, into the program for the coming year 1959-60.

The salary schedule was discussed, particularly with regard to an increase in the special services. No definite action was taken.

The adoption of a resolution was moved by Smith and supported by Martin, requesting permission of the Department of Public Instruction for permission to borrow up to $21,187 on State Primary Fund, notes to be dated September 30, 1959, and be due and payable by June 30, 1960. Motion carried and resolution adopted: 5-0.

Information regarding purchase of the North Side school was presented but no action taken, for an appraisal had already been planned.

The meeting adjourned at 10:55 p.m.

ALBERT H. SMITH, Secretary

Minutes of a Special Meeting of the School Board

September 14, 1959

Present: Boss, Lieberman, Freedman, Martin, Smith and Bennett, Supt. Absent: None.

The meeting was called to order at 8:25 p.m.

Mr. Cornwell, architect, appeared with regard to matters pertaining to the building of the new high school.

There followed a study of sewers, both sanitary and storm, to determine how to best make use of exisiting conditions. It was decided to dry well the parking area and to hook up to the sanitary and storm sewer at the corner of May Street and Garfield Avenue, running at an angle from the farther corner of the building. Further, that the contractor be given the option of a more economical way.

It was also decided that the architect is to supervise taking the bids for the following:

- Bleachers
- Built-in equipment for the Music Room and Library
- Shelving and cupboards for the Homemaking Room
- Science Material, or Equipment

The meeting adjourned.

Notes from a northerner's diary

By Harold E. Kohn

A Zest for Permanence

No matter the season, nature constantly reminds even the casual observer of the solid permanence that glimmers through constant change. Although in Autumn the full green canopy of the hardwoods turns to flaming red and gold, the emerald hills change to russet and cattail-brown, the summer birds flee southward before oncoming frost and storm, and the song-filled air of summer is stilled to autumn's secret whisperings and solemn sighs, amidst all the change there is a dependable permanence. While the leaves are gone forever, and the dead grasss will not revive, and some of the migrating birds will not live until next spring—next year, you can count on it, there will be another autumn. And the year after that. Autumn is a permanent feature of our year in this part of the earth's hemisphere.

Winter in the North brings a deluge of whiteness, lacing every tree and frosting every stump and fencepost, so that the whole Northland seems like quite another planet. Yet there is a certain sameness about all winters here so that none is ever confused with midsummer. Winters always have a certain similarity about them. You can count upon their coming somewhere around Christmas rather than the Fourth of July, and they will be cold, rather than hot, and more condusive to sledding than to working in the flower garden.

Aprils vary, some being warm and mild and others being cold and damp. But there is a permanent quality to April — the sun always being an "April sun" in the time of its rising and setting and never a "December sun."

Summer flowers come and go, hepaticas, trilliums, violets, lilies, daisies and asters proceeding each other but there are always flowers in summer. We can depend upon that.

Polestars change from age to age, at one time being Thuban and at another being Vega of the Lyre, but stars remain.

Nature is full of change, but draw back the veil of transformation and behind it are the trustworthy, enduring permancies.

The great men and seers of all time have been conscious - not only of change but aware of the strong stabilities upon which they could rely. They knew that events of the moment could be upsetting, but there were long range certainties, too, upon which they could depend. They were well aware that this world is a strange mixture of change and changelessness, and they searched for the dependable, permanent elements on which they could fix their trust. Furthermore they attempted to build into their character and reputations, the kind of durability they found in nature. They had a zeal and a zest for stability and permanence.

The early American farmer was sensitive to the future. He looked away across the years beyond his own lifetime and to generations yet to come. In 1798 Isaac Weld, a traveler from Ireland, reported concerning farmers in America that "these people are so certain of their future that they spend a lifetime building barns for future generations." The farmer possessed a zest for permanence. His way of life offered him more than anticipation of next week's paycheck. He enjoyed the satisfaction of knowing he was not working by the day or week, but by the year and for his great grandchildren's offspring. Still standing in the eastern part of our country are seventeenth and eighteenth century homes with foundations far thicker and deeper than necessary. Barns are there that were built in George Washington's day, and bordering the fields are rail fences built when Lincoln was a lad. Those homes, barns and fences are momentoes of an enthusiasm for durability that has become rare in our hurried world, where highest compliment that can be paid a product of man's labor is that "it will last a lifetime." How our forefathers would have scoffed at that boast! Last a lifetime? Merely one lifetime? Not nearly enough!

Have we Americans lost our early zeal for durability? I'm afraid we have. We erect too many homes that will merely "last as long as we live." We have too many "hit tunes" and too few lasting melodies. We have too many "sensational, instantaneous successes" in the theatre, in fashions and styles, in books, in art, in automobile design, in business and politics, in romance and marriage and too many bankruptcies of value following shortly after in every area.

Possibly the prevailing uncertanty of our times has made for our "short time" attitude toward living. Our annihilation hysteria may be partly to blame. If we are afraid that the world may be blown apart by man's ingenius instruments of destruction why think of the distant future? There is an answer to that question, and it is this: Our salvation rests in a zest for permanence. It is by wide-scale thinking of only the immediate present that the world will be blown apart. We need not be afraid of the decisions of statesmen who are patiently planning for a better world in the next century. Those who imperil the welfare of mankind are the impulsive, the make-shift diplomats, those who are seeking the immediate advantage rather than the long-range good of all men, those who think only of the next crisis or the next election rather than stable, durable, long-lasting solutions to the world's problems.

From international diplomacy to our individual handling of mundane affairs a change is needed in this mental climate, where we worship haste rather than admire dependable workmanship, where change in fashion so completely rules our lives that there is little time to test anything as to whether it is lovely or ugly, comfortable or unpleasant, frail or strong, good or bad. Before anything is proven it is discarded for the "newest and latest thing." A restoration of our forefather's zeal, for permanence is overdue.

Where can we begin if we are to restore a zest for permanenee in everyday life? The answer is personal and so deceptively simple that we are apt to overlook it entirely: let everyone, everywhere, practice attentiveness to projects that will outlast him. Build a stone planter or wall that will outlast you. Plant long-lived trees that will bind your generation to the next, where leaf-rich boughs will shelter birds and shade wayfarers you will never see. Live, help, and influence for good little children who will greet many a dawn following your last sunset. Support worthwhile causes that will ease loads burdening lives yet not conceived. Let the little man in his little task practice such durability, and the great world-figure in his world-shaking decisions exercise such a mindfulness toward permanence, and we can bring into all affairs, personal and international, a stability our world desperately needs.

The Lincoln home in Springfield, Illinois is visited each year by many thousands who venerate the Great Emancipator's memory. When there are evening visiting hours lamps are lit in the home and the rooms are illuminated much as they were when Lincoln sat with neighbors in his living room long ago. One night a mother and her young daughter were walking past the Lincoln home, and the child saw a light in the window and exclaimed meaningfully, "Oh, Mother, Mr. Lincoln forgot to put out his light when he went away."

We need more Lincoln-like influences in the world, lights that are not put out when the owner goes away. We find them in the souls that exercise a zest for permanence.

Another fresh one from Pontiac!
The inspired beauty of perfect proportion!
The precision control of Wide-Track Wheel Design!
The softer ride of supple suspension!
The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

Get Government Controls Out Say Northern Lights

Government payment plans only bring more government control and government quotas and subsidies are not solving the farm problem. That was the summary of the Charlevoix Northern Lights Community Farm Bureau group which held its September meeting at the home of Mr. and Mrs. Dawson Way. Agriculture should work gradually toward lowered and eventually no government price supports in the opinion of the group.

Officers elected for the ensuing year are: Dawson Way, discussion leader; Kenneth Boss, assistant discussion leader; Douglas Way, minute man; Tom Sheridan, chairman; Herbert Boss, vice-chairman; Mrs. Herbert Boss, Farm Bureau package reporter; Mrs. Thomas Sheridan, secretary and news reporter; Mrs. Dawson Way, county women's committee; Mrs. Dawson Way, song leader; Thomas Weiland, county director and roll call captain.

Following the business meeting and the discussion period, the members enjoyed a social hour and refreshments served by the hostess.

Dickens Club to Hold Luncheon At Weathervane

The Dickens Study club will begin its series of meeting for this year with a luncheon at 1 p.m., Monday at the Weathervane Inn, Mrs. P. D. Campbell, president of the club has announced.

Mrs. Charles Duerr is program chairman for the meeting and the lesson will be presented by Mrs. Harold M. Totten.

Post Offices to Observe Letter Writing Week

Annual Letter Writing Week will be observed Oct. 4 to 10 by the Charlevoix post office and other post offices throughout the nation, Postmaster Peter Timmer announced this week.

Posters depicting a mailman in a new postal vehicle called the "mailster" will be displayed in post offices throughout the country. Colorful streamers proclaiming that "Letters are fun to send and exciting to receive" will be displayed on postal vehicles.

"I am sure we are all aware that a personal letter is, next to an actual visit, the most intimate and economical means each of us have to communicate with our fellow human beings," Mr. Timmer said. "Accordingly, I urge everyone to write today to those away."

He believes that the special week should serve as a reminder to write long overdue letters to servicemen, hospital patients, foreign acquaintances, distant friends and relatives and others who will welcome a personal letter.

CARD OF THANKS

Let this be our way of thanking all our relatives, friends, neighbors for their kind thoughtfulness and the many acts of kindness. Thanks to those that sent flowers, cards, fruit and for the many prayers. Also for the kind care while in the hospital, Richard and Catherine Farmer. 41x

Mrs. Scramlin Succumbs After Short Illness

Mrs. Elizabeth Scramlin, 82, grandmother of James Pettis who had lived at 212 West Upright ave. for the past three years, died Tuesday at the Charlevoix hospital a few hours after she had been admitted for treatment.

Funeral services will be held at the Stone Funeral Home In Petoskey at 2 p.m. Friday with the Rev. T. B. Thodeson of the Charlevoix Assembly of God church officiating. Burial will be in Greenwood cemetery.

Born in Canada Dec. 24, 1876, Mrs. Scramlin came to northern Michigan as a young woman and spent more than 50 years in the Petoskey area. She had moved to Charlevoix to make her home in 1956. She was a member of the Assembly of God church.

Besides her grandson, James Pettis, she is survived by a daughter, Mrs. Lillian Pettis of Grand Rapids and a son, Orin Alexander Scramlin of LaMesa, Calif. and thre grandchildren.

Demonstration Group to Tour

The county home demonstration groups will take a tour to local forests to study pine cones, and conservation techniques in picking them. Bill Grimm, Work Unit Conservationalist, will conduct this tour, assisted by Tom Goff, Soil Conservationlist, and Everett Ash, Conservationlist Aid from Antrim County. The women are asked to meet in front of the high school building in East Jordan at 1:30 p.m., October 7. All women are asked to wear comfortable clothes for tramping in the woods.

The Charlevoix County extension groups will have workshops in making the pine cone wreaths in early November. This tour is designed to help the women know what kinds of cones to pick without causing damage to the pine trees. Other people not enrolled in the extension groups, but interested in this project, are invited to attend.

Funeral Services Held Monday for Mrs. Forrest Plumm

Mrs. Forrest Plumm, 59, former local resident died unexpectedly at her home at Sault Ste. Marie, Friday.

Funeral services were held Monday at the Winchester Funeral Home here with the Rev. James Sherman officiating. Burial was in Brookside cemetery.

Born in Walkerville in March, 1900, the former Mable A. McDonald was married to Mr. Plumm at Grand Rapids. They made their home in Carson City and Bellaire before coming to Charlevoix in 1932. They left here in 1944 to live in Eckerman before going to the Soo to make their home. Mr. Plumm, a former electric utility employee here, preceded her in death Oct. 6, 1957.

She was a member of the Congregational church.

Surviving are four sons, Orlo and John of Sault Ste. Marie and Robert and George of Charlevoix; nine grandchildren; three sisters, Mrs. Richard Blanstrom of Detoit, Mrs. Clifton Wilson and Mrs. Elmer P. Pangman of East Jordan and a brother, Albert McDonald of Bellaire.

Photo copies of your important papers, letters, etc., at the Courier. Fast Service, low cost.

• Mr. and Mrs. Herman Hill returned Monday to their home in Mt. Pleasant, Tenn., after spending the weekend with the former's brother and sister-in-law.

• Mr. and Mrs. Jerry Finney and children of Birmingham are spending this week with Mrs. Finney's parents, Mr. and Mrs. Arthur Ranger.

Disabled American Veterans Erect Monument to Founder, R. S. Marx

The national Disabled American Veterans organization will erect a monument to their founder, Judge Robert S. Marx, at the national headquarters, it was announced at the national convention of the organization held in Miami, Fla., last month.

A resident of Cincinnati, Judge Marx is also claimed as a summer resident of Charlevoix. His summer home here is Twin Anchors, located on the east shore of Lake Charlevoix.

The recent Ohio state convention of the organization brought up memories of Judge Marx to Alfred Segal, a Cincinnati Post reporter who has been writing a column entitled "Cincinnatus" since World War I.

The Cincinnatus column of Aug. 1 related the past as follows:

Mr. Adolph M. Pike of 3654 Middleton was up to see Cincinnatus and brought up a lot of memories . . . out of the First World War; though Mr. Pike really was at Cincinnatus' desk to tell him about a matter that's going on here this very day.

Mr. Pike, who was struck down in battle as a young man in the First War, was here to report on the Disabled Veterans of Ohio, who are in convention in Cincinnati. (He's chairman of the convention.)

"You're taking me back more than 40 years," Cincinnatus told Mr. Pike, "back to a bed in a Paris hospital where I met the first national president of the Disabled American Veterans, back to December, 1918. He was not president then . . . just a wounded soldier in bed, his face all in bandages except for his nose."

Cincinnatus, as Post reporter, found him there in bed. Reporter Cincinnatus' job was to find Cincinnati soldiers all over France and to write about them. He also visited some of their graves and in one graveyard came upon the first Cincinnati soldier to die in battle in France . . . name Eli Wittstein. (The Wittstein Post of the American Legion still keeps home memorially alive here after the 40 years since he died.)

Well, Cincinnatus one day came to the American hospital in Paris where many wounded American soldiers were in bed. As was his practice wherever he went, reporter Cincinnatus asked at this hospital: "Anybody here from Cincinnati?"

"Well," replied the officer in charge, "I don't know about anyone from Cincinnati, but we do have one from Ohio." He led Cincinnatus to the Ohio soldier's bed.

Cincinnatus' eyes searched thru the bandages all around the soldier's head . . . Bob!" he exclaimed. He was the young Cincinnati lawyer, Robert S. Marx. Cincinnatus knew him as a Cincinnatian who, young as he was, had been busy in public activities in the city. He had been wounded in battle almost on the war's last day. (Even unto now he carries' deep scars in his back.)

Well, Robert S. Marx recovered from his wounds, came back to Cincinnati, was elected judge of the Superior Court and afterwards, in private practice, became one of the distinguished lawyers hereabouts.

Not long after he returned to America, the Disabled American Veterans organized nationally and Bob Marx became their first national president. The organization dedicated itself to the idea of helping disabled comrades who need to be helped.

To this day, the Disabled American-Veterans-keep-on-helping; and those who need help are more than the elderly veterans of the First War; they are also of the Second World War.

Mr. Pike was telling Cincinnatus: "The DAV of Ohio and the DAV nationally renders a most outstanding service to the wars' disabled and their dependents through fully trained national service officers

A full staff of trained service officers is maintained in the Veterans' Administration offices in Cincinnati and in Cleveland. The Cincinnati service officers are Bernard Southard, Charles A. Burger, John Mirch, Thomas G. Ryan, Ralph Schwamberger."

So the Ohio DAV are having their convention here today . . . at the Sheraton-Gibson, remembering old war times of more than 40 years ago and newer war times of 1941-1945. The DAV have 23,000 members in Ohio, 4200 in their nine chapters in Hamilton County.

Oh how time runs so quickl One evening last January the young soldier, Robert S. Marx . . . first national president of DAV . . . whom Cincinnatus found in a bed in the Paris hospital, celebrated his 70th birthday in a big party for all his friends.

Oldsmobile Shows Balance of Design

New crisply tailored styling and a new balance of design are teamed with further advances in economy of operation in the 17 new Oldsmobile models for 1960. That's the word from Parsel Garage, area Oldsmobile dealer.

The Rocket engine in the new Dynamic "88" series has been redesigned for use with lower cost regular gasolines and is said to give an improvement of 15 per cent in miles per dollar.

Oldsmobile has added two new body styles to the 1960 lines. They are the three seat Fiesta station wagons in the "88" and Super "88" series.

Chrome plated bars in groups of three give the new Oldsmobile curved grill a wide, stable look even though the car itself is no wider than the 1959 models. Headlights are placed horizontally with the outboard pair slightly behind the inboard pair. The parking lights are safely recessed in the wrap-around section of the bumper where they can be easily seen from front or side.

LANSING OBSERVER

By FRANK G. MORRIS

A familiar adage in politics is that no one can lose by taking a firm stand against sin.

Under the same rule, it always is safe to advocate honesty and efficiency in government and a reduction in taxes.

All political parties have embraced these basic principles since the first manager of the United States Mint was caught counterfeiting money in 1778.

So Democratic State Chairman Neil Staebler is as surprised as Republican State Chairman Lawrence Lindemer that a Wisconsin automobile manufacturer can harvest Michigan's newspaper headlines by demanding efficiency at Lansing.

They are asking with concern: "What in the world is George Romney up to?"

It is obvious that Romney has caught public fancy. He came into Michigan talking in generalities about better government at a time when the legislative deadlock over taxes had sunk both parties to a new low in public esteem, and at a time when the myth of Gov. Williams' infallibility had exploded.

Many of the state's business and civic leaders — including Henry Ford II — have gone to the people recently with pleas for more active participation in politics by everyone. Their messages were received with polite apathy.

But Romney, president of American Motors in Wisconsin and a vigorous foe of the Michigan automobile industry, is being accepted in some quarters as a new prophet — sent to "rescue" Michigan at any cost, even to the extermination of the Big Three which have been his special targets.

Maybe Romney has caught attention because he has adopted the ancient technique of being against almost everything. He's against labor; against management; against high taxes, and against waste.

He's against "blind partisanship," and against "lack of citizen participation as citizens divorced from social and economic ties," whatever that may mean.

Perhaps Romney's new stature is prompted by his unassailable charter as a successful industrialist and devout Christian.

Or maybe it is because he has back of him, directing the experiment in social reform, one of the most brilliant students to graduate from the classroom of Dr. William Haber, the U. of M. economist who is designing a pattern for Michigan's future.

While Romney holds the center of the stage, the skilled technician writing the script is Edward L. Cushman, 45, vice president of American Motors and a former chairman of the Michigan Unemployment Compensation Commission. Cushman taught economics, full time and part time, for mnay years at Wayne University.

He was one of Dr. Haber's bright young men when he was graduated from U. of M. in 1937. Haber, then a power in plotting the social reforms proposed by Gov. Frank Murphy, found a job for Cushman in the MUCC. The young economist soon became head of the Civil Service Section of the commission.

From that post, Cushman went to Wayne U., ultimately becoming head of the university's Institute of Labor Relations. For four years, he was at the same time an umpire in labor relations between Parke, Davis & Co. and the United Chemical Workers-CIO.

Dr. Haber, who has become an adviser in Washington when President Roosevelt was developing his welfare state, placed Cushman in the War Manpower Commission. Cushman later became Michigan director.

The late Gov. Sigler made Cushman chairman of the MUCC for one stormy year At the same time, Cushman was chairman of a special committee appointed by Sigler to revise the unemployment compensation system. Nothing came of the latter chore.

At one time, Cushman was an advisor on labor problems to the late John G. Winant when Winant was U. S. delegate to the United Nations economic and social council.

He's had several other jobs, including an appointment from Gov. Williams to head a commission to study the impact of automation in industry. That commission, named two years ago, has made no report.

Since Romney swears that he is not a candidate for Governor or United States Senator in 1960, the undertaking has mysterious implications. Its purpose will not be clear until next year.

Meantime, Romney's newly-formed "Citizens for Michigan" is seeking at least 100,000 citizens to contribute any amount from one dollar to a hundred each The drive could produce a sum that Lindemer and Staebler will eye with envy.

Michigan Mirror

By ELMER E. WHITE

UNIFIED EFFORTS to improve Michigan's business climate have been urged by leaders of both parties.

Both Gov. G. Mennen Williams and Paul D. Bagwell, Republican candidate for governor in 1958, have suggested the interests of Michigan should be put ahead of political considerations and suspicions.

But this may be too much to expect. Another election campaign is in the making — and both Republicans and Democrats say it appears the "business climate" may be an issue as it was in 1958.

MICHIGAN'S reputation will suffer still more if the 1960 campaign echoes 1958.

This is a warning that comes from between the lines of the widely-quoted report on Michigan's economic future prepared by the Upjohn Institute for Employment Research under direction of William Haber, University of Michigan economist.

"Guard zealously the good name of the state," Haber urged. "Stop undermining its reputation by exaggerating its problems and minimizing its virtues. We have shortchanged the state long enough."

* * *

I-TOLD-YOU-SO reaction came from both parties when the Haber report was issued. Republicans said it proved Michigan had a problem. Democrats said it proved Michigan's problem was not as bad as Republicans made it sound.

But Williams and Bagwell were in agreement in saying the Haber report indicated there has been too much talk and not enough action.

"We have talked about this problem long enough," Bagwell said. "Now is the time for action"

"The Time is long overdue for a really united effort . . ." Williams said.

Michigan waits.

ADVERTISING is getting increasing emphasis in discussions about what should be done to spur Michigan's economic growth.

Both the Tourist Council and the Department of Economic Development heard welcome words in the Upjohn Institute's report on the potentials of the Michigan economy.

The report cited the need for more money for tourist and industrial promotion.

* * *

EXPANSION of institutional advertising of Michigan as a site of industrial location was cited as an area of necessary action by the Upjohn report.

"While many persons doubt whether industrial promotion efforts have been effective in other states," the report said, "it seems to us desirable that such efforts be stepped up in Michigan."

* * *

SPECIAL ATTENTION is needed to a study of the potentialities of the tourist industry, the Upjohn Institute said.

"While this industry will have little to do with growth in the industrialized southern half of the Lower Peninsula, the report said, it would be very helpful in improving the economic status of the remainder of the state."

LAWYER WRITER John D. Voelker is willing to share the Upper Peninsula after all.

Voelker, Michigan Supreme Court justice, indicated in his best-selling "Anatomy of a Murder" the Mackinac Bridge would spoil the Upper Peninsula by making it too easy for people to get there,

The famous Michigan author set the record straight in "Anatomy of the Upper Peninsula," an article in the 1959 Michigan Yearbook.

"I know of no pleasure greater than having others share with me appreciation of a beautiful land," the native of Ishpeming said. "They are all welcome."

AN UNEASY SUMMER ended with reappointment for Dr. Albert E. Heustis, who feared he was victim of a political disease.

Heustis, Michigans health commissioner for more than a decade, last spring got caught in the middle of Governor Williams budget battle with the Legislature.

Lawmakers said they would not raise the $18,000 salary for the postion unless Williams would say whether Heustis would be reappointed. Williams refused to be pressured, and Heustis' term expired June 30 without action.

The salary finally was boosted to $19,000 and Heustis got a new lease on the job in mid-September.

ON DISPLAY! FRIDAY! SPACIOUS! POISED! BEAUTIFUL! LIVELY!

DISTINCTIVE! SATISFYING! ENDURING! SPLENDID! SPIRITED! JOYFUL! SWEET!

ELEGANT! QUIET! SMOOTH! LUXURIOUS! ENDURING! SUPERB! SPIRITED! JOYFUL!

Elegant Impala 4-Door Sport Sedan—one of 16 spanking new Chevrolets you can choose from.

THE SUPERLATIVE '60 CHEVY

This is the one that says '60 like no other car. From its clean-thrusting grille to its dapper rear deck, there's so much that is new and different about this superlative Chevrolet it stands out from the rest like a fresh-minted coin. And you'll be just as wide-eyed over what's inside—the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. Yet, sumptuous as this new Chevy is, you'll find new economy of operation, new dependability, new longer life. Here, then, we're confident both you and your budget will joyously agree, is the nearest to perfection a low-priced car ever came!

Here's the car that introduces a whole new decade of design—with so much that's new and different the other ones can only hope to come close.

It's the superlative '60 Chevrolet—with new space inside, new spirit under the hood, new splendor in every clean-etched line.

Freshly shaped contours rake back from the unified new grille to the jaunty rear deck, fitted with craftsmanship you'd expect only on the most expensive makes. Inside, there's room to sprawl in, room to sit tall in—generously provided by Chevy's sofa-wide seats and extra margin of hat space. And there's even more leg room for the man in the middle—thanks to the way Chevrolet engineers have shaved down the transmission tunnel.

Out on the road, as Chevy's Full Coil ride will persuade you most gently, there's not a car near the price that comes close to the hushed comfort of this one. And, adding to your sense of silence and solidity are thicker, newly designed rubber body mounts that do an even more efficient job of filtering out road shock, tire hum and vibration.

Quiet, quick-responding power is provided by a choice of two standard engines—Chevy's famed Hi-Thrift 6 and a new Economy Turbo-Fire V8 that gets up to 10% more miles out of a gallon of regular while delivering greater engine torque at normal speeds.

Chevy's accent on comfort and convenience even extends back to its easier-to-load (and tremendous) luggage compartment. You'll also find a convenient new parking brake that automatically returns to normal height after application, a new clutch linkage that filters out even the smallest engine impulses more effectively than ever and a trim new two-toning motif that's available on all 16 fresh-minted models.

But, impressive as all this may look in print, there's really only one way to tell how near to perfection this superlative '60 Chevrolet actually comes . . . and that's to drop in on your dealer and drive one!

Rayders Dump Boyne To Defend Title; 33-0

The Charlevoix Rayders successfully defended their title as well as their goal line from intruders as they shut out the Boyne City Ramblers by a score of 33 to 0 Friday night.

In the game with Boyne City Friday night the Rayders allowed the Ramblers to advance to their 27 yard line only once following an aerial attack. However, the advance was soon halted and except for this brief threat the Rayders were well in control of the game all the way with five team members scoring at various times.

Boyne City kicked off to Charlevoix in Friday's game. The Rayders took over on their own 33 yard line and in a concerted drive with Stan Smith, Bud Balch, Gary Chew and Charles Coleman carrying the ball moved to the one yard line from where Coleman went through the Rambler defense on a quarterback sneak to score the first Rayder touchdown. Dick VanRaaphorst's conversion kick was blocked.

Boyne City took the kickoff and, with the assistance of an offside penalty on the Rayders, picked up a first down on their own 36 yard line. After three tries they were forced to kick out of danger. The kick was blocked and Charlevoix took over on the Boyne 36 as the quarter ended.

Again Charlevoix advanced well into Rambler territory on a series of plays before Chew went over from the one-foot line. VanRaaphorst's boot was blocked and the score remained 12 to 0.

After taking the kickoff on the Boyne 24 the Ramblers failed to pick up up necessary yardage and attempted to punt out of danger. The ball was fumbled on the pass from center and the Rayders took possession on the Rambler eight yard line. Three plays later Balch scored from the three yard line. This time VanRaaphorst's kick was good.

The half ended a few plays later with Boyne City in possession of the ball on the Rayder 35 yard line.

Charlevoix kicked off to the Ramblers who then made their deepest invasion into Rayder territory, passing their way to the Charlevoix 27 yard line before the Rayders took over on the fourth down.

Following a series of plays during which the Rayders picked up two first dewns, Smith went around left end to score from the Boyne 37 yard line. VanRaaphorst added the conversion point on a kick to make the score 26 to 0.

Boyne City was in possession of the ball on their own 39 yard line as the third quarter ended.

On the third play of the final period tackle Bruce Pease intercepted a Rambler pass on the Boyne 44 yard line. A series of line plays and end runs moved the ball to the Boyne 27 from where Chew went in to score but a clipping penalty on the Rayders nullified the TD and put the ball on the 25 yard line.

This time the Rayders moved to the 20 yard line from where Sam Supernaw scored. VanRaaphorst's kick was good and Charlevoix went ahead 33 to 0.

Charlevoix kicked off to the Ramblers who moved to the Rayder 34 before losing the ball on downs. Charlevoix failed to pick up yardage and gave up the ball to Boyne who took to the air in a last desperate attempt to score on the Rayders. The game ended with the Ramblers on the Charlevoix 45 yard line.

Starting for Charlevoix besides the backs mentioned were ends VanRaaphorst and Joe Beaudoin, tackles Bruce Pease and John Martin, guards Jerry Keiser and Gene McBride and center Mike LaBlanee.

Others who saw action were Supernaw, Darrell Somerville, Jim Browe, Ron Grunch, Jim Dennis and Don Moore.

Dope Sheet

This week the Rayders will host the Grayling Vikings who last week held the strong Gaylord Blue Devils to a 12 to 6 win.

Though the Vikings have failed to rack up a victory since the 1956 season, they showed more fight against the Blue Devils than they have in any game in some time. They have a wealth of material in which can be found a lot of potential. Coach Don Ferguson is hopeful that the boys are beginning to get the spirit of the game. If their performance against Gaylord can be considered a sign of 'things to come' than Grayling is going to play the 'spoiler' role before the season ends.

The Rayders seem to be shaping up into a fairly well balanced team and unless they become over-confident, they should have little trouble with the Vikings.

Harbor Springs Upsets Pellston; Grayling Gives Gaylord Scare

The Harbor Springs Rams came from behind to dump Pellston 26 to 20 and Grayling held Gaylord to a 12 to 6 win to highlight the action in the Northern Michigan Class C league Friday night.

In other games Mancelona defeated East Jordan 19 to 6 and Charlevoix rolled over Boyne City 33 to 0.

Harbor Springs	**26**
Pellston	**20**

Playing at Harbor Springs Pellston ran up a 20 point lead only to see it vanish as the Rams caught fire and, in the final period, scored the winning touchdown after recovering a Hornet fumble.

The first period of the game was scoreless but early in the second quarter fullback Jim Groulx went in from the two yard line with Bert Stanley adding the conversion. Halfback Gary Spencley scored from the six yard line a few plays later after Pellston had recovered a Ram fumble on the 32 yard line. Stanley converted to make the score 14 to 0. Groulx scored late in the period after the Rams were forced to punt.

With 1½ minutes remaining in the half, Pellston kicked off to the Rams. Speedster Doug Meeker took the ball and dashed 80 yards as time ran out. Bob Cole converted to put the Rams back in the game as the half ended.

Harbor Springs received to open the second half. On the second play Meeker repeated his earlier performance, going 50 yards to score. The conversion kick was blocked. Later in the same period Tom Graham went in from the 18 yard line to cut the Pellston lead to 20 to 19.

Late in the game the Rams intercepted a Hornet pass and Harvey Kasuske went 43 yards for the winning TD. Cole's conversion was good. Pellston, who finished the game without Spencley who suffered a wrenched knee midway in the final period, were unable to overcome the deficit.

Regular Hornet end Barry Anderson, who suffered a shoulder injury earlier in the week, did not play.

Gaylord	**12**
Grayling	**6**

At Grayling an inspired Viking squad came to life against an old rival, the Gaylord Blue Devils, and held the visitors to a six point win in a game that had been ranked as a 'breather' for Gaylord.

Gaylord struck early for their first tally as quarterback Terry Cremeans got off a 20 yard touchdown pass to end John Johnson on the sixth play following the kickoff. The try for extra point was wide.

Gaylord's lead, however, was short-lived as Roger Hatfield romped 69 yards after taking Gaylord's kickoff. The attempted pass for the conversion point was knocked down and the score remained 6 to 6 as the quarter ended.

The Gaylord Blue Devils started to hit the line as the second period got underway and midway in the quarter Bob Burnison bucked over from the one with the winning touchdown. Again the conversion kick was wide.

Neither team threatened in the second half which was played between the 18 yard lines.

Mancelona	**19**
East Jordan	**6**

Halfback Jason Buckwheat scored two quick tallies for the Ironmen in the Mancelona-East Jordan game Friday night before Walter Klein intercepted a Red Devil pass to score again late in the game.

In an unexpected move Buckwheat broke away for a 76 yard run and a touchdown on the second play following the kickoff to give Mancelona an early 6 to 0 lead. Later in the period he plunged into pay-dirt from the one yard line.

The next two periods were scoreless as neither team threatened until the final period when Walter Klein picked an East Jordan pass out of the air and romped 30 yards to score. Denny LaCroix passed to Tom Moeke for the extra point.

As time ran out Fullback Jim Spence plunged over from the three yard line for East Jordan's only TD.

Ironmen-Hornet Contest Early for Spuds & Teachers

The second week of the 1959 football season will find Harbor Springs traveling to East Jordan; Boyne City hosting Gaylord and Charlevoix entertaining Grayling in games scheduled for 8 p.m. Friday.

The fourth game was to have been played at 3 p.m. Wednesday. The meeting, set ahead from Friday because of the MEA regional conference at Alpena and potato harvest time at Pellston, was to feature Mancelona at Pellston.

The Harbor Springs Rams, inspired by their 26-20 upset of Pellston Friday night, are going all out this week for a second victory which they hope will keep them in the running for the title. The East Jordan Red Devils, on the other hand, have proven to themselves that they have the 'makings' of a team after holding the Mancelona Ironmen to a two touchdown victory and are buckling down to polishing their plays for their meeting with the Rams. The Jordanites chief problem will be finding someone who can halt the speed merchant, Doug Meeker, who broke away for 50 and 80 yard touchdown runs plus countless ground-gainers last week and who is most difficult to stop once he breaks away. East Jordan evidently has a good defense, for the Red Devils held the Ironmen scoreless after the first period until a pass interception in the final period gave Mancelona a third TD. This week's game should be an interesing one. If Coach Wes Fleet can find a way to stop Meeker chances are it will be won or lost by a one-touchdown margin.

Gaylord, one of the stronger teams in the loop, will invade Boyne City this week and should come up with a win though they will have to put on a better show than they did at Grayling last week. It is possible that a bad case of over-confidence had something to do with the single touchdown victory over the Vikings who were supposed to be 'push-overs' for the Blue Devils.

Boyne City showed spirit against the Rayders Friday night but the young, inexperienced team was no match for the bigger Rayder squad who out-played the Ramblers at every turn. If the Blue Devils play the type of game they are capable of playing, they should come through with a win in this meeting.

Formally Present New Bleachers to Athletic Ass'n

The new bleachers at Kipke field were presented to the Charlevoix high school Athletic Association during a brief dedication ceremony at the Charlevoix-Boyne City football game Friday night.

Gordon L. Freedman, vice-president of the Board of Education, and Albert H. Smith, a member of the board, noted that the bleachers filled a need long felt in the community and that the Board of Education took great pride in the fact that it was able to provide this improvement to the athletic plant.

H. E. Bingham, high school principal, accepted the bleachers in behalf of the Athletic Association and expressed his personal appreciation of the board's action. He added that he was pleased that the fans from Boyne City could participate in the dedication for during his 33 years of association with the local school he had come to appreciate Boyne City as respected opponents of Rayder athletic teams.

Supt. R. G. Bennett was master of ceremonies at the brief program in which the Charlevoix high school band directed by C. A. Odmark participated.

Plan Dedication Of Post Office At Ellsworth

Ellsworth — The dedication of the new postoffice at Ellsworth will be held Saturday, October 10, at 2:00 p.m.

Congressman Victor Knox will be on the speaker's list and will present the postmaster, Marvin Elzinga, with a flag that has been flown over the nation's Capital. Clyde Layton will represent the postoffice department and deliver the dedication address.

This event will be sponsored by the Ellsworth Community Chamber of Commerce. The High School Band will play a few selections and the American Legion will have charge of the flag raising.

W. J. Patterson, Rural Carrier Dies Suddenly

Ellsworth — William G. Patterson, 68, rural mail carrier of Ellsworth, passed away suddenly late Saturday afternoon, Sept. 27, at his home here.

Mr. Patterson was born November 24, 1890 in Grand Bend, Ontario, and came to Ellsworth at the age of twelve with his parents, the late Donald and Frances Patterson.

He was united in marriage to Miss Maude Best of Alden on June 4, 1917. To them were born one son, William of Royal Oak, and three daughters, Mrs. Richard (Mary Jean) Stout of Royal Oak, Mrs. Harold (Virginia) Edson of Mancelona and Mrs. Frank (Frances) Mascho of Wyandotte.

He is also survived by one sister, Mrs. Lillian Hunter of Royal Oak and two brothers, De Witt of Royal Oak and Donald of Ironwood. Also eleven grandchildren.

Mr. Patterson was a carrier out of the Ellsworth Office for thirty-seven years and during that period had owned 17 cars. During many of these years he used horses on the route in the Winter.

He was serving his third term as Vice-President of the Top of Michigan Rural Carrier Association and also served on the Ellsworth School Board for several years.

Funeral services were held Wednesday afternoon, Sept. 30, at the Pilgrim Holiness Church with the pastor, Rev. W. L. Silvers officiating. Burial followed in the family plot at the Ellsworth Cemetery.

and technical developments to take place over a period of 4½ years after the plant goes into operation.

The total cost of the project including the conventional turbine-generator, the expense of fuel element fabrication and fuel research is estimated at $30,000,000 of which the plant cost is about $25 millions. This is about $10 millions more than the estimated cost of conventional facilities of like generating capacity.

The company is presently preparing to ask the Atomic Energy Commission for a construction license. If it is obtained and the Company expects it will be, ground at Big Rock Point will probably be broken next spring. Construction will take about three years. One of the first jobs will be to build a railroad siding for the tansportation of construction materials and equipment.

It is estimated that 33 men will be required to operate the nuclear plant. It is expected that most of these jobs will be filled by men now with the company.

Mr. Briggs added that it will be necessary to build a road to the plant site and that a road, winding through the woods with occasional glimpses of Lake Michigan, is being planned. Local people, tourists and resorters will be encouraged to visit the plant.

In conclusion Mr. Briggs said that the plant will be as safe as human ingenuity can make it and that employees and residents of the area will be far safer in this plant than in their cars or bathtubs.

Representatives of local business and industry as well as Mayor James Hiller, the city council and other city officials were guests of Kiwanians for the dinner meeting.

Consumer Power Co. personnel who also were present included Don McGowan, James Miller and Neil Conway of Jackson, Robert Hilty, Ray Richardson and James Cook of Traverse City, Harold Fredberg and Richard Dahlquist of Cheboygan.

Harold Totten, program chairman, introduced Mr. Briggs. A. L. Livingston who presided at the meeting introduced other guests.

While in northern Michigan Mr. Briggs spoke before the Petoskey Kiwanis club and appeared on the "News Picture" over WWTV in Cadillac where he told of plans for the Big Rock Point plant in much the same manner as he did here Monday night.

On display at the meeting was a model of the plant and other illustrations showing the workings of the plant.

Merchants to Give Buck for a Buck

$2,000 in Merchandise To Be Auctioned for Bid-a-Buck Dollars

★ ★ ★

Charlevoix merchants today launched a ten weeks campaign of giving dollars away — not real U. S. currency— but Bid-a-Buck money which will have value like the real stuff when a couple thousand dollars worth of new merchandise is sold at public auction. The program is sponsored by the Retail Merchants Division of the Charlevoix Chamber of Commerce with nearly every business member participating.

Here is how to get your Bid-a-Bucks. With every purchase of 50 cents or more at a participating store, the customer receives Bid-a-Bucks, dollar for dollar.

Save the Bid-a-Buck for the big auction and use them to pay for the articles you get in the bidding. Tentative date for the auction is Saturday, Dec. 19. The more Bid-a-Buck dollars you have the more certain you are to outbid the other fellow.

The Bid-a-Buck committee is now in the process of buying choice merchandise from local merchants to be sold at the auction. It is reported there will be televisions, upholstered chairs, record players, bicycles, clothing, tools and hundreds of other new and attractive items. As soon as purchases are completed the merchandise will be on display in the stores where it has been purchased. This will give the public plenty of opportunity to look over the articles and decide how much they are worth in Bid-a-Buck money. It is understood there will be no minimum bid on any article. The highest bidder gets it if he has the Bid-a-Buck money to pay for it.

To get the ball rolling, you can get 10 Bid-a-Buck Dollars to start your bank roll. Turn to the Chamber of Commerce ad on page 6 and clip the coupon offering this free bonus. Sign your name and address on the coupon and turn it in at any participating store. With a purchase of any amount you get the 10 Bid-A-Bucks free, plus the other Bid-a-Bucks you are entitled to on the amount of the purchase.

Serving on the Bid-a-Buck committee are Richard Fochtman, Franklin Ochs, Gordon Neff,

JayCees to Hold District Meeting Here Tonight

A district meeting of Junior Chambers of Commerce in northern Michigan will be held at the Weathervane Inn tonight (Thursday) according to Don Brown, president of the Charlevoix Jaycees, host to the meeting.

A buffet dinner at the Inn at 7:30 p.m. will be followed by a program at which Fred Warner of Sandusky, state president, will be the guest speaker. William VanRaaphorst will give the address of welcome to the anticipated 85 representatives from clubs in Traverse City, Cadillac, Manistee, Boyne City, Petoskey, Cheboygan and Rogers City as well as Charlevoix

A forum at which community development and other topics will be discussed will follow the dinner meeting.

Ivan Whitley has served as chairman of the arrangement committee.

Wives of club members are invited to accompany their husbands to the meeting. Plans have been made for a dinner for them followed by a tour of the Weathervane Lodge.

Charlevoix High Planning Annual Homecoming

Plans for the annual homecoming celebration at the Charlevoix high school have been announced by Judy Koteskey, president of the Rayder Pep Club, which is in charge of the annual event to be held Thursday and Friday, Oct. 15 and 16.

A big snake dance and bonfire followed by a program at Kipke field will open the festivities. The Homecoming Queen to be selected this week will be crowned at that time.

The annual Homecoming parade Friday afternoon will be followed by the Homecoming game, featuring the Charlevoix Rayders and the Harbor Springs Rams. A dance at the high school gymnasium after the game will conclude the activities.

Committees named by Miss Koteskey to assist with the preparations for the homecoming follow:

Letters to alumni: Mable Bingham, chairman, Kathy Gallagher, Lynette Mayne, Marilyn Novak, Nancy Staley and Janice Burns.

Queen's float: Lenore Erber, chairman, Jeanette Novak, Ela Trimble, Mary Campbell, Ann Phillips, Janet Schroeder, Virginia Hamlin and Kathy Kenyon.

Committee to make dummy: Sandy Tuomela, chairman, Lorian Sanford, Judy Ikens, Patty Muth, Rose Stewart, Maurine Sanford and Teri Freedman.

Bonfire committee: Sandy Richardson, chairman, Martha Coleman, Sally Weidman, Frances Hayes and Deanne Bartlett.

Publicity, Marianne Makel, chairman, Susan deCastro, Carla Riley, Judy Russell, Lorraine Heise, Kathy Boss, Susan Pearl and Karen Uhrick.

Queen committee: Vicki Miller, chairman, Connie Saltonstall, Ruth Ann Riley, Linda Neff, Diane Uhrick and Julie Schofield.

James Williams Buys Potato Chip Franchise for Area

The sale of the Vita-Boy Potato Chip franchise for several northern Michigan counties to James Williams has been announced by Jack Lucas who has operated the business for the past three years.

Mr. Williams has been a resident of Charlevoix for five years and until recently operated the Williams Pastry shop here.

Mr. Lucas has accepted a position with the Taylor Accounting firm in Columbus, Ohio.

Retired School Employees to Meet

Plans for a meeting for all retired school employees to be held at the Walter MacMillan home, 523 State in Petoskey, at 2 p.m. Tuesday were announced this week.

Problems pertaining to retirement will be among the topics discussed. An interesting program will also be presented at the meeting by the Gaylord group.

Car Accident on Beaver Island Kills Bride; Injures Companions

St. James, B. I. — A one-car crash on the King's Highway south of the village of St. James early Thursday morning claimed the life of the bride of an Island soldier and seriously injured two Islands girls, both seniors at St. James high school.

Killed in the accident was Mrs. William Martin, 18, the former Candice Dobbs of Fenton, who had come to Beaver Island Sept. 12 to stay with her mother-in-law, Mrs. John Martin.

Injured were Ann Gatliff, 17, daughter of Mrs. Thomas Gatliff, who remains in critical condition at Little Traverse Hospital in Petoskey and Darlene Schmidt, 16, daughter of Mr. and Mrs. William Schmidt, whose condition Wednesday was said by hospital authorities to be slightly improved.

According to information given the Charlevoix county Sheriff's department, the trio, riding in a car owned by the Schmidt's and driven by their daughter, was going for a ride around the island before returning to their respective homes when the car, traveling at a high rate of speed, left the road on a curve, traveled about 200 feet on the shoulder of the road before crashing into a tree.

It is believed the accident happened about midnight or even earlier but was not discovered until 2:30 p.m. by Ralph Napont, 30, and John Kenababakissee, 21, who returned to the village for assistance.

Two doctors vacationing on the island, Dr. A. B. Thompson of Grand Rapids and Dr. Robert Corley of Jackson were called to administer first aid and to assist until the injured girls could be flown to the mainland by a helicopter from the Traverse City air station. The helicopter with the USCG Albatross flying cover made two trips, landing at the Coast Guard station at Beaver Island and the Fairgrounds in Petoskey.

Miss Gatliff suffered a serious skull fracture and was still unconscious Wednesday. She also has fractures of the left forearm

Kiwanis White Elephant Sale Opens Today

The annual White Eelephant Sale sponsored by the Kiwanis Club of Charlevoix opened this morning at the Ingalls' building, 1012 South Bridge st., with one of the biggest variety of articles ever offered, Barney Englehart, chairman of the committee in charge, announced yesterday. The building, formerly used as an industrial plant, is literally bursting at the seams, he said.

The White Eelephant Sale committee has been collecting useable articles during the past year. They are now on display at the new location

A preview of the merchandise disclosed a big variety of clothing for men, women and children for every esason of the year. There is a choice selection of beds, mattresses and springs along with all kinds of furniture. There also is a good choice of stoves for cooking as well as heating.

The sale will continue for three days, Thursday, Friday and Saturday. Proceeds will be added to the youth funds which the Kiwanis club has earmarked for the purchase of an indoor swimming pool to be installed in conjunction with the building program of the new school.

Call Organization Meet of Cub Scouts

The organizational meeting of the Cub Scout program for the 1959-60 school year will be held at the community room of the city hall at 7:30 p.m. Friday.

All former den mothers as well as prospective den mothers are urged to attend this important meeting at which plans for the entire year will be discussed.

The Cub Scout committee headed by James Whitley will be present.

Cub Scouts will not attend this meeting.

JayCees Planning Fund Promotion

The Charlevoix Jaycees have announced plans for a fund-raising project to be held in the near future, according to Don Brown, president of the local club.

The club will sponsor a light bulb sale to raise funds for fire plug markers.

Albert Edwards Named Secretary By Unit 4 of FTD

Albert Edwards of Edwards Florist was named secretary-treasurer of FTD Unit 4-A composed of northern Michigan Florists at a luncheon meeting held during the annual fall convention of the Michigan State Florists Association at Traverse City Sunday, Monday and Tuesday.

Mrs. Elmer Pelkey of Gaylord was elected chairman and Basil Murray vice chairman of the district unit.

In Traverse City for the conference which featured a school of design were Mr. and Mrs. Edwards, Mr. and Mrs. Frank Novotny and daughter, Sharon, and Mrs. William Lusk of Frank's Flowers.

Six County Men Fill Draft Quota

No Charlevoix county draft registrants will be called for induction into the armed forces or for pre-induction physical examinations in November, Mrs. Mary Bourgoin, clerk of the county draft board has announced.

However, six men have been ordered to report Oct. 12 to fill the county's largest draft quota in several years. They are Thomas A. Goss, Larry J. Swanson and William R. Blain of Charlevoix; Royce W. Rolls of Boyne Falls and Leon J. Florenski and Roland C. Gibbons of Boyne City.

Blain, who with Gibbons is a volunteer and who lives at Port Huron, will leave from there. Larry R. Gabriel of Boyne City, who was named earlier, has joined a U. S. Reserve Unit at Berrien Springs and will receive six months active duty plus eight years in the reserve unit.

Supervisors to Meet Monday

The annual fall meeting of the Charlevoix county board of supervisors will open at the county building here at 9:30 a.m. Monday.

The adoption of the 1960 budget, appropriations and the apportionment of taxes will be among the major items on the agenda at this important meeting.

Russell L. Curtis as chairman of the board will preside at the meeting to be held in the supervisors' room of the new county building.

Saugatuck Firm to Start Construction On Garfield Site

★ ★ ★

Ground will be broken in the near future, possibly as early as next week, for Charlevoix's new $995,000 junior-senior high school and gymnasium the architect, Gordon Cornwell of Traverse City, said Wednesday.

Later in a telephone conversation with the Charlevoix Courier, the contractor, Wallace N. Bjorkland of the Bjorkland Construction Co. of Saugatuck, said that the final paper work remained to be done before the job of staking out the site could be completed.

As soon as this can be done, the excavation work will begin. Mr. Bjorkland said that his company planned to do as much as possible this fall and were hopeful that the foundations and footings could be completed before winter.

Underground piping will be done at the same time.

During the winter the contractor plans to stockpile all materials that will be needed as soon as work on the structure can be resumed in the spring. Mr. Cornwell said.

Mr. Cornwell added that the present steel strike may have some effect on the progress of the construction project if it continues much longer.

It is expected that the classroom sections of the new junior and senior high school to be built on Garfield ave. will be completed by mid-September of 1960.

The Bjorkland Construction Company's bid of $595,301 plus two alternate bids which totaled $601,561 was the lowest bid among the six submitted by companies from throughout the state.

Other bids awarded at the Monday meeting of the Charlevoix board of education include: Wares and Son of Traverse City, heating, plumbing and ventilation, $143,387; C. E. Davis Electric Co. of Traverse City, electrical contract, $65,500 and the Post Fixture Co. of Grand Rapids, kitchen equipment, $19,582.

Bids on built-in-furniture will be accepted at a later date.

The new school plant will replace the present high school which has been in use since 1901

The $995,000 which will underwrite the cost of all fees as well as the contractors bids, was approved by a vote of 600 to 514 by the voters of the Charlevoix School District at a special November. The bonds were sold last spring at an average interest rate of 4.34 per cent for 27 years.

Community Chest Drive Starts Monday

The Business and Industry Division of the 1959 Community Chest drive will open Monday under the direction of a committee of volunteers headed by Mrs. James Coleman and Karl Schultz. Hal M. Hill, chairman of the Community Chest board of directors, announced this week.

The fund drive in the residential division will begin a week later under the direction of Mrs. Robert J. Ynnkman and Mrs. Max Hosmer.

Twelve agencies whose requests total $10,323.06 are included in this year's Community Chest fund drive. The budget for the drive, however, will be $9,823.06. This was made possible when $500 in the Chest treasury was applied to the budget.

In announcing plans for the drive, Mr. Hill urged that everyone give a great deal of thought to the drive and take into consideration the fact that 12 agencies are included in the campaign. "Figure out what your 'fair share' will be and then act accordingly" he said.

Agencies included in the drive are Michigan United Fund, Charlevoix hospital, Community Nurse, Boy Scouts, Red Cross, Girl Scouts, City Recreation, Salvation Army, Charlevoix Association to Aid Retarded Children, Charlevoix Service Organization, Mt. McSauba Ski Club and the Emergency Fund.

Cleary to Speak At Dem Dinner

Thomas Cleary, Deputy State Treasurer, will be the guest speaker at a dinner meeting of the Northwestern Michigan Democratic Business and Professional Association to be held at the Dilworth Hotel in Boyne City Friday.

Fall Perch Run Gets Underway

The fall perch run appears to be getting underway. Fishing boats are out on Round Lake almost daily and good catches have been made by anglers who were at the right place at the right time.

Prognosticators about town say the run will be in full swing within a very few days, qualifying their prediction with the weather.

LANSING OBSERVER

By FRANK G. MORRIS

Michigan's big industries, unashamed of their part in building a state that once was the most prosperous in the nation, will battle openly in 1960 to preserve the traditions of self-government that made America the envy of the freedom-loving people of the world.

It will not be a fight against the labor unions, nor will it be a battle to blast the Democratic administration out of Lansing. The objective will be to restore politics to the average citizen by encouraging everyone to become active in the political party of his or her choice.

The business and industrial leaders planning the campaign are convinced that Michigan and the nation will be turned from the road to socialism if the national sickness, knows as "public apathy," can be cured.

Months before George Romney won acclaim by launching his citizenship movement, Henry Ford II said in an address:

"It seems to me that the best hope for stopping the present political drift toward a government-controlled economy lies in the political actvation of a large, moderate, politically inactive middle-income group in our society.

"This group amounts, by one estimate, to 36 per cent of the electorate. It is the fastest growing group in the country, composed substantially of white collar and middle management employees. It could be playing a dominant role in politics. If it can be mobilized, it would provide a solid and wholesome buffer to extremes of either the right or the left."

Mr. Ford has done more than talk.

Training programs in polities are now being organized throughout the company by Thomas R. Reid, manager of civic and governmental affairs for the Ford Motor Company. Mr. Reid, who was a city councilman in Baltimore, Md., before moving to Detroit years ago, is a personable, energetic authority on American politics and government.

The program has important significance in Michigan because it is the first move by industry to awaken interest in public affairs.

Like the labor unions, industry has had lobbyists in the state legislative halls and in Congress.

But because of the Federal law prohibiting unions and corporations from contributing to a political party, Michigan's industries have shunned political activity with understandable fear.

The UAW and other divisions of the CIO, however, went to work with zeal to organize its members and profit from their strength at the polls. Detroit precincts were organized in the same fashion that Tammany once organized New York and the Democrats organized Chicago. Dues money was used for political purposes under the heading of "Educational Activity."

Because labor succeeded in capturing control of the Democratic Party in Michigan, first reaction to industry's citizenship campaign might be a presumption that management is seeking a firm hold on the Republican Party.

Mr. Reid was asked whether this new activity is not aimed at creating a big business party and an even bigger business lobby.

His answer:

"There is no intention of trying to create a big business party. For one thing, a corporation has no business dealing in party politics.

"It would be a grave mistake for business to align itself with either political party. In fact, that would be the surest way of creating a labor party.

"We intend at the Ford Motor Company to make it perfectly clear that we mean exactly what we say. We are convinced that the bi-partisan way is the best way—and that is the way we will take.

"We feel that it is part of the democratic expression of all interested parties that we make known the stand of the company on public questions that concern us, and we do not intend to be bashful.

"At the same time, we realize that we cannot formulate a point of view that fails to include our responsibility to the welfare of the whole nation.

"We are convinced that we must apply ourselves imaginatively to the public problems of the day and attempt to offer constructive solutions based on the balanced interests of the whole community."

The program being undertaken by Ford will be followed by other manufacturers.

If it rallies the moderates of both major political parties during the 1960 campaign, Michigan will be headed again in the right direction.

Brun-Hamlin Exchange Wedding Vows At St. Mary's Ceremony

Louise Elizabeth Brun, daughter of Mr. and Mrs. Joseph P. Brun, became the bride of Thomas Michael Hamlin in a ceremony solemnized at St. Mary's church Saturday, Sept. 26.

The bridegroom is the son of Mr. and Mrs. Loren Hamlin.

The Rev. E. Francis Denay officiated at the double ring service during the nuptial Mass at which Michael Brun, brother of the bride, and Richard Grunch served as altar boys. Mrs. Frank Oleksy was the oganist and Mrs. C. D. Geiken the soloist. Arrangements of white gladioli decorated the altar for the service.

Given in marriage by her father, the bride chose a gown of white lace over taffeta for her wedding. The ballerina length gown was fashioned with a fitted bodice and bouffant skirt and was worn with a fitted lace jacket which had long sleeves and a mandarin collar. A seedpearl crown secured her fingertip veil and she carried a bouquet of white carnations and pink rosebuds.

Judy Brun, as her sister's only attendant, wore a sky blue princess style taffeta gown styled with a U-shaped neckline in back and a bustle bow. Her headdress was a matching blue feather band and nose veil. She carried a bouquet of pin carnations.

George Hamlin assisted his brother as best man. Ushers were Thomas Brun, brother of the bride, and Nathaniel Harriman.

Mrs. Brun selected a navy dress and matching accessories for her daughter's wedding. Mrs. Hamlin, mother of the bridegroom, wore a rose knit suit and matching accessories. Their corsages were of white carnations.

A reception for the bridal party and more than 50 guests followed at St. Mary's school hall. The refreshment table, centered with a tiered wedding cake, was decorated with autumn flowers.

After a week's wedding trip through Ohio, Tennessee and Canada, the couple will make their home on Burgess road. For traveling the bride wore a gray suit, matching accessories and a corsage of red roses.

The bride is a 1957 graduate of the Charlevoix high school and Gale Institute in Minneapolis. Until recently she was employed at the City Loan and Savings Co. in Dayton, Ohio. The bridegroom is a graduate of St. Mary's school and the Charlevoix high school.

Missionary To Speak Sunday at Methodist Church

The Rev. Leroy Lightfoot, retired Methodist missionary to India who now makes his home in Harbor Springs, will be the guest minister at the First Methodist church Sunday, the Rev. Fred W. McNeil, pastor of the church, has announced.

The Rev. Mr. Lightfoot will speak on the topic "Teachers of Prayer" which he will illustrate from personal experiences of prayer while in India.

The Rev. Mr. Lightfoot, who is a member of the Michigan Conference of Methodist churches, went to India as a missionary in 1919 and, except for brief furloughs during the years, remained there until 1951 when he retired because of health reasons. While there he served as district superintendent of the Puntamba and Sangamner districts; supervised the Agribas school and the rural high school and later was chairman of the Ahmednagar Union Training College for Teachers.

The Rev. Mr. McNeil describes Rev. Lightfoot as an interesting and challenging speaker and urges all who can to attend the 11 a.m. worship service Sunday.

The Rev. and Mrs. McNeil will spend the week at Adrian where they will attend the Michigan Methodist Ministers Convocation at Adrian College.

Questionnaires For Agriculture Census Mailed

Questionnaires for the 1959 census of agriculture are now being mailed and will be in the hands of area farmers within a few days according to an announcement from the Census Bureau regional office at Detroit.

The advance mailing is for the purpose of giving farmers an opportunity to consult their records before filling in the answers required by the questionnaire and have them ready when the census taker calls to pick them up. The procedure is designed to insure greater accuracy of reporting and save time for both census taker and the farmer.

The questionnaire will provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, expenditure, expenses, etc. Most farmers will be asked about 100 questions, many of which can be simply checked "yes" or "no."

Clare Cotton, 66, Former Resident Dies at Saginaw

News of the death of Clare Cotton, 66, on Sept. 26 at the Veterans hospital in Saginaw where he had been a patient about two weeks, has been received here.

Funeral services were held Sept. 29 at the Rose Chapel, Algoe-Gundry Mortuary in Flint with the Rev. H. C. Moyer officiating. Burial was in Oakwood cemetery in Fenton.

A native of Riley Center where he was born Feb. 28, 1893, Mr. Cotton had lived in the Richmond and Flint areas before coming to Charlevoix about 15 years ago. He was a member of the Masonic Lodge of Richmond and the First Methodist church here and a veteran of World War I.

Surviving are his wife, Mary B.; four step-daughters, Mrs. Carl Browne of Flint, Mrs. Ivan Hemster of Lainesburg, Mrs. David Charlton of Birmingham, Ala., Mrs. Roger Lane of Florida, three stepsons, Harry Lapham of Battle Creek, Thomas Lapham of Flint and William Lapham of Flushing; two sisters, Mrs. Luther Miller of Ferndale and Mrs. Irwin Haselhuhn of Richmond; 15 grandchildren and two great-grandchildren.

Merchants To Give A Buck for a Buck

(Continued from page 1)

Ralph Hess jr., Robert Lieberman. Tom Symons, secretary manager of the Charlevoix Chamber of Commerce, is secretary of the committee. Mr. Ochs is treasurer.

The following merchants are loaded with Bid-a-Buck money and will start passing it out to customers this morning: Charlevoix Oil Co., Charlevoix Lumber Co., Bellinger Jewelers, Hess Furniture, Puff's Appliance Center, Gill's Appliance, Liebermans, Florence Gifts, Campbell Boot Shop, Williams Cigar Store, Charlevoix Courier, Central Drug Store, Williams Bakeries, Staley Hardware Co. Bergeons, W. W. Mac Store, Schroeder & Hovey Drug Store, Harbor Hardware, Uhrick Pontiac-Cadillac. Nortons Standard Service, Bartlett Carpet and Tile, Meggison Auto Service, Kit Carson Lumber Co., Charlevoix Co-operative Co., Maxbauers Creamery, Neff Bros. Grocery, Northern Auto Co., of Charlevoix, Frank's Flowers.

Edward's IGA Grocery, Hansen's Northside Service, Mol Plumbing & Heating, Parsel Garage, Martin's Shell Service, Hamilton Texaco Service, Jerry's Gulf Service, Doug's Bottled Gas, Novotny Plumhing & Heating, Miles Floor Covering, Brown Motors, inc., Petgas Distributing Co., Milli's House of Charm, Erber Oil Co, Tom Carey, Standard Oil and others not contacted in time for this issue.

White bills represent One Bid-a-Buck dollar, salmon bills represent five Bid-a-Bucks and goldenrod bills represent ten.

With approximately $2,000 worth of new merchandise to be sold at auction, these Bid-a-Buck dollars can become mighty valuable. When the auction is over, however, the bills are mere scraps of paper money to give to the youngsters.

There will be opportunities, too, to get extra Bucks during the campaign. It will be profitable to watch for merchant's ads that may from time to time offer extra Bucks, such as double or triple on various items. Buyers who take advantage of these opportunities will have the extra Bucks needed when the article they want come up for auction.

Ellsworth Spotlight

By MRS. ED PETTER

Mr. and Mrs. Gerald Hanson and family visited with Mr. and Mrs. Roy Staudenmeyer Saturday evening.

Mr. and Mrs. Andrew Klooster of Grand Rapids spent the weekend with Mr. and Mrs. Melvin Essenberg.

We are very happy to hear that Mrs. Albert Fielstra is home again. Her son-in-law and daughter, Mr. and Mrs. Al Krkoska and daughter are spending a few weeks at their home.

Mr. and Mrs. Bill Jensen and family of Grand Rapids spent the weekend with his parents, Mr. and Mrs. John Jensen.

Mr. and Mrs. George Koster left for Sheboygan, Wis., Monday to visit her brother-in-law and sister, Mr. and Mrs. Peter Otte and her brother, Henry Petter. They plan to return Thursday.

Mr. and Mrs. Julius DeBoer of Muskegon were weekend guests at the home of Mrs. De Boer's brother and sister-in-law, Mr. and Mrs. Robert Coakley.

Mr. and Mrs. Henry Bratt of Grand Rapids spent a few days with his mother, Mrs. Hattie Bratt. Also visiting at her home the past week were her brother and sister, William Boeve of Holland, and Mrs. Stella Baker of Grand Rapids.

Callers at the home of Mr. and Mrs. Charles Edson Sunday afternoon were Mr. and Mrs. Eldon Drake and Mr. and Mrs. Ira Drake of Elk Rapids, Mrs. Flossie Springstead of Central Lake.

Ellsworth Extension will meet Oct. 13 at the home of Mrs. Seblo VanHouten. Mrs. Hazel Tillotson is co-hostess for the evening.

Mrs. Maggie Klooster was a Sunday dinner guest at the home of Mr. and Mrs. Harold Nyland.

Mr. and Mrs. Lynn Overbeek of Grand Rapids were recent guests of Mrs. Maggie Klooster.

Women's County Farm Bureau will meet Tuesday at the home of Mrs. Ruth Staudenmeyer, at 1.30 p. m.

Roy S. Staudenmeyer has been chosen community campaign chairman for the Cub Scout and Boy Scout annual finance campaign. He has selected 15 workers in the community to help with the drive. Parents interested in having their boys become Scouts should contact Mr. Staudenmeyer. Boys may become Cub Scouts when nine years of age.

This four-door hardtop in the Phoenix series is one of the 20 low-priced Dodge Dart models offered for 1960. The Dart is styled in classic lines and features its own distinctive exteriors and interiors.

The 1960 Dodge in the Polara series presents a fresh vibrant look through new styling and engineering. This four-door hardtop is one of 11 models featuring natural seat height for a new level in comfort.

Show date for the new Dodge models at Brown Motors, Inc., is set for Friday. Along with the standard line, Dodge this year introduces the new Dart in the smaller car field.

The Dart is offered in 20 sedan, station wagon, hardtop and convertible models. They are designed to enter the so-called economy car field. The 1960 models will be available in three series—the lowest priced Seneca, the Pioneer and the Phoenix in the top series.

A completely new, six-cylinder engine, mounted at an angle of 30 degrees in the engine compartment, is said to provide peak economy of operation. In addition to the Slant "6" engine, a V-8 with two-barrel carbuertor is available as optional with the Seneca and the Pioneer. The V-8 is standard in the Phoenix series.

The new Dart is designed for the family on the move, say the manufacturers. The models are sleek looking with compact sculptured lines. The "Unibody" construction, Torsion-Air ride and the 118-inch wheelbase all lend to good roadability and easy of handling.

In the low-medium priced car Dodge presents the Matador and the Polara series. These are offered in 11 models of Sedans, hardtops, station wagons and convertibles. They are all of "Unibody" construction. Body and frame are integrated into a single unified structure. This provides more leg room, head room and higher seats.

From where I sit ... *by* Joe Marsh

Tiny Gets His "Licks"

Our Police Chief, Tiny Fields, started an "anti-jay-walking" drive for the kids on Monday. It ended the same day.

Tiny's idea was basically good. He got a few dozen green lollipops and stood on the corner, across the street from the grade school. As the kids came out and crossed the street with the green light, he'd give each a green lollipop.

Trouble was, when the kids spotted the candy, they made a beeline for Tiny, ignoring the light . . . running helter-skelter across the street. Tiny quickly had to abandon his project.

From where I sit, we can all profit from Tiny's experience: "Think through" your good intentions before you "follow through" with them. But don't let that stop you from giving really *good* intentions, like tolerance, the "green light." Respect *all* the rights of a neighbor . . . even his right to enjoy his favorite beverage. Whether a man chooses beer or milk—it's his choice to make, and our job to respect it.

Handsome line and elegant simplicity of design are outstanding on the new 1960 Cadillacs which go on display tomorrow at the local showroom of Uhrick Pontiac-Cadillac here.

In addition to styling advances, there are developments in mechanical operation, including further progress in achievement of smoothness and quietness of performance and developments in the braking system.

For 1960, Cadillac is offering 13 models in three standard series and one custom series, the Eldorado Brougham. All models are basically unchanged over last years models.

The wider and lower appearance of the new front grill is achieved by the addition of a fine horizontal bar between each row of jewel-like ornaments and the elimination of the center bumper bar. At each end of the front bumper is avisored housing with two parking nad directional signal lamps.

Lower and more restrained tail fins gives the effect of one long sweeping line from the hood thru the entire length of the car.

Horsepower of the engines remains the same as last year with a 345 h. p. engine in the Biarritz. Seville and Brougham, and a 325 for all other models. The only improvements include a disposable cartridge oil filter and a new flexible oil ring with side sealing.

- Mr. and Mrs. Clarence Murray and son, Bruce, their son-in-law and daughter, Mr. and Mrs. Cass Russell and son and Mr. and Mrs. Sam Campbell were in Madison Heights last week to visit the Murrays' son-in-law and daughter, Mr. and Mrs. Bruce Barber and three children who left later in the week for Lompoc, Calif., to make their home. Mr. Barber, who has been in the west for some time is employed at Vandenberg Air Force Base.

Presenting the Magnificent Nineteen-Sixty
Cadillac

THE FLEETWOOD SIXTY SPECIAL

Creating a New Era of Elegance!

The motor cars represented here will soon introduce a new era of elegance to the world's highways.

They are the Cadillac cars of 1960—and, from every standpoint, they represent the Cadillac tradition in its finest hour.

In appearance, they are regal and majestic as never before—a brilliant symphony of line and contour from the sparkling new front grille to the graceful flow of the rear fenders.

In interior decor, they are truly magnificent—featuring luxurious new fabrics and leathers—new convenience and excellence of appointments.

And in the way they drive and handle, they are perfection on wheels. There is a greatly refined engine and transmission that provide even finer performance . . . a ride of unbelievable smoothness and quiet . . . and notable advancements in power steering and braking.

These new Cadillac virtues have been interpreted in thirteen distinctive body styles. Every motorist owes himself an hour at the wheel.

The 1960 Cadillac is waiting for you now at your authorized Cadillac dealer's—and your dealer himself is waiting to introduce you to this magnificent new Standard of the World!

Vikings Give Quick Scare; 0-6 But Rayders Win Match 27-6

Halfback Ron Balch (35) takes off around right end for a major gain against the Grayling Vikings as tackle, John Martin, (75) puts himself between the ball carrier and the oncoming Vikings. Balch was one of the chief ground-gainers in the game and scored two of the Rayders four touchdowns. The Rayders won 27 to 6.

★ ★ ★

The Charlevoix Rayders racked up their second loop victory of the current season by dumping Grayling 27 to 6 though they were scored on for the first time in 11 games when Viking quarterback, Steve Sink, crossed their goal line early in the game, at Kipke field Friday night.

Following this play the Rayders found them selves trailing their opponents for the first time since the 1957 season.

In the bout with Grayling Friday night the Vikings kicked off to the Rayders in a game played in the rain. On the second play of the game Grayling recovered a Rayder fumble on the Charlevoix 25 and in five plays scored from the 11 yard line with Steve Sink going over on a quarterback sneak. The attempted pass for the extra point was incomplete and for the first time in 11 games the Rayders found themselves trailing in a football game.

Charlevoix took the kick-off on their own 35 yard line, picked up three first downs, moving the ball to the Grayling 17 before their attack bogged down and Grayling took possession of the ball.

On the next play Grayling fumbled, Charlevoix recovered on the 13 yard line and after a pass from Charles Coleman to Joe Beaudoin had moved the ball to the three, Halfback Ron Balch went over to score. Dick VanRaaphorst's kick was good and the Rayders went ahead 7 to 6.

Charlevoix kicked off to Grayling as the quarter ended.

Grayling failed to move the ball and punted to the Rayders who took the ball on the Grayling 37 yard line. A penalty moved the ball back to the Charlevoix 48. On the next play Balch broke away for a 52 yard run and another touchdown. VanRaaphorst's kick was good but the Rayders were offside and the play was nullified.

Charlevoix kicked off to Grayling who took over on the Rayder 40. An exchange of punts gave Grayling the ball on their own 15 yard line from where they were forced to punt. The punt was blocked and on the next play Gary Chew went in from the four yard line to score. The kick for the conversion was good and Charlevoix went ahead 20 to 6 as the half ended.

The opening of the second half was marked by fumbles, major penalties and punts until the Rayders gained possession of the ball on the Grayling 28 when the Vikings failed to move the ball. A pass from Coleman to VanRaaphorst moved the ball to the eight yard line from where Coleman scored

The pass from center was high but VanRaaphorst took the ball and romped around right end to score the conversion point.

The quarter ended three plays later with Grayling in possession of the ball on the Charlevoix 40. With the line-up changing on nearly every play as Coach Don Carey emptied the bench, neither team threatened as play continued between the 20 yard lines. Charlevoix was in possession of the ball on their own 33 after recovering a Viking fumble as the game ended.

All Rayders in uniform saw action during the game.

Dope Sheet

This week the Rayders will journey to East Jordan to take on the Red Devils who are riding high after a 14 to 6 victory over Harbor Springs.

Though this was their first win, the Jordanites have outplayed both Mancelona to whom they lost 19 to 6 and on Friday were well in control of the game against the Rams. They were also inside the Rams 10 yard line numerous times but lacked the punch to make their way into pay-dirt.

The Rayders will have their work cut out for them when they take on the Red Devils this week. However, they should successfully defend their title against a team that shows great promise though the Red Devils may not reach their peak until later in the season

Red Devils Dump Harbor Springs; Mancy Wins

Following Friday's games Charlevoix, Gaylord and Mancelona shared the first place spot in the Northern Michigan Class C standings after posting victories over their respective opponents.

East Jordan moved into a second place tie with Harbor Springs after dumping the Rams 14 to 6 in the most exciting game of the week.

In the other games Charlevoix rolled over Grayling 27 to 6; Gaylord trounced Boyne City 26 to 6 and Mancelona gave Pellston a 39 to 0 beating.

East Jordan 14, Harbor S. 6

The Red Devil defense managed to contain the Rams bucking backs and their speed merchant, Doug Meeker, to come up with an unexpected 14 to 6 win over Harbor Springs.

Fullback Jim Spence put the Red Devils ahead 6 to 0 after a scoreless first period when he plunged into pay dirt from the four yard line following a concerted drive on a rain-soaked field. The conversion kick was blocked and East Jordan went a head 6 to 0 as the half ended.

Early in the second half Larry Drenth broke away for a 45 yard touchdown run on a quarterback sneak to put the game on ice for the Jordanites. The kick was blocked the second time.

Early in the last period the Red Devils trapped a Ram in the end zone to add two more points on a safety and a 14 to 0 lead.

The Rams, who were outplayed in every department, finally picked up a tally late in the game when Meeker went in from the 12 for a TD. They failed to make the conversion point and the game ended in a win for the Red Devils.

Gaylord 26; Boyne City 6

In the game played at Boyne City the Ramblers jumped into a 6 to 0 lead when Halfback Doug Grubbe scored on a 65 yard run on the third play of the game. The attempted kick was not good.

The Rambler hopes for their first win of the season were soon shattered, however, as Quarterback Terry Cremeans, Right End John Johnson and Halfback Bob Burnison teamed up for four touchdowns and their second league victory of the season.

In the first period Johnson took a 20 yard touchdown pass from Cremeans to tie the score 6-all. Burnison, however, put the Blue Devils ahead by booting the extra point.

Early in the second period Johnson took another 20 yard toss from Cremeans and stepped into the end zone to make the score 13 to 0 after Burnison's kick was wide. Johnson's third TD came later in the same period when he took a 12 yard pass from Burnison who then kicked the extra point as Gaylord went ahead 20 to 6 at halftime.

The Blue Devils final tally came in the third quarter when Cremeans broke away for a 45 yard run and a TD. The kick was not good.

Boyne City went into the game without the services of regular lineman Lloyd McGeorge and Don Tompkins, who were out with the flu.

Mancelona 39; Pellston 0

Jason Buckwheat, Mancelona halfback, had a field day for himself at Pellston last Wednesday as he scored four of his team's six touchdowns to shut out the Pellston Hornets who never threatened.

Buckwheat's first touchdown came early in the game when he took a pass from Left Halfback Ken Johnson to score on a play that covered 40 yards.

Early in the second period the Ironmen intercepted a Pellston pass on the 16 yard line and moved the ball to the three from where Buckwheat scored on a line plunge. A 20 yard touchdown pass from Quarterback Bill Weiser to Right End Tom Mocke gave Mancelona its third touchdown of the game. Walter Klein plunged for the extra point as Mancelona went ahead 19 to 0 at halftime.

A 60 yard punt return by Johnson gave the Ironmen their only touchdown in the third period. Klein again plunged for the extra point

Bowling News

BY DES

This is the 5th week of bowling. A new writer on this column —so here we go.

The Moonlighters held on to first place by a 2-2 split with "Poor" Airport Inn. L. V. Miles with a 206 game and 527 series followed by Big Jim's 524, Doc 502, and Grover's 501 for Moonlight.

Des had high game and series, 218 and 602, followed by Al Anderson with a 200 game and a 536 series. Keep your chin up fellows, at least your not the "cellar dwellers."

Freedman No. 2 also split 2-2 with Browe Electric to keep their share of first place. For Freedman's Bob Coakley had a 518 followed by Jack Niswander 448.

Ted Browe had a 193-529 series followed by J. Sladek 117-408 for the Electric crew.

United Farm's moved up to the three way tie for first place by taking 3 points from Freedman No. 1 (the Cellar Dwellers). Ken Boss high for United 452 followed by B. Potter 451 and E. Culbertson 419.

John Swanson's 159-159-161—479 high for Freedman No. 1 Pretty steady bowling "John."

Lake Construction took 3 from Swanson Gravel to hold 2nd place all alone. Big John found his stride with a 212-214—601 series for the Construction Co. Stub's 441 was high for Swansons.

Neff Bros. tried hard to take 4 points from Central (new shirts) Drug but tied the last game for a 3½ count. Big was high for Neffs with a 539 series followed by Gordon's 510 series.

Frank Oehs led his boys with a 204-439 series.

Steve's Bar served notice they are on the way up by overhauling Puff's for 4 points. Meg was high with 551 series followed by Ken 202-543 and O'Riles 200-505 series.

Puff was trying hard but his 546 series went for a lost cause.

and ankle and multiple bruises.

Miss Schmidt's condition was slightly improved Wednesday although she remained in serious condition. She received a fractured right arm and leg, fractured ribs, multiple bruises and facial lacerations. She was conscious upon admittance to the hospital. It was learned later that she had crawled from the wreckage and was attempting to make her way to the highway for help when she lost consciouness.

Funeral services for Mrs. Martin were held at Holy Cross church Wednesday with the Rev. Louis Wren OFM (Conv) officiating. Burial was in Holy Cross cemetery.

Her husband arrived Monday from Germany. He had been home on emergency leave because of the death of his father, John Martin, who was drowned in Lake Michigan Aug. 23 and his sister, Mrs. Ernest Conn, 32, who died Sept. 10 from cancer. He was returning via ship to his assignment in Germany when his wife was killed. He was notified of her death when the ship docked at a German port Saturday and was flown home, arriving Monday.

Besides her husband whom she married July 25 at Fenton, Mrs. Martin is survived by her parents, Mr. and Mrs. Glenn Dobbs of Fenton and six brothers and sisters.

Dickens Study Club Begins Year With Noon Luncheon

The Dickens Study club opened its year's activities Monday with a noon luncheon at the Weathervane Inn. Mrs. P. D. Campbell, newly elected president, presided.

Objectives and activities of the Federation of Women's clubs was reviewed by Mrs. Harold M. Totten, committee chairman of the northwestern district of the State Federation of Women's clubs.

A contribution of $49 to the Park Stage Fund was voted during the regular business meeting. This amount added to the club's contribution last year will automatically rate the group as a sponsoring contributor of $100 or more.

Delegates elected to represent the club at the northwestern district convention, Oct. 20-21, are Mrs. Campbell and Mrs. Totten. Other officers of the club were named alternates.

The next regular meeting of the club will be held at the home of Mrs. Harry Ladd.

Rayder Reserves Routed By Petoskey In First Game

Charlevoix's Little Rayders bowed to the Petoskey Reserves by a score of 46 to 14 in the first game of a five-game schedule.

Next Tuesday they will host the Boyne City Reserves in a game to be played at Kipke field at 7:30 p.m.

In the game played Tuesday at Petoskey, the local eleven scored their first touchdown midway in the second period on an eight yard touchdown pass from Quarterback Stan Martin to end Corky Curtis. Denny Wojan ran the ball over for the extra point.

Halfback Frank McGeath had scored for Petosey on runs of 45 and 47 yards and Fullback Ed White had romped 72 yards for a tally. McGeath who went over twice and Jerry Hickman once to add conversion points and give Petoskey a 21 to 7 halftime lead.

Piano Team to Present Program In Concert Series

Two of Canada's most outstanding musicians, the husband and wife duo-pianists Margaret Parsons and Clifford Poole, will appear in Petoskey Tuesday at the high school auditorium under the auspices of the Northern Michigan Community Concerts. This will be the first concert in a series of four this season.

The achievements of this charming and talented couple as a two-piano team is a natural extension of the great success that each has enjoyed as a solo artist before their merger in marriage and music.

Versatile is perhaps the word that best describes this energetic couple. As if their heavy concert and teaching schedules did not give them enough to do, they have branched out into other fields of musical activity. In order to enrcih the two-piano repertory, Mr. Poole has made many arrangements of both standard and unusual works. He is also active as a composer. Many of his own works, not only for two pianos, but also for string orchestra and other instrumental combinations, have been warmly received by the public and critics. Miss Parsons is an authority on early teaching material.

Mr. Poole is also conductor of note. At the University of Western Ontario he founded a string ensemble whose original purpose was to improve accompaniments in concerti for his piano students. Miss Parsons frequently appears as piano soloist with the orchestra with her husband on the podium.

All concerts in the Northern Michigan Community Concert series start at 8:30 p. m. and admission is only possible with a membership in the association.

Another fresh one...from Pontiac!

The 1960 Catalina Convertible

You find it attractive because of the simplicity of lines, the absence of over-design.

You're drawn to its crisp freedom, its perfect form, its exhilarating freshness.

You'll find it amiably obedient because of Wide-Track Wheels and a thoroughly new suspension system. Wide-Track firms the foundation, stabilizes, balances. A softer suspension makes it responsive, quick and easy to take direction.

Pontiac's Tempest engines for 1960 are more vigorous than ever. You have a wide choice of V-8 power packages, ranging from the high performance 425 to the economical 425E which prefers regular grade gasoline.

The car, the keys, the catalog, the courtesy—all await you at your Pontiac dealer.

Wide-Track Wheels give you swayless stability, solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise, most rewarding driving you've ever felt.

Ford Presents New Falcon

★

The Falcon, Ford Motor Car Company's entry in the so-called "economy car" field is scheduled to go on display today at Ford dealer showrooms.

The new Falcon is said to combine economy of operation and smaller interior dimensions with ruggedness, "big car" roadability and passenger space comparable to that of standard cars. It is an all new car from the ground up, say the manufacturers. None of its parts will be interchangeable with those of standard Ford models.

Falcon styling is simple and functional, with decorative trim and chrome at a minimum. An oval grill runs the full width of the car and contains the single headlights. Both hood, and fenders slope down to meet the grille, providing good visibility for the driver. The center of the hood features a Thunderbird-type air scoop.

The wheelbase is 8½ inches shorter and its overall length 27 inches shorter than the 1959 Ford Fairlane, yet it provides ample interior roominess for six passengers.

It is powered with an overhead-valve, water-cooled Falcon engine which has a piston displacement of 144 cubic inches and a 3½ inch bore with 2½ inch stroke. The bore-stroke ration is claimed to be greater than that of any other engine now being produced.

Northern Auto Company of Charlevoix will have the new Falcon and a standard 1960 Ford model on display today. In connection with the showing, the management will serve refreshments to visitors throughout the day.

Peninsula News

Mrs. William Gaunt

Mr. and Mrs. Roy Ikens of Boyne City and their sister Mrs. William Gaunt Sr drove to Muskegon last Thursday to their sister and husbands, Mr. and Mrs. Reuben Jewetts. Mrs. Jewett is suffering from a stroke and Mr. Jewett isn't very well either. They stayed over night with them and then drove to the Hackley Hospital where a brother-in-law, E. C. Ellison is in critical condition from an operation on his liver. On Friday Mrs. Gaunt and Mrs. Willet Simmerman and James Earl of Charlevoix drove to Spring Lake where they attended the funeral of Jule Dallas who was a patient at the Kalamazoo Hospital for quite a while. Mrs. Hazel Dallas is a cousin to the Earls, Simmermans and Gaunts. Mr. and Mrs. Ikens and Mrs. Gaunt drove to Nunica Saturday morning where they stopped at the Arthur Joblonski Blueberry farm and picked blueberries to fetch home with them Saturday evening.

Mrs. Alfred Crowell cared for her two grandchildren Saturday night while their parents were attending a party. Mrs. Hebdon took dinner with her children Sunday at her parents home.

Mrs. Ruth Hebdon held a Stanley Party at her home near Central Lake Thursday evening with ten ladies present.

The 4-H Peninsula Club held their monthly meeting last Saturday at the Robert Myers home.

Mr. and Mrs. Albert Chanda are enjoying a new roof on their home.

Mrs. Blanch Chase and Paul Chase of Jackson are spending a few days with Mrs. Marion Wellman at her Trailer Home.

Mrs. Wellman has found homes for six of her puppies. Mrs. Wellman is taking her week vacation from her work at the Grandvue.

Mr. and Mrs. Earl Gill of Lansing spent from Friday night to Sunday P.M. at their cabin getting it closed up for the winter.

Congregationalists Attend Conference

The annual fall meeting of the Cheboygan Conference of Congregational church of Michigan was held at Big Rock Friday.

Among those from Charlevoix who atended the all-day conference were Rev. and Mrs. James Shernian and daughter, Mrs. Arnold Copeland, Mrs. Ted Kibbee, Mrs. Lester Smith, Mrs. Harold Geiken, Mrs. H. E. Paddock, Mrs. Frank Courier, Mrs. Clark Coulter and Mrs. Robert Bergmann.

Farmers Union Says Government Help Necessary

Production controls and price supports was the topic of discussion at the regular meeting of the Farmers Educational Union Local 353 held Friday evening at the Joseph Stutzman home.

It was the opinion of the group that because of the regulated economy of the country including organized labor and industrial association and the lack of unified farm organization whose concern is for the welfare of the family-type farmer, the farmer must look to the government for assistance in solving their problems.

Prices must be kept at a reasonable level for the farmer to survive and without production controls the problem of surpluses will certainly become more acute and the prices the farmer receives would hit rock bottom, the group felt.

Twenty-two members of the group were present for the meeting.

A Few Dollars Is All It Takes

"Flex-O-Glass has made our porch a year 'round, livable room. The children love it."

"Here's an inside view of our large screened porch. If you couldn't see the snow outside, you'd think it was taken in summer. What doesn't show is the crystal-clear Flex-O-Glass tacked over our screens—an invisible barrier between our home and winter. This is the second year we have used the same Flex-O-Glass. We expect it to last at least two years more. That means it will cost us only about $15 a year to protect the rest of the house against drafts. We can leave our furniture on the porch the entire year and provide a warm, protected play area for the children. If you would like to use this letter to tell other home owners how much they're missing by not using your wonderful Flex-O-Glass to protect their homes against winter weather, you have my enthusiastic approval."

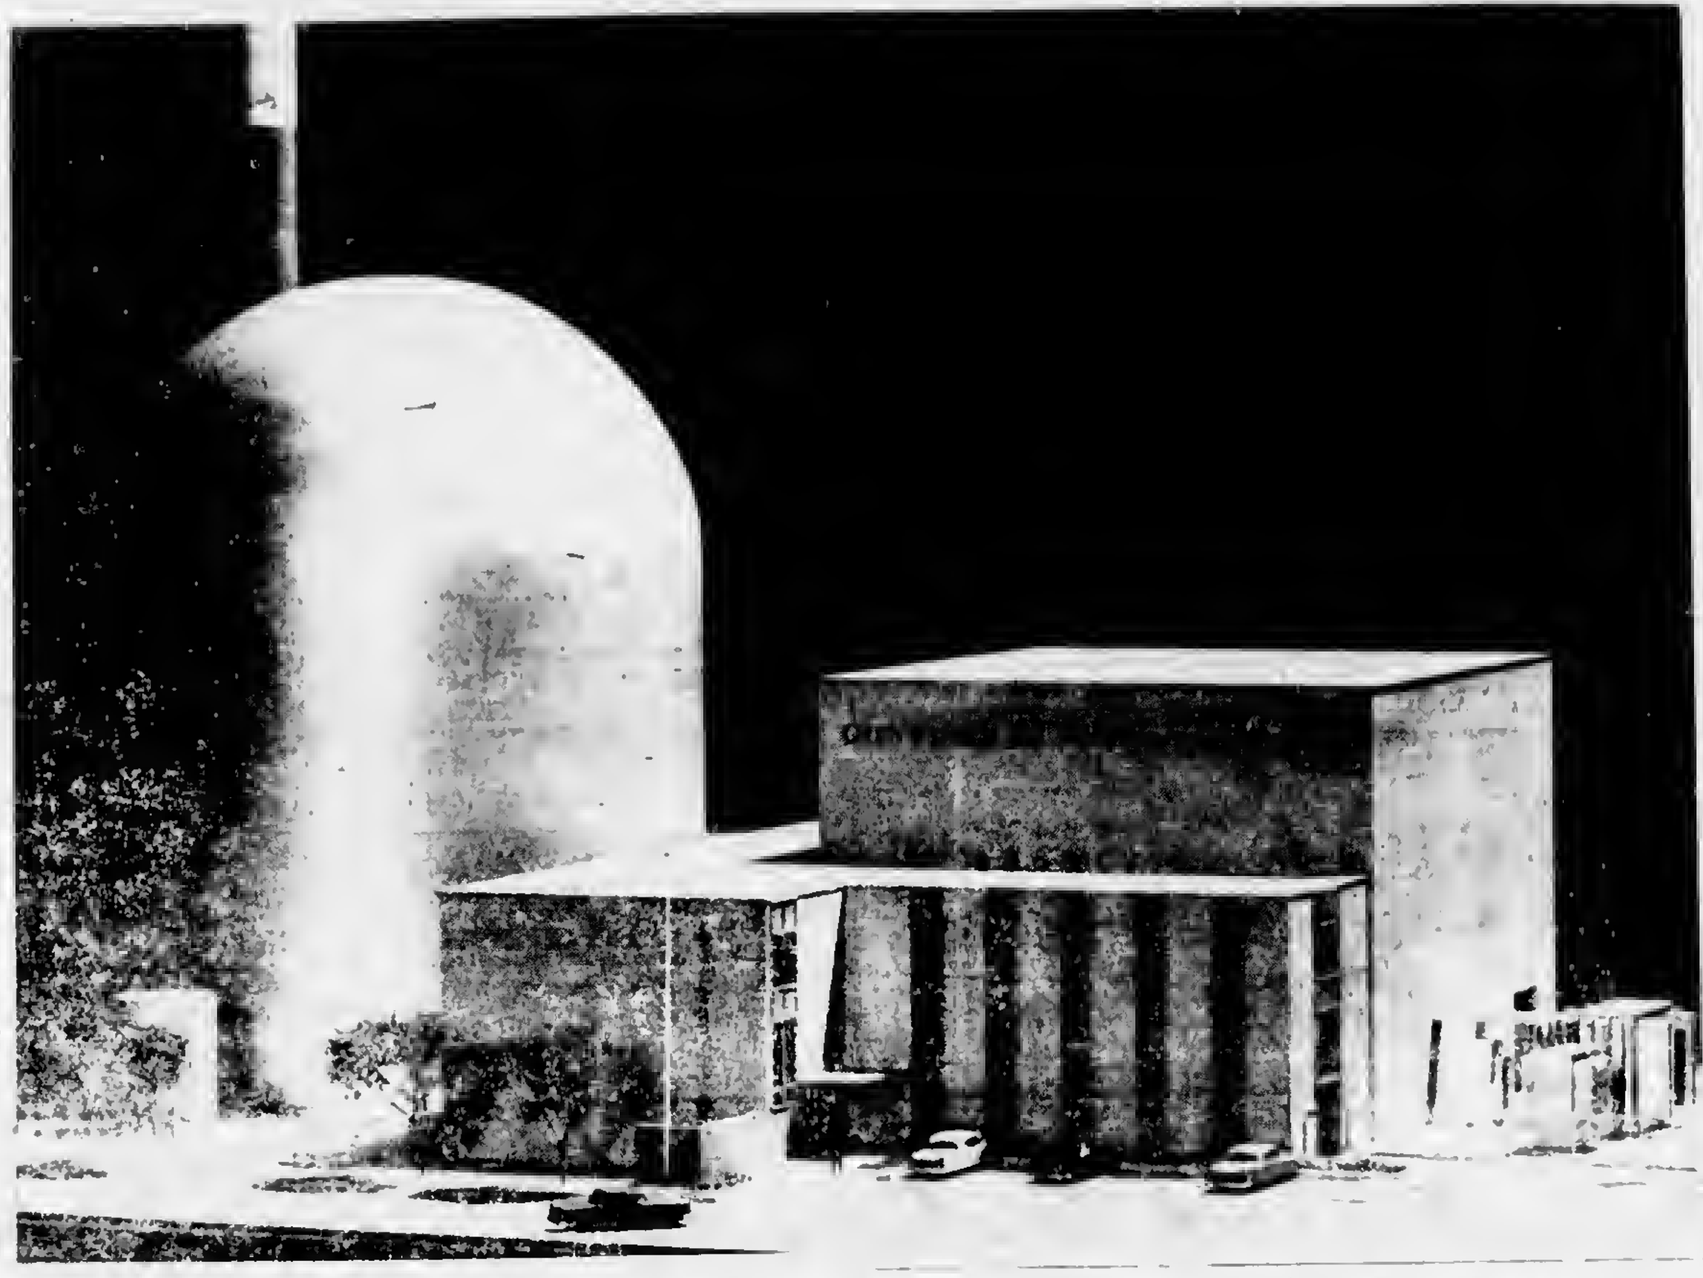
Proposed Big Rock Atomic-Electric Plant



Here's an architect's scale model, correct to the inch, of Consumers Power Company's Big Rock Point atomic-electric generating station, to be built at the point between Charlevoix and Petoskey if the Atomic Energy Commission approves the idea. It will have a 50,000-kilowatt capacity, using a boiling water reactor. Nuclear portion of the project will be designed and built by General Electric; Bechtel, Inc., San Francisco, is general contractor. Completion is set for 1962.

Dr. P. G. Holden Agricultural Pioneer Dies

Dr. Perry G. Holden, 93, one of the world's great pioneers in the development of hybrid corn, died in Lansing Thursday following a prolonged illness.

Dr. Holden had lived in Charlevoix from 1948 until 1951 with his son-in-law and daughter, the late Ellsworth Besemer and Mrs. Besemer.

One of the early graduates of Michigan State University, Dr. Holden has been praised by all of the nation's corn and agricultural experts. In their book, "Corn and its early Fathers," Dr. William L. Brown and Henry A. Wallace describe him as "the leading evangelist of corn in the late 19th and early 20th centuries." The Wallace-Brown book also states that "No man ever engaged in more rapid and effective mass education of farmers than Perry G. Holden from 1902 until 1910 in Iowa."

In addition to his research in developing hybrid corn, he organized what he called "Corn Gospel Trains" in 1900 to carry agricultural information to the people of Iowa where he was known as the "Corn Disciple."

Born in Dodge county, Minnesota, Oct. 13, 1865, Dr. Holden's family soon returned to the Grand Traverse area. He was graduated from what was then known as Michigan Agricultural College in 1889, and received his master's degree in 1895. He also attended Michigan State Normal College at Ypsilanti after receiving his degrees at MSU.

Dr. Holden's campaign to carry information directly to the farmers from the research stations preceded the now famous and well established system of the agricultural extension service.

Before beginning his work with the "Corn Gospel Trains" when he spread the 'gospel' of corn during 20-minute train stops showing farmers how to select better seed and get higher production, he was a fellow and agricultural instructor at MSU from 1889 to 1893; professor of science

Two Local Men Given Sentences In Circuit Court

Two local men were sentenced to Southern Michigan prison and three other persons placed on probation during a special term of circuit court here Friday, with Judge Charles L. Brown presiding.

Herbert Wabanimkee, 19, and Alex Cornstalk Jr., 21, were sentenced to 1½ to four years in Southern Michigan prison on charges of felonious assault which were brought against the pair following a brawl during a beach party in August. Cornstalk slashed Wabanmikee with a broken bottle after the latter had stabbed Peter Walker, 37, when Walker tried to break up a fight between the pair.

Harold Baxter, 49, of Grand Rapids, was placed on two years probation and ordered to pay a $25.00 fine on a charge of obtaining drugs by false name and identity. He also was ordered to contribute $10 a week toward the support of his children who live in Lansing with their mother.

John Imel, 34, of East Jordan charged with receiving assistance by fraud from the Department of Social Welfare, and his wife, Marjorie, 32, charged with aiding and counseling one to receive assistance by fraud, were placed on three years probation and ordered to make restitution totaling $1,003.10, the amount they received in assistance.

Judge Brown also heard the chancery case of Melvin and Rose Jones versus Harry G. Foster. A decision in the case will be handed down at a later date.

Judge Brown will return to Charlevoix to preside over the regular October term of circuit court scheduled to open October 26.

$18,929 Alloted To County for Snow Removal

Snow removal funds for the 1959-60 winter, based on the average snowfall last winter, will be distributed to 43 of the state's 83 counties, according to State Highway Commissioner John C. Mackie.

Last year only 22 counties received snow removal funds as compared with more than half the state's counties this year.

Charlevoix county whose average snowfall last year was 136.01 inches the highest in the Lower Peninsula, received $18,929.90.

The snow removal fund represents 0.8 per cent of the money returned to the 83 county road commissions from the Motor Vehicle Highway Fund.

To qualify for snow removal funds, counties must have had at least 70 inches of snow the previous winter. Distribution of the fund is based on a complicated snowfall, mileage and snowfall countour formula.

The Highway Department's snow contour map is compiled from information provided by the U. S. Weather Bureau.

Though 184 inches of snow fell in the Hardwood Forest in the eastern section of Charlevoix county, the over-all average was pulled down by Charlevoix's total of 123 inches, East's Jordan's 127 inches and Beaver Island's 100 inches.

Seniors Select Courtroom Drama For Annual Play

The exciting and dramatic courtroom drama, "The Defender" by Reginald Rose, author of such other outstanding plays as "Dino" and "Twelve Angry Men" has been selected by the senior class of the Charlevoix high school as its class production, it was an-

It tells the story of a young boy, Joseph Goron, played by Mark Cross, who delivers packages for a neighborhood store. When he is accused of murder, Kenneth Preston, played by Bruce Krull, becomes his defender. He is assisted by his son, Kenneth, played by Dandy Kies.

Others in the cast of the play which will be directed by Mrs. Robert G Martin, assisted by Mrs. Harry Stewart, will be Ann Martin, James Ladd, Richard Schoals, Judy Koleskey, Don Heise, Jack Rader, Bruce Pease, Amy Mitchell, Glenda White, Brad Ward, John Martin, Janice Burns, John Norton, Sally Weidman, Jeff Coleman, Chris Campbell, Ruth Ann Riley and Kay Ulrich.

William Ratigan will serve in an advisory capacity.

The play is scheduled to be presented November 13.

Construction to Start Monday on New High School

"The preliminary survey of the site of the new junior-senior high school located on East Garfield ave. has been completed and by Monday we expect to start leveling ground where the main excavation will start," Wallace L. Bjorkland, general superintendent for the Bjorkland Construction Co. of Saugatuck said Wednesday.

The Bjorkland Co. is the general contractor for the new $995,000 junior-senior high school which will be built on property adjacent to Kipke field already owned by the school district.

Mr. Bjorkland said that suppliers contracts had also been awarded during the past week and other details completed in preparation for the official ground-breaking early next week.

He added that the company also plans to start moving in equipment and supplies next week to be used during the early building stages.

Beaver Island Hosts Annual Dawn Patrol

St. James, B. I. — Small planes from throughout the midwest, numbering 156 in all, participated in the third annual October Dawn Patrol here over the weekend according to M. C. 'Doc' Collins who was general chairman of the popular fall event.

Poor flying weather early Sunday in sections of the state as well as in neighboring cut the number from last year's record 342. However, Mr. Collins reported there was less congestion and everyone had a grand time.

Some enjoyed the perch fishing which is nearing its fall peak while others enjoyed bird and small game hunting. Some even tried their luck with the bow and arrow but no one filled a deer license. Others took color tours and trips to the island's many historical spots.

Dan Hengtgen of Iowa City, Iowa, flying a Tripacer, won the prize for coming the longest distance. Other prizes were awarded to R. Peters of Flint with a Waco for having the oldest plane.

The first plane to register Sunday was a Cessna flown by Budwell and Hart of Oxford; fiftieth, A. A. Shaffer of Battle Creek with a Bonanza, hundredth plane, Jay Barcus of Wabash, Ind.

Planes from Ohio, Illinois, Wisconsin, Indiana and Iowa as well as Michigan participated in the event.

Breakfast to Launch Chest Fund Campaign

A kick-off breakfast at the Charlevoix high school cafeteria at 9 a.m. Monday will launch the 1959 Community Chest fund drive Mrs. James Coleman, drive chairman, has announced.

Arthur F. Speltz, retired superintendent of the Pontiac, Ill., elementary school system now living in Boyne City, will be the kickoff speaker. Mr. Speltz, a former resident of Boyne City, has retired to his former home.

He will speak on "The Role Community Chest plays in the American way of life." Mrs. Coleman describes Mr. Speltz as an interesting and inspiring speaker.

All volunteer workers who are being organized under the leadership of Mrs. Coleman and Mrs. Max Hosmer and Mrs. Robert J. Yonkman, co-chairmen of the drive, are invited to attend the coffee and donut hour. Materials will be distributed at the meeting and questions regarding the forthcoming drive answered.

The fund drive to raise $9,823.06 is already underway in the business and industry and the mailing divisions, Mrs. Coleman said.

X-Ray Unit to Provide Free Chest Exams

Charlevoix county will open an all-out drive against tuberculosis Monday when the mobile chest x-ray unit moves into the county for an eight-day stay, according to Dr. A. F. Litzenburger, director of District Health Unit No. 3, one of the sponsors of the project.

The x-ray unit is being brought to the county to detect unknown cases of tuberculosis, lung cancer, heart conditions and other chest abnormalities.

The unit will be in Charlevoix Wednesday and Thursday of next week and will be located at Bridge and Mason streets adjacent to the Schroeder and Hovey Drug store. On Wednesday it will be open from 2 to 8 p.m. and on Thursday from 10 a.m. to 6 p.m.

Before coming to Charlevoix the unit will be at the Health Center in Ellsworth from 2 to 6 p.m. Friday and at the City Hall in East Jordan Monday and Tuesday. It will leave here late Thursday for Boyne City where it will be set up at the City Hall on Friday, Monday and Tuesday and at the school in Boyne Falls Wednesday.

A corps of local workers will assist Health Unit personell and Michigan Tuberculosis Association technicians with the project while in Charlevoix.

The urgent need for chest x-rays for everyone 18 years of age or older is emphasized by the fact that during the past five years 32 cases of tuberculosis have been discovered in Charlevoix county. In addition there have been two deaths from the dread disease. As of March this year there were 28 cases under supervision by the Health Department and one person hospitalized.

Add to this the fact that almost half of the active cases of tuberculosis and four out of five TB deaths are among people 45 or over and more than 95 per cent of the deaths from lung cancer are also among people 45 years or over.

Having a chest x-ray at the mobile unit is a simple process. Just a matter of stepping up to the x-ray machine, taking a deep breath and holding it briefly . . . and that's it. There is no disrobing and the x-rays are free.

Vets Christmas Parcels Should Be Mailed Early

Christmas parcels for armed forces overseas must be mailed between Nov. 1 and Nov. 20 if service personnel are to receive them in time for the holidays, Postmaster Peter H. Timmer has announced.

These mailing dates apply to regular parcel post.

Parcels being sent by airmail may be mailed as late as Dec. 10.

Parcels should also be placed in sturdy boxes, wrapped and tied securely with strong paper and cord or twine if they are to arrive safely at their overseas destination, Mr. Timmer warned.

Com. Mackie Denies Highway M-32 Will Be Reverted to County

Highway M-32 which extends from M-66 west of East Jordan east to Alpena will not be among the highways which the Michigan State Highway Department plans to eventually return to county jurisdiction, John C. Mackie State Highway Commissioner, said in a letter addressed to Harold M. Totten, editor of the Charlevoix Courier.

The letter by Mr. Mackie resulted from an article in the Sept. 3 issue of the Courier in which it was stated that John J. Martin, superintendent of the Charlevoix county road commission had told the Charlevoix Kiwanis club that "the proposal of the Michigan State Highway Department to turn back Highway M-32 to the counties is meeting with some organized opposition, especially in eastern Michigan."

In his letter to Mr. Totten, the State Highway Commissioner said:

"This claim is in error.

"It is true the State Highway Department conducts continuing analysis of traffic type and volume on the trunkline system. If these studies show that due to changing conditions the roads serve mainly local traffic, instead of traffic that is state-wide in character, they are reclassified for what they are — county roads —and turned over to local jurisdiction. Conversely, county roads that come to mainly serve statewide traffic are re-classified, placed on the state trunkline system taken over by the Department. Intelligent priority programming of future state trunkline improvements requires this be done. Some 381 miles of trunkline of this type are being returned to county jurisdiction in the State's current five-year road building program (through 1962). M-32, however, is not in any way affected.

"Ultimately M-32 will have to be rebuilt and relocated, but such an improvement will only come after some very substantial increases in traffic if a more intense development of recreational interests occurs. The route of M-32 as it will function in the foreseeable future will not demand any major relocations. It should remain substantially on its present location with such minor relocations as are necessary consistent with safety measures.

"M-32 is a vital distributor route to a vast and rapidly developing recreational area as well as connector for seats of county government and other major interconnecting highways.

"The Michigan State Highway Department does not have any "Proposal" to turn highway M-32 back to the counties."

Mr. Martin's statement before the Aug. 24 meeting of the Kiwanis club regarding the return of M-32 to county jurisdiction resulted from the impressions Mr. Mackie and members of the Michigan State Highway Department engineers had given in previous statements to not only Mr. Martin but members of the Charlevoix county Road Commission.

Because the commission had been given to understand that the highway would eventually be returned to county jurisdiction, the commission had purchased right-of-way along the present route.

Census Takers to Start Canvass of Area Agriculture

Five census takers will start Monday, Oct. 19 to take the 1959 census of agriculture in Charlevoix county. H. Carl Spitler of Petoskey has been named crew leader for the Charlevoix and Emmet county area. Emmet county will be covered by seven canvassers.

A one-day training session for the census takers was held last week at North Central Michigan College, Petoskey, under the direction of Crew Leader Spitler. The training course covered the use of the census questionaire, census definitions, interviewing and map reading. Emphasis was placed on the importance of locating every farm and obtaining complete and accurate information.

Census takers for Charlevoix county are: Carl Prohaska, Hayes, Bay and Charlevoix townships; Mrs. William Parsons, Norwood, Marion and Eveline townships; Mrs. Dale Kent, Evangeline and Melrose townships; Karl Waldner, South Arm and Wilson townships, Cadet DeNise, Boyne Valley, Hudson and Chandler.

Kiwanians to Auction Items At Saturday Sale

A public auction to completely [illegible] all items not sold at the Kiwanis White-Elephant sale last weekend will be held Saturday afternoon at 1012 S. Bridge St. [illegible] Englehart, chairman of the committee has announced.

Included in the articles to be auctioned are stoves, refrigerators, hot water heaters, furniture, clothing, along with birch fireplace wood, stove wood, fuel oil, lubricating oils and many other valuable items contributed by local merchants during the past week.

The auction sale starts at one p.m. with Jim Brannan auctioneering. Harry Bingham will clerk the sale.

Prior to the auction the Kiwanians will hold a sale of fruits and vegetables which have been contributed by area farmers. This sale will be opened at 9 a.m. Saturday, according to Mr. Englehart.

Proceeds from this Kiwanis project will be added to the $9,500 fund now appropriated for the purchase of an indoor swimming pool to be installed in conjunction with the new Charlevoix high school building program. Estimated cost of the pool is $13,000.

Net profits from the three-day White Elephant sale last week are estimated at $1,200. This added to the $9,500 building fund which the club has accumulated over the years is about $2,300 short of the amount needed for the pool. Saturday's auction along with the fruit and vegetable sale will bring the fund closer to the amount needed in the fund.

Articles are still being accepted for the auction, Mr. Englehart says. Furniture is especially needed. Persons having useable articles which they no longer want are requested to call Mr. Englehart or Frank Bird for pick-up.

National Newspaper Week

Daily and weekly newspapers throughout the country are being recognized during National Newspaper week, Oct. 15 to 21, for the many services they render in a free nation. Acting Governor John B. Swainson has paid high tribute to the Press in his National Newspaper Week proclamation which follows.

"Newspapers are one of the most important factors in our everyday life. To them the people look for information, entertainment and suggestions for everyday living. It is to our newspapers the people look for information on the latest advances in science or the fate of their favorite athletic team. In fulfilling their role as medium of information, the newspaper has a great responsibility.

"The newspaper is not designed to be solely a source of information. It has the added responsibility of civic leadership. During the past year this was demonstrated when over three hundred Michigan newspapers presented, at no cost, advertisements promoting a better understanding of Michigan's economic and industrial potential.

"Michigan this year observes the sesqui centennial of the founding of the first newspaper in our state. From a few hundred readers a century and a half ago, total circulation of all Michigan newspapers has risen to 3,273,161. This figure alone illustrates the great responsibility which rests on each newspaper.

It is fitting that the readers recognize the role delegated to our newspapers.

"THEREFORE, I, John B. Swainson, Lieutenant and Acting Governor of the State of Michigan, do hereby proclaim the period from October 15, through October 21, 1959, as NEWSPAPER WEEK in Michigan, and call upon our people to give recognition to our newspapers, their publishers and editors, reporters, photographers, newspaperboys and all the crafts and skills engaged in the production of newpapers."

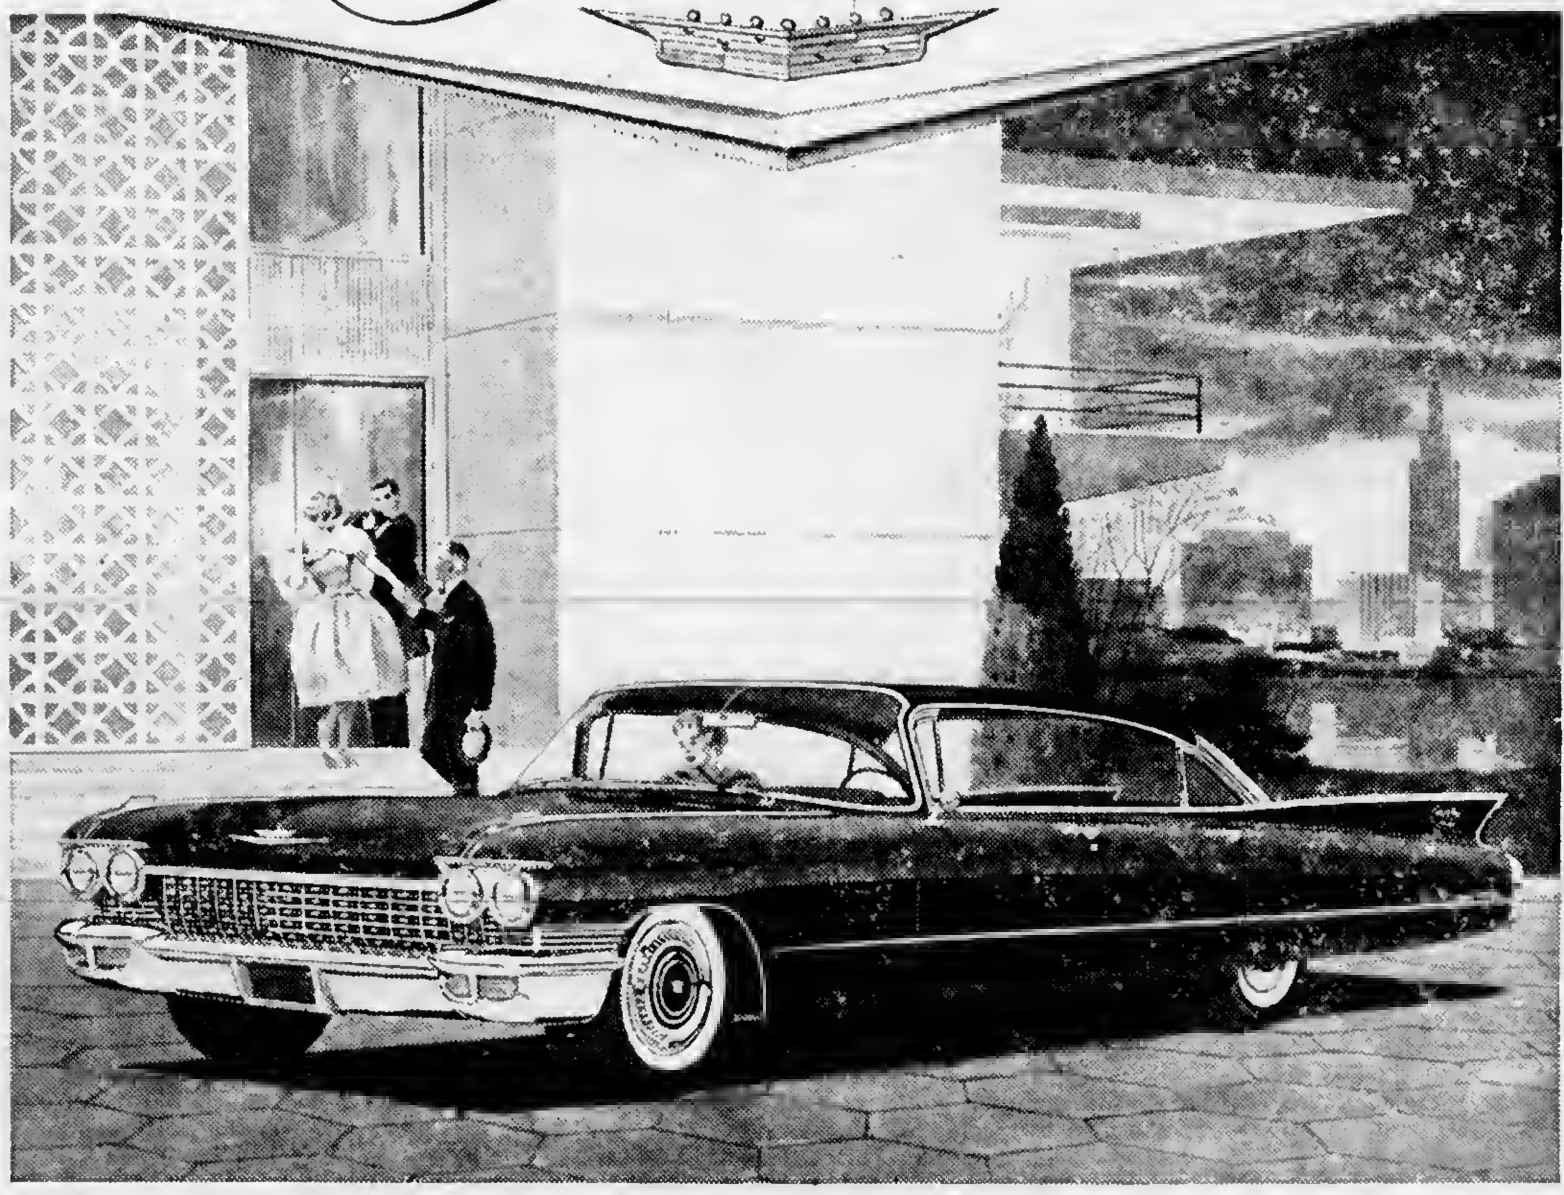
Cadillac



The Fifty-fifth ... and the Finest!

It was shortly after the turn of the century that the first Cadillac car—"the automobile built to the highest standards it is possible to enforce on the production of a motor car"—made its appearance.

Every year since—save for a period when Cadillac devoted its energies to the national defense—a new interpretation of this unique goal has been presented to the world's motorists.

The superlative motor car illustrated above is the fifty-fifth in this unprecedented succession of distinguished automotive creations.

And it is, far and away, the finest and the noblest Cadillac of them all!

Never before has Cadillac artistry created such elegance of form and line. It has a commanding presence that is uniquely Cadillac.

Never before has Cadillac engineering produced so abundantly. The car is smooth and quiet to a degree that challenges belief.

Never before has Cadillac craftsmanship provided such interior luxury. And the complement of conveniences has never been more satisfying.

No matter how many of the fifty-five Cadillacs you may have owned and enjoyed over the years—you still have a wonderful experience ahead of you in this latest "car of cars."

We suggest you see and drive it very soon. And we hope you will come expecting great things.

CERTIFICATION

Board of Education
Charlevoix, Michigan
Gentlemen:

I have examined the records of the Treasurer's receipts and disbursements for the fiscal school year ended June 30, 1959. In my opinion the foregoing statement, as set forth in this report, fairly state the financial position of the respective Funds as at June 30, 1959, in accordance with accounting principles prescribed by the State Department of Public Instruction, applied on a basis consistent with that of the preceding year.

Respectfully submitted,
FLOYD G. LIVERMORE
Certified Public Accountant

Parent-Teachers to Continue Study of Education Program

The Charlevoix PTA will sponsor a continuation of the Program Study initiated here in 1958 as a part of the school survey, Mrs. [illegible] A. [illegible], PTA program chairman, announced at the first meeting of the organization held Wednesday at the high school [illegible] room.

Purpose of continuing the Program Study is to maintain community interest in support of the best possible program and curriculum for the Charlevoix schools. The first of these discussion meetings will be held at the high school at 7:30 p.m. Wednesday. The first topic to be discussed will be "Guidance and Counseling." These discussion periods will be of an informal nature and all persons interested in the schools are invited to attend.

Donald Dolan, school consultant from the University of Michigan Bureau of School Services was the guest speaker at last week's meeting, presenting an interesting and thought-provoking talk on school problems.

Mr. Dolan said that he feels that schools are limited by an unwillingness to break away from established, traditional procedures. He mentioned several areas in which educators and communities might re-examine their thinking, such as:

The recent emphasis on science and mathematics is not needed as much as emphasis on social skills which present better techniques for living together in today's society.

The need of a broad program that offers a child a wide variety of experiences. Each child needs to be good at something and each needs the opportunity to contribute to, as well as receive from the school program.

Almost any child can learn, but they do not in the same way or at the same rate. Good teachers recognize individual differences and differing rates of development. Ability grouping is harmful and is of less value than trying to understand the individual child.

Schools tend to be over-protective of their academic program as compared to the vocational program. There is a feeling that the student who is concentrating on vocational subjects may be an inferior student but should, nevertheless, be 'challenged' by having to take certain academic subjects as a mental discipline. It is now the feeling of educators that the strong academic student who is good at Latin, mathematics and English also needs to be challenged' to develop vocational skills in shop, typing and other vocational fields.

The school board and community should be grateful for a stable, permanent teaching staff and should develop an in-service training program that would enable them to continue their training as they teach. They should also aim at complete, year-around use of school facilities by the entire community.

At the brief business meeting which preceded Mr. Dolan's message, Jack Radar was named president of the local PTA. Russell Dohm, vice president, presided at the meeting.

Robert G. Lieberman, president of the board of education, gave a progress report on the new junior-senior high school and answered questions concerning it. He said the hoard expects to stay well within the planned budget and is hopeful that the structures will be completed by September 1960.

Association to Aid Retarded to Elect Officers

An important meeting of the Charlevoix Association to Aid Retarded Children will be held at the Northside school at 8:30 p.m. Monday.

An election of officers will be on the agenda along with several other important issues.

A plea has been issued for scrap materials that could be utilized in the school's craft program by Mrs. Robert Bergmann, teacher at the school sponsored by the group and attended by five children. At the present time the children are making puppets and need odd socks and buttons in all sizes, scraps of materials and yard. Anyone having these materials and would like to give them to the school is asked to call 2979 during the week-day mornings and 6702 at other hours.

In announcing the meeting, it was emphasized that all persons in the community who are interested in the Association and its program are invited to attend the meeting.

Mrs. Robt. Wexstaff Hostess for Ward Family Reunion

A reunion of the descendants of the late John A. Ward family, early pioneer settlers here, was held Sunday at the home of Mr. and Mrs. Robert Wexstaff.

Highlight of the meeting was the observance of the fiftieth wedding anniversary of Mr. and Mrs. Robert Mitchell. Mrs. Mitchell is the former Myrtle Ward. The couple was married at the Ward family home Oct. 12, 1909.

A buffet dinner was served from a table decorated with bronze mums and yellow tapers and centered with a tiered wedding cake topped with a golden bell served on a chrome plate with gold handles, a gift from the couple's son-in-law and daughter, Mr. and Mrs. William Bergmann and daughter, Billie.

Mrs. Mitchell was presented with a corsage of golden camellias and Mr. Mitchell with a boutoniere of yellow mums. They were also present with a jardeniere of golden mums to be transplanted for a future annual reminder of the anniversary.

Only out of town guests were Verle Ward Crandall and Mrs. Crandall of Hebron, Ohio.

Mrs. F. G. Beattie (Edna Ward) of Detroit and Mrs. Ray Bossert (Pearl Ward) of Toledo, both former local residents were unable to attend.

Attend Canadian Thanksgiving

The Rev. T. B. Thodeson, pastor of the Assembly of God church, accompanied by Mrs. Thodeson and family, and Nancy Drost, Lynda Brock, Loretta Drost, Bud Ryder and Jerry Drost attended a Canadian Thanksgiving rally Monday at the Elim Pentecostal at Sault Ste. Marie, Ont. Monday.

While there the group were guests of the host pastor, Rev. Ray Stewart and Mrs. Stewart.

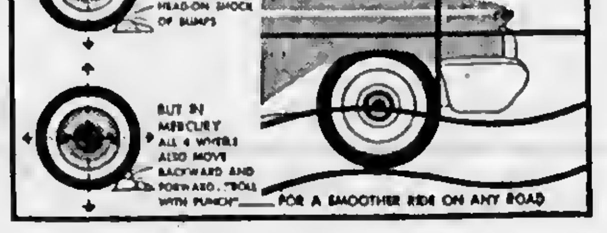
ANNOUNCING:
THE 1960
MERCURY
WITH IMPORTANT PRICE REDUCTIONS
1960

Prices importantly reduced on *all* Mercury models! Popular Monterey* now $136^{50} lower. Now you can own a new Mercury for a very few cents a day more than a car with a low-price name.

* Comparison based on manufacturer's suggested delivered price for a Monterey 2-door sedan, 1960 v. 1959. Includes Federal excise tax and suggested dealer preparation and handling charges.

You'll be glad you bought a Mercury every time . . .

Why pay a medium-range price for a car with a low-price name? For this year, Mercury is in a new lower-price range. You'll be glad you didn't settle for less . . .



EXCLUSIVE ROAD-TUNED WHEELS—GREATEST RIDE ADVANCE IN A GENERATION
IN ORDINARY CARS WHEELS ONLY MOVE UP AND DOWN—YOU FEEL HEAD-ON SHOCK OF BUMPS
BUT IN MERCURY ALL 4 WHEELS ALSO MOVE BACKWARD AND FORWARD, "ROLL WITH PUNCH"
FOR A SMOOTHER RIDE ON ANY ROAD

. . . every time you look at its Sleek-Line styling.

Every line is clean, trim. All excess metal has been pared away, shaped smooth. There's no unnecessary bulk. Just elegant simplicity.

. . . every time you feel its exclusive Road-Tuned ride.

Mercury's Road-Tuned wheels (see left) take bounce out of bumps. This ability of each wheel to "roll with the punch" is one of the most Important ride advances in years . . . another reason why you'll be glad you bought Mercury . . .

. . . every time someone sits in the middle.

There's real comfort for 6 people, not just 4. Full head room, hip room, foot room for all.

. . . every time you see other new cars.

You'll discover that Mercury has the freshest styling—no warmed-over '59 design as in many so-called 1960 cars. You'll find that Mercury has the newest features—de luxe interiors on even the lowest-priced model, at no extra cost. And you'll appreciate the extra quality—the kind that cuts repair bills. For Mercury is the best-built car in America today. Don't miss the first showing.

Mayor Proclaims Nurses Week

The week of October 11 thru October 17 has been proclaimed a Professional Nurse week by Mayor E. James Hiller.

He asked the people of Charlevoix to give appropriate recognition to the "great good that members of this profession have performed in the community."

Professional Nurse week coincides with the Michigan State Nurses Association convention being held in Traverse City this year.

The Petoskey District Association of which Charlevoix nurses are members will send four delegates to the convention.

Mrs. Anne Baumgartner and Mrs. Ronald Geer are the only registered nurses of the many in Charlevoix who belong to the [illegible] association.

Ellsworth PTA to Hold Harvest Sale

Ellsworth — The annual Harvest Sale, sponsored by the Bank Township Public School PTA, will be held Tuesday evening, October 27th, at 8:15 p.m. at the [illegible].

A large "Tom" turkey will be given away. All adults attending will be given a free guess at its weight.

Donations of articles for the auction will be appreciated.

A lunch consisting of home made buns with ham, pie a la mode, and coffee will be sold after the auction.

Don't miss it!

Congressman Knox Reviews Issues

Victor A. Knox, (R), U. S. Representative, appeared briefly before the Charlevoix county board of supervisors, currently in session here, and spoke on issues. Among them was federal aid to schools, foreign aid and the battle regarding the use of water from the Great Lakes by Chicago.

The board of supervisors hope to conclude the annual October meeting later this week. Committees were making reports Wednesday after hearing reports from the Department of Social Welfare, District Health Unit No. 3, County Agricultural Agent and the West Michigan Resort and Tourist Association.

• Mrs. Vernon Snyder of Milwaukee, Wis., is spending two weeks with her mother, Mrs. Fred G[illegible]. Mr. Snyder and their daughter, Mrs. Charles Sager brought her here and returned after a weekend visit.

• Mr. and Mrs. Harry Bingham and daughter, Mable, spent the weekend in Ann Arbor with their son, John, a freshman at the University of Michigan.

Bowling News

BY MEG

The 6th week of bowling. Two new faces at the alleys: Father Denay joined Browe Electric, Don Kimbler for Airport Inn.

Annie get your gun, L.V.'s 94, J[illegible]'s 396 series, Moonlight drops four. For Moonlight lost cause Doc's 199, 519 series couldn't carry the load. For Freedman No. 1 (last week's cellar dwellers) John Swanson 214-523 series was high followed by Jess (Ball Point) Penn's 489.

Freedman No. 2 couldn't cope with Lake Construction this week and dropped 3 points. Harry (back-[illegible] ball) Pearsol hit his stride with a 523 series, followed by Bob Conley's 442. For the Construction gang Big John had a 508 series, followed by working buddie Geo. Bergmann's 488.

United Farm Agency also had trouble with the "Pill Rollers," who mustered 3 points from them. Herb Moore was high for Central Drug with a 461 series followed by Frank Ochs 423. For United Farm, D. Van Dreumel 437 was high.

Neff Grocery held off a determined Puff Appliance team, to split 2-2. Ron Wnjan's 210-201-599 series followed by Puff's 201-542 topped the TV gang. Cmdr. Buck Detlefsen's 201-480 series headed Neff's followed by Bernie Ward Jr.'s 476. "Better try bowling with two hands again Bernie." Big Bergman had himself quite a night with games of 111-222-115. Too bad the first and last couldn't have been left out tonight, Big.

Steve's Bar served notice last week and kept up the pace with a 3 point win from Browe Electric. Anchor man Ted Ager bowled a 235-579 series followed by Ken Cellner's 518 and Meg at 504. For Browe's Anchor Man Ted also had high series of 513. J. Sladek did better this week and had a 452 series following his master. Steve's bar first game of 942 must have shook them up.

Last, but not left out, Airport Inn did it again. They are on the bottom once more. Hank Felix tried so did Al Anderson, but Nick's feet held them down. Hank had a 509 series followed by Al's 505 but then came Nick, with a 119-129-115-363 series. "Better luck next week, Nick". For Swanson Gravel, Stub ground himself out a triplicate 147-147-147 which is hard to do. Bob Ferguson let the gravel boys with a 492 series.

High single game Ted Ager 235

High single series Ron Wojan 599.

High team game Steve's Bar 942.

High team series Steves Bar 2509.

Rites Held for Ray P. Gordon

Graveside services for Ray P. Gordon, 54, former local resident who died Sunday at his home in Chicago, were held at St. Mary's cemetery Wednesday with the Rev. E. Francis Denay officiating.

The funeral Mass for Mr. Gordon was held at Our Lady of Peace church in Chicago Tuesday.

Born at St. James, Beaver Island, Dec. 8, 1904, Mr. Gordon came here with his family as a child and attended St. Mary's school until moving to Chicago in 1919. For many years he was a steel inspector for several companies in the Chicago area.

He is survived by his mother, Mrs. Charles Gordon; a sister, [illegible] and a brother, Carl J. all of Chicago and another brother, Gilbert of Indianapolis.

• Mr. and Mrs. Datus Dean had as their guests recently their nephew and niece, Mr. and Mrs. Dean Sanford and family of Plymouth and Mrs. Dean's brother-in-law, V. C. Shepard of Flint who visited here from Wednesday until Sunday.

Jaycees Hold District Meeting

"Everyone should take an active interest in the local, state and national government. This is the best means of defeating Communism," said Fred Warner, president of the Michigan Jaycees, who gave the Keynote speech at the District No. 16 Fall Meeting held last Thursday at the Weathervane Inn.

A Smorgasbord dinner was served to 67 members and their wives. The Invocation was given by Rev. Robert Yonkman.

Don Brown, president of the local club, welcomed those attending and also introduced Jim Turmala, vice-president of District No. 16 who acted as Master of Ceremonies.

After the formal dinner the women were excused and taken on a tour of the Weathervane Lodge, while the members held their District meeting at the Inn.

Jaycees were present from Petoskey, Charlevoix, Traverse City, Cadillac and Boyne City.

To Register Cub Scouts Tonight

Boys between the ages of 8 and 10 years who are joining the Cub Scout program for the first time are asked to register at the community room of the city hall at 7:30 p.m. Thursday (tonight).

Each boy must be accompanied by a parent.

The Cub Scout program is well underway, according to Mrs. Carl Johnson, Den Mother who is assisting with the organization of the program. However, there is an urgent need for two Den Mothers on the north side as well as assistants elsewhere in the community. Anyone wishing to join the program is asked to contact Mrs. Johnson.

• Mrs. Ruth Stroud Bietz accompanied by Lucile Burnside, Mrs. Bernice Kane and Mrs. Gladys Fair, all teachers at the Wall school in Sturgis spent the weekend at Stroud's Wayside motel while on a color tour.

Prof. P. G. Holden Ag. Pioneer Dies

(Continued from page 1)

at Benzonia College (now defunct) 1895; county superintendent of schools in Benzie county, 1896-97; assistant professor of soil physics at the University of Illinois 1897-1900; a consultant for the Illinois Sugar Refining Co., 1901; professor of agronomy and vice-dean of agriculture, Iowa State College, 1902-06 and organized the agronomy department at Iowa State College.

The pioneering organization of co-operative extension work he started while at Iowa State was organized on a nation-wide basis in 1914.

When the International Harvester Co., organized its own extension in 1912, Dr. Holden was named director of the corporation's world-wide program. He was employed by the company for 20 years.

In 1936 he retired to a poultry farm near Whitehall where he continued his research work with hybrid corn. Following the death of his wife, the former Carrie Burnett, in 1942, he made his home with the Besemers, coming to Charlevoix with them in 1948. Since 1951 he has lived in Lansing. While here, he was a member of the First Congregational church.

Michigan State University presented Dr. Holden with the Distinguished Alumni Award in 1957 and with the honorary doctor of agricultural degree in 1952.

MSU Pres. John A. Hannah eulogized Dr. Holden Friday: "The death of Perry Holden, early graduate of this institution and a former teacher on our faculty, brings to an end the career of a true pioneer in agriculture education. In sensing the potentials of hybrid corn and acting vigorously upon his convictions he cleared the way for a vast new agricultural industry and a tremendous increase in American agricultural income. His influence on agriculture in America and throughout the world will be felt for years to come."

The Panama-Pacific exposition in 1914 awarded Dr. Holden a medal for distinguished service to agriculture and agricultural education. He was a member of the jury of awards at the exposition.

He also held a diploma for distinguished service to agriculture from the University of Wisconsin and in 1958 was presented the distinguished service award by the American Agricultural Editors' Association in recognition for his many written works covering his research.

He is survived by two sons, Eugene D. of Madison, Wis., and Ellsworth B. of Lansing; a daughter, Mrs. Besemer, of Dearborn; eight grandchildren and 20 great-grandchildren.

Funeral services were held in Lansing Saturday. Burial was in the family cemetery in Leelanau County.

Attending the graveside services were Mr. and Mrs. Clayton Smith. Mrs. Smith, the former Kathryn Besemer, is the eldest granddaughter of Dr. Holden.

14th Annual Beef Breeders Sale At Gaylord Breaks Record

The 14th annual Northern Michigan Beef Breeders sale at Gaylord last week set a new record when 2,020 head of beef-type calves and yearling steers and heifers were sold at an auction conducted by the Association, E. K. Shanahan, a consignor and member of the board of directors, has announced.

Though the price was from two [illegible] cent lower than anticipated, sales at the auction totaled $219,525 as compared with $257,884 paid last year for 1,689 head.

The feeder stock consigned to the sale by less than 100 members of the association are beef-type animals which are predominately Hereford with less than 20 per cent Angus and no more than three per cent cross-breds making up the total.

Charlevoix county with 14 members boasts the largest number of consignors to the sale which is conducted by the Beef Breeders Association at the fairgrounds north of Gaylord each fall. Cheboygan county ranks second in the number of breeders. However, Cheboygan county breeders consign more stock to the sale with Charlevoix county rating second among the breeders from 12 northern Michigan counties.

The Northern Michigan Beef Breeders Association sale, which is conducted by members, is fast gaining recognition for increasing and improving the quality of beef sold each year, Mr. Shanahan said in announcing the results of the sale. Because of this it attracts a larger number of buyers who are prepared to pay better prices for the stock.

If the business continues to grow during the next five years as it has in the past five, it is anticipated that 3,000 feeders will be offered for sale in 1964, Mr. Shanahan added.

Ed Rebman, Charlevoix county agricultural agent, in commenting on the sale, said that it is the best organized program of its kind in which the breeders themselves do an excellent job of selling a good product.

At the sale where association members do all the work, the feeder stock is sorted into uniform groups of from five to 20 head according to sex, weight, type and quality, and sold by pens.

Charlevoix county association members and consignors include William Schmidt and James W. Gallagher of St. James, E. K. Shanahan of Charlevoix, Ken Russell, Cliff Heller, Clayton Healey and Mark Saunders of East Jordan, Joseph Habasco and Norville Korthase of Boyne City, John Howard, Ash Stewart, William Gallop, Gus Matz and Clio Penfold of Boyne Falls.

Mercury Shows Softer Lines

Softer lines in the new hood, fenders, quarter panels, rear deck and doors characterize the new 1960 Mercury models offered at Northern Auto Co. of Charlevoix.

The broad front bumper serves as a foundation for the air-gathering grille with bright concave verticle bars. The body side molding includes the door handles as a contained part. At the rear, the lines of the deck fall off fast to meet the downward sweep of the upper surface of the quarter panel. The low tail lights are canted slightly outboard.

The upper body features a big full-vision windshield. Hardtop "cruiser" models have a sloping roof and sedan models have a flat roof with rear overhang.

Interior trim schemes are new. Fabrics are all 100 per cent nylon faced. Metallic vinyls compliment the bodycloth. Fifteen exterior colors and 36 two-tones are offered.

Mecury's 13 models for 1960 are topped by the Park Lane series in a two-door cruiser (hardtop), a four-door cruiser and a two door convertible. The Montclair series consists of a four-door sedan, a two-door cruiser and a four door cruiser. The five Monterey models are a two-door and a four-door sedan, a two-door and a four-door cruiser and a convertible.

Two Country Cruiser four-door station wagons with hardtop styling are offered, both six-passenger models with optional self-storing third seat, and a rear window which slides into the tailgate. They are the Colony Park with simulated wood panelling and the Commuter.

Many design changes have been made in Mercury's three V-8 engines to improve both economy and performance and aimed at greater smoothness and quieter operation. All engines have two-barrel carburetors and two engines are designed for maximum performance with regular gasoline.

Ellsworth Dedicates New Post Office

Ellsworth — There was a nice crowd out Saturday, October 10, to help dedicate the new post office. The ceremony was held outside the post office on one of the nicest days we have had in quite a while.

The program opened with a selection from the High School Band, directed by Mr. Dean Feidler. Opening remarks by the postmaster, Marvin Elzinga. The Master of Ceremonies was Henry Ruis who gave an opening talk and also introduced the guests. The invocation was given by Rev. Henry Zwaanstra. Mrs. Lyon led the audience in the singing of America and the National Anthem. Charles Edson, village president, gave a welcoming speech followed by the dedication Address by Clyde Layton from the postal department. A few comments were then given by Glenn Eddy, District Director Michigan Chapter, National Assn. of PM's. Then we were fortunate to have a few remarks from Victor A. Knox, Representative 11th Congress District.

After the remarks from Mr. Knox, the Flag presentation and raising by the color guard from the American Legion took place. The flag presented has at one time flown nver the Nation's Capital.

The benediction was by Rev. van Guessel

After the ceremony there was open house, gifts to the lucky winners and refreshments.

This new post office was started in April, 1959 and finished in August of the same year. Marvin Elzinga, has been the postmaster since 1935. A few years during that time, while Mr Elzinga was in the service, Mrs. Elzinga was appointed postmaster.

Rayders Dump Red Devils; To Win Third Tilt, 46-6

The Charlevoix Rayders made it 12 in a row, including three loop victories this season, Friday night by dumping the East Jordan Red Devils 46 to 6.

This week the Rayders, coached by Don Carey, will host the Harbor Springs Rams in a homecoming game at Kipke field.

In the game at East Jordan the Rayders were in control all the way with all 28 players seeing action.

The Red Devils took the kickoff on their own 22 yard line and picked up a first down before being penalized to the 18 yard line. In an effort to get out of the hole they took to the air only to have Tackle John Martin intercept their first pass on the 34 yard line. Gary Chew and Bud Balch, on two carries, moved the ball 51 yards to the 15 yard line from where Balch skirted the end to score. Dick VanRaaphorst was unable to get a conversion kick off following a bad pass from center.

Again Charlevoix kicked off with East Jordan taking over on their own 34. After three tries they punted out of bounds on the Rayder 43. On 11 plays with the entire backfield assisting in the ball carrying duties Charlevoix moved to the four from where Balch again struck paydirt. This time VanRaaphorst's boot was good and the Rayders went ahead 13 to 0.

The quarter ended with the kick-off which the Red Devils took on their own 33 yard line. After three tries they were forced to punt on fourth down and Charlevoix started another drive that resulted in a third touchdown after VanRaaphorst took a pass from Quarterback Charles Coleman in a play that covered 43 yards. VanRaaphorst added the point after touchdown with a kick.

East Jordan again took the kickoff on their own 40, picked up a first down to the Charlevoix 35 from where Larry Drenth got off a touchdown pass to Mike Kowalske who stepped into the endzone for the tally. The attempted kick was not good and the score remained at 20 to 6 when the half ended a few plays later.

Charlevoix took the second half kickoff on their own 15 and were on the march when a Rayder fumble was recovered by the Red Devils on the East Jordan 37. Two plays later the Red Devils were jarred loose from the hall and Charlevoix took over on the East Jordan 43. A series of five plays moved the ball to the 15 where Balch again took it over to score. VanRaaphorst's boot was wide.

East Jordan took the kickoff but on the second play from scrimmage fumbled with Charlevoix recovering on the East Jordan 21. Four plays moved the pigskin to the three where the quarter ended.

On the first play of the last period Gary Chew carried the ball over. VanRaaphorst's first kick was wide but a Red Devil offside gave him a second try at the conversion boot and this time it was good.

East Jordan took the Rayder kickoff on their own 29 and in a desperate attempt to score took to the air. On the third try substitute quarterback, Sam Supernaw, intercepted a pass on the 23 yard line and went the distance to score. VanRaaphorst's kick was wide and the score remained 39 to 5.

With a changing line-up as Coach Carey emptied the bench, East Jordan took the kickoff on the 25 and on a series of plays picked up three first downs to the Rayder 24 where Charlevoix too over on downs. The Rayders then marched to their own 42 where East Jordan recovered a Rayder fumble.

The Red Devil attack bogged down, however, and after losing four yards, the Rayders took over on their own 46. On the next play Supernaw pitched a 25 yard pass to end Van Raaphorst who then traveled 31 yards to score. Van Raaphorst then added the conversion point only to have it nullified by a major penalty. On the second try from the 17 he again connected to make the score 46 to 6.

East Jordan again took to the air only to have Dave Schuchard intercepted their pass on the Charlevoix 47 as the game ended.

In the starting line-up were regulars, Coleman, Stan Smith, Chew and Balch in the backfield, ends Van Raaphorst and Joe Beaudoin, tackles Bruce Pease and Martin, guards Gene McBride and Jerry Keiser and center Mike LaBlance.

Others who saw action were Supernaw, Schuchard, Charles Bergmann, Jim Browe, Tony Genia, Ron Grunch, Tom Martin, Jim Dennis, Terry DeYoung, Bob Grunch, Perry Smith, Jim Sneathen, Mark Cross, Schuchard, Don Moore, Mike Herrington and Ralph Brock.

Dope Sheet

Unless the Rayders develop a severe case of over-confidence they should win handily over the Harbor Springs eleven who last week were upset by the Grayling Vikings 19 to 13, snapping the latter's 25-game losing streak.

On Friday night Charlevoix had rolled over the East Jordan Red Devils, a team the Rams had lost to by a score of 14 to 6. If comparative scores mean anything, and there seems to be no reason why they shouldn't, the Rayders should come up with No. 4 to climax the Charlevoix homecoming festivities.

Rayder Reserves Take Boyne 12-0

The Charlevoix Reserves racked up their first win of the season Tuesday night by dumping Boyne City 12 to 0 in a game played in the rain.

The first touchdown came early in the game after Charlevoix had taken the kickoff and, on six downs, marched to the 15 yard line from where Denny Wojan went in to score. The attempted run for the extra point was short.

The second TD play came late in the second period when Stan Martin pitched a 25 yard pass to end Corky Curtis who, after juggling the ball momentarily, went 45 yards to score. The attempted pass for the conversion point was knocked down.

The remainder of the game was a seesaw battle with Boyne City advancing to the 10 yard line twice. However, they lacked the punch to score.

Curtis took another pass from Martin in the third period on a 50 yard pass play only to have it called back because of rule infraction.

The Little Rayders will travel to Mancelona next Tuesday for their one game with the Mancelona Reserves.

Grayling Wins After 25 Losses; Pellston Ties Gaylord

The Pellston Hornets staged a minor upset last week by playing the strong Gaylord eleven to a 7 to 7 tie to headline the action in the Northern Michigan Class C league.

In other games Friday Mancelona defeated Boyne City 13 to 0 and Charlevoix dumped East Jordan 46 to 6 to keep their first place standings intact.

In the only game played Saturday night, Grayling broke a 25 game losing streak by dumping the Harbor Springs Rams 19 to 13 to spoil the Harbor Springs homecoming festivities.

Pellston 7; Gaylord 7

The Pellston Hornets bottled up the Blue Devil backfield and threw up a pass defense to knock the Gaylord Blue Devils out of a tie with Charlevoix and Mancelona for first place.

Mancelona 13; Boyne City 0

Mancelona's Bill Weiser broke away early in the Ironmen-Rambler game to score on a 40-yard end run and then ran the ball over for the point after touchdown to give the Ironmen a 7 to 0 lead over the visiting Boyne City eleven.

The Boyne City line then tightened up and the Ramblers held the Ironmen until late in the final period when Halfback Ken Johnson scored from the six yard line on an end run. The attempt to run the ball over for the extra point was halted short of the goal line.

Grayling 19; Harbor Springs 13

It was a great night for the Grayling Vikings Saturday when Halfback Roger Hatfield broke away for a 45 yard run to score on Harbor Springs early in the Rams-Viking game.

The hopes of Viking fans mounted when Hatfield, for the second time, went around end for seven yards and a second TD to give the Grayling eleven a 12 to 0 halftime lead.

But when Steve Sink broke through on an eight yard quarterback sneak to score and then passed to End Dave Wyman for the extra point, the Vikings knew they'd broken the jinx that had kept them in the league cellar since the 1955 season.

It wasn't until late in the third period that the Rams speedster, Doug Meeker, got away for a 60 yard touchdown run. Late in the final period George Pamp scored from the two yard line on a quarterback sneak and Bob Cole kicked the point after touchdown

Homecoming Queen Sandra Richardson (right) and members of her court display the pennant which will identify them as representatives of the Charlevoix high school at the forthcoming festivities.

With her are (l to r) Marilyn Novak, Vicki Miller, and Sally Harrington. A fourth member of the court, Annamargret von Ruesen, a German exchange student, was out of town when picture was taken.

Sandra Richardson Chosen Queen For Annual School Homecoming

Sandra Richardson, 17 year old senior, will reign over the annual homecoming festivities at the Charlevoix high school this week end.

A snake dance, bonfire and pep rally Thursday night, a homecoming parade Friday afternoon followed by the football game between the Charlevoix Rayders and the Harbor Springs Rams and the homecoming dance will be features of the event.

Queen Sandra will receive her crown from Mayor E. James Hiller during the pep rally at Kipke field Thursday evening. With her will be the members of her court, Sally Harrington, Vicki Miller, Marilyn Novak and Annamargret von Ruesner

Music at the rally will be by Charlevoix high school band directed by C. A. Odmark. Appearing on the brief program will be coach Don Carey, Gordon L. Freedman and Charles Coleman and Mark Cross, representing the Rayder football squad. Dean Davenport will be master of ceremonies.

A snake dance from the high school to Kipke field where a bonfire will be held will precede the coronation ceremony. The snake dance will begin at 7 p.m. and will be led by the band.

The homecoming parade in which both the Senior and Varsity bands will appear will be staged at 4 p.m. Friday afternoon. The parade will feature floats entered by junior and senior high school classes and various school clubs and the Queen's float. They will compete for cash prizes of $10, $8.00 and $7.00 offered by the Pep club which sponsors the event. Judges will be Miss Anne Baumgartner, Rev. Robert J. Yonkman and John Schroeder.

The homecoming game at Kipke field will get underway at 8 p.m. A special show during which Queen Sandra will 'dub' the game captains, the winning floats will be shown, Queen Sandra and her court introduced and the high school band will play and perform at halftime of the Charlevoix-Harbor Springs game.

The homecoming dance at the high school gymnasium following the game will conclude the festivities

Judy Koteskey is president of the Pep Club which sponsors this event.

Queen Sandra is the daughter of Mr. and Mrs Orval Richardson.

Community Chest or What?

The purpose of a Community Chest is defeated if the community fails to support it sufficiently to demand that all charitable and other worthy causes may expect their fair share of what the area can afford to give. Most individuals prefer the idea of one drive to do the whole job. Yet they shortchange the community Chest solicitors with the excuse they will also have to give to future charitable fund drives.

Such a defeatist attitude leaves the door wide open for any organization, particularly those which want to perpetuate their official and bureaucratic status, to remain independent of any community or united fund drive. Such organizations find it more profitable to conduct their own fund campaign. So the public gives and gives and gives, often fully unaware of how much of the giving goes for sizeable salaries and other administrative expenses and how little actually goes to the charity for which it is intended.

National charitable, welfare and health organizations look to their local units for financing. At the same time some of them are dictating to the local units the amount of money wanted and how it shall be collected. Local units can stand on their own feet any time they wish and demand that the organizations they represent be satisfied with the local Community Chest effort, or else—.

A recent editorial in the Cincinnati (Ohio) Post summed up the issue very well in these words:

> "As a result the giver seems to be 'in the middle' but he isn't helpless. He is all powerful. When he decides that giving once to all causes through a united campaign is the way he is going to give, the barriers will fall.
>
> "Today 2,100 communities accept the principle of united giving. When those communities insisted that there be no exceptions, there were none."

When the individuals of this community give, they still have the right to give on their own terms. We feel that giving generously to the Community Chest, the united way, is far better than being hounded week after week for contributions.

When the local Community Chest is given wholehearted public support it will be in a position to dictate the will of the community with respect to its giving policies.

Judge Granted Space For Private Practice

Probate Judge William T. Downs appeared Friday before the board of supervisers to request permission to conduct his private law practice from his office in the county building.

His request resulted from action taken during the summer when an order for the installation of a private telephone in his office was cancelled by a member of the building committee and when he was told that he could not move files and other furnishings from his private office in East Jordan into the county office.

At this point, Harvey Varnum, county prosecutor, was asked to report on a letter he had received in answer to a request for an opinion from the Office of the Attorney General as to whether the Probate Judge could use his county building office as a place in which to also conduct his private practice.

The letter stated that there was no law on the matter and that the issue seemed a practical problem to be worked out between the Judge and the Board of Supervisors.

Joseph B. Bilitzke, Deputy Attorney General, who had acknowledged the request for a ruling, went on to say that he had taken the liberty of contacting a few probate judges throughout the state and found that it was the general practice throughout the state for probate judges to use their offices for private practices. The solution varies from county to county but it desolves into a practical problem rather than a legal one, the letter concluded.

It was then brought out that in the past Probate Judges had conducted their private practices from their offices in the county building. The same practices had always been followed by prosecuting attorneys.

At the closing session the issue was then brought to a vote and the proposal that the Probate Judge be allowed to conduct his private practice from the office assigned to him in the county building was approved by a vote of 19 to 4 with two members absent. The stipulation that the county was to pay 50 per cent of the salary of the Register of Probate with the Probate Judge paying the other 50 per cent was added. The county share of the salary, however, is not to exceed $2,400.

Salaries of county officials and clerks were not discussed at this meeting but will be brought up at the October, 1960, meeting.

Rod and Gun Club To Stage Annual Turkey Shoot

The Charlevoix Rod and Gun club will sponsor a turkey and chicken shoot at the club grounds. Sunday, Nov. 1, Bernie Ward, Jr., chairman of the Shoot announced.

The event will begin at 10 a.m. and continue until 4 p.m. In the event of rain the shoot will be postponed to the following Sunday.

The running deer target will be in operation for the event along with the conventional target. Rifles and ammunition for the running deer target will be available at the grounds. Plans are also being mode for a special chicken shoot for youngsters with .22 rifles. The young set may also participate in the other events. Events have also been planned for shooters who prefer open-sight competition.

Refreshments may be served at the clubhouse throughout the day.

Chest Workers Begin Drive for $9,823 Fund

The 1959 Community Chest fund drive swung into high gear this week as solicitors in the business and industrial dvisions as well as the residential workers received supplies and started knocking on doors. Mrs. James Coleman, fund chairman, said Wednesday.

An early report revealed that $559 had been contributed in the first days of the drive toward the goal of $9,823.06 for 11 participating agencies.

Mrs. Coleman said that the attendance at the kick-off breakfast Monday was very disappointing.

Arthur Speltz of Boyne City, retired school principal, who is chairman of the Boyne City fund campaign spoke briefly to the workers, telling them that they should relay to the people of the community the thought that they should not think of their contri-

The finance committee of the Charlevoix county board of supervisors is pictured here working on the 1960 budget, the largest in the county's history.

They are (l to r) Joseph Topolinski of Boyne Volley township, chairman of the apportionment committee, Charles A. Robinson of Bay township, chairman of the committee on Township and City Clerks reports, Clarence F. Rabach of Charlevoix township, chairman of the finance committee, Theodore R. Miller, general chairman of the Equalization committee and Don Kondziela, chairman of the Equalization committee.

Standing are Fenton R. Bulow, clerk of the board, and Russell L. Curtis, chairman of the board of supervisors.

It was the committee's difficult task to pare the tentative budget of $289,441 to a figure that the board felt it could meet with income available for this purpose. The budget as adopted was $244,397.15.

Little Gobblins Invited to Big Gobblins' Party

The gobblins will be treated with respect and furnished plenty of cider, doughnuts and apples next week Saturday evening when the Gobblin Fathers stage a big Halloween party on East Dixon ave.

An invitation is extended by the Gobblin Fathers to all the little Gobblins big enough to walk and on up to include eighth graders.

The party is scheduled from seven to ten o'clock in the evening on Dixon ave., between Burns and Prospect streets. The word is that Gobblins too little to come alone may extend an invitation to their parents.

Who the Gobblin Fathers are seems to tinge of secrecy but the two Goblin chiefs who asked the Courier to extend the invitation say there will be a keg of cider on hand, along with plenty of doughnuts and apples. If the little Gobblins are not too ravenous there may be enough treats for the accompanying parents.

To give the party the proper atmosphere, the little Gobblins are urged to come in full Gobblin costume, although that is not mandatory.

Dist. President Guest Speaker at Auxiliary Meet

Mrs. Hubert Thomas of Bellaire district president of the American Legion Auxliary, was the guest speaker at the regular meeting of the local American Legion Auxiliary held Monday at the post home.

Mrs. Thomas who has served a the Veterans Administration Christmas gift shop at Battle Creek for three years told of the work being done there by Auxiliary members.

The group discussed the 22 gifts it is assembling for the gift shop at the Battle Creek hospital where hospitalized veterans are given gifts for their immediate families.

The local group also voted to send a $10 check to the hospital to underwrite the cost of a weekly party for veterans. They also contributed $5.00 to the current Community Chest fund campaign.

An invitation from the Upper 11th District, American Legion and Auxiliary, to these members of the Lower 11th district to attend a meeting at St. Ignace Sunday was read. Plans were made to accept on invitation to the Upper 11th District meeting scheduled for 2 p.m. at the post home in St. Ignace.

Nine members of the local organization attended the annual district fall conference in Petoskey last week.

James Sherman Ordination to Be Held Sunday

James Preston Sherman, associate minister of the First Congregational church since June, will be ordained into the Christian ministry by the Congregational Christian Churches at an ordination service to be held at the First Congregational church here at 7:15 p.m. Sunday.

The Rev A. R. Gold, former associate minister of the local church and presently serving as interim minister at Roscommon, will deliver the ordination sermon.

Others participating in the impressive ordination service will be the Rev. James Williams of Gaylord, Rev. Paul McKenna of Cheboygan, Mrs. Vera Sterns of Alpena, moderator of the Cheboygan Association, Rev. Oliver Weber of Lewiston, registrar of the Cheboygan Association, Rev. William H. Harmon of Ironton, Rev. Robert M. Barksdale of Alpena and the Rev. Harold E. Kohn, minister of the First Congregational church here.

Music for the service will be presented by the Senior and Junior Choirs directed by C. A. Odmark. Mrs. Charles Bellinger will be the organist.

A native of Lansing, where he attended high school, the Rev. Mr. Sherman was graduated from Michigan State University and from 1950 until 1954 served with the U. S. Air Force. In June he was graduated from the Pacific School of Religion, an Inter-Denominational Seminary in Berkley, Calif., after three years of study. He is married to the former Mary Hedder of Six Lakes. They have three daughters, Helen, Kathryn and Elizabeth.

He is the son of Mr. and Mrs. James S. Sherman of Freeland who with his brother and sister-in-law, Dr. and Mrs. John W. Sherman of Saginaw and his grandparents, Mr. and Mrs. William H. Sherman of Vernon will be among those from away who will attend the ordination ceremony Sunday evening.

North State Democrats Hold Area Workshop

Mr. and Mrs. George A. LaBlance and Mr. and Mrs. Andrew Essenberg Jr. were among the more than 400 Democrats who gathered at Escanaba over the weekend to attend the first Northern Michigan Democratic Conference to be held in the upper peninsula.

Phillip A. Hart, U. S. Senator, was the speaker at the dinner meeting Saturday evening. Lt. Gov. John A. Swainson, presently acting governor of Michigan, and Attorney General Paul L. Adams also spoke briefly.

Symons Hands Resignation to C of C Directors

Tom Symons, secretary-manager of the Charlevoix Chamber of Commerce since May 1958, has resigned from the post effective Nov. 13.

Mr. Symons told the board of directors of the Chamber at its regular meeting last week that he was resigning for personal reasons. He said that he and Mrs. Symons would be leaving Charlevoix later this fall to operate the Country Store at Boyne Mountain Ski Lodge, a business they have conducted with capable help, which is no longer available, for the past three seasons.

He went on to tell the board that he thought the future of the Charlevoix Chamber of Commerce is now at a balance point where it could become one of the finest in the state with a little additional support from the city and the people of the community.

Charlevoix has a great potential, he continued, but at the present time needs a little extra effort on the part of everyone who is interested in making it one of the finest and fastest growing communities in the north. A Chamber of Commerce necessitates the active support of all of its members if it is to carry out a successful program.

Mr. Symons' resignation has been temporarily tabled by the board of directors which plan to take action on it at a future meeting.

Interscholastic Press Group to Meet at School

Charlevoix will be host Saturday to the annual Northern Regional Conference of the Michigan Interscholastic Press Association according to D. C. Maltby, Charlevoix high school publications advisor.

Staffs of high school publications and annuals and their faculty advisors from throughout the north, numbering more than 100, will gather at the Charlevoix high school for the one-day conference which is scheduled to open at 9 a.m.

John V. Field, director of the Michigan Interscholastic Press Association, will keynote the conference with an address entitled "The Power of the High School Press." H. E. Bingham, Charlevoix high school principal, will welcome the assembled staff members and the Charlevoix high school music department under the direction of C. A. Odmark will present a program of special music at the opening session.

Staff members will attend section meeting at which Guy Jameison of Birmingham will discuss "Yearbook Lids and What They Cover;" Harry Stapler, editor of the Fostoria, Ohio, Review-Times, will talk on the subject "Telling the Story with Pictures;" Miss Helen Jessup, immediate past president of MIPA, will speak on "Putting Power In the Mimeo Makeup;" Miss Mattie Crump of Arthur Hill High School in Saginaw, will tell "How to 'Feature' a News Story" and Mr. Field will conduct a "Cry Room for Advisors." Supervisors Approve Increasing Budget to $244,397 Next Year

A record budget of $244,397.15 for 1960 was adopted by the Charlevoix county board of supervisors late Saturday following a busy six-day session.

The budget, which was adopted by a 13 to 11 vote with two supervisors absent, was a $17,875 increase over the 1959 budget of $226,522 but far below the tentative budget of $289,441 set at the April session.

A 6.5 mills tax levy on the county's state equalized valuation of $33,474,200 will raise $217,582.30 toward the budget. The remaining $17,258 needed to balance the budget will be obtained from fees, refunds, rentals and similar sources of income. The budget does not include the $19,000 deficit with which the county started the current year.

The appropriation to the county welfare department was the largest single appropriation approved by the board during its recent session. The department received a record $75,000 as compared with $60,000 for 1959. The department had requested $89,600.

Other major appropriations include $6,500 for the county board of education, an increase of $1,000; Whiting Park, $3,300, an increase of $237; county agricultural agent, $5,150, an increase of $100; District Health Department, $10,545.25 or 75 cents per capita based on the county's 1959 census. The figure also includes $240 for rent and $199 for the county nurse's salary; Child Guidance Clinic, $980.90; Fish and game, $525; printing, $500, $100 less than last year; advertising, $1,000 a decrease of $500; Office of Veterans Affairs, $800; 4-H club Labor Day show at Whiting Park, $300; Soldiers and Sailors relief, $200; Apiary inspection, $150.

Another appropriation was $2,500 to the Office of Civil Defense which is to be administered by Gen. George B. Ely, U. S. Army (Ret). The figure includes $1,500 for a clerk who will be installed in an office on the county building offered by the board during its recent meeting.

The appointment of Gen. Ely as director and Charles B. Landers of East Jordan as assistant director followed the resignation of Sheriff Glenn E. Rose as director of the county's Civil Defense effort. In resigning Sheriff Rose said he did not feel he could do justice to both offices.

In discussing the benefits the county receives from its Civil Defense program, John J. Martin, superintendent of the county road commission, said that his department had recently acquired a $25,000 piece of snow removal equipment for $450 through the program and over a period of time had acquired approximately $78,000 worth of heavy equipment for an estimated $1,300.

It was also brought out that schools in the county had benefited from the program with the East Jordan, Boyne City and Boyne Falls having received various equipment including typewriters for very small sums.

Approval was given a proposal to increase the salary of the court stenographer from $1,200 to $1,800 for three years beginning Jan. 1, 1960 and to $2,000 for the following three years. The salary of the court stenographer is shared by the four counties he serves, Grand Traverse, Leelanau, Antrim and Charlevoix. Approval was given by a vote of 23 to 2.

A request to appropriate $600 to supplement the salary of the Circuit Court judge was approved by a 17 to 8 vote. It was brought out that the Circuit Judge receives a salary of $12,000 annually and that the counties he serves, the same as those listed above, were being asked to contribute 'fair shares' to bring it up to $15,000 annually. Charlevoix county's share was set at $600, Antrim and Leelanau counties shares at $500 each and Grand Traverse County's at $900. Leelanau county has been contributing its quota for some time. This is the first time Charlevoix county has approved the supplement.

Robert Barnett of East Jordan, chairman of the Grandvue hospital committee, reported on the progress of work on the new Medical Facility.

He said there was need for a small building to house an auxiliary light plant, to coordinate the two existing wells and an adapter for the light plant. The committee's proposal to advertise for bids for the razing of the frame building which formerly housed the hospital was approved. Funds derived from the project and the sale of equipment are to be placed in the general fund.

The board agreed to a proposal to pay $10 a month toward the rent of a building for a dog pound, to pay the deputy sheriff $2.00 for each dog he picks up plus the cost of food for 72 hours while the dog is housed at the pound. The deputy sheriff was also authorized to sell dog licenses at the pound. This action was taken in an effort to control the county's dog population and to cut down on the number of dogs running without licenses. This was approved by a vote of 21 to 3

County-wide zoning was also discussed but it was decided to turn the issue over to a committee composed of Charles A. Robinson, of Bay, Hugh Graham, of South Arm and Don Kondziela of Melrose townships who will report at the April meeting. It was brought out that all three cities plus Charlevoix township have adopted zoning programs and that eight other townships are considering it.

Acting under a policy adopted several years ago, the board voted to transfer $12,000 from rentals and other revenues to its Building and Improvement fund which is to be used for the purchase of equipment and other needs at the county buildings. A total of $2,400 in requests for equipment by the various offices was referred to the building and improvement committee. A ceiling of $30,000 was placed on the Building and Improvement fund at this time.

A limit of $25 for equipment to be purchased without the approval of the Building and Improvement committee was also set at this time.

The board also voted to furnish the supervisors room in the new county building. Old furniture from the former supervisors room has been utilized until now.

"There Ought To Be A Law"

This popular expression of how to solve a problem, though often used in jest, has a significance people may overlook.

Americans, by virtue of their national heritage and conviction in a constitutional democracy, fundamentally believe in the solution of society's problems through proper legislation. Once the need for a law is recognized Americans have the right and the means, also guaranteed by law, to get it.

American laws are essentially the rules of conduct desired and approved by the majority for the common good. Yet the application of these rules often produces a considerable minority who classify themselves as exceptions to the law. It is ironic that the law-making process is democratic but that observation of law is often arbitrary.

This seems particularly true in regard to traffic laws, which are enacted to provide for the safe and efficient movement of all vehicular traffic. Yet, many of the individuals constituting this traffic deliberately choose to disregard these rules, thereby risking not only the penalties which society has attached to such action but also jeopardizing their own property and lives.

For example, convictions for moving traffic violations each year in Michigan total about one million. These are for violations to which drivers have either pleaded guilty or have been found guilty of committing by a court of law. These are essentially violations committed in the presence of police.

How many violations occur which go undetected is anyone's guess.

There are approximately four million licensed drivers in Michigan. To get an idea of how many traffic violations occur, each driver can examine his own conscience and do his own arithmetic.

To the police, who are daily exposed to the tragic results of accidents resulting from traffic law violations, it is hard to understand why anyone arbitrarily takes a chance by breaking the law. To them it is not a calculated risk but an uncalculated loss which drivers gamble with on the highway.

We note that the deadline for airport aid requests has been extended by Federal Aviation Agency until Nov. 30. The fiscal 1960 program will be announced in November. It's very possible Charlevoix can be serviced by a scheduled airline if airport facilities are satisfactory. Charlevoix is one of the few cities in the state which can offer service within the city limts.

The city council has been studying an airport expansion program for some time. Recent developments indicate now may be the time to start some action.

Careless Shotgun Blasts Disrupt Phone Service

The hunting season for small game which recently opened brings another headache to the telephone companies, according to Les Johnson, district manager of the Michigan Bell Telephone Co. The cause, a careless shotgun bl[illegible] damages a telephone [illegible] connections that are most cable thus severing several tele- vital in an emergency.

Michigan Bell Telephone Company points out there were 216 cases of cable damage caused by shotgun blasts last year and renewed it's annual plea to hunters: "Please don't disable our cables."

Ironically, a shotgun-damaged cable could affect the lives of two classes of people in which the hunter should be most interested —his own, and those of farmers, who often are hunters' hosts, permitting them to hunt on their lands.

Each year, there are nearly as many hunter injuries as there are cable damage reports. And in most cases, a telephone comes into use when a hunter's friends quickly look for help — whether it be calls to the doctor, ambulance, hospital, drug store, or family.

You might say it's possible for a hunter's life to hang by a telephone line — which won't work if it's shot full of holes. And farmers are not at all happy if they can't get a phone call through because of damaged cable facilities.

Michigan Bell also points out that wilfull damage is discouraged by penalties ranging up to $1,000 plus four years imprisonment. In addition, a hunter can be held financially liable for damages — which can go as high as several hundred dollars.

Most damage, of course, is by over-zealous nimrods who [illegible] a good [illegible] focused on the bird, but a hazy view of the background into which they're firing. He might never know he damaged a cable — but telephone callers caught in the middle of saying "Jack Robinson" will

Scottish Rites Masons to Hold Fall Reunion

The annual fall reunion of the Ancient Accepted Scottish Rites opened in Grand Rapids Tuesday for a three-day session.

Robert Somerville and A. C. Mort left Monday to attend the session and to receive the Scottish Rite degrees in Masonry. Mrs. Somerville accompanied her husband.

John Rathburn, accompanied by Mrs. Rathburn, plans to attend the final session Thursday and to attend the Shrine ceremonials on Saturday.

Local Teachers Offered Choice Of Study Courses

Donald Setterbo of Central Michigan University will be at the Charlevoix high school from 5 to 8 p.m. Monday to discuss with teachers in the northern Michigan area the courses they are interested in taking through the CMU extension courses.

In announcing the meeting Charles A. Robinson said that the university was interested in offering the courses that teachers themselves were interested in. This meeting is being held for the purpose of finding out what the prospective students want and need to continuing work for provisional teaching certificates, on degrees or for becoming a better classroom teacher.

All teachers who are interested in continuing their studies in education are urged to meet with Mr. Setterbo in order that a schedule can be set up not only for the present but for the future.

HS Seniors Attend CMU Conference

Four Charlevoix high school seniors, accompanied by a faculty advisor, William Ratigan, were in Mt. Pleasant recently to attend a Student Council Conference at Central Michigan University.

Attending the conference sponsored by Central Michigan and the University of Michigan were student representatives and faculty advisors of student council or student bodies of high schools throughout the state.

A variety of subjects relating to student councils, student government, assemblies, school morale and student-teacher relationships were among the issues discussed at seminars.

Jack Rader served as discussion chairman and Judy Koteskey as recorder for the discussion on "Starting a student council."

Miss Koteskey, Mr. Rader, Amy Mitchell and John Martin represented the local high school at the conference.

Ministerial Group Sponsors Bible Reading Course

An invitation to "join the world's largest Bible reading class" has been issued by the Charlevoix Ministerial Association headed by the Rev. George L. Majors.

The local ministers are circulating lists of Scripture selections, in bookmark form, to be read daily from Thanksgiving through Christmas during the 16th annual Worldwide Bible Reading program sponsored by the American Bible Society.

Started in 1943, the worldwide effort has had the significance of joining Christians of various nationalities and races in reading the same Bible text.

Churches in this community will distribute the bookmarks, which also will be available thru local libraries, stores, motels and banks, the Rev. Majors said.

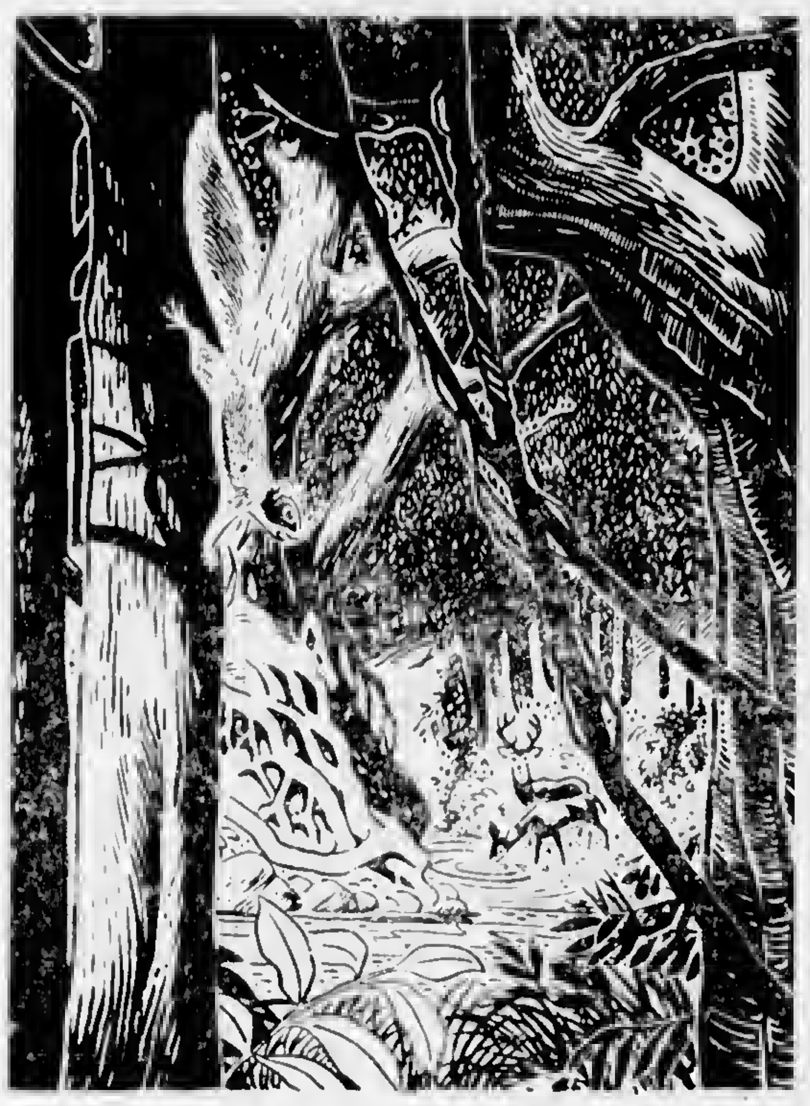
Notes from a northerner's diary

By Harold E. Kohn



An Autumn Prayer

Lord of the golden world of autumn.
God of all worlds, near and far,
Hear my prayer of thanks:
For rich and liberal fields
Where earth and sun and rain
Work toward abundant harvest,
Ignoring our ingratitude,
Indifferent to our listless eyes,
Deaf to our murmerings,
For gaily embroidered meadows
Stitched with scarlet sumac,
Yellow goldenrod, purple aster
And blue gentian,
Reminders of the Untiring Artistan
Who works while we work,
And who works while we sleep,
For the great, round, golden lantern
Hanging in the misty night sky,
Heaven's light illumining man's way,
For the soft-moccasined quietness
Creeping over field and forest,
Past lonely crossroads
And down village streets,
A welcome hush between summer's busy frenzy
And winter's boisterous storms,
For the foregathering and serenely certain flight
Of flocks of swallows, ducks and geese,
Whose unpretentious faith
Scorns all the risks of autumn flight,
Who draw a brave, though wavering, line
Against the afterglow of evening sky,
For all these autumn gifts, and more,
I give Thee thanks, Most Gracious God.

* * *

Lord of scarlet bush and purple thistle-pod,
God of glowing days and frost-beaded nights,
Hear my prayer of pentitence:
Forgive where I have ever been numb
To the miracle that stirs through the earth
As October comes,
Forgive my former deafness to the martial drumming
Of somber autumn rains
And the lusty bugling of autumn winds
And for my indifference to vanquished and slain
Grasses and flowers.
Forgive where I have ever
Let an autumn moment creep stealthily past,
Its amber shafts of light unnoticed,
Its flickering shadows of curled and brittle
Falling leaves unacknowledged,
Its splendors of dazzling color,
Its musical whisperings,
And its tangy odors unsavored.
Forgive any misspent day
When my soul has made no preparation
For the spring that lies beyond winter's chill,
When there has been no deep-down budding
Of new life,
Prophetic of a life to come.
Forgive days that have seen
No growth toward harvest.
These and other autumn sins
Forgive, O God

* * *

Lord of gold and crimson maples,
God of the sharp, sweet, grape-scented air,
Hear my prayer of hope that
Like seeds of summer slumbering
In the deepening drifts of winter's snows
I shall not despair of cold days
When the sun is hid
And the bright flower of faith is faded.
May small seeds of good
That in me lie
Be warmed and stirred by some springtime sun
To sprout and grow.
Strengthen in me some deeply hidden trust
Beyond the reach of frost and storm,
A while an inner readiness
For any winter fate can bring.
Even on solemn autumn days
Let there sing in my heart
The song of a coming springtime.
This is my prayer
For me and for all Thy children,
O God of autumn, O Everlasting God.
Amen

Ellsworth Spotlight

By MRS. ED PETTER

Mr. and Mrs. George Klooster of East Jordan, and Mrs. Maggie Klooster of Ellsworth went to Fremont last week to attend the funeral of Harvey Dunning.

Joan Drenth spent the weekend with her parents, Mr. and Mrs. Peter John Drenth. She had two of her roommates home with her. They were Marsha Smits from Chicago and Barbara Distleburg from Midland Park, New Jersey. They all attend Calvin College in Grand Rapids.

Head-on Collision On Coeling Road

Mr. Marsh, driver of the car, was cut and bruised. His wife was taken to the hospital by the Hastings Ambulance, and she has three broken ribs and a broken collar bone. Mrs. Ivan Byard was not injured.

Wayne Crawford, driver of the other car, has lacerations of the skin and had stitches taken. Mr. Tubb was also taken to the hospital and has a ruptured kidney. Mr. Daugherty had a cut on his head and a bruised hand.

Lancers Lose To Mackinaw

Ellsworth had a good football game Friday night even though they lost 18 to 14 to Mackinaw City. Their next game will be Friday, October 23 with Vanderbilt at Vanderbilt.

Eddie Drenth was hurt Friday night during the game. He has a broken collar bone.

Ebenezer PTA Met Monday

The monthly meeting of the Ebenezer PTA met Monday evening October 12 at the Atwood Christian Reformed Church. The meeting began with the group singing of "When In The Night I Meditate" and "Within Thy Temple Lord." This was followed by Scripture reading of James 1:1-18. Bill Boss led in prayer. The minutes of the previous meeting were read and approved.

The program included: A piano solo by Mrs. John Elzinga, "Nearer My God To Thee." This was followed by a panel discussion on "Cooperation in the House and School with Reference to Discipline." Those who took part were the Rev. Van Gessel, Mrs. Van Gent, Mrs. Bernie De Young and Daniel Bratt.

The closing song was "Stand Up, Stand Up, For Jesus" and closing prayer by Rev. Van Gessel.

The hostesses for the evening were Mrs. Peter Pott, Mrs. Peter Vander Slik, Mrs. Seblo Vander Heide and Mrs. Jake Vanden Berg.

Chuck Purdy of Kalamazoo, brought two of his children, Sherri Lou and Bobby, to spend three weeks with their grandparents, Mr. and Mrs. Ernest Brown.

Mrs. Davis Ignores the "ADvice"

Last week, the *Clorion* advertised a homemaking course given by the Woman's Club.

"Seemed a fine idea to me," Red Davis told me later, "so I showed the ad to my wife. Told her she'd learn how to do new things—more efficiently, too."

"But all she did was look at me and smile," Red continued. "'You men,' she said, 'always thinking of more work for women. Learn *new* things? Why, I haven't even got the time to do all the old ones!'"

From where I sit, a lot of us *do* leap into the new at the expense of the old. Take the idea of tolerance, for instance. It's been around for centuries . . . but it's something we can never bypass. Tolerance demands daily respect for the other fellow's preference—and that includes beverages. Tolerance doesn't mean that you *have* to like a glass of beer for Saturday night supper—just as I don't have to choose buttermilk. Just respect the next man's choice.

fresh new beauty
from the only car with
Wide-Track wheels!

A car is a living thing.
And all living things must change.
This is why the creative car builders of Pontiac took the proved principle of Wide-Track Wheel Design and surrounded it with fresh, exhilarating, totally new beauty for 1960.
The prow is styled for excitement.
The horizontal bars bear the artistry of the classical.
The perfect profile comes from just-right proportion, unity, rhythm.
The clean, graceful back contributes character where other cars seem only to reflect confusion.

Its effect upon your attitude toward driving and owning cars can be quite radical.
For you cannot possess this automobile and be anything less than lighthearted. You cannot control it and be anything less than sportive about driving.
You cannot be seen in it and be anything less than inwardly proud.

With the widest track of any car, Pontiac's width is on the [illegible] where it gives you better stability. Wide-Track widens the stance [illegible] the car.

DeYoung-Bascom Speak Vows At Atwood Church Saturday

Ellsworth- The Atwood Christian Reformed church was the scene Saturday of the wedding of Louise Kay DeYoung and John S. A Bascom.

Parents of the couple are Mr. and Mrs. Harold DeYoung and Mr and Mrs. S A Bascom of Charlevoix.

The Rev Donald VanGent officiated at the double ring service before an altar decorated with baskets of autumn flowers and candelabra. Versil Hoffman was the soloist and Mary Jean Essenberg the organist.

Given in marriage by her father, th bride selected a floor length gown of white nylon organza for her wedding. The fitted bodice was designed with short sleeves and a sweetheart neckline outlined with seedpearls, sequins and lace. The bouffant skirt had a bustle affect back fullness. A lace cap trimmed with seedpearls secured her fingertip veil. She carried a white Bible topped with an arrangement of white carnations and streamers.

Marilyn Bascom of Moscow, sister of the bridegroom, as maid of honor, wore a light blue street length dress fashioned with short sleeves, V-neckline and full skirt and a matching hat. Her cascade bouquet was of yellow chrysanthemums.

Peggy Doctor, cousin of the bride, as bridesmaid, wore a sapphire blue gown similar to the honor attendant's, a matching hat and carried a bouquet of yellow chrysanthemums.

Robert Bascom of Charlevoix assisted his brother as best man. Vernon Mathews Jr. of Charlevoix was groomsman. Louis Warner of Charlevoix, brother-in-law of the bridegroom, and Mark DeYoung of Hudsonville seated the guests.

Mrs. DeYoung wore a light blue brocaded gown and matching accessories for her daughter's wedding. Mrs. Bascom, mother of the bridegroom, wore a turqoise gown and matching accessories. Their corsages were of pink and white muins.

A reception at the Ellsworth Community hall followed the wedding ceremony. Mr and Mrs. Paul Doctor were master and mistress of ceremonies. Assisting were Joyce and Shirley Bascom of Charlevoix. Shirley Sitzema Wanda Doctor and Cindy DeYoung of Hudsonville.

For traveling on their wedding trip to the Upper Peninsula the bride selected a blue knit suit and red accessories. Upon their return they will make their home at Norwood

The bride is a 1959 graduate of the Ellsworth high school. The bridegroom is a 1956 graduate of the Charlevoix high school and is currently employed at American Mold.

Wedding guests were present from Moscow, Jackson, Holland, Grand Rapids, Hudsonville, Charlevoix, Ann Arbor, Homer and Marshall.

Lutherans Plan State-Wide Open House Program

Plans for the largest project Michigan Lutherans have ever undertaken, a state-wide "Open House Week" designed to reach the state's 57 percent unchurched residents, were announced this week.

Charlevoix's Bethany Lutheran church will be among the more than 300 in Michigan's lower peninsula to participate in special evening services and meeting with a "Sharing Our Faith in Christ" theme during the week of Nov. 1-5.

In the northern Michigan area the kick-off event will be a mass rally service at Zion Lutheran church in Petoskey at 3 p.m. Sunday, Nov. 1 in which members of the local church will participate. The Rev. Walter Rengstorf of Milwaukee will be the guest speaker.

The Rev. George Mumm of Wausau, Wis., will be the guest missioner at Bethany Lutheran church here at 8 p.m. nightly Sunday through Thursday, Nov. 1-5.

Unchurched residents of the comunity are invited to worship and meet with local Lutherans in a "Share the Faith" effort.

Attend Florist Design School

Mrs. Albert Edwards and Mrs. Robert Nachazel of Edwards Florists have returned from Grand Rapids where they attended a two day Christmas Design school sponsored by a Grand Rapids wholesale company.

Mrs. Nachazel also was among those from Charlevoix who attended the recent school of design held in Traverse City.

County Line F. B. Names Officers

Clarence Way was named discussion leader of the Charlevoix County Line Farm Bureau at the annual election of officers held Tuesday at the home of Mr. and Mrs. Fred Hull.

Other new officers are: assistant discussion leader, Mrs. Carl McBride; minute man, William Jolliffe; chairman, Donald Farrel; vice chairman, Mrs. William Jolliffe; package reporter, Mr. McBride; secretary, Mrs. Farrell; member of the County Woman's committee, Mrs. William Parsons and Mrs. McBride; recreation leader, Mrs. Way; news reporter, Mrs. Fred Hull; song leader, Mr. Hull; county director, Mr. Parsons; roll call captain, Mr. Farrell.

The meeting closed with a social hour and refreshments.

The next meeting will be at the home of Mr. and Mrs. Clarence Way.

R. A. M. Grand Chapter to Meet

The Royal Arch Masons of the State of Michigan held their annual grand chapter meeting in Saginaw Thursday, Friday and Saturday.

George Hutchinson, an officer in the Emmet county chapter No. 104, accompanied by Mrs. Hutchinson, were among those from the Petoskey lodge who attended the meeting.

Others were Dr. Charles Gray, oldest living Past Grand Priest who held the office in 1920, Orville Beam, Mrs. Beam and Hilton Milford, all of Petoskey.

Chas. A. Robinson To Attend National RCSA Conference

Charles A Robinson, Charlevoix county Superintendent of Schools and president of the Michigan Association of Rural and County School Superintendents, left Sunday via automobile for Seattle, Wash., to attend the National Conference of Rural and County School Administrators to be held there Oct. 23 thru 28.

Mrs. Robinson accompanied him on the trip to the west coast.

Hairdressers Hold Dist. Meet Here

Miss Mary Scoffer of Bonat Inc., was the guest artist at the recent meeting of Petoskey Unit No 80 of the Michigan National Hairdressers Association held at the home of Mr. and Mrs. John Kling.

Miss Scoffer introduced and demonstrated the new fall trends in hair styling and colorings.

A social hour and refreshments followed the business meeting.

RAILROAD FEATHERBEDDING:

$500,000,000 LOSS

TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than $500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is **a fair day's work for a fair day's pay.**

MINUTES OF SCHOOL BOARD MEETING

September 23, 1959

Present: Lieberman, Martin, Smith, Bennett, Supt. Absent: Freedman and Boss.

The meeting was called to order at 8:25 p.m.

Minutes of the meeting of September 8, and those of a special meeting September 14, were read and approved.

Moved by Martin and supported by Smith that bills in the amount of $3,956.02 be approved and ordered paid. Motion carried: 3-0.

Moved by Martin, supported by Smith, that the bid of the Osceola Refining Co. of Reed City, to furnish No. 6 bids for the new high school would be October 1, at 7 p.m. f.o.b. Charlevoix, be accepted — this price to be based on the current market price on date of shipment, with guaranteed ceiling of 8.6c per gallon. Carried: 3-0.

It was moved by Martin and supported by Smith that the purchase of the 1959 Chevrolet driver training car from the Charlevoix Oil Co. be financed through a note with the Charlevoix County State Bank, with payments being due on February 9, 1960, and June 9, 1960, at 1% interest. Motion carried: 3-0.

Since the National Defense Act, which contains provisions favorable for education in Michigan, has been passed by Congress but enabling legislation by our Legislature has not been passed, it was moved by Smith and supported by Martin that various senators be contacted and urged to have the enabling legislation reported out of committee before their adjournment for 1959. Carried: 3-0.

Mr. Bennett was authorized, after discussion, to purchase additional furniture for the 7th grades, of such nature as would be needed in the new high school.

It was moved by Smith and supported by Martin that a contract be given William Ratigan for two hours of Spanish class for the current school year. Carried: 3-0.

Board members were reminded that the opening of the

Affirmations For The Twenty-First Century

by The Reverend James Sherman

If you now regularly attend another church in our town, this notice is but a neighborly greeting and wish that you and your church may prosper. If you do not already have a church home, it is an invitation to attend Charlevoix's Congregational Church next Sunday.

Chest Workers Begin Fund Drive

(Continued from page 1)

bution to Community Chest in dollars and cents but what it means in friendship

Captains in the residential areas who have organized corps of workers include Mrs. Terry Rice, Mrs. S. E. Coleman, Mrs. Robert Foss, Mrs. Robert Pearl, Mrs. Ormiston Bergeon, Mrs. John Schmidt, Mrs. Jack Rader, Mrs. Darrell Dinwiddie and Mrs. William Fochtman in the city and Mrs. Floyd Brown, Charlevoix township, Mrs. William Ager, part of Marion township, Mrs. Lee Sneathen jr., Hayes township and Mrs. H. L. Parsel of Ironton. Other chairmen will be announced later.

All business, industries and residents of the community are asked to work out their 'fair share' contribution to the Community Chest Fund and have it ready when the worker arrives.

What is your 'fair share?' To find out it is important to break down the 19 per cent deduction allowed for tax purposes. Subtract 5 per cent for church obligations, 2 per cent for church Missionary programs, 1 per cent for other charities (Independent drives, etc), 1 per cent for dependency situations (aged mother, etc.) This leaves only one per cent. Your fair share, if you make less than $5,000 a year, is 1/4 of the remaining one per cent. If you make more than $5,000, it is 1/2 of one per cent.

In other words, your fair share is either 1/4 or 1/2 of one percent of your total income.

Remember you are contributing to not one but 11 agencies when you contribute to a united drive.

Interscholastic Press To Meet At School

(Continued from page 1)

City will be in charge of registration.

Following the morning sessions and a luncheon in the high school cafeteria, students will attend "Back-to-Work" meetings at which high school annuals and publications and how to write for them will be discussed. A recap by recorders will conclude the business sessions.

A coke hour in the music room will climax the conference.

Vicky Racignol, editor of the Crimson Flash, Ann Martin, editor of the local annual, the Rayder, their respective staffs and Mr. Maltby will host the conference.

SUNDEW REPORTS

The Sundew Report has been slim for the past few weeks. During this period the ship has remained in Charlevoix while some major overhaul jobs have been completed in the engine room.

This week, however, we begin the fall fuel runs to the lighthouses and also continue preparations for the removal of aids to navigation in our assigned area.

There have been some changes in the home ports of Coast Guard vessels on the Great Lakes. These are the first major changes since the Sundew was shifted to Charlevoix in June 1958. The Mesquite, a 180 ft. buoy tender like the Sundew, has been moved to Sturgeon Bay, Wis., from Sault Ste. Marie; the Hollyhock was shifted from Sturgeon Bay, Wis., to Detroit; the Maple moved from Detroit to Buffalo, N. Y. while the Cherry went from Buffalo to the soo along with the Naugatuck which came from Port Angeles, Wash., via the Panama Canal. This shift of vessels has decreased our work load.

This past week a group of men fired pistol competition against a group from the Traverse City Air Station. The Traverse City group topped the Sundew group 1246 to 1137. A return match, as yet unscheduled, will be held in the near future.

SUNDEW SCUTTLEBUTT . . .

Ron Drako was released from active duty. He returned to his home in Detroit but has some plans to spend some time in Florida . . . A welcome to Mrs. Larry Hebert. She and Larry are residing on Antrim street after a honeymoon trip down East . . . Tag football has supplanted horseshoe as the noon-time recreation. Those shoes were getting too cold to handle. While no official matches were held Jerry Wyant, Ed Minch, Chief Roderick Bassett and "Cookie" Bryant were the uncrowned champs. We hope to improve the pits by next spring.

D. A. R. Meets for Dessert Luncheon

Fourteen members of the Petosega chapter of the Daughters of the American Revolution gathered Friday at the home of Mrs. Clark Coulter for a dessert luncheon hosted by local members.

In observance of Columbus Day, Miss Lela Osgerby of Petoskey presented an interesting and timely paper of "Faith of Our Fathers."

Ironton News

Mrs. James Barnt

Mr. and Mrs. William Cooper have named their new daughter Callie Ann. She was born at Little Traverse Hospital in Petoskey on Tuesday, October 13th.

The Ironton Farm Bureau Group will meet at the home of Mr. and Mrs. Wayne Saunders one week from this Saturday evening, October 24th.

Pinochle Club met at the home of Mr. and Mrs. Glen Williams last Thursday evening. Mr. and Mrs. Irving Bulmann won the first prizes. The booby prizes were won by Mrs. Alice Shanick and Tom Harrison.

Mr. and Mrs. Burl Walker and children, Mary Jo and Martin, returned home from their vacation Friday. Mrs. Walker and the children had been away for three weeks. The first two weeks were spent at the home of her parents, Mr. and Mrs. Leo Wilcox, of Duck Lake. Mr. Walker joined them there on October 8th. They went to Ann Arbor on October 10th to attend the University of Michigan-Oregon State football game. They also visited relatives and friends in Utica, Detroit, Clarkston and East Lansing.

A "little bird" told us that Sonny Williams bowled a 97!

The fall meeting of the Pilgrim Fellowship of the Cheboygan Association of Congregational Churches met at the First Congregational Church at Gaylord Sunday afternoon. Rev. William H. Harmon and Misses Terry Nielsen, Glenda Knudsen and Donna Korth, of the Ironton ongregational Church attended the meeting. The speaker for the afternoon discussed the United Nations.

Mrs. Ole Nielsen and Mrs. William Shepard, of East Jordan, visited at the home of Mr. and Mrs. James Shepard and daughters, of Lansing, after attending the Grand Chapter of the Order of Eastern Star at Grand Rapids. Mr. Nielsen and Mr. Shepard joined them in Lansing on Saturday. Miss Barbara Nielsen, of Muskegon, and Buck Cihak, of Mt. Pleasant, also were weekend guests at the Shepard home.

Weekend guests of Mr. and Mrs. Vaughn Orvis were their son and daughter-in-law, Mr. and Mrs. Sam Orvis, of Flint. Their nephew, Scotty Cooper, son of Mr. and Mrs. William Cooper, returned to Flint with them, where he is spending the week.

Mr. and Mrs. Glen Williams went bird hunting at Fairgrove, Michigan, earlier this week.

Mr. and Mrs. Wayne Saunders, and daughters, Virginia, Susan and Diane, were weekend guests of Mr. and Mrs. Milford Saunders and daughters, of Grand Rapids. On Saturday evening the brothers and their wives attended the auto races at the Speedrome at Grand Rapids.

Sunday evening dinner guests of Mr. and Mrs. Richard Tunison and son Barton, of Charlevoix, were Mr. and Mrs. James Barnt. Later in the evening the Barnts and Tunisons visited at the home of Mr. and Mrs. Robert Hamilton and daughters, Christy and Judy, of Charlevoix.

Judging from the number of boats frequenting the Ironton Narrows for the past week, the perch fishing must be pretty good.

Mr. and Mrs. James Barnt were aroused from their sleep in the wee hours of last Thursday morning by a truck driver who had discovered an accident just south of the drive to the Robert Wilson home. Upon investigation it proved to be an automobile occupied by three young men from near Charlevoix who had failed to negotiate the curve. The driver and one passenger received bruises and lacerations. The other passenger escaped injury.

What Is A Truck?

A truck is a lot of things . . . food for your table, clothes for your back, heat for your home. A truck is medicine for a sick child, gasoline for an automobile carrying a traveling salesman, merchandise for the store on the corner . . . A truck is something you simply could not do without—housewife, manufacturer, farmer, retailer, teen-ager, or whoever you may be. Because everything you eat, wear, or use depends on trucks to get to you . . . So, next time you see a truck on the road, remember — it's there because it's got a very important job to do —for you.

telephone lines

by **LES JOHNSON,** *Manager*

A TELEPHONE INSTALLER was recently working outside a woman's house. After climbing the pole, he rang her number to tell her that her telephone service would be discontinued for a few minutes.

"Just a minute," the woman answered. "There's a telephone man working outside. I'd better tell him, too."

Before the startled lineman could say a word, the housewife had come out to tell him that he was wanted inside on the telephone—a real example of a one-way conversation!

* * *

THE TIME: *Evening*

THE PLACE: *A bedroom*

SOUND: *A telephone ringing from a distance.*

"George! George, wake up! The telephone is ringing... George!" Still half asleep, the husband struggles out of bed and dashes to answer the telephone before it stops ringing...

Has this ever happened in your home? If it has, then you already know the best reason for installing a convenient, colorful bedroom extension. It will cost about a quarter a week, but it's worth lots more than that in pleasure and security. For more information about bedroom extensions, call the Business Office.

GOOD CITIZENSHIP. Each year in many cities and towns in our area, various organizations hold campaigns to raise money to help the less fortunate.

In days gone by, the usual thing was for each agency to hold its own individual campaign. This was rather rough on the contributors, who felt they were ALWAYS being asked to give.

Nowadays, most of the agencies have combined to collect contributions and allocate the money to member-agencies according to prearranged budget.

Styling and Economy Mark New Rambler

Featuring fresh sculptured styling, economy of operation and a new three-seated station wagon, the 1960 line of Rambler Six and Rebel V-8 models are now on sale at Charlevoix Rambler, it was announced yesterday by Jack Uhrick and Bob Simpson.

The new models will be slightly shorter than comparable 1959 models but will have the same roomy interior dimensions. Overall length has been reduced four inches. This was done by new bumper and bumper guard design while retaining the 108-inch wheelbase.

Horsepower of the Rambler Six remains at 127, while the Rebel V-8 has been reduced to 200 horsepower for increased economy. Optional power-packs will increase the Six to 138 and the V-8 to 215. Both engines are designed to use regular grade gasoline for all models.

[illegible] four-door models are included in the Rambler Six line and seven in the Rambler Rebel V-8. They include sedans, station wagons, hardtops and the new three-seat station wagon.

Rambler's new styling includes slimmer roof pillars which increases glass area for greater visibility. Windshield and rear window have been slanted at a greater angle.

The slimmer slanted front pillars increase the front door entrance room as much as 3½ inches.

The 1960 models are available in 16 colors including [illegible]. There are 32 two-tone combinations. Interiors are harmonized with the exteriors, offered in 24 trim combinations.

Other innovations include a new instrument panel, safety "deep-dish" steering wheel, along with numerous optionals appealing to the wants of the individual.

First Baptist Church to Hold Special Meetings

A series of special evening meetings, beginning Sunday, Nov. 1, will be held at the First Baptist church, Rev. L. L. Lewis has announced. Speaker for the first meeting will be Rev. Ralph Karney, director of rural and urban churches, Michigan Baptist Convention.

Rev. Raymond Riley, talented musician and speaker, will be the principal speaker at the meetings Monday through Sunday. The public is invited to attend any or all of these special meetings which will start at 7:30 p.m.

Homecoming Success As Rayders Defeat Rams By 47-0 Score

The Charlevoix Rayders climaxed the annual homecoming festivities Friday with a 47 to 0 victory over the visiting Harbor Springs Rams who are now tied with Grayling for fifth place in loop standings.

This week the Rayders will travel to Gaylord to take on the Blue Devils whose chances for the loop title were erased last week by the Mancelona Ironmen who downed the asprants by a score of 12 to 7.

In the homecoming game against Harbor Springs Friday night the Rayders ran, passed, recovered fumbles and intercepted passes to run up a 34 to 0 halftime lead before coasting to a 47 to 0 victory as everyone in uniform saw action during the last half.

Charlevoix took the kickoff on their own 45 and despite a major penalty marched to the three where Charles Coleman went over on a quarterback keep after an 18-yard pass from Coleman to Joe Beaudoin had put the ball in scoring position. Kicking against a gusty wind, Dick Van Raaphorst's boot was wide as Charlevoix went ahead 6 to 0.

The Rams were forced to punt on fourth down after taking the kickoff and again the Rayders were on the march, this time from their own 38 to the Rams 21 with Bud Balch, Gary Chew, Stan Smith and Coleman toting the ball. A pass from Coleman to Vanraaphorst who went five yards to score put the Rayders ahead 12 to 0. This time VanRaaphorst's conversion was good and the Rayders went ahead 13 to 0 as the quarter ended.

For the third time the Rams failed to pick up necessary downs and were forced to punt from the Rayder 45. Guard Jerry Keiser blocked the punt and Charlevoix started another offensive drive which moved them to the six with the assistance of a 23 yard pass from Coleman to VanRaaphorst. Chew went over from the six but a major penalty nullified the run and the Rayders found themselves on the 21 yard line. Coleman passed to Halfback Balch for the tally with VanRaaphorst adding the conversion.

Harbor Springs took the kickoff on their own 34 and after three plays found themselves on the 24 where Keiser again blocked a punt and the Rayders took possession on the 19 yard line. Balch and Perry Smith, on two carries, moved the ball to the seven from where Sam Supernaw went over on a quarterback sneak. VanRaaphorst's kick was good as the Rayders went ahead 27 to 0.

On the first play from scrimmage the Rams fumbled and John Martin recovered and ran the ball to the Rams nine where he was brought down. Two plays later Mark Cross went in from the four yard line with VanRaaphorst making the score 34 to 0. Charlevoix kicked off to the Rams who picked up a first down as the half ended.

With Charlevoix's line-up changing with nearly every play, the Rams, with the assistance of two major penalties on the Rayders made their way to the Rayder 20 where Smith intercepted a Ram pass to give the Rayders possession of the ball and set up the next TD by VanRaaphorst who went in from the 36 on a surprise play. His kick was wide as the score stood at 40 to 0.

The Rayders took over on downs on their own 49 after the Rams failed to move the ball and on the first play from scrimmage, Supernaw scampered 51 yards to score the Rayders final tally.

The Rayders added one more TD, this time on a four-yard run by Jim Sneathen after recovering a Ram fumble but a penalty nullified the play and Harbor Springs took over on the 20.

With Ram speedster Doug Meeker carrying the ball, the Rams moved to the Charlevoix six late in the final period. On the next play Dave Schuchard intercepted a Ram pass in the end zone and Charlevoix took over on the Ram 20. The Rayders had moved the ball to mid-field as the game ended.

FOUND A BIG HOLE — This is one of the times Charlevoix made a sizeable gain through the Harbor Springs line. Charlevoix dumped the Rams to put a successful finale to their Homecoming festivities. The team now has the task of fighting off a revengeful Gaylord eleven in Gaylord Friday night. (Photo by Louie McKenzie)

Bowling News

BY MEG

Meg took the night off to go bird hunting, so I'm going to fill in for him here. I haven't been able to keep a close check on the boys this year — not writing the column — but I'm sure going to check these scores over.

Before I get into the column I'd like to say I sure hope Meg can hunt better than he can bowl. If not, it will be a waste of gas (well maybe not altogether).

Here we go — the big news of the night and of the season — the Airport Inn won 4 points — the first time this year we've won more than 2. Of course we're still on the bottom but we sure feel better. It was a most enjoyable evening for most of us — Al wasn't too sharp, but Nick was draggin' those big feet again. (For Nick's Fan Club he bowled 148-148-147). We're going to have to do something about that boy. I led the pack with games of 207 & 226 in putting a new high on the board of 613. Hank followed up with his 533 and then Andy's 510. Bob Livingston and Bernie Ward contributed a 513 and 509, but Smitty's 390 didn't help. If Gordon would just snap both fingers before that ball hits he might get more action.

Central Drug and Freedman No. 2 battled it out for a 2-2 tie. Central was really rolling over the pins as Frank led his team with a 434. Central just won the first game by 10 pins. I know these facts leave you cold, but they don't give you the true scene. Just think of the pressure on Central's anchor man "Itch" Bennett. He had to mark to win the game — and he did — Central won and Itch ended up with 96. As for Freedman's — about all I can say is that Jack Niswander was high with a 479.

Puffs eased their way up the line a little as they won 4 points from the Gravel boys. Puff was trying to knock off my high series in the same night but fell 13 pins shy. He had a 214 game in an even 600 series. Ron Wojan was right behind with his 212 game in a 517 series. For Swansons — and I can see why they dropped 4. Fergi was high (high?) with his 435. Don't feel bad Itch Fergi had a 114 and he's got 46 pins higher average.

As I said before Meg went bird hunting as did most of their team. They rolled their scores Sunday and Freedman No. 1 rolled their's bowling night. Ted Agerbaum was high with his 211 game but Tip O'Rile beat him out for series 519-512. — and I repeat— I hope Meg does better hunting. For the Freedman crew it was "ole" Henry Supernaw coming out on top. They were bowling so fast that Supe thought he was at Indianapolis on Memorial Day so he came in with an even 500.— How bad can you get. See how lucky you are that Meg is writing this year.

Lake held on to a tie for first by splitting 2-2 with United Farm. Big John Wojan led the way with a 536 series — after that there's not much to say. You know the old adage if you can't say anything nice — etc. For the United boys, young Kenny Boss rolled a game of 204 in his 503 series — and that just about made up their 2 pooints.

Last but not least we came to that lucky legation the Moonlighters. I really shouldn't say lucky — they did have some good games — not series but games, although Jim Lawyer did have a 521. Take "Grog" Geneit for instance, 177 game — 440 series— and the best is yet to come — L V. Miles with a beautiful game of 222 — Know what 436! Browe's didn't even do that good though as Ted's 517 was quite enough.

Doug Reynolds was in there trying though as he rolled a 410 series — which is pretty good considering he only has a 109 avg (Doug must have thought he was playing the bowling machine out at the Inn — he's an ace at that!)

High Game & Series Des 226-613.

WHAT'S BREWING IN LOOP

Mancelona, still flying high, and should take hapless Harbor.

The real squeaker should be at East Jordan. It's a battle with Pellston.

Boyne City might finally make it with a win over "One Win Grayling."

Now at Gaylord, the Blue Devils are entertaining our Rayders. The Devils have been a hot and cold team this year.

Dope Sheet

Though they may be considered out of the running, the Blue Devils could well play the role of 'spoiler' by knocking off the Rayders who are seeking their second title in as many years.

The secret of halting the Blue Devils seems to be a defense that will stop their passing attack that proved so successful against earlier rivals. Pellston was the first team to stop them in a game that resulted in a 7 to 7 tie. Last week Mancelona bottled up Bob Burnison and the Gaylord ends and came up with a victory to keep their first place standing.

If Charlevoix continues to play the kind of ball they have been displaying then they should come through this week to successfully defend their title against the Ironmen the following week.

Pleads Guilty to Assault Charge

Alfred L. Sloop, 39, of East Jordan pleaded guilty to a charge of assault and battery before Judge Charles L. Brown during a special term of circuit court here last week.

He was ordered to pay $150 costs and a $25 fine. If the costs and fine are not paid he is to serve 90 days in the county jail.

He had been held earlier on a morals charge which later was changed to the assault and battery charge to which he pleaded guilty.

Frank Oleksy Heads Group to Aid Retarded

Frank Oleksy was elected president of the Charlevoix Association to Aid Retarded Children at the annual meeting held Monday evening at the Center and attended by 11 members.

Louis Hooper was named president; Mrs. Robert O. Bergmann, secretary and Robert Cook, treasurer.

The group voted to ammend its constitution so that only 50 per cent of the officers must be parents of retarded children; that the board of directors will include the officers and four instead of two elected members and that the majority of the board of directors be composed of parents of retarded children instead of 70 percent as in the past.

Plans for a family night supper to be held at the Center at 6:30 p.m. Monday were announced. Each family is to bring a dish to pass and their own table service.

Reserves Defeat Mancelona 19-13

Charlevoix's Little Rayders racked up their second win of the current season Tuesday night when they dumped the Mancelona Reserves 19 to 13.

Outplaying their hosts in the first half, the Rayders scored twice in the first two periods. After recovering a Mancelona fumble on the Ironmen's 25 yard line early in the second period, Herb Summings went in from the four yard line to put Charlevoix ahead 6 to 0.

Later in the period Stan Martin passed five yards to Cummings in the end zone and Henry Wagner went in on a line play for the extra point as the half ended 13 to 0.

Wagner returned a Mancelona punt 70 yards to the three yard line to set up the third TD which he scored on the second play from scrimmage following the run back.

Mancelona scored once in the third and again in the fourth quarter from the one yard line and added a conversion point, all on line plays.

The Charlevoix Reserves will play a return game with the Boyne City Reserves on the latter's field at 7:30 p.m. Tuesday.

Rev. A. E. Majors' Mother Succumbs

Mrs. A. E. Majors of Livonia, mother of the Rev. George L. Majors, died Monday at St. Joseph's hospital in Ann Arbor following an illness of several months.

Funeral services will be held at the Livonia Funeral Home at 2:30 p.m. Thursday. Burial will be in a Livonia cemetery.

Rev. and Mrs. Majors were called to southern Michigan Sunday. Their children left Wednesday to join them for the services Thursday.

- Mr. and Mrs. Albert Puhek left this week for Delray Beach, Fla. where they will spend the winter. Enroute they planned to visit their son-in-law and daughter, Mr. and Mrs. M. Beyers of Peoria, Ill., and their daughter, Diane, who is a freshman at the University of Florida in Gainesville.

Kiwanis Sponsors Travel Pictures

The first of a series of Kiwanis-sponsored travelogues will be held in Petoskey tonight (Thursday).

The first show will feature "A Lumberjack's Bold Adventure" by Don Cooper, a lumberjack who followed his calling in the 49th state, Alaska.

The travelogue will be presented at the Petoskey high school at 8 p.m. tonight. Tickets for the series are still available and may be purchased from E. J. Edwards local ticket salesman.

- M. K. Chew of Route 3 left this week for Bay City where he will spend the winter with his daughter, Miss Alice Chew.

Kiwanians to Stage Annual School Party

The youngsters in Charlevoix area schools will celebrate Hallowe'en with special events planned for Friday, it was announced this week.

The traditional Hallowe'en parade in which youngsters in costume march through the business district will be held at 1 p.m. Friday, Glenn B. Snider, elementary school principal, said Wednesday.

The line of march will be changed a little this year Mr. Snider said because of the small youngsters who find it difficult to march too far.

The parade will assemble by grades on Grant st. shortly before 1 p.m. so the parade can start at 1 p.m. sharp. Led by the Charlevoix high school band, the marchers will go down Mason st. to Bridge st., through the business district to Park ave, to State st. to Mason st. and up Mason st. to the high school gymnasium where they will view the movie "So Dear to My Heart" as guests of the Kiwanis club who will also provide a treat for everyone.

Because of the increased number of youngsters in the local schools the movie will be shown to the children from St. Mary's school, the Ironton school and those in the morning kindergarten, first and second grades on Friday morning.

The third, fourth, fifth, sixth and seventh grade students will see the movie in the afternoon.

All youngsters, however are invited to participate in the parade scheduled for 1 p.m. Friday.

It is estimated that more than 600 youngsters will march in the parade.

A. L. Livingston and E. K. Shanahan of the Kiwanis club visited the public school classes this week and invited them to attend the Kiwanis movie. Alfred Scheal extended the invitation at St. Mary's school and the Rev. Fred McNeil at the Ironton school.

Lawrence Feindt, Fred Willis and Rev. McNeil are members of the Kiwanis club Hallowe'en party committee who have planned the event. Members of the Kiwanis club will assist with the parade and movie.
